

**Chapter 1121 Kill 2**

Shenchao Sect Grand Elder's eyes were filled with respect.

"What do we do next?" Ye Qingtang suddenly asked softly.

"Uh... Yang Lord, we don't know what to do either..." The Shenchao Sect Grand Elder was stunned.

Ye Qingtang rubbed her temples and said helplessly, "I was not asking you..."

Before the Shenchao Sect Grand Elder spoke again, Ling Yan's soft chuckle sounded from the voice transmission stone. "Miss Ye, you can let all these people leave."

Upon hearing that, Ye Qingtang nodded and had an idea in mind.

"This place is not safe to stay for long. All of you should set off for Falling Sky Valley in the Nine Nights Dynasty immediately." Ye Qingtang looked at the Shenchao Sect Grand Elder and Sect Master and said.

Shenchao Sect Grand Elder did not have any objections to a Yang Lord's words and immediately agreed without asking for the reason.

"Now... we can completely destroy this city." Ling Yan's chuckle came from the voice transmission stone.

Ye Qingtang nodded and stored her voice transmission stone. She first removed the space rings from the You Ancient Clan people before leaving.

Given Ye Qingtang's current skills, it was impossible for her to open the space rings of those black-robed men. However, those disciples' space rings stored many black-grade weapons and rare treasures.

As Ye Qingtang walked around Sky Stars City, the huge city was lifeless as though it had become a dead city.

Swoosh!

At this instant, more than ten You Ancient Clan senior executives flew in all directions and surrounded Ye Qingtang.

"Scumbag, how dare you kill a You Ancient Clan member!"

The leading black-robed elderly looked at Ye Qingtang and hollered furiously.

"I did not look for you all, but you all came to court your death on your own accord." Ye Qingtang swept across the people and snickered.

"Yang... Lord..."

After sensing Ye Qingtang's aura, the black-robed elderlies looked at each other with shocked expressions.

How could Sky Stars City of this low-level mainland have a Yang Lord... They had already checked that the northern region of this low-level mainland had no Yang Lords. This was also why they chose to

invade this low-level mainland from the north and then swallow the entire piece of land once their skills increased to the peak of Yang Lord...“F\*ck you. Let me have some exercise.”

The little white tiger shuttled out from Ye Qingtang’s embrace and instantly leaped out like a white bolt of lightning. Before everyone realized what had happened, the neck of one of the black-robed elderlies was already bitten apart by the little white tiger.

Ye Qingtang was uncertain about the exact combat power of the little white tiger after waking up, but she could be sure that if she fought all-out with the little white tiger, she might not win against the little white tiger steadily. Of course, these You Ancient Clan senior executives were no match for the little white tiger as well.

In no time, at least seven people were killed by the little white tiger tragically.

“Quick! Call Elder Yin Fo!”

A black-robed elderly exclaimed immediately.

Elder Yin Fo of You Ancient Clan was guarding a city nearby Sky Stars City. As long as Elder Yin Fo came over, everyone would die regardless of Yang Lord or not!

“Miss Ye... it’s about time.” Ling Yan’s voice could be heard.

### **Chapter 1122 Kill 3**

Without waiting for Ye Qingtang to speak, a black-robed elderly heard Ling Yan’s voice, and his expression changed instantly. “Eternal Dynasty’s... Ling Yan?!”

Ling Yan’s devilish laughter sounded. “You Ancient Clan, nice to meet you all.”

“You... Wait, on our way here... I saw a battleship from Eternal Dynasty...” The black-robed elderly frowned deeply. “Could it be that... you were the one who sent people... to destroy our water supply?!”

“That seems to be the case. If I’ve caused any troubles to you all, I’m extremely sorry,” Ling Yan said with a soft chuckle.

The You Ancient Clan senior executives were infuriated. They had no feud with Eternal Dynasty, yet this Ling Yan secretly sent people to guard the route that they would definitely pass by and destroy their battleships that carried their water supply. Had their battleships not be destroyed, how would their skills return so slowly!!

“Could it be that...” A You Ancient Clan senior executive’s expression changed greatly. “Are all the water sources nearby poisoned by you?!”

“Yes.” Ling Yan laughed. “Your water supplies were destroyed, and you all will have to search for new water sources. I laced poison in all 123 water sources in the surroundings... Unless all of you powerful figures don’t need to consume water, it is definite that you all will be poisoned. There’s no other way out.”

“Ling Yan... you are so evil. What feud does our You Ancient Clan have with you?!” A black-robed elderly shouted furiously.

“Feud? There’s none,” replied Ling Yan.

“Since there’s no feud at all, why do you want to lay a trap and harm us?” The black-robed elderly had a dark expression.

“Why...” Ling Yan laughed coldly. “Of course it’s because... you all caused Miss Ye to feel troubled.”

Ye Qingtang was stunned by what Ling Yan said.

“Ling Yan... what does your Eternal Dynasty count as... Eternal Dynasty will definitely be annihilated after offending You Ancient Clan! You will regret this!” The black-robed elderly was enraged.

However, Ling Yan laughed and said, “I’ll thank you all in advance then... I am being excluded by the imperial power in Eternal Dynasty. If You Ancient Clan is willing to clean up and even annihilate the Eternal Dynasty for me, that would be the best.”

“You...”

The You Ancient Clan senior executives were flushed. They were actually fooled by a prince of the Eternal Dynasty!

“Miss Ye, if you’re not going to attack now, then when will you?” Ling Yan said suddenly. “Aren’t you chatting happily with them? I didn’t wish to disturb.” Ye Qingtang shot a look at the voice transmission stone.

“No matter how much I talk to others, it cannot be compared to half a sentence with you.” Ling Yan chuckled.

“...” Shen Qianshu stared blankly at the voice transmission stone. Why can this Ling Yan continue on with any topic... Did he mean that...

Without uttering another word, Ye Qingtang activated the black-grade weapon in her hand and slashed the remaining black-robed elderlies.

Ye Qingtang joined forces with the little white tiger, and in no time, everyone from the You Ancient Clan in Sky Stars City was killed.

The You Ancient Clan definitely never expected that in such a short span of time, one out of their ten teams was already completely wiped out.

“F\*ck. We’re rich... Let’s take all of their space rings away... We will split them half-half!” The little white tiger said hurriedly.

It had just grown and needed to replenish a large amount of energy. The space rings of those You Ancient Clan powerful figures would definitely have plenty of rare treasures...

### **Chapter 1123 Demonic Creature 1**

Ye Qingtang glanced at the little white tiger meaningfully. Before she could say anything, Ling Yan’s voice was heard once again.

“Miss Ye, this place is not safe to stay long.”

“Why...” Ye Qingtang asked.

“Leave the city now and don’t look back,” Ling Yan said.

“F\*ck you... This rich\*ss... It’s easy for you to say...”

The little white tiger was full of grudges when it heard what Ling Yan said.

Ling Yan was a prince and naturally did not lack valuable items, but it lacked many!

However, before the little white tiger could finish its sentence, Ye Qingtang directly grabbed the little white tiger, which continued to complain incessantly, and dashed out of Sky Stars City without looking back. The Blood Moon Elder followed after tightly when he saw Ye Qingtang leave.

“F\*ck. You’re really leaving!!” The little white tiger glared at Ye Qingtang.

As the little white tiger finished speaking, an extremely frightening overbearing force instantly enshrouded the entire Sky Stars City.

A pair of enormous eyes appeared in the sky, and black rays of light emerged in the eyes.

Boom...

Boom Boom!!

The entire city shook tremendously.

Outside the city, Ye Qingtang was shaken when she saw the owner of that pair of eyes.

A pitch-black demonic creature near a hundred meters tall was not wearing anything as it walked in the city slowly. With every step it took, the ground of Sky Stars City shook violently as though it was cracking apart.

“Sh\*t...”

Looking at that enormous creature, the little white tiger could not help but swear.

If it really remained in Sky Stars City to search for its spoils of war just now...

The little white tiger really had to give it to Ling Yan’s brain. It silently turned to look at Ye Qingtang and said, “What is... that thing... Is it a monster?!”

Ye Qingtang’s brows were slightly furrowed, and she shook her head.

The little white tiger could not help but turn around to look at that enormous, black monster in the city. No matter how its skills were, the visual impact was too shocking...

A pair of eyes that were darker than the night contained destructive energy. Every inch of its skin seemed to have an explosive force.

The creature, which was walking upright, hollered furiously.

There were still many citizens who were alive in Sky Stars City. When that enormous demonic creature appeared, the looming fear spread throughout the city rapidly. Everyone fled in all directions with their life.

However, the human-looking demonic creature suddenly opened its mouth.

As its mouth opened, a gust of wild wind swept into the city instantly.

As the wild wind rushed in, the citizens who were fleeing away were instantly swept into the demonic creature's mouth.

The cries of children, shrieks of ladies, laments of elderlies... All of these were mixed together at this moment, resembling a howl from hell and causing one to tremble with fear.

The cries of fear and screams shattered everyone's eardrums.

However, the miserable sounds ended very quickly, and a dead silence ensued.

The ten thousand plus people remaining in Sky Stars City were all swallowed by that human-looking demonic creature in the blink of an eye.

A bloodcurdling chewing sound reverberated in the surroundings as fresh blood gushed out of the demonic creature's mouth continuously.

A roar erupted from that demonic creature subsequently. The moment its blood-filled mouth opened, fresh minced flesh could be seen in its mouth...

## **Chapter 1124 Demonic Creature 2**

After witnessing this terrifying scene, even the little white tiger, a Fiendcelestial Beast, was shocked.

"This... is too scary..."

It was as though tens of thousands of citizens in Sky Stars City instantly became food for that demonic creature.

The entire city turned into a living hell as an intense smell of blood enshrouded the city.

The minced flesh mixed with blood continuously fell from the demonic creature's mouth to its legs. A half-eaten corpse of a child fell into a pile of blood with a thud.

Only despair and fear from before he died could be seen on the child's originally innocent and pure face.

As Ye Qingtang looked at the living hell before her eyes, her hands were clenched tightly into a fist, and there seemed to be a layer of fog in her eyes.

She looked up slightly and looked at that human-looking demonic creature, which was walking upright.

Even though there was a distance between her and that demonic creature, she could still clearly sense the dangerous aura around that demonic creature. Even with her Yang Lord skills... it was impossible for her to have any chance of victory...

Even if Ye Qingtang wished to save the people in Sky Stars City, she did not have the power to do so.

If she abruptly rushed into the city to save them, not only would she be unable to rescue anyone, she and the little white tiger would also lose their lives in the city.

Ye Qingtang shut her eyes and took a deep breath, forcefully suppressing her anger, but the despair and wails echoed around her ears.

“Holy Lady... what exactly is that thing... This aura is too stifling... I even have problems breathing now...” The Blood Moon Elder who fled out together felt that his breathing was a little hurried at this instant.

Ye Qingtang opened her eyes slowly and forced herself to calm down. She automatically recalled that those You Ancient Clan senior executives mentioned Elder Yin Fo earlier on.

“Could it be that... this demonic creature is the Elder Yin Fo that the You Ancient Clan people said...” Ye Qingtang frowned slightly.

The moment Ye Qingtang spoke, Blood Moon Elder’s expression changed instantly. He raised his hand and pointed to one black, giant eye in Sky Stars City.

“Holy Lady... this is bad! Look!”

That giant eye moved slowly and landed straight on Ye Qingtang.

“Tsk... Tsk tsk...” At the same time, the human-looking demonic creature laughed sinisterly. “Found... you...”

Swoosh!

Energy rushed into the legs of the human-looking demonic creature, and its towering body jumped out of the city instantly with a terrifying smile on its face.

“F\*ck you. Quickly run!”

The little white tiger looked at the human-looking demonic creature, which bolted towards them. It bared its fangs instantly, and its fur stood up. The extremely dangerous aura immediately caused the little white tiger to be in self-defense mode.

Without the little white tiger’s reminder, Ye Qingtang immediately fled away once she saw the demonic creature inching closer to them

“Miss Ye, head to the next city immediately.” Ling Yan’s voice rang from the voice transmission stone again at the critical moment.

“What...” Ye Qingtang frowned deeply. Currently, all the cities in the north were already conquered by the You Ancient Clan. She was now being chased after by a demonic creature... If she went there, wouldn’t she be attacked from the front and the back?

### **Chapter 1125 Demonic Creature 3**

“Don’t worry... Just do as I say. There’s me,” Ling Yan said softly.

Before waiting for Ye Qingtang to speak, a bolt of power of Karma rushed from the voice transmission stone to the sky.

Ye Qingtang looked in the direction of the scarlet power of Karma and saw that it had turned into a huge Buddha, and it was in a battle with the demonic creature.

“What is that...”

The Blood Moon Elder’s expression changed as he looked at that Buddha with limitless might.

“Realistic Illusion?!” Ye Qingtang looked at that huge Buddha statue and mumbled.

In her previous life, Ye Qingtang once knew about an illusory spell called Realistic Illusion.

The energy of the Realistic Illusion swung between reality and illusory. It could confuse one’s mind and was extremely difficult to differentiate.

She just witnessed the power of karma explode from the voice transmission stone and turn into a Buddha statue. That should be the Realistic Illusion as the Buddha statue did not really exist and was merely transformed by illusory energy as Ye Qingtang had understood.

“Leave quickly.”

Ling Yan’s voice suddenly rang.

Without hesitation, Ye Qingtang immediately brought the Blood Moon Elder and little white tiger and fled rapidly.

On the other side, the human-looking demonic creature was blocked by the illusory Buddha statue and was fighting it without revealing any weak points.

Ye Qingtang knew a little about Ling Yan’s skills. He seemed to be able to divert his remarkable skill using his Karmic Bloodline from millions of miles away.

They had Ling Yan to thank today. Otherwise, with Ye Qingtang and the little white tiger, it would be very difficult to fight against the human-looking demonic creature.

“Ling Yan, you can tell what’s happening here?” The little white tiger could not hold back and asked.

“That’s right.” Ling Yan’s voice could be heard a long while later.

“No wonder...” The little white tiger was in thought.

“Miss Ye, that demonic creature is one of the elders of You Ancient Clan and is called Yin Fo. It is limited in my illusory spell right now. You can head to the city where Elder Yin Fo was at and take it down,” Ling Yan said.

Ling Yan’s words verified Ye Qingtang’s guesses.

Estimating the time that Elder Yin Fo took to rush over for assistance, the city he was in was probably the city nearest to Sky Stars City, Wind Cloud City.

After the You Ancient Clan invaded the north, it conquered ten cities, and each city was not too far away from each other.

A while later, Ye Qingtang descended from the sky with Blood Moon Elder and the little white tiger and arrived outside Wind Cloud City.

“Be careful, Holy Lady. How about we investigate first and verify that this is the city conquered by that Elder Yin Fo? Otherwise, if it’s not and this city has another demonic creature guarding it, we will still die without a doubt...” The Blood Moon Elder flashed an obsequious smile.

Looking at the Blood Moon Elder’s toady smile, Ye Qingtang nodded slightly and said, “You’re right. You’ll go to investigate first then.”

“Huh... I’ll go?” The smile on the Blood Moon Elder’s face shattered completely. He pointed at himself with eyes popped wide and was completely dumbfounded. How he wished he could slap his mouth!

Why did he blab for nothing!!

At the same time, in Sky Stars City.

The human-looking demonic creature let out a low roar and immediately charged towards the huge Buddha statue in front.

### **Chapter 1126: A Fight Between Formidable Opponents (1)**

But for some reason, that Buddha statue easily resolved all the attacks of that human-looking demonic creature.

The human-looking demonic creature found it strange. Logically speaking, this Buddha statue was so powerful and could clearly kill it with the flick of a finger, but this Buddha statue’s moves were not threatening.

Before the demonic creature could think further, a cloud of blood appeared in the sky.

A cold man in a long blood-colored robe was standing in the air. His white hair swayed in the wind, resembling a True God of this generation.

The Blood Moon Holy Lord looked at the demonic creature coldly. “Blockhead.”

Upon hearing that, the demonic creature looked above and was stunned when it saw the Blood Moon Holy Lord.

Although this person was a Yang Lord, his manner was extremely imposing and could even cause it to instinctively shift to self-defense mode.

Blood Moon Holy Lord clenched his fist gently, and a boundless might enshrouded that Buddha statue.

In the next second, the Buddha statue was shattered by the impact of the Blood Moon Holy Lord’s overbearing aura and vanished.

“Can’t you even tell that it’s an Illusory Spell?” Blood Moon Holy Lord looked at the demonic creature apathetically.

“Who... are you!” The demonic creature’s malicious eyes met Blood Moon Holy Lord’s indifferent eyes and roared sternly.

“My identity is not important.” Blood Moon Holy Lord was emotionless, but his eyes suddenly looked at the direction where Ye Qingtang went to.

“Find that lady from before... and kill her is what you should do.”

“Oh? You two... have a feud?” The demonic creature stared at Blood Moon Holy Lord and asked inquisitively.

“You talk too much.” A cold glint flashed across Blood Moon Holy Lord’s eyes.

Almost instantly, the demonic creature was repressed by Blood Moon Holy Lord’s imposing manner.

Boom, boom!!

With an explosive sound, the demonic creature could not withstand the overbearing aura and lost its balance. Its knees fell onto the ground.

“How... hateful!!” The demonic creature glared at Blood Moon Holy Lord furiously. This person’s aura did not seem ordinary, but how could he only be at the Yang Lord realm?!

“You... are so powerful... Why don’t... you kill that... woman... yourself!” The demonic creature looked at Blood Moon Holy Lord and shouted angrily.

“It’s none of your business.” After saying that, Blood Moon Holy Lord retracted his aura.

As the Blood Moon Holy Lord’s aura dissipated, the demonic creature finally regained control of its own body and stood up slowly.

“Where is... that lady!” The demonic creature asked.

“So foolish.” Blood Moon Holy Lord looked at the demonic creature and said coldly. “After you left Wind Cloud City, she headed there. Hurry up and get the hell back.”

Then, Blood Moon Holy Lord disappeared in the air instantly.

“Humph!” The demonic creature scoffed and rushed towards Wind Cloud City.

Sky Stars City had already lost one team, and if Wind Cloud City was also lost, the general would probably... kill him!

At that thought, the demonic creature roared furiously and ran at its fastest speed, disappearing in the blink of an eye.

...

On a mountain in Central Mainland, Ling Yan opened his eyes immediately.

“Broke my Illusory Spell...” Ling Yan mumbled thoughtfully.

“Ha... Interesting. Are you still unwilling to give up...” Ling Yan’s lips curled up slightly. “What a pity though. Two can play at that game.”

**Chapter 1127: A Fight Between Formidable Opponents (2)**

The little azure dragon aside looked at Ling Yan and asked, "Did that person appear?"

"More or less." Ling Yan replied with a laugh.

"Mhm... That's bad..." The little azure dragon said, "Do you have any means to deal with him?"

"I'll let my shell meet him. How about that?" Ling Yan looked at the little azure dragon and asked with a seeming smile.

"This... is fine, but... the shell does not have any thinking ability nor consciousness and only acts based on its instincts. How can you move it?" The little azure dragon was rather perplexed.

"You're right... However, whose instincts does it have?" Ling Yan's lips tugged up.

"Of course it's the instincts that you left behind..." The little azure dragon replied.

"Since it is based on my instincts, the power of Karma will do the job."

Afterward, the Karmic Natal Chart appeared, and the intense power of karma surged into the sky instantly.

"Tsk tsk... Ling Yan, you're actually doing so much for a girl... Could it be that you're really attracted to her..." The little azure dragon looked at Ling Yan and could not refrain from teasing him.

Before Ling Yan could say anything, the little azure dragon continued speaking. "However, I must remind you that that person has appeared, and what he is about to do is not wrong actually. It's fine for you to stop him, but there's a pretext... And this pretext is that you must have absolute confidence to deal with the matters that Ye Qingtang will have to face after she survives."

"If Miss Ye dies, it's just another cycle... It's ultimately unavoidable. Compared to avoidance, I much prefer going against the heavens," said Ling Yan.

"I feel that... if Ye Qingtang dies..."

Nevertheless, before the little azure dragon could finish speaking, Ling Yan's gaze turned icy, and the little azure dragon could not help but shudder.

"I don't wish for you to say such things ever again. Do... you understand?" Ling Yan stared at the little azure dragon. Although there was a seeming smile on his face, his words seemed to be able to freeze everything in the world.

"Sigh... Man proposes, god disposes. Ling Yan, you've still fallen ultimately... So what even if you changed a shell... She and you are destined to have a doomed fate... It's a curse." The little azure dragon sighed.

Ling Yan chuckled out of a sudden and said, "I've always liked toying with and controlling fate... Have fate or Heavenly Dao ever had the right to control me?!"

"Forget it. I believe in your intelligence more. I just hope that you can truly go against the heavens and change your fate..." The little azure dragon said.

...

The northern region of the mainland, outside Wind Cloud City.

The Blood Moon Elder descended from the sky while panting and hurriedly looked at Ye Qingtang. "Holy Lady, I've checked. That demonic creature should be the guard of this Wind Cloud City. The most powerful person in this city now is only about Yin Yang Perfected Lord Sixth Heaven or so. We can massacre the city!

"Good."

Upon hearing that, Ye Qingtang nodded and charged into Wind Clout City with the Blood Moon Elder and little white tiger.

The situation of Wind Cloud City was worse than that of Sky Stars City. Millions of lives were already devoured by that demonic creature, with only You Ancient Clan people remaining.

Time was limited. Without holding back, Ye Qingtang activated her Phoenix Bloodline and Ultimate Origin Skill to the maximum. Her body turned into a blazing flame, and all You Ancient Clan people in sight were slaughtered.

In just an hour, the hundreds of You Ancient Clan powerful figures and disciples were all slain by Ye Qingtang.

### **Chapter 1128: A Fight Between Formidable Opponents (3)**

"Holy Lady... leave me a body!" Blood Moon Elder saw that Ye Qingtang had killed all the You Ancient Clan senior executives and was about to weep.

Although those senior executives only had a martial cultivation base of Yin Yang Perfected Lord Sixth Heaven on this mainland, it was only so because they were poisoned and the thin spirit energy on this mainland restricted their ability. If they were back at the Central Mainland, they were at least at the second stage Divine Arcane Supremacy of the Arcane Supremacy realm...

"There's limited time." Ye Qingtang looked at the Blood Moon Elder.

If that demonic creature rushed back, they would probably die here, and there would be no time for the Blood Moon Elder to possess a body.

"Holy Lady... you must leave me with one the next time... Looks, height, and age are not important. The only two conditions are for it to be a male and a powerful figure. I will not be greedy for more..." The Blood Moon Elder said with a face full of smiles.

"F\*ck. Why are you so troublesome? Just possess any body. So many requests." The little white tiger shot the Blood Moon Elder an eye.

The Blood Moon Elder's lips twitched slightly when he heard the little white tiger...

Had he... completely become a woman in the eyes of this Fiendcelestial Beast now?!!

"Die... all... must die!!"

Before waiting for the Blood Moon Elder to retort, a furious roar could be heard from outside Wind Cloud City.

Ye Qingtang and the rest looked outside the city immediately.

The human-looking demonic creature was back at Wind Cloud City!

“The Illusory Spell was broken...” Ye Qingtang frowned deeply.

Even a powerful human might not be able to escape from the high-level Illusory Spell that Ling Yan set using the power of karma, much less a demonic creature with a low spiritual sense...

Given Ye Qingtang’s calculations previously, it would take at least several hours for this demonic creature to see through Ling Yan’s Illusory Spell, but only how much time had passed?!

“Ling Yan, your Illusory Spell... was broken so quickly?” Ye Qingtang asked through the voice transmission stone.

However, there was no response from the voice transmission stone at all.

“Ling Yan?” Ye Qingtang called once again but there was still no response.

“This damn Ling Yan actually dropped the ball at the critical moment! Unreliable!” The little white tiger said.

Without Ling Yan, how could they stop that demonic creature?!

Boom!! Boom!!

At this instant, the human-looking demonic creature descended from the sky. Unable to bear the massive weight, the ground cracked instantly. Gusts of wild wind were stirred up as though a disaster had arrived. Ye Qingtang and the Blood Moon Elder retreated backward unsteadily.

The demonic creature immediately scanned Wind Cloud City, and his eyes dilated when he saw that hundreds of You Ancient Clan people were killed.

“How... How dare... you all... General... will not let me off... General will be... punished by the commander... General will... kill me!!!” The demonic creature roared to the sky in rage.

Blood Moon Elder was alarmed.

The human-looking demonic creature before them was already so frighteningly powerful... It was still so fearful of the so-called General... as though the General could kill it with just a thought... And what shocked the Blood Moon Elder the most was that above the General, there was still a Commander. Exactly how... big and powerful was this You Ancient Clan?! How many powerful figures came!!

### **Chapter 1129: Kill Her (1)**

Looking at the demonic creature which chased up to them, Ye Qingtang calmed herself down and asked,

“I’m curious as to how you broke the Realistic Illusion so quickly...”

The demonic creature was inches away from them now, and it was unrealistic for them to escape from Wind Cloud City. Since there was no way out, they could only fight with their lives.

“Someone... wants your life... Who did you offend... Are you... not aware...” The demonic creature glared at Ye Qingtang and said coldly.

“Someone wants my life...”

Ye Qingtang was stunned by what the demonic creature had said. What did it mean?

“Die!!”

The demonic creature roared. A wild wind was raked up, and a frightening demonic aura enshrouded the entire city.

Swoosh!

Ye Qingtang would not wait for her death. She activated the power of her Divine Phoenix Bloodline to the maximum and slashed her sword at the demonic creature.

However, that scarlet sword gleam with incredible destructive force only left a negligible scratch on that demonic creature’s huge body.

“Perfect defense?!”

Ye Qingtang was taken aback when she saw that the demonic creature was completely unharmed.

This human-looking demonic creature’s skin was like hard metal that simply could not be penetrated or destroyed.

The demonic creature’s perfect defense was unrelated to its cultivation realm and seemed to be a natural gift...

Before Ye Qingtang could think further, the demonic creature threw a punch out at the speed of lightning.

Almost instinctively, Ye Qingtang used her sword to block the blow.

Boom!

It was like a thunderous explosion. Ye Qingtang was flung hundreds of meters away by the blow, shattering several buildings in Wind Cloud City.

“Roar!”

The little white tiger roared furiously and charged towards the demonic creature.

However, before it could get close, it was also hurled away by the demonic creature’s punch.

“F\*ck... So damn painful!” The little white tiger complained incessantly after landing on the ground, but it seemed to recall something and immediately stood up.

“Eh... It isn’t that painful... My defense became stronger...”

“Holy Lady!”

The Blood Moon Elder flew to Ye Qingtang’s side hurriedly and helped her up.

Whatever weird species that this demonic creature was, its strength and defense was close to perfect and was unrestricted by the martial realm. Even though it was in this mainland, its strength and defense were on par with an Arcane Supremacy and simply could not be fought against!

Ye Qingtang's face was pale, and blood seeped out from the corners of her lips. She frowned and grunted at the Blood Moon Elder. "Quick... flee..."

This demonic creature was too powerful, and even she was not its opponent. If Blood Moon Elder did not flee now, he would definitely die.

"Holy Lady! What are you saying! How can I abandon you and flee for my life at this time!" Blood Moon Elder shook his head repeatedly.

Blood Moon Elder had interacted with Ye Qingtang daily for more than one year, and they had been through so many things together. Their relationship was already beyond the restrictions of life and death.

The Blood Moon Elder clenched his teeth. Even at this critical moment where their lives and deaths were concerned, Ye Qingtang only wanted him to escape quickly...

"All... must die!"

The demonic creature roared in fury, and a huge fist was thrown powerfully toward Ye Qingtang.

However, before the demonic creature could act, a shadow flashed across the air.

Boom, boom!!

All of a sudden, a blaring sound exploded in the air.

### **Chapter 1130: Kill Her (2)**

A cold-looking man that was as elegant as a God suddenly appeared beside Ye Qingtang. He suddenly stuck a finger out and directly blocked the demonic creature's powerful punch.

When Ye Qingtang took a clear look at that man's face, she was instantly taken aback.

"Han Cangming..."

Why was he here?!

Swoosh!

Without seeing how Han Cangming moved, a sword gleam flashed by and pierced through the demonic creature's body.

The moment the sword gleam flashed by, the demonic creature let out a miserable wail, and its body fell forward, causing a deep dent on the ground.

Afterward, Han Cangming turned around and looked at Ye Qingtang.

It was just eye contact, but Ye Qingtang's body stiffened.

In the next second, however, Ye Qingtang felt a trace of familiarity in Han Cangming's gaze.

Every time she saw Han Cangming previously, his eyes were extremely cold as though there was not the slightest warmth in it. However, for some reason today... there was actually a subtle difference.

Han Cangming was slightly confused as he looked at Ye Qingtang, whom he had not seen for a long time.

He was originally on his way to Central Mainland, but for some reason, his thoughts seemed to be invaded by something, and he returned to this mainland.

Even Han Cangming himself was unsure why he returned. It was just that he instinctively thought that this seemed to be what he should do...

“Oh... You finally appeared.”

Suddenly, a blood-colored swirl formed in the air.

In the next second, the Blood Moon Holy Lord appeared before Ye Qingtang and the rest.

“Younger brother?!”

Ye Qingtang was perplexed when she saw Blood Moon Holy Lord.

What was it with today?

First came Antiquity Palace’s Palace Lord, Han Cangming, and then even her cheapskate younger brother, the Blood Moon Holy Lord, appeared afterward...

If these two were here to save this mainland, Ye Qingtang would be glad to have two more incredible helpers.

But given the current situation, Ye Qingtang vaguely sensed that something was off.

“Holy Lord!”

The Blood Moon Elder immediately bowed at Blood Moon Holy Lord.

The Blood Moon Holy Lord’s eyes passed by Ye Qingtang quietly, and a trace of emotion seemed to flash by in the depth of his eyes. When he looked up again, he told the Blood Moon Elder coldly.

“Kill that person.”

“Huh? Holy Lord, you want me to kill him?” Blood Moon Elder was startled and instinctively thought that Blood Moon Holy Lord was instructing him to attack Han Cangming, who appeared a while before.

The Blood Moon Elder had goosebumps when he took a look at Han Cangming.

Before the Blood Moon Elder spoke again, Blood Moon Holy Lord suddenly raised a hand, and his slender fingers pointed at Ye Qingtang.

“The person I want you to kill... is her.”

Blood Moon Holy Lord’s words stunned both Blood Moon Elder and Ye Qingtang.

What was going on?!

“Kill... Kill Holy Lady? Holy Lord, why do you want to kill Holy Lady?!” Blood Moon Elder was extremely shocked by Blood Moon Holy Lord’s instructions.

He could not believe it. Holy Lord actually wanted him to kill Holy Lady... Why?!

“Are you questioning me?” Blood Moon Holy Lord said without emotions.

“But...” Blood Moon Elder gritted his teeth. “Holy Lord... I cannot follow your orders! Furthermore, I am not Holy Lady’s opponent!”

Blood Moon Elder did not know what Holy Lord wanted him to kill Holy Lady, but if... he really had to make a choice between Blood Moon Holy Lord and Holy Lady...
