

The Return of the God of War [The Protector] Chapter 2837

Listening to Smith's words, could it be that the Eagle Nation...

The Eagle Nation must have many big secrets.

He hasn't reached this level yet.

The position of the head of the Tianshield Bureau should have just been touched.

...

Agent Black Hawk after they left.

Several people in the Lab of the Gods were obviously disdainful.

"I don't believe it anymore! Levi Garrison will cause us a heavy loss! Can we still suffer a loss in Levi Garrison's hands now?"

"I don't believe it either! I'm really angry to see him look determined!"

...

Everyone naturally disdains.

"But we can't ignore Levi Garrison. He has a lot of tactics. He can't beat us head-on, and if we don't keep it together, we will be darkened in the dark!"

Mr. X said.

“Yes, he is too cunning! Maybe he will give us a knife in the back! I also found out that the whole world is jointly supporting Da Xia, and he is the one who made trouble!”

“He is now an invisible threat, even greater than the threat of some superpowers!”

Several people also said.

If you re-examine it, Levi Garrison is indeed a big threat.

“If this is the case, then why don’t we kill Levi Garrison directly?”

“I used to think that killing him was different from trampling on an ant. There was no interest in killing him at all! But now he has a threat, you can kill it!”

“Yes! Assassinated him directly, wouldn’t it be a hundred?”

...

Let’s discuss it casually.

Feeling that Levi Garrison should be killed directly.

The idea hit it off.

“Then who will kill?”

Mr. X asked.

“Send someone to kill, anyway, his strength is weak!”

Everyone still despised Levi Garrison’s strength.

Mr. X glanced around and said, “Let’s do it, Lucifer, you go!”

“In order to be foolproof, the three of you, the Great Clown, the Sea Demon, and the Hell Witch, follow Lucifer! You are also Levi Garrison’s old enemies! You killed him once, and I hope you kill him again!”

Lucifer personally stood up: “Understood! Levi Garrison is afraid that this kind of thing will happen a second time!”

“However, I hope that the first plot will not be staged again! Don’t die with others again! Ask the Dark Doctor to save you at that time, I can’t take this face off!”

Mr. X exhorted.

“Don’t worry! We are no longer what we were a few years ago! We are as powerful as the gods!”

The four are full of confidence.

After locking the position of Levi Garrison.

The four set out to punish Levi Garrison.

Complete this “easiest” task!

Someone came to kill himself, it is probably what Levi Garrison didn’t even think of.

Of course it’s still an old friend.

The two died together.

I didn’t expect to see each other again in a few years.

What is Levi Garrison doing?

Of course not idle.

Attention is all on the laboratory of the gods.

Especially the Lab of the Gods now has a base camp, telling the world where they are.

This made Levi Garrison better check.

But his focus is still on the main priest.

Regardless of what future modern cities are, they are so shocking to the world.

But it was not useful for Levi Garrison.

He is still worried about the chief priest.

The main divine division will not show up for a day, and he will not reveal his strength for a day.

He is now in the command room dedicated to the commander, coordinating the globalization.

"I'm still going around the East Island Star Country... These two places must be different!"

Levi Garrison is going to visit these two places in person.

There is no one else with him, just a variant of No. 3 and King Kong No. 4.

In fact, it was for him.

The rest were sent out to work.

The most important thing is to stare at the future kingdom of the laboratory of the gods.

Came to the waters north of the East Island, just arrived, King Kong 4 sent a signal.

At the same time, Mutant No. 3 became vigilant and prepared for battle.

Apparently someone is coming.

Levi Garrison laughed immediately.

He also felt four terrifying auras flying fast from the bottom of the sea.

Approach yourself quickly.
