I'm A Quadrillionaire chapter 1081

The whole of the Concord family was in dire straits right now. Those who were hit by the black-horned ship in the front were immediately wiped out, and nothing of them was left. However, many of those affected were seriously injured.

Countless people supported the injured people around them while they cried and wailed.

Truman watched all this, and as the head of the Concord family, there was nothing he could do.

This was the tragedy of the small family. He always wanted to lead the Concord family to become a big family that no one dared to mess with.

He did not want to bully others, but also would not allow anyone to bully the Concord family.

"Come one! Truman, take the rest of your family with you. Don't force us to take another shot, or there will be fewer people left in your family," Erwin said indifferently.

In his eyes, killing two or three hundred people was like trampling two or three hundred ants to death. They were nothing to him.

Truman stared at the black-horned ship in the sky for a moment.

He finally compromised. He asked Vash and his brothers to gather the members, so they could get ready to leave with Gatsby. However, at this time, there was a rumbling sound in the sky. All the Concord family members were easily frightened and hurriedly looked for a place to hide.

They thought those Gatsby bastards were not keeping their word and would shoot at them again.

Truman and his brothers also quickly looked into the air. They saw that the dozens of black-horned ships not moving, so the sound must have come from higher up. Soon, a huge Octagon appeared in their eyes. Truman and his brothers felt their hearts tighten. 'Is that big shot here? 'What should we do?

'It seems that God wants to destroy our family.' Erwin also looked at the sky in confusion. 'Is that... an Octagon?

'Which force does it belong to? 'Why is it here?'

Erwin had a lot of questions in his heart.

Inside the Octagon, Mia was happily telling David everything about Blue Star and her family. When the Octagon was approaching the Concord family, Mia was shocked by what she saw. She saw dozens of black-horned ships hovering above the Concord family.

From the gaps between the ships, she could see her family's situation. The desolation in the aftermath of a disaster appeared before her eyes. It was evident that her family was under attack.

Moreover, the people who attacked her family were the dozens of black-horned ships hovering on top of her family.

"David!" Mia yelled.

She nervously looked at David and grabbed him. Tears welled up in her eyes, and she looked like she was about to cry.

David naturally looked below. He scanned the scene with his mind power and could tell what happened. "Mia, don't be scared. It should have only just happened. Your family didn't suffer a lot of losses. I can still make it in time if I descend now," David comforted.

"Alright, David. Let's go. I'm worried that my family will be in danger," Mia said.

Even though she sounded calm, David could feel how panicked Mia was from the strength of her grip. "Don't worry, we can make it," David said. If he were not worried that he might hurt the Concord family, he would have ordered the Octagon to attack the black-horned ships. However, his mind power had been paying attention to these black-horned ships. Once he sensed that they were about to attack, David would surely take action. The Octagon was slowly descending. Soon, it was at the same height as the Gatsby family's black-horned ships.

Everyone was looking at the Octagon.

"Where are you from? Why are you here in Blue Star?" Erwin asked. Since the Gatsby family was the only one in Blue Star with an Octagon, and they were not using it now, Erwin decided to ask.

When everyone thought the Octagon was stopping, the people inside the Octagon did not answer Erwin's question. Instead, it started descending.

Rumble!

The Octagon landed directly on Blue Star, not far away from the Concord family.

The Octagon's hatch opened after it landed. A beautiful figure rushed out from the ship, and a voice could be heard.

"Father!"

Truman knew this voice too well.

It was his daughter, Mia.

"Mia!"

Truman cried excitedly.

Mia quickly came next to Truman.

When Vash and the others saw Mia, they quickly came over as well.

"Mia!"

"Mia!"

"Mia!"

The three of them cried at the same time.

"Uncle Vash, Uncle Bastian, Uncle Caspian, you're all fine! This is great!" Mia said happily. Then, she asked, "Where is Mother? What about my brother? Grandpa? And all of my aunts?" Truman looked at his brothers, and they did not know if they should answer her at this moment.

The women and direct descendants of the family were all sent to the old house in advance.

This was a safety measure. Now, this had proved to be the right choice.

If they stayed here, they would not be able to escape.

Some of them might have even died under the Gatsby family's attack. Right now, Truman wanted to tell his daughter they were fine.

However, the Gatsby family was still around. If they knew about this, they would have chased after those people even after they were sent away. "Father, tell me! How are Mother and the others? Are they.." Mia said with a sob. From her voice and expression, they could tell that Mia was terrified. She was worried that she was too late, and her mother and brother had already been harmed. Those were her most loved people. "Don't worry, Mia. They are fine. They were sent to the old house to avoid calamity."

Truman could not bear it after he saw his daughter like this, so he told her.

To be honest, if the Gatsby family wanted to take them away, they would be able to find the Concord family's descendants and members with their vast information network.

If they were still in Blue Star, they would not be able to escape.

When Mia heard what her father said, she let out a sigh of relief in her heart.

It would be fine as long as they were not harmed. Everything would be fine now that she was back. Of course, she also took David with her. With a big shot like David around, no one could threaten her family's safety.

If all else failed, she could ask Princess Astrid for help.

Right now, she was not the same as before.

Princess Astrid was so close to her right now.

"Alright, Truman. You're so dishonest. How dare you send your direct descendants away to fool us? How dare you! Get ready to attack. I want them to know the consequences of lying to me."

The person who spoke was a young person. "Sonny, how dare you do this to my family. Just you wait, I will never forgive you!" Mia pointed at the black-horned ship Sonny Gatsby was in and yelled. "Oh? I was wondering who that was. It's the famous Dance Fairy! What's wrong? Do you think you can threaten my family just because you're one of the fairies? Stop dreaming. You're just a clown. Attack them now. I want to see how the Dance Fairy does not forgive me. Hahaha!" Sonny laughed and said. Before Mia was one of the four fairies in the Milky Way, Sonny had been targeting her.

Unfortunately, Mia never gave him a chance. Sonny thought he would adopt a long-term vision to achieve a bigger goal. He thought Mia would never leave his grasp anyway since she was on Blue Star. Who would have expected her to rise to fame so quickly? After being regarded as one of the four fairies in the Milky Way, she stopped paying attention to Sonny.

The cake next to Sonny's mouth was slowly went further away. One could imagine this feeling. Sonny desperately wanted to sleep with her when he saw Mia's beautiful figure. If he had known this, he would have forced himself on Mia before she became famous. He would sleep with her and then decide. Unfortunately, there was no cure for regret in the world.

Hence, Sonny had a very long-standing grudge against the Concord family.

Sonny went crazy the moment he saw Mia. In his opinion, he had to destroy whatever he could not obtain, and no other man should get it. Besides, Sonny had regarded Mia as his long ago. After Mia quickly became popular and became one of the four fairies, the Gatsby family warned Sonny not to provoke Mia again. Otherwise, he would be stripped of his status as the heir of the Gatsby family.

Therefore, Sonny always held this grudge inside him.

Now that there was a chance to take action against the Concord family, how could Sonny let it go?

With orders from Sonny, the heir to the Gatsby family, the black-horned ships were fully charged and ready to attack the Concord family again.

However, they were immediately stopped by a voice.

"Stop!" It was not an outsider, but Erwin, the head of the Gatsby family. Sonny had gone a little crazy, even losing his mind. However, Erwin had not.

When Mia came back in the Octagon, he knew something was up.

Not everyone could use an Octagon. Even the Gatsby family only had one, which was only used when the family had important tasks.

Sonny, the heir to the Gatsby family, was not qualified to use it. If Mia could be sent back with the Octagon, then the power behind this person was not so simple.

They should be careful and determine the identity of the other party first.

There were too many powerful forces in the universe. The entire Gatsby family would be ruined if they were not mindful. They could not wish for that big shot to save them. These people only have their personal interests in mind. And they, the Gatsby family, were just pawns that might be kicked away at any time. However, even if they were just pawns, countless families like the Gatsby family were eager to rely on those big shots. The operator of the black-horned ship heard the head's voice and immediately stopped the attack.

This pissed off Sonny. He was always bothered by the incident regarding Mia. "Father! The Concord family won't give in if you don't show them what we got. Didn't you hear them say they have sent away their direct descendants? They are fooling us! If that big shot learns about this, we, the Gatsby family, will be in trouble too," Sonny exclaimed. He was obviously very dissatisfied with his father preventing him from taking action against the Concord family "Shut up! Did you forget what I told you? How will I hand the Gatsby family to you if you keep going like this? You're grounded for three years after we go back. If you dare to come out, I will break your legs," Erwin scolded.

Sonny could not say anything after being scolded.

However, he became sober at this time.

"Mia, please forgive us. The Gatsby family and the Concord family have been getting along in Blue Star for many years, and have always been at peace with each other. This attack was not our intention. It's just that some people don't want your family to have a day of peace. They are very important, so we have no choice but to act according to their," Erwin said politely. It was as if he was not the one who ordered an attack on the Concord family and killed hundreds of people.

"Orders? Whose orders? Fergus or Burke?" David suddenly appeared next to Mia and asked.

When he said that, everyone turned to look at him.

No one noticed when David appeared.

Mia turned her head to look at David. Her eyes were filled with love, and her tone sounded

aggrieved as she cried, "David!"

"It's fine. I'm here," David comforted.

Right now, he was burning with rage.

Even though the dead were not related to him, one should not implicate their opponent's family in a feud. David hated it when others threatened him with his family.

That was his weakness.

Right now, someone was using Mia's family to threaten her, so David was pissed.

At this moment, Erwin was also very shocked.

'Who is this?

"How could he pinpoint the identity of the person wants to attack the Concord family with just one guess?"

Erwin did not even notice when David appeared, so he must be a direct descendant of some powerful force. 'I can't provoke him! Erwin confirmed that they should not provoke this person. Meanwhile, Sonny saw Mia's expression and eyes. He had calmed down, but now he was again blinded by jealousy. Especially when he saw that David was more handsome and classier than him. Plus, David definitely had a higher status than him because he had an Octagon. Sonny was not even eligible to ride in the Octagon.

Those adulterous swine!

'How dare they ignore my presence and flirt in front of me!' "You adulterous swine! Are you tired of living? I want to let you know that Blue Star is my family's territory, and you can't just do whatever you want here. Everyone, be prepared to attack. I want to turn those swine into ashes!" Sonny roared. David turned to look at Sonny, following his voice. At the same time, his powerful mind power entered Sonny's black-horned ship via his gaze. He did not hesitate to wrap his mind power around Sonny. While Sonny was caught off guard, David smashed Sonny's organs and brains into mush.

Sonny could not even make a sound. Immediately, blood poured out of all his crevices, and he collapsed on the floor.

"Stop! Stop! Don't move! I'll punish anyone who dares to move a muscle!" Erwin quickly stopped.

He still had no idea that David had killed his son Sonny.

No one from the dozens of black-horned ships dared to move.

After all, Erwin was the head of the Gatsby family now, and Sonny was just the son of the head.

Thus, they would naturally obey the head's orders. They would listen to Sonny's orders only if Erwin were not around. Furthermore, they did not want to go against the people in the Octagon. However, the scene was only quiet for two to three seconds before a panicked voice came from Sonny's black-horned ship.

"Oh no! L-Lord Erwin! M-Master Sonny is dead!"

Everyone looked at Sonny's black-horned ship in shock when they heard this.

Sonny is dead? 'How is it possible? 'He was still talking a few seconds ago, so how did he suddenly die?' Everyone's heads were filled with questions. No one knew what had happened. Only Mia was stared at David with an incredible look in her eyes. She knew David had done this. Even though she did not know how, it was not important. Most importantly, David sought revenge for her.

Mia hated Sonny since the moment she laid eyes on him.

It was mainly because of the way Sonny looked at her. It was too lewd, and he looked like he constantly wanted to tear her clothes off and tarnish her. However, the Gatsby family was the number one family in Blue Star, and the Concord family needed to survive here, so Mia had to endure this. Eventually, Sonny became even more delusional. He even publicly announced to everyone in Blue Star that Mia was his. When Mia became one of the four fairies, she never paid any attention to Sonny. Mia knew Sonny always wanted to seek revenge and take action against her family.

Now that David had killed him, it could be considered as avenging Mia.

"S-S-Say that again! What happened to Sonny?" Erwin asked nervously. "Lord Erwin, after Master Sonny finished talking, he started bleeding from all crevices and died. I have no idea how he died."

"D-Died? Really?" Erwin mumbled.

“Lord Erwin, I just checked. Master Sonny is indeed dead. He looks fine from the outside, but all of his organs have been turned to mush.”

The hatch of one of the black-horned ships opened.

Erwin walked out and got into Sonny’s ship.

Clearly, he was going to look at Sonny.

The entire scene fell into silence.

Everyone from the Concord family was showing expressions of joy on their faces. They all turned to look at David as David had the highest chance of doing this. After a while, Erwin walked out, stood in the air, and looked at David. Suppressing the sadness in his heart, he placed his hands together and asked, “May I know who you are, David, and where you come from?”

He did not mention Sonny’s death and did not ask if David was the one who did that. Instead, he respectfully asked who David was.

David looked at Erwin.

‘Didn’t they say like father like son? “They should be similar to each other, right?’

‘Sonny is clearly a piece of trash who’s easily angered, but how can Erwin control his emotions so easily?’

‘He doesn’t even care about his son’s death. ‘Anyone with a discerning eye can tell that I killed Sonny, but how can he still talk to the person who killed his son so respectfully? ‘Are they really father and son?’ “You’re not qualified to know who I am. You just have to answer my questions,” David asked coldly. “I’m sorry. If you don’t tell me who you are, I won’t answer you,” Erwin said. Before finding out who David was, Erwin would not dare to tell him who was the one instructing this.

He had to at least compare David and the big shot’s strength before he decided how to handle

this.

“I can guess without you telling me. Only two people might do this: Fergus from the Callisto

1/2

family or Burke from the Lutgen family. If it’s Fergus, I should advise you to ask around first. He’s already a vegetable, and his family won’t waste any time or effort on him. Is it

worth risking your entire family's annihilation to help him and then get nothing in return? As for Burke, you'll also have to ask around because he can't even save himself right now. Soon, he'll be abandoned by his family," David said with a grin. He could easily wipe out the Gatsby family, but he did not want to do so.

It was better to destroy one's mind than destroy his body.

David was eager to make it an eye for an eye. He wanted them to experience hopelessness. Erwin's heart trembled, and he looked at David with shock. 'Fergus is a vegetable, and Burke will be abandoned by his family?' Who are they?

To the Gatsby family, they are like God. 'How could they end up like that? 'Plus, David doesn't seem bothered by those two from how he said that.

'Who is he?

'How did he know this?

Also, he's not the slightest bothered by Fergus and Burke.' At this moment, Erwin was panicking after he heard that. Even his hands and feet were starting to shake. Burke was the one who instructed his family to attack the Concord family. Erwin did not say anything but looked deeply at David. Then, he got back into the black-horned ship quickly. He wanted to contact Burke to verify if David was telling the truth. After he got back to the ship, he started contacting Burke.

However...

He tried once, twice, thrice...

After several attempts, Burke still did not answer him. Erwin had no idea if Burke was ignoring him on purpose or for another reason.
