

The Return of the God of War [The Protector] Chapter 2760

Everyone said one after another.

Only Cao Zhiguo stood there dumbly at a loss.

At this time, professionals began to explain: "It was the space that found anomalies! Abnormal fluctuations occurred ahead! Research institutes and scientists in various countries, including mine in Daxia, are inquiring and studying what is going on!"

"Yes! The abnormal fluctuation in space just now has a great impact...it is no surprise that the monitoring station was affected!"

Everyone began to say.

Xiao Liejun smiled: "It's all a false alarm! You don't need to be tight, just do what you should do!"

He looked at Cao Zhiguo again and smiled: "Old Cao, don't you worry now? The coastline is not happening! The monitoring station has also been restored! Everything can find its source!"

"As for the people in the Bible Organization, they are all predictions, and they can't produce substantive evidence at all!"

"But....."

What else does Cao Zhiguo want to say.

But in the face of the facts, I really don't know how to say it.

The abnormality of the monitoring station was resolved and explained perfectly.

“Old Cao, go and rest!”

Xiao Liejun and the others left after checking the situation.

After all, nothing happens.

Is it because something has to happen, so that everyone has to be happy?

Cao Zhiguo was still sleeping there, and he quickly contacted the god of Underworld.

Ask about the specific situation.

The situation was so urgent just now that he didn't hear much.

He also fed back the information here to the Underworld God.

“Huh? It's all back to normal? Is something wrong? And the frontier observation post can't find the problem?”

Underworld God was surprised.

“My situation here is complicated! Let me tell you roughly... In short, immediately notify Daxia to make a comprehensive defense, just like the last time! Then notify Tiance Mansion and so on! Be prepared!”

“Hurry up! Hurry up! It’s too late to explain! It’s just a few minutes!”

...

Underworld God has realized the complexity of the situation.

Hastily urged.

“I also feel something is going to happen! Let’s fight for it again!”

After Cao Zhiguo hung up.

First, he sent out all his intelligence teams to investigate the situation ahead.

He sent a few henchmen to contact Tiance Mansion.

Finally, he approached Xiao Liejun and the others again.

“I would rather believe it! If you don’t believe it, there is nothing!”

Cao Zhiguo strongly demanded.

“What’s the matter with Lao Cao? Didn’t I say, don’t discuss this matter anymore?”

“If you want us to act, come up with substantive evidence! You can’t just guess! Everyone is not a prophet!”
