

The Return of the God of War [The Protector] Chapter 2706

They couldn't think of it anyway.

This is what Levi Garrison said casually.

The great disciple of the dark god believed.

Everyone in the Lab of the Gods believed it.

All think that is the case.

The big stone in Mr. X's heart was put down, and the whole person was even more ecstatic: "This is a good thing for us! This threat is completely absent! The threats I expected have been resolved!"

"Then we can ask the Dark Doctor to strike one by one against the gods in Forbidden Land No. 76?"

Lucifer and they couldn't wait.

I want to quickly determine the list of gods in No. 76 Forbidden Land, so that I can catch them all in one go.

Mr. X shook his head: "No, no, no...As long as we know everything about them, they will no longer be a threat. We can do it anytime!"

All the time.

The threat to the Lab of the Gods is that they don't know who the top three of the gods are, and there is a lot of room for imagination.

Therefore, it poses a threat.

But now they know it all right.

Then these are no longer threats, you can do it anytime, not in a hurry.

“What’s more, we now know their purpose! They are now ambitious and want to swallow Daxia! In fact, their purpose is similar to ours! Why should we get rid of them?”

Upon hearing this.

Everyone nodded: “Yes, now they are my invisible ally! We are all dealing with Daxia!”

Mr. X looked sinister: “Not only will we not get rid of them, we will help them! It would be great if Daxia’s two types of existence can be drawn out!”

“They fight each other half to death, we sit on the mountain and watch the tiger fight, and then sit back and reap the benefits of the fisherman! Wouldn’t it be better?”

“Hahaha...wonderful!”

“That’s right! Let Daxia and No. 76 forbidden land fight each other, it is us who profited!”

“If Daxia’s two types of existence can really be drawn out, that would be great! It would be best if the detective of No. 76 Forbidden Land can get rid of the reality or get rid of it!

Even if it cannot be removed, it will leave us with a lot of information, and we will fully understand Daxia's two types of existence! Kill two birds with one stone! "

...

Everyone praised Mr. X's wonderful plan.

The great clown looked at Mr. X: "What should we do now? Is the plan going on normally?"

Mr. X looked forward first, the big apprentice of the dark god and said: "Next, you must always dangle in front of the gods and the gods! You must even take revenge frequently!

Collect more information for us! We not only help you avenge, but also make you stronger! "

After the former disciple of the dark god left.

Mr. X then continued: "The plan cannot be heard by outsiders!"

"The plan remains the same! Next, we will use the plan to plunge the entire Daxia into hell! Once the entire Daxia is in chaos, the opportunity will come. At that time, the gods in Forbidden Land No. 76 will definitely be lured to take action in advance to swallow Daxia. summer....."

"When they both lose and both lose, we will shoot again!"

Mr. X has already imagined the picture.

“Hahaha...absolutely! The Big Mac experimented by Doctor Dark, plus these guys in Forbidden Land No. 76, Daxia can't bear it...”

“Tiance Mansion and Baolong Clan, they absolutely can't keep it! Now Kunlun Snow College and other seedlings cultivated, Daxia thinks it is for her own cultivation, but she does not know that they are all forbidden areas in Renjia No. 76...”
