"What are you doing here.." I asked him through gritted teeth.

" I uhh brought your stuff.." he said handing me a paper bag.

"Ohh," I said embarra**ed grabbing the bag. Then I remembered I still had his shirt and it's in my laundry pile.

"I didn't wash yours.." I said sheepishly...

"Oh, it's okay.." Zane smirked coming closer.

"Don't.." I said stepping back.

" I don't want you near me.." I remembered what happened this morning when he touched me. He stopped and looked at me with an emotion I couldn't decipher.

"I mean you know what happened this morning.." I said shyly. As if realization hit him his mouth was shaped into an ' O '

We stood there In silence for a few minutes. Neither of us talking it was kinder nice until I remembered earlier events...

"Why.." I began.

" Huh.." he asked.

"Why did you do it?"

"Do what?"

"Why did you take me to your house then left Jenna at the party did you do it so that you could break our friendship?.." I asked him now looking at him.

"I didn't...."

" I don't want to hear it I know guys like you Zane you want your to cake and eat it too. Did you take me to your house so that you could lay with me or did you do it so that I can think you are a hero who saved me from my hara**er when in reality I wasn't even being hara**ed!!!!." at this point my voice had risen a bit.

ADVERTISEMENT

"DO YOU KNOW WHAT YOU DID... THAT GUY YOU BEAT UP YESTERDAY WAS MY FREAKING BROTHER FOR GOODNESS SAKE HE WAS DANCING WITH ME SO THAT NO OTHER GUY WOULD COME CLOSE AND THEN WHAT DID YOU DO YOU FREAKING ALMOST KILLED HIM!!!" I yelled not caring now if my mother heard me I had to give this bad boy a piece of my mind.

"This morning I was grateful I was like Zane is a nice guy he saved me from the hara**er and wasn't a bad person after all but boy was I wrong.." I said exasperated.

" I'm sure you only took me to your house so that you can r*** me. I was such a fool to think nice things about you because you don't deserve it. You deserve to rot in Hell for beating up my brother and for almost breaking my friendship with Jenna. You are the worst person to ever exist on this planet and I hate you with all my heart and soul and I pray your filthy soul rots in hell.." I looked at him and wished I hadn't said all that. oh my gosh, I hurt him.

"Oh is that what you think of me..?" he asked in a small whisper. I didn't say anything just looked at him.

"You think I could do such a thing to you..?" He took two steps back then turned around and walked away.

'I think you hurt his feelings' my subconscious told me I wanted to call him and say sorry but words couldn't come out as I watched him disappear in the darkness of the night. What have I done? I am one person who cares about people's feelings and makes sure I don't say things that might hurt them. What did I do just now?. I felt a huge emptiness in my heart as I stood there staring at the spot where he disappeared. Guilt was now consuming me from the inside.

His hurt face was now planted in My brain I couldn't close my eyes without it being there. Why did I say that? I thought I was saying the truth could it be that he thought Val was hara**ing me and tried to save me?

I won't think about him anymore he can rot in hell for all I care.

'You care' my subconscious told me 'you care about his feelings

'hey, who's side are you on?' I scolded my subconscious. I furiously went back inside the house locking the door behind me off to my room but I couldn't sleep I tried drinking warm milk which only made it worse. Guilt was consuming me like a vampire being burnt by the sun. Why did I say those stupid things? Maybe I should call him and apologize.

I took my phone and started scrolling through my contacts after searching for five minutes I realized I didn't have his number on my phone. I sighed throwing it away...

Oh, I don't wanna die of guilt but what can I do I just can't go out at this time and look for him he probably is at home right now. What am I going to do? I glanced

at the time 11 pm. I picked up my phone and called the only person who can help me. After three rings he picked up.

"hey, pink panther why are you calling me at this time shouldn't you be sleeping..?" He asked sleepily.

"Yeah, I know... I just can't sleep I have made a big mistake.."

."What did you do?? oh my gosh did you get yourself pregnant.?"

"No Val why do you always think that.?"

" well you are a girl.." he said and I sighed.

"Look are you feeling better..?" I asked.

"Yeah my wounds have all healed I am as good as new.."

"Great can you come over I want to tell you something.." I said and then hung up after he said okay. I sighed getting into bed going under the covers while waiting for him. He had a spare key to our house just like I did to his so there was no worrying about going back down to open the door for him.

After ten minutes I heard the door hinge squeak I looked up to see Val standing there I smiled at him and he came closer coming under the covers.

"So what happened..?" he began

"Zane came here.."

"What..?" he asked.

" Yeah and I sorta said something I shouldn't have now I feel guilty..?"

"What did you say to him..?" he asked me softly and I told him everything. After seconds of Val processing everything he pulled me close to him and kissed my forehead.

"It's not your fault pink panther you only said what you felt was right.."

"But what can I do to stop feeling guilty I feel it in me that Zane might look to be a bad boy but surely there is good in him right..?!" I said and Val chuckled.

"pink panther you always see good in everyone and that's why you are a good person and if you are feeling guilty maybe you should apologize.."

"You think so..?" I asked.

"I know so, plus I know you. you never stop feeling guilty about something until you do the right thing.." he said kissing my forehead.

"I guess you are right.." I sighed.

"Get some sleep and tomorrow you will apologize.." He said and I smiled at him.

"Go on close your eyes you won't fall asleep with your eyes open.." I giggled.

" Okay fine," I said then closed my eyes, and soon after a sleep overtook me.

I was running again and the blue-eyed monster was chasing me through the woods I stumbled upon a tree root and fell down face flat. I managed to get up but I couldn't run away the monster managed to tackle me down.

"Please don't hurt me.." I whispered closing my eyes waiting for something anything to happen but nothing I could feel the monster breathing on my face but I didn't dare open my eyes.

'Open your eyes' a voice said in my head startling me.

I slowly opened them to stare right through those piercing blue orbs. I saw hurt it's like the monster was hurting and only I can do something to make the pain go away. I slowly lifted my hand to touch the monster's face but felt soft fur. It wasn't a monster but a wolf after touching the fur the wolf purred under my touch and I giggled.

But the moment lasted only for a second and where the wolf was standing Zane showed up with the same hurt expression on his face.

"Zane I'm sorry.." I said but he took two steps back going away from me.

"Zane come back.." I called but he didn't stop. I have to apologize I started running towards him but the more I ran the further he went from me. I fell to the ground crying I couldn't bear seeing him hurt because of me I need to see him I need to apo.....

"Pink panther wake up..." someone said and I shot up breathing heavily Val was sitting up looking at me with a worried expression.

" Val.." I said sobbing in his chest.

"What's wrong sweetheart.." he asked stroking my hair.

"It's Zane I need to apologize I saw him in my dream and then weird and then wolf and hurt and....." I couldn't say anything that was making sense mostly my voice was muffled by my sobs and well my face was buried in Val's chest.

"It's okay shhh everything will be okay.." he said. I don't know how long I sobbed but I found myself feeling better and giggling at Val's jokes.

"Thanks, Val.."

" for what Princess.?" He asked I was laying on his chest while his hand was still running through my hair.

"For being with me I don't know what I would do without you," I said and he chuckled.

"Anything for you pink panther.."

"By the way, I am also sorry I have kept you awake till like.." I took my phone from the bedside table and looked at the time "Three in the morning.." I said. he let out a small laugh.

"Yeah but you owe me.." he said. I looked back to see his grinning face with wiggling eyebrows...

"No... please tell me you are not planning on taking me to another party.." I groaned burying my face in his chest.

"Well if you don't want then I will just leave you here alone so that the guilt of Zane could haunt you forever.." he said it sounding like a ghost.

"Please no stop you are scaring me.." I said and he laughed. I was major scared of ghosts.

" Don't worry I won't leave but you still have to come to the party later.." he said. I groaned again.

" fine only because I don't want you outside at this time you might get kidnapped.." I said

"Oh please, I know you. You are saying that but deep down I know you just want me to stay. I knew I was irresistible.." he said. I slapped his chest.

"Stop it Val not cool.." I said and he let out a laugh. I smiled at that it's true I was concerned about his wellbeing but also I was enjoying the company he was at least distracting me from thinking about Zane. A comfortable silence stretched upon us and soon I found myself drifting off to sleep.

*

"SCARLET VALENCIA WAKE UP..!!" I felt someone shaking me and yelling... I groaned.

"Five more minutes.." I said trying to get the comforter and cover myself.

"No Scar wake up you are going to be late for school you too Val.." I opened one eye to see my mother's figure she had her hands over her hips glaring at me well the both of us. This isn't the first time mom has found me in bed with Val she knows we consider each other as siblings.

"What time is it..?" I asked trying to rub sleep off of my eyes.

"7: 30.."

"WHAT..!!?" I shot up from the bed trying to run to the bathroom but ended up falling face flat with a heavyweight on top of me. Mom's laughter echoed through the room while I groaned in pain.

"Get off of me Val. You are too heavy.." I said trying to push him away but only making things worse for me well for us. We have tangled through the sheets and one leg of mine was between his legs while the sheets were wrapped around us tightly almost choking me.

"Mom help me.." I said lifting up my hands like I was a baby who wanted to be lifted up by the mother. She took a pic of us then came over to untangle us while she kept laughing hysterically.

"mom you have to delete that picture.." I said as soon as she untangled us.

"No can't do sweetheart now go get ready.." she said waving the phone on my face. I groaned and she giggled

"ohh this pic looks good I am definitely posting this..." She said going out of the room while I looked at Val and he began laughing.

"WHAT'S SO FUNNY!!!.." I yelled get up from the floor stomping my feet towards my bathroom while Val just laughed. I took a shower and after I was done I went to my room and Val wasn't there guess he must have left to go get ready. I put on my clothes which were some denim shorts and a black shirt putting my blonde hair in a ponytail then left the room. I was already late anyway might as well eat breakfast. I sat down and took some pancakes which mom had already prepared.

"Val said that you should go to his house!!!.." mom yelled going out for work.

"Okay, mom!!!.." I yelled back. I quickly finished eating breakfast and went over to his house. I didn't knock just entered the house going straight to his room. His

parents weren't morning people so I knew if I knocked no one would come open the door.

"Val..?" I called entering his room.

"coming pink panther!!!.." he yelled from the bathroom. I sat on his bed looking around his room. It was pretty clean for a guy if you ask me. He came out of the bathroom already dressed.

"Let's go.." he said grabbing his bag going out to his car.

"Wait you're not eating breakfast..?" I asked him while opening his car passenger side door and sitting down.

" Nah I already ate at your place.."

"OH.." was all I said. He pulled out the driveway and off to school we went.

"Are you ready..?" he asked me as soon as he packed the car in the school parking lot. We had agreed that I would apologize as soon as we got to school.

I was so nervous I could see Zane from where I was, his friends were busy talking and laughing but he wasn't. He just stood there like a statue staring into space.

"You got this pink panther.." Val squeezed my hand for reassurance. I promised I wouldn't chicken out but now looking at him I'm not so sure I can do this.

"Okay.." I said. I took a deep breath let it out then went out of the car. As soon as I stepped out Zane's eyes snapped in my direction. I gave him a small smile but he didn't reciprocate. His face was expressionless.

"Can I talk to you..?" I asked when I was close enough for him to hear. His friends stopped talking and looked at me. My face was heating up. The way they were looking at me had me wanting to hide my face from their intense gaze.

"Come guys time for the class.." was what Zane said going away, he didn't even say anything to me just left. His friends nodded their heads and followed him like he was the leader. I sighed in defeat..

"you must have hurt him a lot huh.." Val said coming closer to me.

"I guess so.." his words had me feeling even more guilty.

"Don't worry pink panther I am sure things will be okay maybe he just needs time.."

"Time Val really but all I want to do is apologize. Couldn't he just spare a second and listen to my apology.? I mean how hard can that be.." I said exasperated and Val gave me the brows.

"Really blondie if I were to say something to hurt your feelings pretty badly and told you the meanest things in the world then later I came to apologize would you listen to me.."

"....." I kept silent.

"Exactly.." Val said and I sighed.

" I don't know what to do...?" I said.

"Maybe you should ask Jenna for help she is his girlfriend maybe she might help you.."

"I can't tell Jenna about this Val she might think that I'm trying to woo him. Yesterday I had promised her that I had nothing to do with Zane and I hated him I just can't go there and say I need help with something that has to do with him.." Val sighed then pulled me into a hug the guilt eating me up had me on the verge of tearing up.

"It's the okay babe you've got this we will figure something out.." he said kissing my forehead.

" come on let's get you to cla**.." I nodded my head then went into the school building.

ZANE

She said the meanest things to me. Is that what my own mate thinks about me? I couldn't take it anymore. I stepped away from her going back home. I was only trying to be nice and get her to like me but I messed things up. I need to go for a run. Since her house was in my territory it was easier to shift into my wolf.

I went closer to the woods then stripped my clothes and shifted into my wolf. I ran for like hours letting off the steam. My wolf was whining in my head.

'How can mate say that to us' he whined. After the run I quickly wore my clothes then went to the car but before that, I glanced at her house specifically her room and I heard giggling. The lights were on. I shook my head then got into my car and went home frustrated and angry that I made mate say that to us.

"Son shouldn't you be in bed..?" Dad asked me as soon as I entered the house.

"Yeah dad just went for a run shouldn't you be in bed too..?" I asked cautiously.

"Yeah, but your mother wanted some water.." He said and I nodded.

"I can sense something is wrong you don't look good. Is it about your mate? your mom told me you found her and she is human.." I nodded my head.

"Care to talk about it..?" I nodded my head again. Dad was the best person to tell this though he and mum had known each other since they were kids he was experienced enough for such matters.

" Yesterday I did something.." I said. I told everything to dad. After a few seconds, he chuckled...

.

" Don't worry son I'm sure she didn't mean it maybe she was just upset.." he said and I sighed.

" I tell you this she will definitely come asking you to forgive her. She is your mate after all and whether werewolf, human, or other the mate bond always catches up.." he added I smiled at him.

"Thanks, dad.."

" Sure thing Zane.." he said patting my shoulder.

ADVERTISEMENT

"KADEN!!!" I heard Mom scream and chuckled while Dad widened his eyes

"Get some sleep son I have to go to your mother before she makes me sleep on the couch tonight.." Dad said jogging over to the stairs and I chuckled at this. Yeah maybe she was just upset anyway I will find out tomorrow.

Morning came I had come early to school today. I and the guys were in the parking lot they know everything except for the part where she said those things.

"Hey, babe ain't you going to cla**..?" Jenna came kissing my cheek and hugging me.

"Sorry babe later I am not well.." I said letting go of her.

"What's wrong..?" She asked concerned.

"It's nothing love just go to cla** I won't be available for you today okay but I will call you when I get a chance.." I said she nodded her head and left.

"Bro why aren't you telling her..?" Aaron my future beta asked.

"Yeah Zane she has to know before things get too far, you will hurt them both.."
William my third in command said

"Look guys I know but it's just hard I don't know how I will tell her. Plus it's not like I'm planning on laying with her so how will things get too far between us I haven't even kissed her yet well except forehead kisses and the ones on the cheeks.."

"Yeah, that's because you found your mate the same day you proposed to her."
This time it was miles my best tracker who said

"You better tell her soon man." Nathan my top warrior said.

"Okay okay, I will. let's just wait for Scarlet to get here alright this plan has to be perfect..." I said and they nodded.

We were about five of us my future beta, future gamma, top warrior, and one of the best trackers. All of them hadn't found their mates yet because they were still below eighteen.

We stayed there for I don't know how long waiting for Scar. I heard a car driving into the parking lot but I didn't look

After a few minutes her scent hit me and I looked to see her coming out of the car she smiled at me and my wolf purred but I didn't show off any emotions.

"Can we talk..?" she asked. I wanted to tell her yes sure but my ego wouldn't allow me to. If she is here to apologize then I might as well make her suffer for it.

"Come on guys time for the cla**.." I said not even sparing her a glance. Serves her right for being mean to me. We entered the school building but I hid behind the door using my wolf ears to hear what they were discussing.

I smirked after hearing their conversation but seeing him the guy I beat up last time made me angry. I took a deep breath then let it out. I knew he wasn't her brother but I let it slide maybe she regards him as a brother.

SCARLET

the hallways were pretty crowded. We had skip first period, Val e*****ed me to my locker then after I was done getting my stuff we went to cla**.

"Have fun in cla** and don't overthink about this okay.." he said and I gave him a small smile. I went into cla** and sat on my usual sit I did share this cla** with any of my friends nor Zane.

Cla** pa**ed by in a blur with me thinking of ways to apologize to him. It was the worst day for me whenever I saw him and tried to approach him he would quickly go the other way or completely ignore me like I was a plague.

It was lunch Jenna was sitting with us, as usual, the bad boy was sitting at their usual table with Zane nowhere in sight.

"Hey, girl.." Val said coming over to our sit.

"Hi.." I mumbled he looked at me with a knowing look and I sighed.

"Hey, Jenna. hey Skylar.." Val greeted the two girls.

" hey, Valencia.." they both said.

" Jenna have you seen Zane..?" Val asked and I looked at him wide-eyed. He looked at me and winked. oh no, where is this going?

"Yeah.." Jenna said sadly

" Why do you sound sad what's wrong..?" Val asked.

" it's nothing really just that something is bothering him and he is not telling me anything. He has been so distant the whole afternoon and right now he is sitting outside by the tree all alone.." she said looking out the window I followed her gaze and saw him sitting down staring into space. I think I broke him pretty bad. I looked at Val who motioned me to go to him

ADVERTISEMENT

"Are you sure?" I asked with my eyes and he nodded.

"Excuse me, guys.." I said getting up from our table.

"Where are you going..?" Sky asked

"I just need some fresh air.." I gave her a small smile and left. I hope Val will distract Jenna while I talk to him.

THIRD-PERSON

After Scarlet left the table Val began his destruction plans he made sure Jenna didn't look out the window it was a tough thing but he was good at it.

He told the girls jokes and stories which had them giggling and laughing.

And on the other hand

" She fell for it she is coming your way act natural.." Aaron was spying and telling Zane everything through the mind link.

Their plan was for him to pretend to ignore Scar then act like he is broken-hearted and it was working.

SCARLET

"Hi.." said as soon as I got closer to him but he didn't say anything.

The silent treatment I see

" Can we talk..?" I asked but still silent.

"Can I sit here..?"

" What do you want..?" he said his voice breaking at the end and my heart broke with it.

"I am sorry—" I began but he cut me off.

" Please go away I need to be alone. You said it your self I'm a bad person so you better go where it is safe.." he took out his headsets and plunged them into his ears and closed his eyes enjoying the music.

The music was loud I could hear it. But that didn't stop me. if he was stubborn so was I, I will make sure he talks to me or I won't leave him alone! To hell, if Jenna sees us I don't care anymore. I sat Cross-legged across from him staring at him.

He opened one eye looked at me then closed it again. After a few minutes he opened again but I was rooted to the spot I didn't leave.

Lunch was now over and both of us were still sitting there his eyes closed enjoying the music while me sitting cross-legged arms folded waiting for him to stop being stubborn and talk to me.

Clas** ended students started living but as long as he wasn't moving I wasn't going to move either. His friends came looked at us but after a few minutes, they left.

It was now almost sunset the school doors were closed no student was in sight only me and Zane were left.

I was tired, hungry, my b*** ached sitting on the ground for like 4 hours. Dang, how can he manage to ignore me for so long?

well, I don't care if my b*** hurts. I came here to talk to him and talking to him is what I will do. I still won't move might as well faint from hunger.

His phone battery had long died and he was now just sitting there like he was meditating.

" come one-man talk to me I'm sorry.." I said. I saw the corner of his mouth rise a little but I knew it was my imagination I was dead hungry.

I scooted closer to him and our knees touched but I quickly moved back because of the tingles that were short between us this time it wasn't a strong electric current like last time but were still enough to make me feel things.

I sighed " Look I know you can hear me so might as well start talking. I know what I said yesterday was a little out of line.." he opened one eye and raised his brow.

" okay, maybe a lot. I know I should not have said what I did. I shouldn't have judged you without knowing you fully. I was just angry and thought that you took advantage of me because I was drunk..." He opened his eyes fully at this point and looked at me intently.

"I am sorry I know words can never be unsaid but if I could go back and erase what I said I would. I regret saying all that I said. You are not a bad person I have realized that if you were bad then you probably would have kidnapped me then killed me.." I said this and heard an inhumane growl.

huh, probably my stomach playing an orchestra dang I'm hungry.

" I mean... what do I mean again?? oh right what I mean to say is that I am truly sorry please tell me what I can do for you to forgive me..," I said and immediately regretted it. Why do I always make such promises? I saw him smile

" Go on a date with me.." he said and my heart skipped a beat. Did he just ask me on a date?? Me! as in me Scarlet Reyes going on a date with him Zane Black the bad boy of Baja and also my best friend's boyfriend?? impossible! I'm probably too hungry I'm hearing things.

"What.." I asked wide-eyed. He got up from the ground leaving me.

"Wait.." I said and he stopped. I slowly got up from my seat rubbing my b*** a little then slowly walking towards him afraid I might fall if I walked too fast.

"Okay.." I said. It's just a date nothing could go wrong right!? It would be just like a couple of friends eating food right??

He turned around and faced me, " are you sure..?" I nodded my head. it's not like we were going to kiss or anything he is my best Friend's boyfriend. wait! did I just agree to go on a date with my best friend's boyfriend? oh no...

He notices my change in facial expression then said, "it's okay if you don't want to I understand plus it won't even matter whether I forgive you or not anyway.." he started walking again this time faster.

"Zane wait.." I called. I tried to run towards him but I felt light-headed due to hunger and before I could fall down strong arms wrapped around me and judging by the sparks it was Zane.

"Thanks.." I said shyly he nodded his head and lifted me up bridal style to which I squeaked.

"What are you doing put me down.." I said

"No can't do kitten you are weak.." he said going over to his car which was still parked in the parking lot.

"Hey, I'm not weak you know. I am very much strong I have muscles even larger than yours..." I said showing off my tiny muscle. He just laughed

"Babe you are so skinny.." he said laughing and I glared at him angrily

"I am not skinny I am fat.." one look from him had me rethinking. Who was I kidding I was extremely small and skinny compared to him. I could easily pa** off as a thirteen-year-old!

He sat me down on the pa**enger seat then went over to the other side. After he sat down he looked at me.

"So do you still agree to the date or not.?" he asked.

"But you are my best friend's boyfriend.."

"Is it a yes or a no I want a specific answer, Scarlet...?" I sighed

ADVERTISEMENT

"fine it's a yes.."

"Great.." He gave me the loveliest smile on the planet. This was the first time I have seen him smile and it's the best thing ever. I gave a smile of my own then he drove off to God knows where. After driving for ten minutes he pulled up at McDonald's.

"We are having our date now??" I asked

"Yeah are you having second thoughts..?" he asked and I shook my head

"No, it's just that I haven't gotten ready.." I looked at my clothes which were a bit dirty due to sitting on the ground for so long

"Okay then we will have our date this Saturday hmm.." he asked looking at me and I nodded

"Great.." he opened his car door walking over to open mine

"Hey, I thought you were going to drop me off at home..?" I asked him.

" Yeah. but I know you haven't eaten anything since morning so I might as well buy you something.." he smiled and I blushed.

" I could have eaten at home too you know.." I said in a small voice which he chuckled

" I know.." he said, " but I still want to get you food.." I got out of the car and followed him into the eatery. We sat opposite each other on one of the window booths. It was already dark outside.

" Hey welcome to McDonald's can I take your order..." A brunette waitress said looking at Zane seductively I wanted to snap at her for eyeing my date like that. Wait why am I even getting like this.

"Sure uh what would you like Princess.?" Zane asked me and I smirked internally at the site of the brunette's glare

"I will have a small burger with French fries-please and a large milkshake.." I smiled fakely at her.

" Me too.." Zane said and the waitress left. After our food came I began eating like there was no tomorrow. I was almost done with my burger in only a matter of minutes when I looked at Zane who was looking at me amusingly barely touching his food.

" What,? is there something on my face,?" I asked trying to wipe off. He nodded his head and I just wanted to hide my face in embarra**ment dang it did this really have to happen now!!

I took one of the napkins on the table but before I could wipe my face Zane held my hand and with his other Hand's thumb he wiped off the milkshake mustache I had on my face. While our eyes locked

"Thanks.." I said breaking eye contact. Now my cheeks were tinted red I was so embarra**ed I even lost my appet**e.

" Go on eat.." he said and I smiled nodding. This time I made sure I ate carefully not to spill the milkshake on me or earn myself another milkshake mustache. I heard him chuckling and I looked at him

"What..?" I asked

“ Nothing it’s just that now you are eating like in a five-star restaurant that has white tablecloths where you are afraid you might stain them..” he laughed and I became even more embarra**ed.

“Please stop..” I said. Gosh if I Continue like this I’m pretty sure my face will become permanently red like Halloween macabre’

” Look baby girl feel free to do whatever you want I promise I won’t bite or be angry. I don’t want to sit with a fake person but I want to know the real you..” he said and I felt a warm feeling in my chest

“Loosen up okay you won’t enjoy this if you are being reserved..” he said and I nodded. We made small talk and soon we were done with our food, He paid the bill and we went over to the car. After getting in I took out my phone from my bag

7 30pm

With fifteen missed call notifications ten messages and five-voice notes

‘Crap’ I muttered to myself

“What’s wrong?” Zane asked me. I did say instead I just showed him my phone he looked at it and said, “your mother surely cares a lot about you.” he chuckled. ” I guess it’s time to take you home..”

He drove the car as I began to check the messages

“Where are you.?” mom

” Have you apologized yet.?” Val

” Hey, girl you didn’t come back to cla** are you okay..” Jenna.

Seeing the text I felt guilty. But brushed it off I didn’t do anything wrong!

” Scar are you sick again you never came back for lunch..” Skylar

“Pick up your phone, dang it, I’m worried..” mom

I sighed. He pulled up in my driveway way and I was hesitant to go inside the house. Mom must be super angry

“Don’t worry you will be fine..” Zane squeezed my hand and I smiled at him then the front door opened revealing a pissed-off but worried-looking mother and a smiley Val. I took a deep breath then got out of the car

" Him...mom..?" stuttered

"where were you young lady and who is that..?" she asked arms crossed

" He uh he is m.....my friend z..z...Zane.." I said and gulped

" Friend huh?? how come I don't know him..?" She asked

" That's b..be...cau..se we uh recently started hanging out.." I said

" Oh okay.." she unfolded her hands then went over to the car where Zane was. He said he won't leave till I was safely inside the house. As soon as he saw my mom he got out of the car

I stood there with Val waiting for the drama to unfold I had no idea what mom was going to say. It's like I had brought a guy home and was eagerly waiting for mom to approve him

" What happened between you two.?" Val asked

" Shhh I will tell you later right now let's watch," I said silencing him

" Good evening miss Reyes.." Zane said with a charming smile

"Good even uh....."

" Zane Zane Michael Black ma'am," he said it with so much respect I awed at him. Mom looked him over up and down for like ten minutes well it wasn't really ten probably three. she nodded her head turned around and smiled

" I like him.." she said and I smiled squeaking and jumping internally

" come to Zane let me get you some dinner.." she said dragging the poor boy into the house while I and Val sidestepped to let them through

" Sorry ma'am but I and Scarlet already ate....."

" ah don't be silly and don't call me ma'am it makes me feel weird. Since...." she bends down to whisper something in his ear which had him widen his eyes.

" How did you—" she didn't let him finished and just winked.

" What's going on..?" Val asked me and I just looked at the two wide-eyed...

" Okay okay since you have already eaten how about a cup of coffee..?" she said with the sweetest smile I have ever seen it was so weird

She started making the coffee while I and Val sat down

Mom had literally become a chatterbox in front of Zane I never even knew mom would talk so much.

I just kept on looking at her wide-eyed

She was asking him about how we met if we had started dating and so on

" Mom I think it's time for Zane to go.." I said it's not like I was trying to chase him away but mom was taking too much and now she just removed my baby pictures and telling him embarra**ing moments of mine mom is too much

All three looked at my

mom with a raised brow

Val with a stupid smirk on his face and Zane he looked like he was trying to hold in his laughter.

I knew agreeing to go on a date with him would be a bad idea if I had said no he couldn't have brought me home and mom wouldn't be embarra**ing me like this

" Why scarlet.." are you trying to chase away our guest..?" Mom asked crossing her arms

" Yeah, scarlet..?" Val said mirroring her expression still smirking

" Uh.." Zane was at a loss for words

" No mom it's like...

"I looked at the time 20:30 dang it

"It's uh time for me to go to bed we have school tomorrow.." I said

" Actually tomorrow is Saturday.." Zane said. I forgot dang it.

I looked at him glaring

" Maybe I should leave it looks like scarlet doesn't want me here.." he said sadly getting up making me feel like I was chasing him

" What no scarlet Lynn Reyes how dare you act like this.." mom yelled

grrrh not the yelling

"No mom I didn't mean to chase him away. uh Zane you stay if you want you can even spend the night..." I said

Oh no I did not just invite him to spend the night with us. why would I invite my best friend's boyfriend to spend the night with us??

"Really!!!" they all said at the same time

Zane with hope in his eyes

mom raised his brow as usual and Val wide-eyed with shock

"That is if he wants.." I said rubbing the back of my neck,

"I think I should stop talking now good night people I am tired.." I said getting up heading to my room

if the boys decide to stay that will be moms problem

I went to my bathroom changed my clothes and brushed my teeth.

when I came out I almost choked on my spit both boys were in my room

no no no

"What are you guys doing here ..?" I asked

"We are sleeping with you.." Val said and my eyes widened

"you are....?" I stuttered

Zane chuckled "just kidding I came to say goodbye and Valencia showed me the way to your room.."

"Oh.." I released a breath I didn't know I was holding

"So goodbye..?" Zane said more like asked

"Yeah sure let me e***** you outside.." I said leading the way.

After we were outside and he was near his car he turned around to look at me.

"Thanks for today.." I said smiling at him

" sure no problem.." he said

" So will I come to pick you up tomorrow..?"

" Huh why..?" I asked

" For our date..." He said

"Oh right.."

" what time.." we said at the same time and then smiled

" Uh maybe around 5 pm..?" he suggested

"Where will we go..?" I asked

" It's a surprise just wear the clothes you are comfortable in.." he said.

" Sure no problem bye drive safely.." I said

he got closer to me and gave me an awkward hug then let go got into his car and drove off.

" That was....."

" Weird.." Val finished for me

"yeah weird.." I said going into the house finally sleep time

ZANE

I knew the plan would work she literally came to me while I was sitting under the tree at school I made sure I didn't talk to her until she apologized and after she did my wolf howled in happiness.

'Dad was right' i said mentally

'Yeah, he was..' Juan said purring.

When I asked for a date I thought she was going to reject the idea and probably insult me again

but seeing that she agreed it was worth the risk and after her mom whispered something in my ear I was sure scarlet would be mine she gave me the boost I needed to make her mine.

And right now I was outside her house at 4:55 pm patiently waiting for her to come out

As soon as it hit 5 pm the front door opened and the most amazing girl, Princess and future queen of the black phantom royal pack

I got out of the car so I can view her clearly

She was wearing simple purple high waist shorts with a pink crop top that had the word prettiest princess on it

her blonde hair was on a perfect ponytail she wasn't wearing any makeup like the other girls do which made her even more attractive

I liked seeing her natural beauty

"That's my girl.." I said and she blushed

"You look amazing.." I complimented and she blushed again

"Thank you you too.." she said and I smiled

"So shall we.." I said giving her my hand

she took it and I led her to the passenger side of the car opening the door for her

"Thanks." She muttered and I nodded my head closing the door going over to the driver seat

"Where are we going..?" she asked

"Hmm.." I shrugged "you will see when we get there.." I said driving away

after ten minutes we arrived at the edge of the woods

She looked at me wide-eyed

"you brought me here to kill me..?" she asked and I chuckled

"no silly I would never kill you.." I said

"Come on let's go.." she got out of the car and we began our walk towards the woods

she reluctantly followed but I knew she was scared

"This is my favorite spot in all of Baja.." I said when we reached the clearing

It was like we were standing on the mountain overlooking the valley while in reality, it was actually a small hill

"wow this is beautiful.." she said smiling

The scenery was great a perfect spot to watch the sunset

the clearing was like a rose garden there were all types of roses surrounding us

I didn't put them there to impress her but it was a natural garden blessed to us by mother nature

I picked up a pink rose and placed it in her hair

"Just like you.." I said smiling and she blushed

I got closer to her then removed the thread she had tied her hair with

"You look much better this way.." I said and she blushed even more

I held one of her hands then pulled her to me so that her back was pressed on my front still holding her hand

"Look.." I said using her finger to point at the sky

"Woow.." she said as soon as she saw it

"Aurora.." she gasped in awe

The colors were beautifully blended together making a perfect glow in the sky

"Oh my gosh, I didn't know Aurora was visible here in Baja it's beautiful.."

"No.." I said, "Aurora isn't visible here but I made it happen pulled some strings.." I said and she smiled

"You did this for me..?" she asked now looking at me and I nodded

"Why..?" she said her face faltering a little

"Huh," i asked

"Why are you doing this for me shouldn't you be doing it for Jenna she is your girlfriend after all not me.."

I felt depressed

" Listen scarlet. This is us here us. it's me and you on a date, not Jenna not anyone.." I said to her

A single tear escaped her eyes and I quickly wiped it away

"this is our moment. I want to share it with you, not Jenna please let's just enjoy it and not talk about my girlfriend okay..?" I said to her softly and she nodded her head

I gave her a forehead kiss then hugged her

I knew I shouldn't be doing this but I can't help it I am beginning to fall for scar

I know I have to break up with Jenna as soon as possible but it's being difficult just days ago I asked her to be my girl and now I am breaking up with her this was a mistake.

After the sun was completely gone

" Come let's go to part two of our date.." I said holding her hand going down the hill into the valley of flowers

There was a table arranged with a white table cloth with two chairs on either side

Fairy lights adorned the trees near the valley giving out a perfect glow

" This is so perfect thank you.." she said and I winked at her holding her hand.

"No Thanks to you for accepting to go on this date with me.." I said and she gave me another pure smile

" Shall we.." I said we sat down and I opened the lid covering the food

There were salads with some ribs and steak with a bottle of red wine.
