

The Return of the God of War [The Protector] Chapter 2892

One by one, like the gods, bombarded them indiscriminately.

The coalition forces are still crowded tactics.

Even if the strongest of the major forces in various countries emerge, they still pile up tactics.

It may be that hundreds of strong men can barely match up with a super strong man in the Kingdom of God.

What if Mr. X is like this.

I am afraid that thousands of strong people will be able to resist for the time being...

But it is also equivalent to a slow killing.

Only half an hour.

The bones became mountains, blood flowed into rivers.

Knowing that this group of strong men can be healed and restored, so the kingdom of God strong men will not give any chance at all this time.

Kill directly! ! !

See how you can heal and recover?

Sorrow is everywhere, like purgatory.

There is no way to deal with it!

Head-on head-on is death!

The Titan God of War was also scratched by Mr. X. If it weren't for many people desperately trying to save him, he would be dead.

He was in a hurry.

Really anxious.

Except desperately, there is no feasible way out.

Moreover, the powerhouses of the Kingdom of God emerged, and Levi Garrison's several tactical plans didn't work either.

After all, the crush of absolute strength...

"Hold it up! Hold it up, everyone! I must have a way to stand side by side with Daxia!"

"We just have to wait until he comes! There is absolutely a way to deal with everything!"

Ye Qingtian and others began to cheer up.

...

“Hahaha...Put your hopes on Levi Garrison? How ridiculous!”

After hearing this, the people of the Kingdom of God thought it was ridiculous.

None of these strongest ones!

Is Levi Garrison coming?

Especially pinning all hopes on Levi Garrison, that is ridiculous!

“Okay, let me see if Levi Garrison can save you?”

Mr. X screamed.

“Rumble...”
