

### Chapter 441: Breakthrough (1)

For sect elders like them, being able to produce a talented disciple was something they would be more pleased than obtaining a divine weapon, and they would take pride in their disciples. Evidently, Elder Mo was this way as well right now.

“Elders have overpraised me. Master has taught me too many things, and I’ve only learned a few things on the surface.” Ye Qingtang smiled as she cupped her fists.

At that, the Wind Moon Sect elders had an amazed expression. “Elder Mo... Ah... If only those commonplace disciples of mine were half as good as your disciple, I would be content.”

“Elder Mo, I really could not tell that you had such techniques. You must not be stingy to share with us your insights on teaching disciples.” Another Wind Moon Sect elder chimed in.

After he heard that, a rare smile broke out on Elder Mo’s icy cold face. “If there’s a chance, you all can visit our sect and let this commonplace disciple of mine practice together with your disciples. There’s no harm for them to learn from each other. What do you think, Qingtang?”

“I will naturally follow your orders, Master.” Ye Qingtang replied.

“Hahaha! Sure, sure, sure. You said this yourself, Elder Mo. If we are free sometime soon, we will definitely head to your sect.” The Wind Moon Sect elder nodded with a laugh.

The Wind Moon Sect elders showered Ye Qingtang with praises generously, and Elder Mo’s face was naturally glowing.

After Zhu Changge’s defeat, Elder Lin, who had not said anything all the while, had a very astonished expression on his face at this moment.

He was originally full of confidence in Zhu Changge’s match, yet unexpectedly, Zhu Changge still lost, and it was rather Ye Qingtang, whom he had never thought highly of, who amazed everyone with one brilliant performance. As Ye Qingtang’s Master, Elder Mo also gained some reputation.

How could Elder Lin be happy?

No one sensed Elder Lin’s thoughts. After exchanging civilities, the elders of both sects brought their sects back to their area of residence.

The disciples who were to remain in Drifting Cloud Island to cultivate this time had already been fixed. They were Ye Qingtang and Zhu Changge from Xuanling Sect while the Wind Moon Sect elders decided for Feng Yiran to stay behind. As for the slots for other disciples, the sects would make another selection when they returned to their sects, where the chosen few would be sent to cultivate on Drifting Cloud Island half a year later.

Then, Zhu Changge was extremely grateful towards Ye Qingtang.

If not for Ye Qingtang, he simply would not have any fate with the cultivation rights on Drifting Cloud Island this year.

And because of Ye Qingtang, he earned a slot for nothing.

Temporary residence of Xuanling Sect.

Elder Mo looked at Ye Qingtang beside her and placed the "Mind and Heart Pill" from Qinglin Sect into her hands.

"Qingtang, although this Mind and Heart Pill can allow a Martial Qi Level One cultivator to stably improve by a small stage and be used to advance to Martial Qi Level two, it is not realistic. A few years later when your skills reach Martial Qi Level Two, it will be the best time to use this." Elder Mo explained.

From Elder Mo's point of view, no matter how fast Ye Qingtang's speed of cultivation was, it would require at least three to four years for her to make a breakthrough to Martial Qi Level Two with her endowments. Using the "Mind and Heart Pill" right now was extremely wasteful.

"Thank you, Master. I'll remember it." Ye Qingtang nodded firmly and smiled.

However...

With this "Mind and Heart Pill," Ye Qingtang was confident. One night... one night was enough for her to break through to Martial Qi Level Two!

As Elder Mo watched Ye Qingtang leave, he let out a long sigh.

If Ye Qingtang had a higher-grade spirit root, he would have believed that she could break through to Martial Qi Level Two in at most a year.

Nonetheless, Ye Qingtang's spirit root would not do, and she might not even reach Martial Qi Level Two even in three to four years...

## **Chapter 442: Breakthrough (2)**

After returning to her room, Ye Qingtang held her breath in deep concentration and placed the "Mind and Heart Pill" into her mouth.

The "Mind and Heart Pill" dissolved the moment it entered her mouth, and a searing breath entered her meridians immediately.

Ye Qingtang closed her eyes and felt the flow of the inner qi in her body. The inner qi was like an ocean while her body was a dry desert which absorbed everything in a second.

The effect of the Mind and Heart Pill was shocking and was the best for cultivators at Martial Qi Level One.

Usually, normal cultivators would require at least more than one month to fully absorb the effects of the Mind and Heart Pill.

However, Ye Qingtang had the Heart of the Demon God. Using it as a carrier, her initial calculations were that it would only require a few hours for the full effects of the Mind and Heart Pill to be absorbed.

“One night... One night and I will be able to make a breakthrough to Martial Qi Level Two...” Ye Qingtang considered internally.

She was already not far away from Martial Qi Level Two, and with this Mind and Heart Pill now, the speed of her breakthrough would increase as if given help from heaven.

Time passed. It seemed like the blink of an eye yet also an entire century.

Suddenly, there was a thunder in the sky above where Ye Qingtang’s residence and spirit energy escalated rapidly as though it was forming a nation of spirit energy.

All of the Xuanling Sect and Wind Moon Sect people were alarmed.

“Someone is about to break through to Martial Qi Level Two?!”

A Wind Moon Sect elder walked out from his room and looked in the direction of Xuanling Sect’s residence in astonishment.

It was impossible to be an elder as every sect elder was above Martial Qi Level Two...

“Someone is Xuanling Sect is actually breaking through to Martial Qi Level Two. Who is that?” another Wind Moon Sect elder asked, astounded.

“Judging by that direction... that disciple.... of Elder Mo?!”

.....

On Xuanling Sect’s side, Elder Qin was the first to be alarmed while Elder Mo was a step later. Both of them exited their rooms and scanned the sky.

“There’s actually a disciple from our sect who is about to break through to Martial Qi Level Two?!” Elder Qin asked, extremely surprised.

“This intensity of spirit energy...” Elder Mo was astounded. For normal cultivators, there would also be a condensation of spirit energy when breaking through to Martial Qi Level Two from Martial Qi Level one.

However, the intensity of the condensation of spirit energy was more than double of normal cultivator’s!

Even when Elder Mo made a breakthrough back then, the intensity of the spirit energy was far less than it was currently!

“Which disciple is it?” Elder Mo had a look of confusion.

“Ye... Ye Qingtang!” Elder Qin pointed to not far away.

“Qingtang?!” Elder Mo looked at where Ye Qingtang was staying in, and there was spirit energy lingering around it as though there was a nation of spirit energy. The rich spirit energy rushed into Ye Qingtang’s room like surging waves.

“She... she is charging towards Martial Qi Level Two!” Elder Mo’s eyes dilated abruptly.

“That’s right. And looking at the intensity of the spirit energy, your precious disciple is about to succeed,” Elder Qin said.

“Protect Qingtang!” Expressions of shock were written all over Elder Mo’s face as he subsequently flew above Ye Qingtang’s room.

A cultivator must not be disrupted when charging towards a realm. Once it was stopped, the consequences would be dire.

“Okay!” Elder Qin nodded and flew into the void, standing beside Elder Mo.

An hour later, all the spirit energy in the void was completely absorbed by Ye Qingtang.

“Martial Qi Level Two...”

In the room, Ye Qingtang sat cross-legged at her bedside as the corners of her lips tugged up slightly. “Martial Qi Level Two... Second Heaven...”

Even Ye Qingtang herself did not expect that all the spirit energy in the void would be absorbed by the Heart of the Demon God, which acted as a carrier, without missing a tiny bit. And exactly because of the Heart of the Demon God, not only did she succeed in charging towards Martial Qi Level Two in a few hours, she even advanced by two small realms and directly rose to the Second Heaven of Martial Qi Level Two!

### **Chapter 443: Breakthrough (3)**

Initially, Elder Mo wanted to reproach Ye Qingtang for playing around.

Without enough cultivation background, forcefully charging towards Martial Qi Level Two from the Third Heaven of Martial Qi Level One would result in one being swallowed by their mental demons and have dire consequences should they fail.

Once, a disciple whom Elder Mo doted on the most wanted to break through to Martial Qi Level Two but forcefully charged towards the realm without enough cultivation. Ultimately, the disciple’s inner qi reversed, and he died on the spot.

To now, Elder Mo was unable to forget how his disciple died tragically.

However...

Looking at how Ye Qingtang’s breathing was controlled, Elder Mo was deeply astonished, and the words that he wanted to lash out at her were no longer able to leave his mouth.

“Martial Qi Level Two... Second Heaven...”

Elder Mo was utterly dumbfounded on the spot in disbelief.

When normal cultivators succeeded in charging towards a higher realm, they would at most advance from the Third Heaven of Martial Qi Level One to the First Heaven of Martial Qi Level Two.

However, Ye Qingtang surpassed his purview: not only was she successful in charging towards a new realm, she even advanced to the Second Heaven of Martial Qi Level Two!

Then, Elder Lin walked out of his room as well, and an expression of shock filled his face as he saw Ye Qingtang from not far away.

Rapidly, Elder Lin's eyes were slightly gloomy. Ye Qingtang had already entered the Second Heaven of Martial Qi Level Two currently, and she could even be able to have a battle with... the chief disciple of Xuanling Sect!

"Qingtang, come over here." Elder Mo waved at Ye Qingtang.

After hearing that, Ye Qingtang nodded and walked to Elder Mo's side.

"It really is the Second Heaven of Martial Qi Level Two..." Elder Mo's eyes twinkled, and the disbelief on his face turned into an inexplicable delight.

"Qingtang, it is really my blessing to have such a disciple like you." Elder Mo finally uttered with a sigh after a long while.

"What are you saying about, Master? If you hadn't fought for a Mind and Heart Pill for me, I would not be able to break through so easily." Ye Qingtang chuckled.

Elder Mo shook his head with a laugh. While the Mind and Heart Pill was precious, it was not like what Ye Qingtang said. If there could be such a miracle by relying on just one Mind and Heart Pill, Qinglin Sect's current skills would probably have exceeded that of Yunxiao Sect's long ago.

"Qingtang, you just made a breakthrough. Do rest well and consolidate your cultivation." After a long while, Elder Mo looked at Ye Qingtang with eyes full of adoration.

...

In the room, Ye Qingtang sat on the floor. The inner qi in her body gradually turned into primordial qi.

The body of a cultivator at the First Heaven of Martial Qi Level One had inner qi of which nature would change into primordial qi once the cultivator reached Martial Qi Level Two.

While there was only a difference in one word between inner qi and primordial qi, there was a world of differences.

Inner qi could only be used to kill enemies while primordial qi could be transformed into armies and even form a primordial qi wing for the cultivator travel in the air. All of this was unable to be done with inner qi.

"Since I've entered Martial Qi Level Two, I can use the Feather Formation Technique already..." Ye Qingtang mumbled.

Feather Formation Technique was a remarkable skill Ye Qingtang learned in her previous life, which used the primordial qi to create a pair of wings.

Swiftly, the power of the primordial qi flowed out of her body, and a huge pair of wings instantly appeared on her back.

The wings flapped slightly, and a hurricane ensued in the room.

At the same time, Ye Qingtang's eyes flickered. She flapped her primordial qi wings and extinguished the oil lamp in the room.

About a few breaths later, the door of the room opened with a squeak.

"It's him..."

Ye Qingtang hid in a secret corner and observed the uninvited guest.

Ye Qingtang did not expect Fu Lingtian to have such audacity to take her life without hesitating to intrude into Xuanling Sect's area.

"Ha...."

A sinister laugh broke out in the darkness. "Do you think you'll be fine as long as you hide?"

#### **Chapter 444: Lying (1)**

Fu Lingtian suddenly raised his right arm and slammed the beam of the roof!

In a moment, an extremely strong force of primordial qi crashed into the room like strong waves.

Then, Ye Qingtang landed on the ground from the roof like an agile butterfly and avoided Fu Lingtian's attack.

"Fu Lingtian, how bold of you to intrude into Xuanling Sect's area of residence. Are you not afraid of alarming the elders?" Ye Qingtang scoffed.

"Xuanling Sect?" Fu Lingtian's lips curled up slightly into a cold sneer. "What is Xuanling Sect? How can it be compared to my Yunxiao Sect?"

Ye Qingtang narrowed her eyes when Fu Lingtian finished his sentence.

Fu Lingtian actually mentioned Yunxiao Sect in front of her forthrightly. It seemed that he no longer intended to conceal anymore...

"Ye Qingtang... you are a mere disciple of a small sect and only have the cultivation of the Third Heaven of Martial Qi Level One. However, you deliberately forced me to reveal my true state of cultivation on the ring today. I'm afraid you must know something." A cold glint twinkled in Fu Lingtian's eyes.

Previously, Ye You had warned that once he revealed his true skills in front of the three sects, he would definitely be heavily punished by the sect...

Fu Lingtian kept it in mind and was very cautious during the competition. Yet...

He was forced to reveal his true skills because of Ye Qingtang today, and the sect would definitely not forgive him!

Whichever route he had spelled death, and naturally, he would not let Ye Qingtang off.

“Fu Lingtian, you barged into my room in the night. Could it be that it is to ask me if I know about anything?” Ye Qingtang was unconcerned.

“You reminded me...” Fu Lingtian walked towards Ye Qingtang slowly and said. “Everything is no longer important. Today... I will kill you first!”

Then, the imposing air of the Second Heaven of Martial Qi Level Two spread in the room, which shrouded and trapped Ye Qingtang.

“Aren’t you very nimble? Go on and flee.” There was a cruelly playful expression on Fu Lingtian’s face.

“Senior Brother Fu, I’m wrong. Please spare my life...” Looking at the murderous Fu Lingtian, a strange look flashed across her eyes, though “fear” was etched on her face.

“Haha... It’s a pity that’s a little too late!” Fu Lingtian scoffed and immediately slammed a hand towards Ye Qingtang.

Fu Lingtian’s slap possessed a large force of primordial qi, which contained the air of destruction. Even a person at the First Heaven of Martial Qi Level Two would die without a doubt under this attack.

This girl brought so much trouble to him, and he already intended to kill her long ago. Thus, he no longer had any reservations using the skills of the Second Heaven of Martial Qi Level Two.

However...

*Boom.*

Ye Qingtang stretched a hand out and immediately stopped Fu Lingtian’s left palm.

In an instant, the “fear” on Ye Qingtang’s face faded, and her lips tugged up and formed into a devilish smile. “I was lying...”

“You!”

Fu Lingtian was astonished. There was the force of primordial qi around Ye Qingtang!

“Martial Qi Level Two... Second Heaven?!” Fu Lingtian was in utter disbelief.

Why was the attainment of this Ye Qingtang of Xuanling Sect the same as his in just a few hours?!

“You actually hid your skills as well!” Fu Lingtian clenched his teeth tightly. He naturally would not believe that Ye Qingtang just made a breakthrough, and he thought that she was also at the Second Heaven of Martial Qi Level Two but suppressed her skills as he did.

“Senior Brother Fu, how are you going to take my life now?” Ye Qingtang smiled.

Fu Lingtian was outraged, and the force of his primordial qi escalated to the maximum. He immediately broke free from Ye Qingtang’s restraint and turned around in an attempt to escape.

## **Chapter 445: Lying (2)**

“Senior Brother Fu, how are you going to take my life now?” Ye Qingtang smiled.

Fu Lingtian was outraged, and the force of his primordial qi escalated to the maximum. He immediately broke free from Ye Qingtang's hold and turned around in an attempt to escape.

Then, Fu Lingtian was already aware that Ye Qingtang was at Second Heaven of Martial Qi Level Two. Even if he could kill her, it would cause a stirring, and the Xuanling Sect people would definitely be alerted since this was Xuanling Sect's area of residence.

Ye Qingtang's speed was originally swift. Now, after breaking through to the Second Heaven of Martial Qi Level Two, her skills had increased multiple folds, and her speed was all the more incomparable to before. In the blink of an eye, Ye Qingtang had already blocked Fu Lingtian's way.

"Want to escape?" Ye Qingtang let out a cold laugh. "Just stay since you're already here."

Then, Ye Qingtang gathered all the force of her primordial qi into her fingers.

*Whiz!*

With the pointing of a finger, a piercing sound lingered in one's ears as though the air was still.

Fu Lingtian was startled after feeling the force of Ye Qingtang's one finger. He originally wanted to leave, but Ye Qingtang's finger was pointed very brilliantly as it sealed his route of retreat and rendered him to have no way of escape.

In a moment of desperation, Fu Lingtian launched a lousy attack, but the speed of Ye Qingtang's finger was too fast, and Fu Lingtian was too late.

*Boom!*

This finger fiercely landed on Fu Lingtian's chest.

In the next second, a shrill scream escaped Fu Lingtian's mouth. His entire body floated in the sky and was flung out of the room like a kite with a snapped string.

Ye Qingtang chased after, but before she attacked again, Elder Mo suddenly appeared.

"What audacity!" There was a cold glint twinkling in Elder Mo's eyes as he slammed his palm against Fu Lingtian.

"Ow!"

Fu Lingtian was already injured by Ye Qingtang and was now attacked by Elder Mo, who suddenly appeared. After sustaining another injury on top of his previous injuries, his face paled, and blood spurted out of his mouth.

"Young one, how dare you intrude into my Xuanling Sect's area of residence and attack my disciple in secret!" Elder Mo grabbed Fu Lingtian's collar, lifting him in midair.

Ye Qingtang had just advanced to Martial Qi Level Two not long ago, and Elder Mo had been guarding in the vicinity. After hearing some unusual noise from Ye Qingtang's room, Elder Mo immediately rushed over.

Very quickly, Elder Mo and Elder Lin appeared as well.

“Fu Lingtian from Qinglin Sect? What’s going on?” Elder Qin’s brows were tightly furrowed.

“This bastard intruded Qingtang’s room with evil designs,” Elder Mo said coldly.

“What?!” Elder Qin was shocked. Then, he shot a furious glare and pointed at Fu Lingtian. “How bold of you to do anything to satisfy your lust!”

Ye Qingtang’s lips twitched upon hearing that. He was here to kill her all right...

“Elder Qin... Fu Lingtian... is here to kill me.” Ye Qingtang explained.

Elder Qin was stunned and instantly understood the situation. Awkwardness filled his face.

“Elder Mo, you should speak more clearly. ‘Evil designs’ can cause misunderstanding.” Elder Qin coughed lightly to cover up his embarrassment.

Elder Mo did not bother with Elder Qin as he gripped Fu Lingtian’s throat. “Speak. Did Qinglin Sect instruct you to do this!”

Then, Fu Lingtian’s face was flushed, and he had difficulty in breathing.

“Are you not speaking?” Elder Mo’s expression darkened.

“Elder Mo, you’re strangling his throat. How is he to talk?” Elder Qin reminded.

“Humph!” Elder Mo lifted his right arm and threw Fu Lingtian on the floor.

“You all... This bunch of old things...” Fu Lingtian looked at the elders.

“Do you have a death wish!” Elder Mo was filled with murderous intent.

### **Chapter 446: Lying (3)**

“Hahahaha!” However, Fu Lingtian crackled in disdain. “I am a Yunxiao Sect disciple. Do you all dare to lay a finger on me?!”

*Yunxiao Sect?!*

Elder Lin was startled. “Aren’t you a Qinglin Sect disciple? How did you become a Yunxiao Sect disciple?!”

Yunxiao Sect was at its peak and was the rich and powerful sect. Their history could even be traced to thousands of years ago. They had a deep-seated background and was not what the three sects could compare to!

“Ha...” Fu Lingtian scoffed. “There are too many things you all don’t know. In the eyes of Yunxiao Sect, you all are merely a slaughterhouse.”

“If you don’t say it clearly, you will be torn into pieces tonight.” Elder Mo ordered coldly.

“Haha. How pitiful...” Fu Lingtian shook his head and continued. “Xuanling Sect, Qinglin Sect, Wind Moon Sect... these are all slaughterhouses to feed the spirit roots of Yunxiao Sect disciples. However, what can you do even if you all know about this?”

“You’re saying that Yunxiao Sect knows a technique to swallow spirit roots?” Elder Lin seemed to be deep in thought.

“Don’t b\*llsh\*t any longer. I advise you all to release me immediately. Otherwise, angering my Yunxiao Sect... your Xuanling Sect would definitely be exterminated!” Fu Lingtian said mightily.

“Exterminated...”

Then, a glint flashed in Ye Qingtang’s eyes.

Some past events that were almost forgotten floated in her mind immediately.

In her previous life, she had once cultivated in Xuanling Sect. A long time after leaving the sect, she happened to hear that Xuanling Sect was exterminated in a night...

The Grand Elder... Elder Mo... Elder Qin. All the higher-ups of Xuanling Sect were killed, and Xuanling Sect vanished from then on.

In her previous lifetime, Ye Qingtang did not have any feelings towards Xuanling Sect, and even when she heard rumors of Xuanling Sect’s extermination, she did not feel anything. Even more so, that period of time was almost forgotten...

However...

It was no longer the same after her rebirth.

Unknowingly, Xuanling Sect had found a way into her heart.

There were too many things that she could not break off from the sect.

Master Elder Mo, Elder Qin... those fellow disciples whom she was close to...

Thinking about it carefully now, the only force in the area which could wipe out Xuanling Sect without a sound was the powerful Yunxiao Sect!

“Hahaha... There are Yunxiao Sect disciples hiding in your Xuanling Sect as well.”

Ye Qingtang returned to her senses and heard Fu Lingtian.

“Who is it?!” Elder Mo roared sternly.

“Who is it?” Fu Lingtian scoffed. “So what if you all know? Could it be that you all dare to touch a Yunxiao Sect disciple?”

Fu Lingtian was aware that Yunxiao Sect would definitely not forgive him after he displayed his true skills. Now, he no longer had any fears, and, all the more, there was nothing he was afraid to say.

“If you don’t say it, I’ll take your life!” Elder Mo assumed a posture in preparation to attack.

“Wait!” Suddenly, Elder Lin walked forward and stopped Elder Mo.

“Elder Mo, we must investigate this matter clearly. If he really is a Yunxiao Sect disciple, we must not touch him at all!” Elder Lin said.

This time, Elder Qin agreed with Elder Lin. Fu Lingtian only said that he was a Yunxiao Sect disciple, but there was no concrete evidence. Moreover, this matter implicated too many things, and any decisions could only be made after investigating clearly.

“Alright. This matter cannot be delayed. I’ll bring him back to the sect first and report this matter to the Grand Elder and Sect Master!” Elder Mo said.

“Okay.” Ye Qingtang nodded her head in agreement.

Subsequently, Elder Mo grabbed Fu Lingtian and flew into the sky, disappearing without a trace.

### **Chapter 447: Worries (1)**

In the room, Ye Qingtang’s slightly furrowed brows never relaxed.

That day when Ye You and Fu Lingtian met, they vaguely mentioned that there was someone from Yunxiao Sect in Xuanling Sect, and Fu Lingtian mentioned this again today.

Ye Qingtang believed that this was definitely related to the extermination of Xuanling Sect in her previous life!

“Could it be that...” Ye Qingtang’s expression changed slightly.

Given Yunxiao Sect’s prestige, it would never allow a scandal to be brought to light...

If Xuanling Sect discovered that there was a Yunxiao Sect disciple hidden in the sect, Yunxiao Sect would definitely exterminate Xuanling Sect to prevent this matter from being revealed to the public!

In Ye Qingtang’s previous life, Xuanling Sect’s extermination happened about a few years later.

However, this time, because of Fu Lingtian, perhaps... it was accelerated...

If Fu Lingtian did not reveal his true cultivation level in the Three Sect Competition this year, he would not resent her so much to even intrude into her room and attempt to kill her.

After Fu Lingtian’s skills were exposed, Yunxiao Sect would definitely not let him off...

Suddenly, Ye Qingtang’s expression changed. Fu Lingtian deliberately saying that there was also a Yunxiao Sect disciple in Xuanling Sect... must be because he wanted to drag Xuanling Sect down!

Once Xuanling Sect found out who the hidden disciple was... Yunxiao Sect would definitely wipe out Xuanling Sect with wrath!

Yunxiao Sect was one of the influential sects at their peak in the Formidable Heavens Dynasty. To the three sects, it was a colossus—a heavenly mountain that was impossible to surmount.

In the room, Ye Qingtang’s brows frowned tightly. If everything developed according to her guesses, Xuanling Sect’s extermination was already accelerated unknowingly.

“I need to have my martial arts skills break through to Yin Yang True Lord. Otherwise... there’s no way it can be prevented...” Ye Qingtang shut her eyes and was deep in thought.

The so-called Yin Yang True Lord was the realm after Martial Qi Level Three.

Since ancient times, the martial way had been divided into ten realms.

Martial Qi Level One, Martial Qi Level Two, Martial Qi Level Three, Yin Yang True Lord, Arcane Supremacy, Heavenly Venerate, Paragon, Divine Lord, Divine Emperor, and Immortal Emperor!

On this extremely remote mainland, mighty figures at their peak were only at Yin Yang True Lord because of the backward martial culture and the insufficient spirit energy.

Any realm after Yin Yang True Lord had never appeared on this mainland since thousands of years ago.

This world was actually formed by a vast ocean and was coined as the mortal world.

In the primordial mortal world, there were no islands or land and only an ocean where the primordial human civilization lived at the bottom of the sea.

However, tens of thousands of years later, the primordial humans were tired of living in the sea and scattered sacred objects around the ocean, which formed into islands of different sizes.

After attaining the Paragon realm in her previous life, Ye Qingtang’s horizon was widened, and she knew a total of thousands of islands.

Every island was a mainland in the present day.

These islands were later divided into three big domains: Blue Sky Domain, Mixed Heavens Holy Domain, and Divine Venerate Domain.

Amongst the three, there were the least islands in Blue Sky Domain, and its martial culture could not be compared to that of Mixed Heavens Holy Domain and Divine Venerate Domain.

A hundred years later in her previous life, Ye Qingtang once headed to the Mixed Heavens Holy Domain and was shocked by its martial culture.

The skills of the most ordinary sect disciples in Mixed Heavens Holy Domain were far above that of a Yin Yang True Lord!

Even a high-level Arcane Supremacy was very common in Mixed Heavens Holy Domain.

To give an example, if any random ordinary sect disciple in Mixed Heavens Holy Domain came to this mainland, they could easily destroy a colossal Yunxiao Sect just by lifting a hand!

## **Chapter 448: Worries (2)**

As for Divine Venerate Domain, it was too far away from the Blue Sky Domain, and there were tempests surrounding it which even a mighty Paragon would be torn into pieces by the violent storm should they be slightly careless. Hence, Ye Qingtang never had the chance to take a look at that domain in her previous life.

Nevertheless, there were many legends about the Divine Venerate Domain.

It was said that the Divine Venerate Domain was the peak domain in the world. Hundreds of primordial clans were in it, and humans were the weakest forces.

Despite that, the martial skills of the weakest human clan disciple in the Divine Venerate... was at least... at a Paragon level!

Presently, Ye Qingtang was in the weakest and smallest domain out of the three big domains, Blue Sky Domain.

There were hundreds of islands in the Blue Sky Domain, and each island was a mainland. The bigger the island, the more flourishing the martial culture was.

The mainland that Ye Qingtang was in was only the tip of the iceberg on Blue Sky Domain. Relatively speaking, this mainland was extremely small, and its martial culture was immensely underdeveloped.

Martial Qi Level Three was almost the peak of one's martial skills on this mainland while the number of powerful figures at Yin Yang True Lord was so few that it could be counted with one hand.

The backward martial culture was closely related to the insufficient spirit energy on this mainland. In this thin spirit energy, it was already a miracle for Ye Qingtang to successively advance to the Second Heaven of Martial Qi Level Two in a night.

If Ye Qingtang wanted to prevent the extermination of the sect this time, her cultivation must at least reach the state of a Yin Yang True Lord...!

Yin Yang True Lord was the attainment after Martial Qi Level Three, and it was extremely rare for this mainland to have a cultivator of such attainment. It was simply unrealistic for Ye Qingtang to achieve it in a short amount of time.

.....

A long while later, Ye Qingtang opened her eyes and walked out from the memories of her previous life.

After her rebirth, she no longer had the powers of a Paragon, and the current her was only at Second Heaven of Martial Qi Level Two.

Stopping Yunxiao Sect with an attainment of Martial Qi Level Two was no different from a fantasy.

According to the knowledge from her previous life, almost all the higher-ups in the sect were killed when the sect was wiped out with all of them losing their lives in the battle... while most of those unyielding sect disciples who fought courageously were massacred by Yunxiao Sect...

“What must I do to change Xuanling Sect's fate...” Ye Qingtang sighed lightly.

There was a total of two dynasties on this mainland, which were Nine Nights Dynasty and Formidable Heavens Dynasty.

Sects like Xuanling Sect were rooted in the Formidable Heavens Dynasty, with Yunxiao Sect being one of the most powerful sects.

The Nine Nights Dynasty and Formidable Heavens Dynasty were arch enemies, and both had been in hundreds of battles with each other in the past thousand years. In the Formidable Heavens Dynasty, there were powerful forces which could compete with Yunxiao Sect, and one of them was the Falling Sky Valley.

Because of Ye You, Ye Qingtang was ultimately hunted down for her life by Yunxiao Sect in her previous life. There was nowhere to turn for help, and she was forced to hide in Nine Nights Dynasty, where she was rescued by the master of a valley division in Falling Sky Valley who was known as Perfected Xuanchen.

Yunxiao Sect did not dare to remain in the Nine Nights Dynasty for long or even more so fight with the Falling Sky Valley on Nine Nights Dynasty's territory and thus could only return.

From then on, Ye Qingtang remained in Falling Sky Valley.

Regardless of her previous or present life, Ye Qingtang's feelings towards Falling Sky Valley could not be cut off. Her Master, Perfected Xuanchen, as well as her senior brothers and sisters... and that dirty black dog behind the mountain which only knew how to speak the human language...

At this moment, Ye Qingtang was lost in her painful memories.

In the eruption of the war between Nine Nights Dynasty and Formidable Heavens Dynasty, the internal corruption of the Nine Nights Dynasty resulted in the Formidable Heavens Dynasty's great victory, where Yunxiao Sect and other influential sects charged into the Nine Nights Dynasty.

#### **Chapter 449: Spirit Life Flower (1)**

Because of the revelation of the Heart of the Demon God in her previous life, Ye Qingtang could only leave Xuanling Sect. Yet, Elder Lin, who heard the news a long time ago, ambushed her. If Yun Shu had not saved her, she would probably have died then.

After escaping from Elder Lin's hands, she concealed her true identity and stepped into Falling Sky Valley after many twists and turns.

In her previous life, she originally thought that she could settle down in Falling Sky Valley, yet...

In the eruption of the war between Nine Nights Dynasty and Formidable Heavens Dynasty, the internal corruption of the Nine Nights Dynasty resulted in the Formidable Heavens Dynasty's great victory, where Yunxiao Sect and other influential sects charged into the Nine Nights Dynasty.

In order to protect Ye Qingtang, Perfected Xuanchen was involved in a bloody battle with Yunxiao Sect and killed the Sect Master of Yunxiao Sect as well as several elders with his own force. However, because his energy was depleted, Ye You's sneak attack using the poison of a venomous insect was successful, and he was poisoned to death...

Ye Qingtang would never forget the scene where her fellow disciples fought with their lives...

That day became a hell with corpses laying all over!

A cold glint shot across Ye Qingtang's eyes, and the aura of her realm exuded around her. "I will... never let the tragedy repeat again! Be it Xuanling Sect... or Falling Sky Valley!"

With a *whiz*?, Ye Qingtang stood up.

After her rebirth, she was finally overflowing with desire for power. Only with power could she be able to change it!

Only by becoming stronger could she turn things around and fight with the heavens!

In her previous life, the heavens let her spirit root be stolen, let Nine Nights Dynasty be tragically defeated, and let Falling Sky Valley be annihilated because of the combined forces of influential sects!

Now that Ye Qingtang was reborn, how could she watch history's tragedy replay itself before her eyes!

If that was the case, what was the use of her rebirth?

What was the point of her living in the world?!

"I, Ye Qingtang, vow that from now on..." Ye Qingtang clenched her fists, and a cold glint shone in her eyes.

"If anyone blocks me, I will kill them! If gods hinder me, I will massacre them! If the heavens are heartless, I will go against the heavens!"

Everything in her heart was precious, and she would protect them from then on. Those who wanted to steal anything precious to her must become corpses under her feet!

Ye Qingtang stood up instantly. Primordial qi was exuded, and a pair of snow-white wings appeared behind her back.

While the spirit energy in Drifting Cloud Island was rich, she was already at Martial Qi Level Two, and the spirit energy on the island was very limited to the increment in her skills.

If she wanted to increase her skills as quickly as possible, she could only take the other path!

*Whiz!*

A piercing sound rang. Ye Qingtang flapped the huge wings behind her and flew towards the sky and into the clouds. In just the blink of an eye, there was no trace of her.

A mountain valley at the north of Formidable Heavens Dynasty.

Ye Qingtang was currently in the air as her snow-white wings flapped.

There was an open mountain valley below her where rivers intersected, and a dense forest surrounded it, making it seem like another world.

Ye Qingtang scanned that mountain valley, and her eyes flickered slightly.

There was a numinous treasure called the Spirit Life Flower in this mountain valley.

In the world, the number of items which could improve one's spirit root was very few.

However, not only could the Spirit Life Flower improve a cultivator's primordial qi, but it also had the benefit of cleansing one's spirit root.

As long as this Spirit Life Flower was used, even ordinary spirit roots could be improved. However, this Spirit Life Root was extremely rare. Thus, there was almost no method of improving one's spirit root in the world.

In her previous life, Ye Qingtang once heard that Ye You somehow gained news that there was an immature Spirit Life Flower here and ordered one of her trusted subordinates to guard here. Once the Spirit Life Flower was ripe, it was to be plucked and brought back to Ye You to improve her spirit root.

## **Chapter 450: Spirit Life Flower (2)**

This Spirit Life Flower was effective in improving even ordinary spirit roots, and for Ye Qingtang's current spirit root, it would only be better.

Presently, she had to obtain both this Spirit Life Flower and the Black Heaven Water.

However, the Yunxiao Sect disciple guarding the Spirit Life Flower here was rather skilled as well. Although Ye Qingtang knew it, she initially did not intend to take a risk and snatch it.

Yet, she was forced by the situation. She faintly sensed a hint of danger from the revelation of Fu Lingtian's identity. She had to increase the realm of her martial skills in the shortest time possible. Otherwise, all her lofty sentiment and soaring determination would be nothing but empty talk.

Between the clouds, Ye Qingtang looked at the area in the mountain valley which was the most abundant in spirit energy.

A male who looked below thirty was guarding near a huge rock where the Spirit Life Flower was growing at the top of the rock.

According to Ye Qingtang's observations, the Spirit Life Flower was already ripe, and the man had not plucked it probably because he felt that the effects would be better if it was a little riper.

Ye Qingtang scanned that man whose cultivation was about Martial Qi Level Three.

Given Ye Qingtang's Second Heaven of Martial Qi Level Two, it was a little too unrealistic to snatch the Spirit Life Flower away from someone at Martial Qi Level Three.

Over the past two days, Ye Qingtang had remained here all along and did not return to Xuanling Sect. The Spirit Life Flower was extremely effective to her. Before Xuanling Sect's mystic realm started, the Spirit Life Flower was the only method she could think of which would raise her skills by the greatest extent. As the level of her skills moved higher, the speed of her improvement in skills would slow down. Ye Qingtang did not wish to miss this chance.

However, that Yunxiao Sect disciple guarded by the rock over the past two days and never left a step, which made it hard for Ye Qingtang to make a move.

If she stole it up-front, she was not an opponent of that Martial Qi Level Three person given her current skills, and she would never do anything she had no confidence in.

Nevertheless, Ye Qingtang never wasted any time while waiting for the opportunity as she consolidated her cultivation level in the clouds.

Even in the earliest hours of the third morning, Ye Qingtang's eyes flickered as she looked straight ahead.

Then, a middle-aged man about forty years old walked towards the direction of Ye Qingtang.

"Tsk tsk tsk... My luck is really good... There's actually such a beauty here in the wild." The middle-aged man looked at Ye Qingtang with a sinister laugh.

Ye Qingtang glimpsed at the middle-aged man before her and was stunned.

*Yi Tianchou?!*

Yi Tianchou was the number nine on the sect's Assassination Roll. He committed countless wrongdoings in his life and liked to seek pleasure with girls from sects. It was said that Yi Tianchou once intruded the residence of a prince in the Formidable Heavens Imperial City and tainted one of the princesses in the night...

From then on, not only were sects after his life, even the Formidable Heavens Dynasty listed him as a wanted criminal where one would be heavily rewarded for bringing Yi Tianchou's head.

There were portraits of everyone on the Assassination Roll, and Ye Qingtang saw the face of Yi Tianchou in Xuanling Sect's Assassination Roll gallery and thus recognized him instantly.

"Heh heh... girl doll... what are you doing here?" Yi Tianchou walked to Ye Qingtang's side and beamed.

Ye Qingtang frowned slightly and looked at Yi Tianchou, who was harboring evil intentions. A glint flashed across her eyes suddenly as she immediately put on a frail expression and looked at him rather nervously.

"I... I'm a Xuanling Sect disciple. I was training outside... and was injured by a demonic beast... I've not yet recovered now..."
