

# The Return of the God of War [The Protector] Chapter 2886

The Black Hawk agent noticed something and couldn't help asking: "What's the reason?"

"There is no reason, just follow the order!"

Chief Smith sneered.

"Continue to observe the situation!"

...

The Eagle Nation did not join the warband at this critical juncture.

I don't know who they asked for instructions, what they asked for, and what orders they gave.

...

The army of the Kingdom of God is raging, sweeping everything with an unrivaled posture.

They rely on their positions and various tactics to resist.

When the biblical organization army and the Baolong clan of Tiance House, and even the Siberian Star, the strongest abilities of the war bear country, and the famous "Guard of Gods" in Jerusalem, all joined.

Temporarily controlled the situation!

After all, when these super masters come, they can temporarily compete with the powerhouses of the Kingdom of God.

Especially after the supernatural commander Tiance and Ye Qingtian were strengthened by Levi Garrison.

It is a huge increase in strength, and coming to the battlefield is to kill the existence of the Quartet!

Even the opposite is the “god” of the kingdom of God! Ye Qingtian and Ye Zhantian’s strengths are basically the same as those of Lucifer.

And Lucifer, these can exist in the upper reaches of the kingdom of God!

Therefore, even though Ye Qingtian and the others are not many in number, a few of them have been killed indiscriminately after entering the army of the Kingdom of God.

Behind them are the Tiance Mansion, the Bible Organization, the Star of Siberia, and the strong guards of the gods.

So they led the coalition forces to fight back against the Kingdom of God! ! !

For a while, it caused a big impact on the army of the Kingdom of God!

This boosted the morale of the coalition forces!

I saw hope!

Even the Titan War God himself ended up fighting...

For a time, the coalition forces were like a rainbow, not only holding the position, but also moving forward...

The faction of the Hawk Nation who was observing the situation on the other side became excited when they learned of the situation.

Is waiting for now?

Are you going to attack now?

But there is no order!

They have to continue to wait and see!

...

In the Star One behind the Army of the Kingdom of God.

Mr. X is sitting in distress.

Facing the opponent's counterattack, he was not at all anxious.

A smile appeared at the corner of his mouth.

“Finally! Finally the cards of all sides are roughly forced out!”

He smiled.
