

The Return of the God of War [The Protector] Chapter 2850

This is only what the Lab of the Gods can do.

...

now.

Levi Garrison really attracted the Dark Devouring God to the area planned by Atlantis.

After all, the Lab of the Gods came prepared this time, and must have made some preparations.

After all, there are lessons for the Lucifer four.

And there are still so many people together.

He will not shoot in person.

It's not from the chief priest, he won't shoot it face to face.

Therefore he will run away.

Attract the Dark Devourer to the dark to solve it.

If he finds this place, it's nothing.

If you don't find it, that would be great.

He can kill the Dark Devourer.

During the tracking journey, it is estimated to disturb the mentality of the Dark Devourer, let him come up, and follow him tightly.

Sure enough, this guy was fooled.

After chasing himself, he traced all the way to the area where Leviathan disappeared.

Quickly followed in the passage.

I don't know how long it has passed.

One after another, the two finally came to the base planned by Atlantis.

Levi Garrison stopped and couldn't leave.

The Dark Devourer behind chased up.

He was quickly attracted by the magnificent base.

“this.....”

Even if it is the existence of the laboratory of the gods, which is building a country of future science and technology, seeing this scene is stunned.

Wherever I can think of it, there is a big world hidden here.

“Um?”

Soon, he saw another surprising scene.

The traces left by the Leviathans.

Although Levi Garrison pierced all Leviathans with a sword that day, causing their bodies to explode.

But finally there are still traces left.

In this base, it is even more obvious.

After all, the size is too big, there are more than three thousand...

“Could it be...could it be...”

At this moment, the Dark Devourer seemed to realize something.

Is it possible that this is where Leviathan is trapped?

Then all the Leviathans are dead?

No one left?

What Doctor Dark said is right!
