

## The Return of the God of War [The Protector] Chapter 2722

So! He's not here! It's just a lack of command! We are still us! We will participate in this battle!!!"

"Give my order-disaster is coming! The Baolong clan of Tiance Mansion should shoulder the heavy responsibility of protecting the country! Now the immediate combat power of Tiance Mansion and Baolong clan is set out with me!!!"

The superintendent Tiance ordered.

Except for the advance team sent out in advance, this time, the Tiance Marshal personally led the Tiance Mansion's large forces to the front line of defense.

now.

Coastal defense is on the front line.

All firepower is configured, just waiting to fire.

In particular, the death squad organized by Yanlong Guard is already at the forefront.

Always be ready to charge!

Xiao Liejun's combat philosophy is to take the initiative to attack.

Defense is not enough!

The death squad is one of their big kills!

Not to mention the strength of each of them, they also carry powerful weapons and artifacts.

When the time comes, if the giant creatures are too terrifying, they will choose to die together.

The powerful weapons and artifacts they carry can do this.

Xiao Liejun's idea is that with powerful firepower coverage and the death squad's charge, at least half of the giant creatures will be wiped out in one wave.

"All parties are ready! Our fighters are all dispatched! Just waiting for your order..."

The three heads of Xiao Liejun were serious about it.

"Are we late?"

A voice came.

The god commander Tiance came here with a large number of strong men.

"Hahaha...great! It's too late!"

"Our monitoring department found them very early and far away...it will take some time for them to get here! But it's fast too, within a few minutes!"

Xiao Liejun explained.

A bright smile appeared on everyone's face in Yan Longwei.

Although the deployment is tight.

But they still had no idea in their hearts.

But this is all right.

After the great masters of Tiance Mansion and Baolong clan came.

That's a different situation.

"Not only that! The masters of the ancient Garrison clan are here too!"

"We will also come with secret foreign aid! We are on the way! If it goes well, we can attack inside and outside!"

Tiance Shenshuai smiled.

Although Levi Garrison was not there.

But he can still use it.

Garrison clan and other forces.

The foreign aid he talked about was the Bible organization led by the Evil God and others, and the Maya industry led by Ye Wudao and Ye Lingtian.

After contacting them.

These people will also come to support one after another.

As for Levi Garrison's real super hole cards, he can't move.

Originally, Levi Garrison didn't plan to use it here.

"Okay! Great!!!"

"We have such a strong configuration, I don't believe they can become a disaster for Daxia? Can they step on the defensive line under our feet? Impossible!!!"

Xiao Liejun is very popular.

Now I am fully confident.

"According to the message-Western countries have already fought against each other! The Eagle Nation has also participated in it!"

At this time, a message came from the rear.

Every other place is fighting.

“It seems that this is a worldwide event! It is not specifically aimed at our great summer!”

“I just said that the king thinks too much about the word side by side, and always feels that only Daxia is the enemy! No, the whole world is suffering!”

Several people discussed with dissatisfaction.

“Come! Coming! Approaching!”

At this time, the monitoring department issued a message.
