

## The Return of the God of War [The Protector] Chapter 2951

The most frightening thing is that once an automatic program or a self-destructing program is started, no one can stop it.

Even the brain of God cannot stop it by itself.

This is unilateral!

It is also extreme!

Now they are equivalent to falling into Levi Garrison's net of heaven and earth, and it is no longer possible to go to the spiritual veins in person.

The only way to start the automatic program.

After starting the automatic program, the brain of God breathed a long sigh of relief

Doctor Dark is also relieved.

Fortunately, God's brain is smart and has made several guarantees in advance.

Sure enough, they were not safe and were caught as soon as they left the house.

Otherwise, their plan will not be realized.

Thanks to his special design.

After a sigh of relief, Doctor Dark smiled at Levi Garrison: “Wan Warren thought that you were the one who hid the deepest! Even though the Galaxy Guardian Alliance had great magical powers, can you not expect Daxia to have you?”

“Then all the dark gods are you? Otherwise, why do the Bible Organization and Maya Industry help Daxia?”

The brain of God also reacted.

Levi Garrison hides the deepest, and everything about Daxia and the world coalition forces is planned by him behind the scenes.

Levi Garrison smiled, admitting all this.

Doctor Dark frowned and said, “But there is one thing, I still don’t figure it out.”

Levi Garrison smiled and said, “You mean No. 76 Forbidden Land, right?”

“Yes, I feel that they exist, but I feel that they do not exist. What is the relationship between you and them?”

Doctor Dark stared at Levi Garrison.

A question they all wondered.

“Earlier, I entered the forbidden area No. 76 and wiped out this race!”

Levi Garrison said.

“Understood! Everything is understood!”

This time Doctor Dark they suddenly realized.

Everything makes sense.

Especially the relationship between Daxia and Base 76, they understand.

“X, do you know the mystery you’ve been puzzled about is solved! Everything is your old opponent Levi Garrison!”

Doctor Dark laughed.

God’s brain also let out a long sigh of relief.

Before he died, he also knew the mystery that had been puzzled.

The Dark Doctor looked at Levi Garrison and said, “Why do I suddenly find things interesting!”

Before they agreed that the Galactic Guardian Alliance swept everything and there would be no rivals.

But now Levi Garrison suddenly appeared.

Let them know that the War Eagle Nation is not the only one, they still have opponents.

There is another one who hides so deeply.

From the perspective of Doctor Dark, I really hope to see the crazy game between the two sides.

That is, sitting on the mountain and watching the tigers fight.

It's just too late.

He is going to die.

They have all fallen into Levi Garrison's hands.

"Well, it's up to you if you want to kill or slash!"

The Dark Doctor smiled.

The brain of God also gave up the struggle, waiting for the coming of death.

In their opinion, Levi Garrison killed them when he came to them. Levi Garrison looked at Doctor Dark with a smile: "Are you sure you give up?"

“For a long time, you have considered yourself as an ordinary person! But who ordinary person can live so long? Can capture the God of Forbidden Land No. 76 alive?”

“Even if you know my strength, you don’t put me in your eyes! What you are afraid of is the net of heaven and earth laid out around me!”

...

Levi Garrison said this.

Doctor Dark’s face has changed.

Even the brain of God was taken aback.

“You seem to give up on the surface, but in fact you are desperate to kill me. At least you are holding the idea of dying! Anyway, in your opinion, you are going to die. You can even get out of the siege!”

That’s right.

Levi Garrison got it all right.

Doctor Dark didn’t want to give up.
