

### Chapter 1021 Yunxiao Sect Elder

Awhile later, Ye Qingtang suddenly opened her eyes. She arrived at the mountain behind the Ye residence in a moment.

Swoosh!

With a piercing sound, Ye Qingtang's body duplicated from one to two and from two to four.

Several ladies with the same appearance as Ye Qingtang looked at each other without uttering a word.

Subsequently, Ye Qingtang activated her divine sense, and the incarnations immediately engaged in a battle. Fifteen minutes later, they faded away and vanished without a trace.

"It's still a little insufficient..."

Ye Qingtang mumbled.

Ye Qingtang was currently executing an extremely special martial skill. Apart from requiring the cultivator to own a significantly high martial realm, the true Incarnation Technique was even more demanding on the cultivator's mental level, where one could barely control and cultivate the skill only when they possessed the mental energy level of a Heavenly Venerate. Otherwise, when one's mental energy was insufficient, they would be instantly devoured by the incarnation, which was an extremely scary situation.

However, Ye Qingtang lived two lifetimes, and her mental energy was immensely powerful; even an ordinary Holy Venerate would lose out to her in a competition of mental energy level.

When cultivated to the finest, the Incarnation Technique would allow the incarnations to share the same sight as the original body. If the Venerate's mental energy was powerful enough, they could even give the incarnation a certain amount of analytical ability and instincts.

For Ye Qingtang, if it was said that her current level was sufficient, it was because her mental energy was extremely powerful and enough to master the Incarnation Technique. Yet, in another light, her current level was insufficient because she was only a Yang Lord of the Yin Yang Perfected Lord realm.

Ultimately, she could only barely execute the Incarnation Technique. According to her observation, the incarnations at most possessed the combat power of a Yin Yang Perfected Lord Sixth Heaven, which was neither powerful nor weak. However, given her current level, the cultivated Incarnation Technique was enough. Ye Qingtang believed that in no time, she could raise her Incarnation Technique to the peak and allow each incarnation to possess the same martial realm as herself.

As for palm skill and swordplay, Ye Qingtang had already chosen techniques and re-cultivated them. Cultivating these again were much simpler in comparison to the Incarnation Technique.

At the same time, a few kilometers outside Lin Town.

Two emotionless elderlies in white shirts headed in the direction of Lin Town.

A totem of Yunxiao Sect was embroidered on the clothes of these two elderlies, symbolizing that they were Yunxiao Sect elders.

Back when Ye Qingtang obtained the Fiendcelestial Beast in the Hundred Level Hell of Avicinaraka mystic realm, Yunxiao Sect burned with rage and immediately deployed its elders to lay low around the Ye Family of Lin Town. In order to not alert anyone, they did not strike at the Ye Family and merely waited for Ye Qingtang to return back to Lin Town and the Ye Family.

If Ye Qingtang returned to the Ye Family, the two elders would attack immediately and capture Ye Qingtang back to YunXiao Sect.

Nonetheless, sometime before, Beiming Manor, the strongest force in Formidable Heavens Dynasty, convened all the super sects in Formidable Heavens Dynasty, and all senior members of these super sects were required to attend. As Yunxiao Sect elders, the two elderlies in white were unable to avoid it and thus could only leave Lin Town temporarily and return to YunXiao Sect, where they headed to Beiming Manor together with other Yunxiao Sect senior members.

Today, the two elders just left Beiming Manor and rushed back to Lin Town immediately without any delay.

Although there was once news that Ye Qingtang seemed to have appeared in Nine Nights Dynasty, the Ye Family of Lin Town was ultimately her roots. Her father and family were all here, and the two Yunxiao Sect elders did not believe that Ye Qingtang would not return to visit her loved ones.

### **Chapter 1022 To the Doorstep**

The moment the two Yunxiao Sect elders entered Lin Town, their expressions changed slightly, and they were rather surprised.

For some reason, the Long Family, which had been a tyrant in Lin Town over the past two years, disappeared without a trace as though it simply evaporated into thin air.

Nonetheless, whatever that happened to the Long Family naturally had nothing to do with the two YunXiao Sect elders, and they merely found it strange.

“Elder Yin, look at that person!”

One of the elderlies frowned slightly as he pointed at the lady who was walking toward the Si Residence. Immediately, the elderly who was called Elder Yin turned around and sized up that lady.

“Elder Gu, take out the portrait of Ye Qingtang,” Elder Yin said hurriedly.

Elder Gu took out the portrait. After unrolling the portrait, the person on it was none other than Ye Qingtang.

Once the two Yunxiao Sect elders confirmed that it was Ye Qingtang, they scoffed automatically.

They had been waiting in Lin Town for such a long time, and their target Ye Qingtang finally appeared.

“Sect Master is truly wise. He knew that Ye Qingtang would definitely return to Lin Town and ordered us to hide here and wait. Now, we have finally found her.” Elder Gu mumbled as he kept the portrait.

The two Yunxiao Sect elders did not see wrong; that lady was indeed Ye Qingtang.

Ye Qingtang had just left the Ye Family when the two Yunxiao Sect elders, who were just returning to Lin Town, discovered her. Currently, Ye Qingtang was walking toward the Si Residence.

“Elder Gu, do you think we should strike now or wait a while?” Elder Yin asked when he saw that Ye Qingtang entered the Si Residence.

Elder Gu pondered for a moment and eventually answered. “Let’s wait first. The Fiendcelestial Beast is not following beside Ye Qingtang... If we act rashly and alert her now, our plan may backfire.”

The two people decided to wait for Ye Qingtang to leave the Si Residence and then strike at the Ye Residence.

Other than fearing that it would alert Ye Qingtang, capturing and forcing an answer out of her in the Si Residence might cause rumors to spread around. As such, they might as well attack her in the Ye Residence.

Just like that, the two YunXiao Sect elders waited outside the door of the Si Residence for at least four hours. Only at noon did Ye Qingtang step out of the residence slowly.

“It’s really strange...”

Elder Gu’s brows furrowed slightly. “According to logic, if such a nobody obtained a Fiendcelestial Beast, she would definitely keep it by her side all the time... But there is no sight of the Fiendcelestial Beast around her...”

Elder Yin responded. “Perhaps that lady left the Fiendcelestial Beast in the Ye Residence. There’s no hurry. We can take action once this lady returns to the Ye Residence. Are you afraid that we can’t find that Fiendcelestial Beast?”

Just a few steps after leaving the Si Residence, Ye Qingtang took a look behind discreetly.

While those two Yunxiao Sect elders concealed themselves very well, they were unable to escape Ye Qingtang’s eyes.

“Yunxiao Sect...”

Ye Qingtang mumbled in thought.

Unexpectedly, Yunxiao Sect still remembered her even after such a long time.

After returning to Formidable Heavens Dynasty, Ye Qingtang had not even found the time to settle scores with Yunxiao Sect, but they came to her doorstep instead. How really considerate...

Ye Qingtang remained placid and simply did not care about those two Yunxiao Sect elders. She continued to head back to the Ye Residence.

In the dark, the two Yunxiao Sect elders saw that Ye Qingtang was returning to the Ye Residence and thus immediately headed in its direction.

## **Chapter 1023 The Funniest Joke (1)**

Ye Qingtang was not at all surprised to see people from the Yunxiao Sect appear in Lin Town. In fact, she seemed to think it was perfectly natural.

The Yunxiao Sect had been aware that she had obtained a Fiendcelestial Beast in the Hell of Avicinaraka. They would certainly not let it slide and would send senior members of the sect to Lin Town to stake out the Ye House and wait for her to appear.

Little white tiger had been sleeping for nearly half a month. It had awakened once during this period to tell Ye Qingtang that its body was undergoing a transformation and would need a lot of sleep.

Ye Qingtang had already ordered a room to be cleared out in the Ye House for the little white tiger. She had placed the little white tiger in the room and asked the lightning dragon to guard it.

Now, the YunXiao Sect was unaware that it was courting disaster and was still thinking of snatching Ye Qingtang's Fiendcelestial Beast...

After she returned to the Ye House, Ye Qingtang retreated to the study without making an appearance.

At that moment, the two elders from the Yunxiao Sect arrived in the vicinity of the Ye House. After studying it for a moment, they realized that the Ye House seemed rather different.

The Ye Family had previously been an ordinary clan in Lin Town. But now, it looked incredibly imposing, and the residence seemed to have expanded greatly.

"Who are you!"

Before the two elders from the YunXiao Sect could enter the Ye House, they were blocked by several Ye Family disciples who were guarding the door.

"This is the territory of the Ye Family. Miscellaneous people cannot approach!" One of the talented youths who had just joined the Ye Family shouted coldly.

"Get lost." Elder Gu from the Yunxiao Sect looked at the Ye Family disciple who had spoken and spoke calmly.

When he heard Elder Gu's words, the Ye Family disciple's expression immediately darkened. No one had ever dared to speak to him like that.

"Ah... he's quite a braggart."

Another young girl's gaze fell on Elder Gu of the Yunxiao Sect.

"I asked you if Ye Qingtang has returned." Elder Yin spoke at that moment.

"Oh, you know our family's Eldest Young Lady?"

When they heard Elder Yin mention Ye Qingtang's name, the Ye Family disciples were slightly taken aback. If these were the Eldest Young Lady's friends, then they were in trouble. But they could not be blamed because these two men had not made themselves clear upon arrival.

"Answer my question." Elder Yin was rather impatient.

"Eldest Young Lady is indeed at home," one of the Ye Family disciples said.

“Very good. Has Ye Qingtang brought a little white tiger back, and is that little white tiger in the Ye Family residence?” Elder Yin continued.

When they heard the elderly man’s tone, the Ye Family disciples felt that something was amiss. If these two men were Eldest Young Lady’s friends, why would they speak so condescendingly?

One of them realized that the totem unique to the Yunxiao Sect was embroidered on these two elderly men’s robes and belongings, and they seemed to be senior members of a super sect.

“We are elders of the Yunxiao Sect. Ye Qingtang has committed atrocious crimes and will be judged by the sect. If you want to live, you better not play any tricks. Tell us the truth,” Elder Gu said coldly.

“Eldest Young Lady is going to be judged by the sect?”

When they heard Elder Yin’s words, the newly minted Ye Family disciples exchanged glances and then burst into laughter.

This was the funniest joke they had heard in their lives! Even they had no regard for the little Yunxiao Sect. Now, it was wildly asserting that it would judge an invincible Yang Lord, a peak Seventh Heaven Yin Yang Perfected Lord?! Even the Beiming Manor would not dare to be so arrogant, much less the Yunxiao Sect with its power as a super sect!

#### **Chapter 1024 Playing Tricks**

The Beiming Manor was one of the three most powerful forces in this mainland. With the backing of a powerful Yang Lord, its residence was filled with inscrutably powerful people. In this mainland, only the Peerless School and the Phantom Valley, with their extraordinary powers, could compare with the Beiming Manor.

However, even the lofty Beiming Manor, with its extraordinary powers, might hesitate to speak of judging an invincible Yang Lord!

What was this YunXiao Sect? It was not even worthy of licking Beiming Manor’s boots. Even if the Master of the YunXiao Sect arrived, he would only be worthy of kneeling to them. But these two, who were merely elders, dared to speak with an arrogance that even the Beiming Manor might not dare to assume.

Elder Gu and Elder Yin were enraged when they saw the Ye Family disciples roar with laughter.

“Ignorant youths, you must have a death wish!” Elder Gu roared with anger as he looked at the Ye Family. He was poised to strike.

However, one of the youths hurriedly smiled and said, “Powerful sirs, please don’t be angry. As you said, our Eldest Young Lady has brought a little white tiger back to the Ye House... so we will allow the two powerful sirs to enter the Ye House.”

With that, the youth actually made way and retreated to the side.

When they saw that, the other youths shook their head. This youth was just too mischievous. If they allowed these two super sect members into the Ye House, they would probably not leave alive. Even the other Ye Family disciples could take their lives, not to speak of the others present.

However, these youths were not stupid. They could tell that the Yunxiao Sect had some grievance with their Eldest Young Lady. However, none of them could understand how they had summoned up the courage to attempt to capture a powerful Yang Lord.

Whatever the case may be, since they had spoken so arrogantly and been so rude to their Eldest Young Lady, they must certainly die, and it would be all right to toy with them first.

“Hadn’t you better scram!” Elder Gu shouted coldly.

“Yes, yes, yes. I’m going, we’re all going. Powerful sirs, please don’t be angry. Our Eldest Young Lady is in residence. If the powerful sirs want to capture her, now is the time!” One of the youths spoke laughingly while the rest scattered in all directions.

Elder Yin and Elder Gu thought that the attitude these Ye Family disciples displayed was normal. After all, when nobodies encountered a truly powerful cultivator, they all adopted this attitude. They could even betray their own parents, much less the Eldest Young Lady.

“Hehe, family clans.”

Elder Yin laughed disdainfully and, together with Elder Gu, stepped over the threshold of the Ye House and entered the residence.

After a moment, Elders Yin and Gu arrived in the courtyard of the Ye House.

At that moment, more than a hundred talented youths were in the Ye Family courtyard, sparring and chatting.

The most powerful of the Ye Family’s younger generation had already entered the realm of half-step Yin Yang Perfected Lord and was on par with the two elders from the Yunxiao Sect.

However, when Elder Yin and Elder Gu saw the younger members of the Ye Family, they did not think much of the latter.

A bystander could only identify the Martial Qi realm of a martial arts cultivator when he fought or deliberately showed his aura.

In addition, these two elders had not considered what Martial Qi realm the Ye Family’s disciples were in, so they did not study them.

In the same way, the two elders from the Yunxiao Sect had not bothered about what Martial Qi realm Ye Qingtang was in. If they did not even respect the master of the Xuanling Sect, why would they bother with the cultivation level of a disciple?

### **Chapter 1025 Dare To Make Trouble In Our Presence**

At the same time, Ye Qingtang would certainly not pay attention to the cultivation realm of the two YunXiao Sect elders. Even if someone told her that these two Yunxiao Sect elders were Heavenly Venerates, Ye Qingtang would definitely not believe them, and vice versa.

With her power, it would be a joke if Ye Qingtang still needed to be cautious and afraid of the threat these Yunxiao Sect elders

posed.

Whether it was the Long Family of the past or the two Yunxiao Sect elders of the present, their way of thinking was all alike.

No matter what, Elder Yin and Elder Gu would never have imagined that among the hundred-plus Ye Family disciples, even the weakest had already achieved the Second Heaven of Martial Qi Level Three. The most powerful one was already a half-step Yin Yang Perfected Lord despite his young age and might be even more powerful than the two of them...

“Listen up, everyone!”

Elder Yin suddenly swept a glance at everyone present and shouted loudly. The force of a half-step Yin Yang Perfected Lord spilled forth.

The hundred-plus talented youths from the Ye Family immediately looked over at Elder Yin and Elder Gu.

Some of the talented disciples who were sparring in the martial arts arena stopped and looked in bewilderment at the two YunXiao Sect elders.

Had these two old men gone crazy?!

However, the hundred-plus Ye Family disciples studied them for a moment and then realized that these two elderly men were unfamiliar and had never appeared in the Ye House before. They also did not seem like members of the Ye Family.

“Yunxiao Sect?”

At that moment, several Ye Family disciples noticed the YunXiao Sect totem embroidered on these two elderly men’s white robes, showing that they were elders of the Yunxiao Sect.

“May I ask why both of you have come to the Ye House?” A youth with a cold expression looked at Elder Gu and Elder Yun and asked.

“Ask Ye Qingtang to come out,” said Elder Gu coldly.

Before they entered the Ye House, Elder Gu and Elder Yin had used their force to seal the entire Ye House. Even if Ye Qingtang knew that the Yunxiao Sect elders had arrived and tried to flee, it would be in vain. Sealed in by the force of a half-step Yin Yang Perfected Lord, Ye Qingtang was effectively trapped in jail like sheep led to the slaughterhouse. It was impossible for her to run away from them!

“What... are you saying? Do you want to see our Eldest Young Lady?”

The youth immediately frowned. These two were merely half-step Yin Yang Perfected Lords, yet they were so arrogant that they dared to call a Yang Lord by name... and they even wanted the Yang Lord to come and meet them?!

“Perhaps you didn’t understand what I said. I asked Ye Qingtang to come out.” Elder Gu roared coldly as he looked at the youth. After a moment, the force of a half-step Yin Yang Perfected Lord swept through the area and enclosed the youth.

A cold light flashed across the youth's eyes. He was unafraid of the force displayed by Elder Gu. With an expressionless face, he said coldly, "You... are seeking your death."

"Hahaha, these two old fellows actually used their force to seal the Ye House. I'm curious as to what they're up to."

When they heard the Ye Family disciple's ignorant words, a murderous look surfaced in the eyes of Elder Gu and Elder Yin. These Ye Family disciples deserved to die.

"Yunxiao Sect elders? Who do you think you are? Why don't you look at where you are before you make trouble in our presence?!" Another fourteen or fifteen-year-old half-step Yin Yang Perfected Lord stepped forward. He waved his hand and instantly destroyed the force emitted by Elder Gu.

### **Chapter 1026 Undermining The Foundation (1)**

At that moment, Elder Yin and Elder Gu were completely stunned.

They looked with disbelief at the youth standing before them.

With just a wave of his hand, this youth had actually completely dispersed their half-step Yin Yang Perfected Lord's force.

"How... is that possible!"

Elder Yin was especially shocked. He was previously so confident, but now... his half-step Yin Yang Perfected Lord's force had been dispersed by an ordinary Ye Family disciple with a wave of his hand.

Just what level of cultivation had this youth achieved that he could instantly dissipate the force of a half-step Yin Yang Perfected Lord?!

"Oi... young man, what is your name?" Elder Gu of the Yunxiao Sect steadied himself and asked the youth with the cold expression.

"Are the two of you worthy of knowing my name?" The youth shouted coldly as he swept a glance at Elder Gu and Elder Yin.

When they heard the youth's words, the two Yunxiao Sect elders were immediately enraged.

They were Yunxiao Sect elders of the Formidable Heavens Dynasty. No matter where they went, everyone treated them with respect and spoke to them cautiously.

But this young fellow dared to speak to them so rudely!

"You're merely a half-step Yin Yang Perfected Lord despite your old age, yet you dare to come to our Ye House with this kind of attitude. Yunxiao Sect elders are rubbish. I think you two old fellows are too ignorant and arrogant." A clear female voice suddenly reached the ears of Elder Yin and Elder Gu.

The two Yunxiao Sect elders saw a beautiful young girl among the Ye Family members looking at them mockingly.

It was not just the girl, even the other Ye Family members were looking at the two world-famous super sect elders. Their eyes showed only disdain, with no trace of respect.

Elder Yin and Elder Gu had never been treated like that before. Their expressions darkened.

They thought of their lofty status in the YunXiao Sect where numerous disciples cudged their brains to think of a way to enter their sect, but now...

These Ye Family disciples dared to look at them so rudely!

Elder Yin and Elder Gu looked coldly at the numerous Ye Family disciples and immediately thought of making trouble for them.

However... the youth who spoke previously swiftly sensed the change in their expressions and did not give the two Yunxiao Sect elders any opportunity to make trouble. He directly aimed a heavy blow at them!

As the youth struck a blow, a blast of half-step Yin Yang Perfected Lord force instantly shot up and spread in all directions. The spreading force immediately enclosed the two YunXiao Sect elders.

When they felt the impact of the force, both Elder Yin and Elder Gu were shocked.

They were both half-step Yin Yang Perfected Lords but had not imagined that this youth's martial strength would be on par with them, having attained the realm of half-step Yin Yang Perfected Lord!

Even the top disciples of the Yunxiao Sect could not compare with him in terms of ability.

Only a few arrogant supernaturally talented youths in the Yunxiao Sect might be able to compare with him...

In addition, this youth was probably a little younger than those supernaturally talented youths in the Yunxiao Sect!

Elder Yin and Elder Gu immediately backed away from the force of the youth's blow. They retreated to avoid his blow.

### **Chapter 1027 Undermining The Foundation (2)**

"Hmm, I thought the Ye Family had suddenly become daring. It turns out they've invited a half-step Yin Yang Perfected Lord from somewhere to hold the fort," Elder Gu said coldly.

In the eyes of Elder Yin and Elder Gu, a low-class family clan like the Ye Family was as insignificant as an ant.

Even so, the two Yunxiao Sect elders still had not realized that the Ye Family of today was not the same as that of the past. They only thought that this youth, who was a half-step Yin Yang Perfected Lord, had some connection with the Ye Family and had been invited by the Ye Family to hold the fort.

Furthermore, the Ye Family's current disdainful attitude was clearly due to this half-step Yin Yang Perfected Lord, who was holding the fort.

However, did the Ye Family not realize that they could not move these two YunXiao Sect elders by simply depending on a young half-step Yin Yang Perfected Lord?!

The Ye Family currently had only one half-step Yin Yang Perfected Lord, but both of them were half-step Yin Yang Perfected Lords!

With two against one, victory was certain!

“Young man, I take your outstanding talent into consideration. If you don’t die in an accident, you will certainly achieve greatness in the future. Remaining in the Ye House will bring you nothing but harm.” Elder Yin looked at the youth and spoke suddenly.

“That’s right. Young fellow, if you are willing to come to our YunXiao Sect, with your martial talents and powers, you could even become a disciple of the Sect Master. You will have a glorious future. However, if you stubbornly persist in resisting the Yunxiao Sect for the sake of the Ye Family, you will be damned and your bones reduced to ashes!” Elder Gu also nodded.

It was not that Elder Yin and Elder Gu wished to nurture talent, but the youth standing before them was on par with them. Even if they could kill him, it would take some effort. However, if they could bring this superbly talented youth back to the Yunxiao Sect to become a YunXiao Sect disciple, the Sect Master would be very pleased. Furthermore, it would greatly benefit the Yunxiao Sect to have another supernaturally talented person like that.

In addition, they did not think that a lowly family clan like the Ye Family could retain a supernaturally talented person like that. Anyone with the least bit of intelligence could see the divide between the Yunxiao Sect and the Ye Family.

No matter what connection this youth had with the Ye Family, he should also know that the benefits the Yunxiao Sect could give him were far greater than that of the little Ye Family.

When they heard the two Yunxiao Sect elders invite the youth to join the Yunxiao Sect, the hundred-plus youths in the Ye House courtyard all looked rather peculiar.

These two Yunxiao Sect elders actually wanted to attract a Ye Family disciple over to the Yunxiao Sect to cultivate... that was really funny...

They expended a huge amount of effort to pass Elder Bai Kui and Elder Zi Jin’s almost pervertedly difficult test to become Ye Family disciples.

And now these two Yunxiao Sect elders actually wanted them to leave the Ye Family and join the YunXiao Sect?

Was this some kind of joke?!

Was the Yunxiao Sect worthy?!

“You want me to join the Yunxiao Sect?” The youth stared at the two Yunxiao Sect elders and laughed coldly.

When they heard that, Elder Gu assumed that the youth had accepted his invitation. He put on an arrogant attitude and said, “Not everyone, just you.”

The youth’s expression immediately became rather strange. A faint smile seemed to hang on his lips.

“Why, do you Yunxiao Sect elders think only he is worthy, but not us?”

Just as Elder Gu finished speaking, several youths slowly emerged from the crowd of Ye Family members.

### **Chapter 1028 Undermining The Foundation (3)**

Before the two YunXiao Sect elders could speak, the youths’ martial force shot skywards and seemed to disperse the clouds in the sky.

These forces belonging to half-step Yin Yang Perfected Lords spilled forth together like a flood and gathered together like a rushing river. The shocking martial force caused everyone to shudder.

The two Yunxiao Sect elders were shocked when they sensed the force of several other half-step Yin Yang Perfected Lords. They had not expected the Ye Family to have as many as four or five half-step Yin Yang Perfected Lords!

Just as Elder Yin and Elder Gu were in shock...

“What’s the matter? You think highly of those half-step Yin Yang Perfected Lords but are disdainful of us. Since when has the Yunxiao Sect become so greedy?!” The remaining hundred-plus Ye Family disciples immediately spoke up.

“Brothers and sisters, let us show these two lofty Yunxiao Sect elders if we are worthy to enter their Yunxiao Sect to cultivate.” One of the slightly older Ye Family disciples glanced at everyone and spoke.

“My thoughts exactly.”

“Haha... I resent being looked down on by the Yunxiao Sect.”

“It is merely the Yunxiao Sect, but it has become so greedy that it dares to come to our Ye House and make trouble...”

“Let’s show them whether we Ye Family disciples are worthy of being noticed by the YunXiao Sect!”

As they spoke, over a hundred martial forces were simultaneously produced by the hundred Ye Family disciples. Like a formless gust of air, it swept the area within a radius of ten miles.

Among the hundred over martial forces, the weakest of them had already entered the realm of Martial Qi Level Three while the strongest was one step away from transforming into a Yin Yang Perfected Lord.

This force seemed to fill the heavens, the earth, the seas, and the mountains. Even every corner of the world seemed to be permeated with it.

It was like the raging of ocean waves or like the tremors of a mountain quaking; like the heavens being rent or like the earth collapsing.

The integration of a hundred-plus martial forces was terrifying, especially the explosion that followed its coalition, which extended for a radius of ten miles.

At the same time, everyone from the Si Family and the three branches of the Ye Family also sensed it.

The Master of the Si Family did not know what had happened in the Ye House. However, he unhesitatingly led the powerful cultivators in his family straight to the Ye House.

The three branches of the Ye Family and the three powerful Yin Yang Perfected Lords led the senior members and talented youths of the branches and also hurried to the Ye Family headquarters in unison.

At that moment in the Ye Family's headquarters, the two Yunxiao Sect elders who, in the midst of these waves of forces, were like lone boats adrift on a raging sea.

"What's going on?!"

Ye Ling and Second Elder rapidly sensed this frightening force and appeared at the same time, bewildered.

They thought that the talented disciples had been sparring and making mischief and that they had caused trouble. However, when they arrived, things did not seem to be what they had imagined

"Greetings, Master and Elders."

When they saw that Ye Ling and a few elders had appeared, the Ye Family disciples in the courtyard withdrew their martial force and spoke respectfully.

"Who are they?" The Great Elder asked when he looked at the two Yunxiao Sect elders and saw that they were strangers.

"Great Elder, these two are YunXiao Sect elders." Ye Leng laughed.

"What... Yunxiao Sect?!"

### **Chapter 1029 So What If It's Yunxiao Sect (1)**

When they heard that, the expressions of the Great Elder, Second Elder, Third Elder, and even the Master, Ye Ling, all changed.

As a super sect, the intimidating reputation of the Yunxiao Sect was deeply rooted in the elders and Ye Ling. When they heard that two Yunxiao Sect elders had come to the Ye House, they were stunned, and that was why their expressions changed.

"YunXiao Sect... why... why have they come to the Ye House..." Third Elder was slightly pale, and cold sweat seeped from his brow.

The Great Elder frowned slightly and thought for a moment before he looked at the Third Elder and said, "Third Elder... What do you think of the Yunxiao Sect..."

The Third Elder was taken aback by these words. "Great Elder, the Yunxiao Sect is a super sect... and super sects..."

The Third Elder had not yet completed his sentence when he suddenly snapped out of his trance. The fear on his face slowly faded, and he also frowned. "That's right. So what if it's the YunXiao Sect?"

"Master, what do you think of the Yunxiao Sect?" The Third Elder stared at Ye Ling.

"What about... the Yunxiao Sect?" Ye Ling was lost.

“Master, Elders, the Yunxiao Sect is nothing!” The Third Elder’s expression changed, and he regained his composure.

Their Ye Family currently held high status. If even the weakest of their talented young disciples went forward, they would compare favorably with the top supernaturally talented disciples in the YunXiao Sect. Besides this mainland’s Peerless School, Beiming Manor, and Phantom Valley, which were supremely powerful, no other super sect’s power could compare with that of the Ye Family, be it in the Nine Nights Dynasty or the Formidable Heavens Dynasty!

“That’s right, the Yunxiao Sect is nothing!” Second Elder nodded rapidly.

When he heard that the Yunxiao Sect elders had arrived, the Second Elder had reverted to his old ways of thinking that the Yunxiao Sect was a huge entity. If the Yunxiao Sect wanted to, they could exterminate a small family clan like theirs on a whim.

However, the Second Elder and the others had forgotten that the Ye Family of the present could not be compared to the Ye Family of the past.

In the past, if the Yunxiao Sect elders had made a personal appearance, everyone from the Ye Family would naturally show profound respect and humility. However, that was the past, not the present.

The present Ye Family was not the Ye Family of the past.

“Yunxiao Sect?” The Great Elder frowned slightly. “What about the Yunxiao Sect? Is our Ye House a place where anyone can just go in and out casually? If they wish to enter our Ye House, even the Sect Master must announce his intentions in advance and wait for our approval, much less the elders!”

“Great Elder, you may not be aware that these two Yunxiao Sect elders are not here to visit the Ye House.” One of the Ye Family disciples, Ye Leng, suddenly spoke up.

When they heard that, the Great Elder, the Third Elder, and the others were slightly taken aback. If they were not here on a visit, then why were they here?

“Great Elder, these two Yunxiao Sect elders are unbearably arrogant. They have come to the Ye House to capture Eldest Young Lady. They have also been talking wildly about exterminating our Ye Family!” Ye Leng looked at Ye Ling and the elders and added fuel to the fire.

“What did you say!” The Second Elder was immediately enraged.

“Every word that I have said is true... isn’t that right...” Ye Leng immediately looked at Ye Yifan, who had changed his surname to Ye.

“That’s right... Elder Brother Ye Leng is speaking the truth.” Ye Yifan nodded repeatedly and corroborated Ye Leng’s words.

“Yifan, is what you are saying true?!” The Great Elder looked at Ye Yifan.

“Grandfather, it is all true. The hundred-plus brothers and sisters present also heard them clearly. Every word is true.” Ye Yifan’s face was filled with certainty.

**Chapter 1030 So What If It’s Yunxiao Sect (2)**

“Impudent!” The Second Elder looked at Elder Gu and Elder Yin and roared furiously. “You’re merely Yunxiao Sect elders, yet you’re so arrogant in my Ye Family. With just you two good-for-nothings, how dare you all think of capturing the Eldest Young Lady of my Ye Family?!”

Elder Yin and Elder Gu were taken aback. A while ago, they clearly noticed that these senior members of the Ye Family appeared fearful after learning of their identities, but that fear was crushed in an instant.

Not only were the senior members not fearful, but they were even disrespectful.

Elder Gu and Elder Yin gritted their teeth and glared at Ye Family members.

Never had they thought that there would be a day where they would be humiliated by cultivators at the ordinary martial realm. How dare they proclaim that they, half-step Yin Yang Perfected Lords, are good-for-nothings?!

Ye Ling’s expression changed drastically in an instant. Looking at those two Yunxiao Sect elders, his eyes twinkled coldly. “How audacious of you two! How dare mere two half-step Yin Yang Perfected Lords barge into my Ye Family to capture my daughter?! Not mentioning two YunXiao Sect elders, even if your YunXiao Sect Sect Master brings all the powerful figures over here, my Ye Family will ensure that all of you will not be able to return!”

Two days ago, Ye Ling and Ye Qingtang had a long talk, and he learned of the enmity between her and Yunxiao Sect.

Their Ye Family had yet to find time to stir troubles for Yunxiao Sect, but Yunxiao Sect delivered themselves to the Ye Family on their own accord!

“Humph! A mere Yunxiao Sect truly doesn’t know fear. Since you two are already here at my Ye Residence today, just stay then. Don’t go anywhere else!” The Great Elder shouted coldly.

At this instant, the two Yunxiao Sect elders were surprised and even in disbelief.

Before they headed to Lin Town, they already knew about the rough situation of the Ye Family.

The Ye Family was only a small family clan of the remote Lin Town, and a family clan like the Ye Family was unworthy of even clinging on to the threshold of Yunxiao Sect.

Yet, who could have thought that the Ye Family would change so drastically in just half a month?

Leaving aside the hundreds of frighteningly-talented young disciples in the Ye Family, what the Yunxiao Sect elders could not comprehend was the useless Clan Master and elders of the Ye Family: these people clearly knew that they were Yunxiao Sect elders yet still dared to speak so wildly and say such things...

No matter how slow the two Yunxiao Sect elders were, they now realized that something was wrong with the Ye Family.

However, Elder Yin and Elder Gu did not dare to act rashly. The hundreds of Ye Family disciples were pretty skilled, and if they fought them, they were afraid that the two of them would be defeated by these members of the younger generation of the Ye Family...

Then, Clan Master Si brought a few Yin Yang Perfected Lords of the Si Family into the Ye Residence.

“What happened?” Clan Master Si noticed that the atmosphere of the Ye Family was a little off and asked immediately.

Powerful oppressive forces were emitted from the Ye Residence previously, and Clan Master Si thought that something happened. It turned out that it was indeed so after entering the Ye Residence.

The Third Elder recounted the situation to the Si Family members immediately.

After listening to what the Third Elder said, Clan Master Si sized up Elder Yin and Elder Gu and scoffed.

Although YunXiao Sect was a super sect and a mighty force in the Formidable Heavens Dynasty, it could not even be compared to the Si Family currently and yet was still so arrogant. They were just two elders, and they dared to come to the Ye Family to arrest Tang Tang?!
