

Chapter 1011 Prosperity (1)

Clan Master Si was caught off guard by Ye Qingtang. Just as the Second Elder of the Ye Family had said, the Si Family had had several centuries of history ever since its formation in Lin Town. If it was really combined into other family clans, it would indeed be a little difficult to accept. However, due to the oppression of the Long Family, the Si Family was almost at the end of their resources, and there were no other options at the time.

Yet, Ye Qingtang declared that she was half a Si and even injected the Divine Sense energy of a Yang Lord into Si Ye's glabella. As long as Si Ye displayed Ye Qingtang's Yang Lord will, there would definitely be countless powerful figures willing to join the Si Family to create a glorious future together.

"Tang Tang, thank you..."

Clan Master Si looked at Ye Qingtang and ultimately thanked her.

The Si Family's debt to Ye Qingtang could no longer be explained in words. Two years ago, it was also because of Ye Qingtang that Si Bai could survive.

Presently, even his chronic illness was eliminated by Ye Qingtang's precious elixirs, and in the future when the Si Family could become even more powerful, it was all because of Ye Qingtang as well. Apart from thanking Ye Qingtang, Clan Master Si did not know what else he could say.

However, Ye Qingtang shook her head gently and instead felt that Clan Master Si was too polite.

When Clan Master Si and Si Ye left, Ye Qingtang, Ye Ling, and the other elders set off for the Long Family and Duan Family.

However, the headquarters of both family clans were in shambles from the blow that Ye Qingtang dealt from the Ye residence, which almost destroyed these two headquarters completely.

Over several days, they finally cleared all the items from these two families and claimed it into the Ye Family.

Ye Ling also returned all the properties that the Long Family gobbled up from the Si Family back to the Si Family.

As for the disciples of the Long Family and Duan Family, all of them were dispelled. Some of those who wanted to join the Ye Family were all rejected by the Second Elder.

After all, given Ye Qingtang's current influence as a Yang Lord, there was no need for the Ye Family's disciples to be taken from the Long or Duan Family.

In just two to three days, everyone knew that the Long Family was wiped out and that the Ye Family had a Yin Yang Perfected Lord.

Countless young men and ladies from many other cities headed to Lin Town in hopes of taking a look at the glory of the Yin Yang Perfected Lord. However, the majority of them were rejected.

As more and more talented youngsters wanted to become a disciple of the Ye Family, the Ye Family also raised their standards. In order to become a Ye Family disciple, one's spirit root was not a concern, but their martial talent and character must pass the test.

As for the Si Family, it was also especially lively for them. With Ye Qingtang's will energy, Si Ye actually brought several Yin Yang Perfected Lords back to the Si Family, who eventually took on the Elder position of the Si Family. Most of the talented young people who were unable to enter the Ye Family ultimately turned to join the Si Family.

The Yin Yang Perfected Lord Elders of the Si Family were extremely agitated upon seeing Ye Qingtang as they had never seen a true Yang Lord in their lifetimes before.

Ye Qingtang's self-declaration as Clan Master Si's granddaughter and half a member of the Si Family allowed the Yin Yang Perfected Lords to protect and progress with the Si Family.

Another two days later, Third Elder finally rushed back to Lin Town after a tiring journey and brought back two elderlies whose hair was all white.

Both elders were already past a hundred years old. One of them was already in the Yin Yang Perfected Lord Third Heaven while the other was at the peak of the Second Heaven.

Chapter 1012 Prosperity (2)

The Third Elder settled down the two elders in the main hall of the Ye residence.

"Third Elder... Where... Where did you find these powerful figures?" The Great Elder looked at the Third Elder in astonishment.

Yin Yang Perfected Lord Third Heaven and peak of Second Heaven were already considered a sect stabilizer even in super sects. It was simply hard to catch the eye of such people normally. How did Third Elder find these two people and even bring them back to the Ye Family...

Third Elder cackled proudly. "With Eldest Young Lady's will energy, do I still need to find them?"

"What do you mean?" The Great Elder did not understand.

"At the borders of the Formidable Heavens Dynasty, I actively emitted Eldest Young Lady's will energy. Those martial cultivators who had not reached the Yin Yang Perfected Lord realm were scared out of their pants and did not even dare to come near to where I was. However, several Yin Yang Perfected Lords felt the will energy of Eldest Young Lady and came over in curiosity... I took a fancy on these two powerful figures immediately and explained the situation to them..." The Third Elder laughed.

The Great Elder's lips twitched slightly after hearing the Third Elder's explanation. This Third Elder's ambitions are really great. He actually actively released Eldest Young Lady's will energy in order to attract the Yin Yang Perfected Lord figures over.

"There were six or seven Yin Yang Perfected Lords who came in total. After knowing that a Yang Lord was recruiting people into her clan... all of them requested to join..." The Third Elder continued with his explanation.

“Then... Why are there only two people here? What about the remaining ones?” The Great Elder was very agitated and asked hurriedly.

“Remaining ones?” The Third Elder frowned slightly. “They were all chased away by those two elderlies... They are the most powerful, and other Yin Yang Perfected Lords did not dare to say anything...”

The Great Elder was speechless.

Just as the Great Elder and the Third Elder were chatting, Ye Ling rushed over with the Second Elder and Ye Qingtang.

After understanding the details of the situation, Ye Ling questioned. “What is the background of those two elders?”

“One of them is Formidable Heavens Dynasty’s Grand Imperial Sire, Bai Kui, while the other is an itinerant cultivator known as Daoist Zijin.” Third Elder replied honestly.

“Daoist Zijin... Formidable Heavens Dynasty’s Grand Imperial Sire, Bai Kui?!”

Apart from Ye Qingtang, everyone else gasped after knowing the identity of those two people.

Both Daoist Zijin and Bai Kui were immensely reputable, especially Bai Kui, the Grand Imperial Sire of Formidable Heavens Dynasty, who had once been a warden of the Beiming Manor. However, something seemed to have happened, and he was expelled from Beiming Manor.

As for Daoist Zijin, he had quite a reputation as he single-handedly challenged a super sect decades ago.

“Let’s go in and take a look,” said Ye Qingtang.

Then, Ye Qingtang had already walked straight into the main hall.

Daoist Zijin and Bai Kui each took one side of the hall. Their brows furrowed slightly when they saw a young girl entering the hall.

Ye Ling, the Third Elder and the rest knew their place and did not follow Ye Qingtang into the hall. After all, it was better to have fewer people present in a meeting among the few Yin Yang Perfected Lords.

Ye Qingtang settled down at the central seat of the hall and looked at Bai Kui and Daoist Zijin. “I’m already aware of your identities. Do you really wish to join my Ye Family?”

After hearing that, Daoist Zijin said indifferently, “Let your clan’s Yang Lord come and talk to us.”

Chapter 1013 Prosperity (3)

“Alright.” Ye Qingtang nodded. Without giving Daoist Zijin a chance to continue speaking, a tremendous force surged to the sky and enveloped the entire hall.

Under this tremendous force, both Formidable Heavens Dynasty’s Grand Imperial Sire, Bai Kui, and Daoist Zijin shuddered as though they were being suppressed by a divine force above the heavens. Their faces paled and breathing hastened. While they were seated far away, they still lost control of their bodies and could barely blink their eyes even if they wanted to.

The gap between a Yang Lord and Yin Lord was too huge. Not mentioning a Yin Yang Perfected Lord Second Heaven and Third Heaven, even a Yin Yang Perfected Lord Sixth Heaven would not have any ability to retaliate.

“Yang... Lord...”

Grand Imperial Sire Bai Kui and Daoist Zijin broke out in cold sweat profusely. This was absolutely overwhelming power that they could not revolt against.

How would the two of them have thought that this young lady before them was actually the owner of the will energy released by the Third Elder, an authentic Yang Lord!

A Yang Lord who was less than twenty years old... How exactly did she do it?!

After a few breaths, Ye Qingtang finally absorbed all her Yang Lord force back.

Only then did the complexion of Grand Imperial Sire Bai Kui and Daoist Zijin return back to normal. They heaved a sigh of relief. Being trapped in the force of a Yang Lord was too daunting

“You are... that Yang Lord of Lin Town...” Daoist Zijin inspected Ye Qingtang with disbelief.

How old is this little girl only? She’s actually a Yang Lord?!

They had seen a Yang Lord after living so many years but had never heard of such a young one. What kind of monster was she?!

“Yes, that’s me,” Ye Qingtang said straightforwardly. “The Ye Family requires powerful figures currently. Do the two of you truly want to join the Ye Family and progress together?”

After hearing Ye Qingtang, Grand Imperial Sire Bai Kui and Daoist Zijin exchanged a look. How many blessings did this family clan of a small town receive to actually produce a Yang Lord!

“I am here to take a look at the Yang Lord. The Ye Family possesses a Yang Lord... It is my honor to be able to join the Ye Family.” Daoist Zijin rose and replied Ye Qingtang.

“There’s no problem with me as well. However... May I know what your plan for the future of the Ye Family is?” Grand Imperial Sire Bai Kui looked at Ye Qingtang and asked.

“The first stage is to become the number one family clan of this mainland. The second stage is to leave this mainland, head to the Central Mainland, and become the first family clan there.” Ye Qingtang responded.

Now that the Dimension Wall was already broken, there was no obstruction for the powerful figures of the Central Mainland to enter this mainland. Under such an attack, the only way for the Ye Family to survive was to become stronger continuously.

Of course, Ye Qingtang did not innocently wish for the Ye Family to achieve this in such a short span of time. However, in light of the impending crisis, she had to tell her plan to these powerful figures who joined the Ye Family to let them know that the Ye Family was not merely restricted to this mainland.

Bai Kui and Daoist Zijin were stunned by Ye

Qingtang's words.

Make the Ye Family the number one family clan of the Central Mainland... How could this be possible...

It was said that there were legendary powerful figures of the Heavenly Venerate level in the Central Mainland...

Chapter 1014 Prosperity (4)

Yet, no matter what, the two people would not question a Yang Lord's words currently, though the ambitious statements satisfied Grand Imperial Sire Bai Kui.

"Since that's the case, this process will definitely be very tough. I hope that I can play a part to strive for this goal. I am willing to become a member of the Ye Family," Bai Kui said with a smile.

With this Yang Lord of the Ye Family, it was not too difficult to make Ye Family the number one family clan of this mainland. However, to expand out from this mainland and advance into the Central Mainland, it was almost impossible.

Of course, no matter what, the first step must be taken.

Their batch of people would be the pioneers of this route.

Under Ye Qingtang's signal, Ye Ling and the other elders slowly entered the hall in no time.

Ye Qingtang immediately introduced everyone to Bai Kui and Daoist Zijin.

The two elderlies cooperated. Before joining the Ye Family, they had already learned of its situation from the Third Elder.

The Ye Family was just an extremely ordinary small family clan in Lin Town; except, it produced a Yang Lord.

After knowing that Ye Ling was Ye Qingtang's father, Grand Imperial Sire Bai Kui and Daoist Zijin hurriedly stood up and introduced themselves.

Normally, to the two of them, a cultivator like Ye Ling could not even be compared to an ant. However, Ye Ling's daughter was a Yang Lord with combat power of a Yin Yang Perfected Lord Seventh Heaven peak; thus, the situation naturally was different.

"Seniors, it is really my honor and our Ye Family's honor to have you all join us. The Ye Family will require your great support in the future..." Ye Ling's expression was rather agitated at this instant.

Regardless of the Daoist Zijin or Formidable Heavens Dynasty's Grand Imperial Sire, they seemed to exist in legends. Yet today, these two people appeared before him and even became a member of the Ye Family.

With the skills of Bai Kui and Daoist Zijin, there was no question at all, and they immediately became the distinguished elders of the Ye Family, whose authority in the Ye Family was only beneath the Clan Master.

Bai Kui and Daoist Zijin were extremely satisfied with this outcome.

“Oh right, Clan Master, Eldest Young Lady, does the Ye Family not have many disciples?” Daoist Zijin looked at Ye Ling and Ye Qingtang and asked.

Currently, Daoist Zijin and Bai Kui were already the distinguished elders of the Ye Family and were considered a family member and thus could speak freely.

Previously, Daoist Zijin realized that the Ye Family did not have many disciples and that the remaining disciples were not particularly gifted in martial skills and talent.

To Daoist Zijin and Bai Kui, since Ye Family had a scary Yang Lord like Ye Qingtang, its disciples should at least have a green spirit root and superior martial talent. Otherwise, they did not have the qualification to share the same surname as Ye Qingtang.

“Uh...”

The Second Elder appeared a little awkward.

Most of the previous Ye Family disciples were already expelled by Ye Qingtang, and while there were many talented youngsters who wanted to join the Ye Family recently, the Great Elder and the rest were unable to pick. As a result, the current Ye Family was still empty and had extremely few disciples. Compared to the current Si Family which was bursting with popularity, the Ye Family was worlds apart.

Chapter 1015 Prosperity (5)

“With us and Eldest Young Lady, we do not have to worry about talented disciples. It will not be that easy even if those talented disciples of super sects wanted to join the Ye Family... However, I think that we should set a family clan assessment. Compared to a super sect’s assessment, the difficulty level should be three to five times greater. This way, the disciples we pick would then be the elite talents,” suggested Daoist Zijin.

After hearing that, the Ye Family elders looked at each other. They had never seen an ordinary sect’s assessment before, much less a super sect’s assessment, and were all the more unable to comprehend the concept of an assessment that was three to five times more difficult than that of a super sect.

“Elder Bai, Elder Zijin, we don’t really understand... such matters... Neither do we really understand what a sect assessment really is. Can we trouble you two to help us with this?” Ye Ling asked with a smile.

Bai Kui and Daoist Zijin nodded. It would naturally be the best if this matter could be handed to them to settle. Otherwise, given the personality and exposure of the rest, the recruited Ye Family disciples would probably not hit the target.

This was not to say that Bai Kui and Daoist Zijin looked down on Ye Ling and the rest, but such was the fact. The difference between one’s skills determined how much of the world a cultivator had seen. The wider the gap, the greater the difference in exposure. If not for Ye Qingtang, the two Yin Yang Perfected Lords would never have any relations with the Ye Family.

Ye Ling and the other elders were clearly aware of this point as well. To keep up with the footsteps of these two distinguished elders and even Ye Qingtang, the only choice was to become more powerful or interact with powerful figures. As time passed, there would be a substantial change.

“Alright, Clan Master, let Elder Bai Kui and I settle this matter then.” Daoist Zijin nodded in reply.

“Elder Bai, Elder Zijin, before anything, I must make it clear that for the disciples that Ye Family recruits, we can relax on their martial cultivation realm and martial talent, but there must not be any issue with their character,” Ye Qingtang said.

“Rest assured, Eldest Young Lady. We are aware of this.” Bai Kui replied with a smile.

In recruiting disciples, a sect’s greatest priority was the martial talent and skills of the disciples. However, for family clans, one’s moral character was the most important premise.

“Alright. If the two of you need anything, feel free to inform me.” Ye Qingtang smiled.

“Eldest Young Lady, there is no request for now. If we have any, we will definitely notify you straight.” Daoist Zijin responded with a nod.

In the next few days, apart from setting the assessment venue and conditions, Daoist Zijin and Bai Kui even modestly sought advice from Ye Qingtang. Bai Kui and Daoist Zijin had been stuck in their cultivation realm for over ten years. In this realm, apart from one’s own martial talent, their perception was even more important in order to advance further.

Since Ye Qingtang was a dignified Yang Lord, she must have extremely important experiences to share with them.

Ye Qingtang was not stingy and shared everything she knew, allowing Bai Kui and Daoist Zijin to benefit greatly and be brimming with joy.

Originally, the two of them thought that while Ye Qingtang was a Yang Lord, she probably did not have sufficient experience as she was too young. However, they eventually discovered that Ye Qingtang had an immense wealth of knowledge, and everything she knew amazed them. They did not really understand what she told them initially, but after figuring it out carefully, they gained much understanding.

Chapter 1016 Flourish (1)

On the third day, Daoist Zijin’s residence was densely covered with spirit energy, and he actually advanced to the Yin Yang Perfected Lord Third Heaven after being stuck at the peak of the Second Heaven realm for over ten years. This drew Bai Kui’s envy.

After Ye Ling and the other elders learned of this, they organized a banquet and invited the Si Family and their Yin Yang Perfected Lords.

Currently, apart from Ye Qingtang, the most powerful figures in Lin Town were Bai Kui and Daoist Zijin. It was not an exaggeration to proclaim them as the defenders of the town. At the same time, Lin Town rose up several levels and was completely different from its initial state.

For this banquet, Ye Qingtang was seated at the host seat, which gave Daoist Zijin face and boosted his ego.

His breakthrough was even celebrated by a Yang Lord. If this incident was spread, his other close friends at the Yin Yang Perfected Lord realm would simply find it unbelievable and hard to accept.

The next morning, Dan Yifan came to the study on his own to look for Ye Qingtang.

Dan Yifan sustained major injuries, and if he recuperated the normal way, he would require at least half a year's time to recover, and even his martial realm would be affected.

However, the spirit pill which Ye Qingtang gave the Great Elder was a healing medicine normally for Yin Yang Perfected Lords to use. To treat a Martial Qi Level One cultivator, it was as good as a divine pill. In just a few hours, Dan Yifan was almost fully recovered, and after a few days of recuperation, his body absorbed the medicinal benefits of the spirit pill completely and became much stronger than before.

"Se... Senior..."

Dan Yifan appeared rather timid as he looked at Ye Qingtang, who held an antique book in her hand.

Seeing Dan Yifan, Ye Qingtang chuckled. "Take a seat."

"Sit?"

Dan Yifan was stunned by Ye Qingtang's words and shook his head repeatedly. How would he dare to sit down before Ye Qingtang? Was this a joke?!

Previously, Dan Yifan always thought that Ye Qingtang was merely an outer sect disciple of Xuanling Sect. However, he heard from his grandfather that Ye Qingtang killed Qinglin Sect's Grand Elder with a hand, wiped out the Long and Duan Family with the flick of a finger, and that she was at the peak of Yin Yang Perfected Lord Seventh Heaven.

Initially, Dan Yifan did not believe these words, but over the past few days, he realized that even the Formidable Heavens Dynasty's Grand Imperial Sire and the legendary Daoist Zijin joined the Ye Family as elders and were even extremely deferential to Ye Qingtang...

Aside, Dan Yifan discovered that the current Ye Family could no longer be compared to the previous Ye Family. The new young recruits were more and more frightening: most of them were above Martial Qi Level Three, and one of them was a fourteen-year-old half-step Yin Yang Perfected Lord!

If Ye Qingtang was not a Yang Lord as his grandfather had said, it was impossible for the Ye Family to change this much.

"Se... Senior, I'll not sit... I am here today to thank you... If not for the spirit pill you bestowed, I would probably still be bedridden." Dan Yifan looked at Ye Qingtang in awe.

"You can just call me Ye Qingtang. Given my age, I cannot be your senior. If you're really not used to it, just call me Eldest Young Lady like before then." Ye Qingtang looked at the overcautious Dan Yifan and replied.

"Eldest Young Lady..." Dan Yifan nodded, but shock filled him. It was truly unbelievable how this legendary Yang Lord was rather easy to get along with.

Chapter 1017 Flourish (2)

"Eldest Young Lady, I don't wish to return to Leiting Sect already... I wish to join the Ye Family..." Dan Yifan said hurriedly.

Currently, the Ye Family's power was not what those super sects could compare to, much less an ordinary sect like Leiting Sect. Moreover, his grandfather was the Great Elder of the Ye Family. If he could remain in the Ye Family...

Previously, Dan Yifan told his grandfather about this thought, but his grandfather could not call the shots and could only let Dan Yifan ask Ye Qingtang.

Currently, to join the Ye Family and become a Ye Family disciple, one had to pass the assessment by Bai Kui and Daoist Zijin. Given Dan Yifan's talent and skills, it was almost impossible.

"If you wish to stay, you just need to let Elder Bai or Elder Zijin know." Ye Qingtang nodded.

Although Dan Yifan was proud and arrogant, he did not have a bad nature. After all, the very cause of his injury this time was because he helped the Ye Family. Thus, it was nothing to let him stay as a Ye Family disciple, and Ye Qingtang would not reject him.

Dan Yifan's eyes were filled with agitation and jubilee after hearing Ye Qingtang's words.

The current Ye Family was a place that ordinary cultivators could only look up to. Although the reputation of "Ye Family of Lin Town" was not yet widely known, this mainland would definitely know about it very soon.

If Dan Yifan could become a Ye Family disciple, the benefits were innumerable, and it would be a million times better than him being in Leiting Sect.

Furthermore, Dan Yifan did not have any sense of belonging to Leiting Sect either. Sects had always been cold and desolate, and there were too many schemes and plots between senior and junior brothers. Compared to that, the warmth and humanity of a family clan outshone.

"Eldest Young Lady."

Before Dan Yifan could say anything, a young teen in a Ye Family disciple uniform entered the study room with a reverent expression and greeted Ye Qingtang with cupped fists.

"What happened?" Ye Qingtang looked at the youth.

Ye Qingtang had some memory of this youth. He was a descendant of a royal bloodline of the Formidable Heavens Royals, where his father was a prince, and he possessed extremely powerful martial talent. His original name was Bai Leng. Elder Bai Kui adored this boy deeply; thus, he brought him to the Ye Family and changed his surname to 'Ye'. This youth was now called Ye Leng.

Ye Leng was only over ten years old but was already at Martial Qi Level Three Third Heaven. In Formidable Heavens Dynasty, he was a notorious little tyrant, and nobody dared to offend him. After finding out that the Ye Family had a Yang Lord, he was extremely willing to become a Ye Family disciple.

"Eldest Young Lady, some disciples are fighting at the training field," Ye Leng said.

Dan Yifan had a strange expression. Did he need to inform a Yang Lord of such matters?

"Why did you not report to an Elder?" Ye Qingtang stared at Ye Leng.

Then, Ye Leng flushed immediately. "Uh... I did not have any chance to see you previously... So..."

Ye Qingtang was rather helpless.

As Ye Leng had said, she had never seen any of the newly recruited Ye Family disciples before, and none of those talented disciples who joined out of admiration for her dared to disturb her. This Ye Leng, however, was an exception and did not pass up any chances

“Go, let’s take a look.”

Ye Qingtang stood up. It was also a good opportunity for her to get to know the new Ye Family disciples.

“Alright!” Ye Leng nodded repeatedly.

Soon, Ye Leng caught sight of Dan Yifan and said, “This is...”

“I am Dan Yifan, a new Ye Family disciple. Please take care of me in the future,” introduced Dan Yifan hurriedly as he inspected the person who was about the same age as himself but was already at Martial Qi Level Three Third Heaven.

Chapter 1018 Flourish (3)

“Ye Family disciple... Your surname is Dan?” Ye Leng asked with a strange expression.

“Oh... Dan Yifan is my original name. From now on, I am Ye Yifan.” Ye Yifan explained hurriedly after realizing he made a mistake.

Ye Leng nodded and looked at Ye Qingtang again only to realize that she had already left the study room. Then, the two youth chased up hurriedly.

The current Ye Family was extremely different. The headquarters expanded by more than ten times, and three additional branches were built. Where the headquarters was mostly filled with talented disciples, the branches were slightly lacking even though each Branch Master was a newly recruited Yin Yang Perfected Lord.

Dozens of foreign faces surrounded the two sides of the training field. Some disciples were caught in a tussle with the gleam of swords cutting the air and cursing sounds filling the arena.

Before becoming Ye Family disciples, these few youths already knew each other and bore enmity. After something happened today, their conflict escalated into a fight.

The cultivation base of the few youths was all at Martial Qi Level Three Third Heaven, and they could be ranked near the top out of all the new Ye Family disciples.

As for the surrounding onlookers, some were even half-step Yin Yang Perfected Lords. Yet, no one was willing to poke their nose into this matter and were only watching from the side.

“Stop!”

At this instant, Ye Leng walked into the crowd and shouted to those in the scuffle.

Everyone was surprised. Never did they think that someone would meddle with this matter.

The young men who were originally fighting in the training field indeed stopped their actions and fixed their eyes on Ye Leng.

“Who are you to poke your nose into our issue?!” One of the youths looked at Ye Leng and shouted coldly.

Apart from those in the tussle, the onlookers also could not help but give Ye Leng a side-eye. Very few people would step in for such matters if it had nothing to do with themselves as there was no meaning to it.

Ye Leng did not respond and merely looked at Ye Qingtang, who arrived with him.

As what others were thinking, this matter was not what he could handle.

Ye Qingtang immediately swept a look across the entire field, and her eyes eventually landed on those few youths.

These youths were at least in Martial Qi Level Three Third Heaven, and their martial endowment was pretty good, even surpassing those of talented disciples of super sects.

A portion of them was recruited by Formidable Heavens Dynasty’s Grand Imperial Sire, Bai Kui, and a number of them were by Daoist Zijin. Naturally, the remaining disciples came to try their luck upon learning that a Yang Lord appeared in Lin Town. After they knew that it was the Ye Family and passed the assessment by Elder Bai Kui and Elder Zijin, they officially changed their surname to Ye and became a Ye Family disciple.

Currently, there were over hundreds of Ye Family disciples, and most of these new talented disciples did not know each other prior to joining the Ye Family. As such, they had never seen Ye Leng’s nor Ye Qingtang’s faces before.

“Ha... How interesting.” One of the young men looked at Ye Qingtang and scorned. “Who are you too? Do you really like to meddle with other people’s affairs?”

“Watch what you say. Don’t be too impudent!” Ye Leng shouted at those young men.

“It’s none of your business!”

Someone retorted immediately.

Chapter 1019 Prosperity (4)

Ye Qingtang began pondering as she looked at these youths.

All of them were outstanding talents of the younger generation, but they were also not short of the typical flaws of true talents: conceit and arrogance.

Naturally, these young talents just entered the Ye Family and still did not have any sense of belonging to the Ye Family. Or perhaps, they treated a family clan as a sect without realizing that the nature of a family clan and a sect were intrinsically different, for there was no need to change the surname to Ye otherwise.

“Since you all have already joined the Ye Family, the Ye Family disciples are all one family. The past grudges shall be written off as of today.” Ye Qingtang slowly spoke after a moment.

The masses were taken aback by Ye Qingtang's words. From the tone of this lady, she was actually condemning them.

"Who are you to come here and condemn us?"

A young man on the field frowned deeply as he stared at Ye Qingtang and questioned.

"She is the Eldest Young Lady of the Ye Family." Then, Ye Yifan, who was beside Ye Qingtang, replied.

"Eldest Young Lady of the Ye Family..."

Everyone present was taken aback.

Before they could process it, the expression of a young lady at the half-step Yin Yang Perfected Lord realm changed. "You are... Ye Family's Yang Lord..."

"What?!"

"The Yang Lord of the Ye Family?!"

Surprise filled everyone's faces as they looked at Ye Qingtang.

The very reason they came to Lin Town, were willing to change their surname to Ye, and become a Ye Family disciple was that the Ye Family produced a Yang Lord.

However, no one had expected that the Yang Lord of the Ye Family was actually a lady. Moreover, she was very young and seemed to be around their age from her appearance.

"Eldest Young Lady, why are you here?"

Then, Bai Kui and Daoist Zijin arrived as well and were surprised to see Ye Qingtang present.

Seeing that the two Yin Yang Perfected Lords were so reverent to Ye Qingtang, the disciples on the field finally realized that that lady before them was none other than the Yang Lord of the Ye Family.

Bai Kui and Daoist Zijin were both at Yin Yang Perfected Lord Third Heaven yet were so respectful and reverent to this young lady. As long as one was not a fool, anyone could guess the true identity of this young lady.

At this instant, everyone's eyes burned with awe and veneration as they looked at Ye Qingtang

"Greetings, Yang Lord!"

Dozens of people greeted in uniformity while those who were previously in a tussle were blanked out.

Never would they have expected that this young lady with a striking appearance was actually that unrivaled Yang Lord...

Almost at the same time, the few young men's faces paled, and they immediately bowed to Ye Qingtang.

"We were unaware that it's the Yang Lord... Please punish us!"

Cold sweat trickled down the forehead of one of the youths as fear filled him. He almost offended a Yang Lord just now...

“Rise.”

Ye Qingtang waved a hand with an indifferent expression.

The youths felt as though they were pardoned from a crime after hearing Ye Qingtang.

Initially, Elder Bai Kui and Elder Zijin heard that a fight broke out amongst the disciples and thus came over to check on the situation. Unexpectedly, they met Ye Qingtang here.

Since Ye Qingtang was here to handle the issue currently, they naturally would not utter a word and gave Ye Qingtang the full power to act.

Chapter 1020 Cultivation Technique

“What are the few of you fighting over?” Very quickly, Ye Qingtang looked at the youths and asked.

“Uh... Yang Lord, we originally have some enmity... We never thought that we would meet in the Ye Family... So...”

Ye Qingtang could guess such matters without explanation.

“You all are Ye Family disciples now. A family clan is different from a sect. Since you all have taken the surname Ye, all of you are family from now on. No one is to mention past enmities.” Ye Qingtang looked at the youths and said.

Now that the Yang Lord of the Ye Family spoke, those youths naturally did not dare to continue fighting. They nodded their heads in the promise that such incidents would not happen again.

“Yes. As you said, we will definitely not fight with our family from now on!” The youths said eagerly.

After Ye Qingtang interfered in the matter, there were indeed no more conflicts among the Ye Family disciples while those with enmity from before buried the hatchet and no longer fought.

As Ye Qingtang had said, since they had already changed to take the surname Ye and became a Ye Family disciple, they were all family. Unlike the heartless and apathetic environment of sects, the brotherhood and family spirit of a family clan were apparent, especially in the Ye Family: while some of the senior members’ skills were insufficient, they were rich with humanity. To the younger generation who were already used to the struggle in sects, such kindness was hard to come by.

Over the past few days, Ye Qingtang rebuilt a Treasure Pavilion and Martial Skills Pavilion, of which mostly housed Yin Yang Perfected Lord cultivation techniques, in the Ye Family. There were countless of such cultivation techniques in Ye Qingtang’s memory.

At Ye Qingtang’s peak, she was a Holy Venerate, and she could casually retrieve many Yin Yang Perfected Lord cultivation techniques from her memory. If the Ye Family needed, Ye Qingtang could also produce the highest-leveled skills that only Holy Venerates could cultivate.

However, one had to reach the respective martial realm to cultivate remarkable martial skills. For Yin Yang Perfected Lord martial skills, one had to at least be at the Martial Qi Level Three realm, and it was a

pure dream if a Connate cultivator wished to cultivate a Yin Yang Perfected Lord martial skill. If a Connate cultivator forcefully cultivated too many martial skills that were beyond their martial realm, they would only produce mental demons, and their body would explode on its own after a long time. It was extremely dangerous.

Apart from wanting the new Ye Family disciples to cultivate vigorously and diligently, Ye Qingtang placed many Yin Yang Perfected Lord cultivation techniques in the Martial Skills Pavilion in hope that those disciples would have a sense of belonging to the Ye Family as soon as possible.

Naturally, the Ye Family disciples had to pay a certain price to obtain the Yin Yang Perfected Lord cultivation techniques. For example, they had to accomplish different missions and obtain the Ye Family honor points.
