

Chapter 871 Divine Supreme Dharma Treasure

Perfected Gu Yun laughed coldly. The Sealed Sky Formation of the Supreme Academy was terrifying, but it was not unbreakable to him.

“Hahaha, Perfected Gu Yun, I have never expected that you would end up like this one day!”

Suddenly, Gu Tianhe, Li Bingxue, and Feng Wudang walked out from the dark slowly.

“Students of the Supreme Academy...”

Perfected Gu Yun’s eyes were filled with coldness when he saw the three people.

“How dare you betray the elder prince!” Perfected Gu Yun shouted coldly.

The three of them were stunned upon hearing Perfected Gu Yun’s words. Their faces were full of confusion. Was Perfected Gu Yun mad? What nonsense was he talking about?!

“What a joke. You’re just a Ling Yan’s servant. You know you’re going to die here today, and that’s why you start to talk nonsense!” Feng Wudang laughed coldly.

“Don’t bother to talk to him!” Li Bingxue said.

“You will all be dead when I break out of the formation.” Perfected Gu Yun shouted in anger.

Without giving any chance for the three people to speak, Perfected Gu Yun started to punch the Sealed Sky Formation that trapped him.

Boom!

Boom!

Boom, boom!!

Deafening sounds were heard continuously. It seemed that even the sky and the earth were going to break under Perfected Gu Yun’s punches.

Cracks appeared on the Sealed Sky Formation very soon under his punches.

The three people had different expressions slightly upon seeing that.

Perfected Gu Yun was indeed at the Divine Arcane Supremacy level. The Sealed Sky Formation that was set up by their level of cultivation would be broken into pieces by Perfected Gu Yun’s punches easily if they were outside this mainland.

It was lucky that the spirit energy on this mainland was not enough, which limited Perfected Gu Yun’s true martial ability. If not, they would definitely be dead after provoking Perfected Gu Yun!

“Hahahaha! Perfected Gu Yun, I’m advising you to stop wasting your energy and not struggle to escape here. The regenerating power of the Sealed Sky Formation is very strong. It’s useless unless you can break it instantly!” Feng Wudang sneered and said as he stared at Perfected Gu Yun, who punched continuously.

The cracks that were created by Perfected Gu Yun's punches were recovering with noticeable speed. It seemed that the Sealed Sky Formation had not gone through any serious attack.

Perfected Gu Yun knew about the Sealed Sky Formation and stopped his movement.

In the darkness of the forest at the same time...

Two young men were observing the situation in front of them, and they frowned heavily.

"People of the Supreme Academy..." one of the men said.

"Perfected Gu Yun is trapped inside the Sealed Sky Formation?" the other man said.

"Humph, we were never in good terms with the Supreme Academy. Should we kill them all? They should have acquired a lot of good stuff from the Dragon Vein!"

"We should wait till they use up their energy!"

The two people were students of the Divine Virtual Academy in the Central Mainland. Around ten of them entered the Dragon Vein this time.

The Divine Virtual Academy and the Supreme Academy were in conflicts over the past hundreds of years. Whenever the students of the two academies met, they would use their swords to fight each other. One misspoken word might lead to a fight that determined one's survival.

"You little bastards! You will be dead today." A glint of cold light flashed across Perfected Gu Yun's eyes. He then took out a gold square seal from his space ring.

"Heaven Tremor Seal?! Divine Arcane Supremacy Dharma treasure!"

Gu Tianhe and Li Bingxue were shocked when they saw the square seal in Perfected Gu Yun's hands.

Chapter 872 Great Enemy

The Dharma treasure was matched with different cultivation levels, such as the Yin Yang Perfected Lord Dharma treasure, Arcane Supremacy Dharma treasure, and Heavenly Venerate Dharma treasure.

Every Dharma treasure was extremely precious, and the Arcane Supremacy Dharma treasures were very rare. Li Bingxue and Gu Tianhe had never heard of the Heavenly Venerate Dharma treasure at all. There might be a few in the entire Central Mainland.

The square seal that Perfected Gu Yun was holding was called the Heaven Tremor Seal. According to the rumors, one of the powerful inhumans was killed and taken back by humans when the inhuman race attacked the first domain in the past. The seal was equivalent to the second stage of the Arcane Supremacy Dharma treasure. It was extremely powerful!

Though the spirit energy was limited on this mainland, which restrained cultivators' abilities, that only applied to cultivators. The Dharma treasure still worked, and their power was not influenced at all!

The three of them were all stunned when Perfected Gu Yun took out the Divine Supreme Dharma treasure. An ominous feeling arose in their hearts.

"Break!"

Perfected Gu Yun shouted coldly.

The Heaven Tremor Seal rose at the next second and radiated dazzling lusters. It hit the Sealed Sky Formation at the next instant.

Crack! Crack!

Broken sounds arose in the mid-air, and golden rays of light fell from the sky like golden rain.

“SH*T!” Gu Tianhe was shocked. The Heaven Tremor Seal’s one hit was able to break the Sealed Sky Formation...

“Don’t panic! The Heaven Tremor Seal is a Divine Supreme Dharma treasure. His ability is suppressed at the Yin Yang Perfected Lord level on this mainland. Based on his current ability, his power will be drawn from his body every time he uses the Dharma treasure. He will not be able to use that many times!” Feng Wudang frowned and said.

Li Bingxue and Gu Tianhe’s expressions were slightly better after they heard Feng Wudang’s words.

As Feng Wudang had said, the Divine Arcane Supreme Dharma treasure was equivalent to one at the Divine Arcane Supremacy. One could only use the Heaven Tremor Seal perfectly with the Divine Arcane Supremacy’s ability.

Perfected Gu Yun was an Arcane Supremacy, but his martial ability was suppressed heavily on this mainland. His fighting ability was only at the Yin Yang Perfected Lord level!

As a Yin Yang Perfected Lord, how many times could he use the Divine Supreme Dharma treasure?!

“Young people, I want you dead!”

Perfected Gu Yun finally escaped from the Sealed Sky Formation. His sinister eyes swept across the three people.

The students of the Supreme Academy had just entered the Arcane Supremacy level not long ago. They were just normal Virtual Arcane Supremacies. They were like ants in his eyes.

However, the ants pushed him to such an extent that he had to exhaust almost half of his energy to use the Heaven Tremor Seal!

“Perfected Gu Yun, based on your current ability, you can use the Heaven Tremor Seal at most three times! You used it one time just now, and you are left with two more times. If you use it by force again, your energy will be totally depleted, and you will be dead by then!” Feng Wudang shouted harshly.

“Perfected Gu Yun, we have four people here, but you are only left with two times to use the Heaven Tremor Seal. We will use two of our lives in exchange for your life!” Gu Tianhe said.

Swoosh!

Perfected Gu Yun did not reply. Instead, he reached in front of Feng Wudang instantly. Before the rest knew what happened, Perfected Gu Yun punched towards Feng Wudang.

Chapter 873 Gap

No one could see clearly how Perfected Gu Yun attacked, and even Ye Qingtang merely saw the track of his punch.

Nonetheless, in the next second, a loud thunderous boom erupted. Feng Wudang, pale, was hurled away before crashing at a far place like a kite with a snapped string.

Puff!

Feng Wudang spat a mouthful of blood after landing on the ground.

Very quickly, Perfected Gu Yun placed the Dharma treasure back in his space ring before sweeping a glance at everyone as though he was looking at ants. He said coldly, "Do I still need to use the Heaven Tremor Seal the second time to deal with you all?"

"You!" As though she was facing a strong enemy, Li Bingxue immediately unsheathed her sword with a sharp sound.

"Junior Sister Ye, Senior Sister Ye, let's join forces and fight it out with Perfected Gu Yun!" Gu Tianhe looked at Ye Qingtang and Li Bingxue individually.

Even if Perfected Gu Yun's skills were repressed to the Yin Yang Perfected Lord realm in this mainland, they could not be compared to Perfected Gu Yun in any aspect even though they were all at the Yin Yang Perfected Lord realm as well.

In these past few days, Ye Qingtang's body had completely used up the spirit energy in the Glazed Cup, and her martial realm was stabilized at the Yin Yang Perfected Lord Third Heaven, yet it was still too far away compared to Perfected Gu Yun.

For Li Bingxue and Gu Tianhe, they currently only had the combat power of a Yin Yang Perfected Lord Fourth Heaven.

Meanwhile, Perfected Gu Yun was at the Divine Arcane Supremacy realm in the Central Mainland, and although his martial skills were severely repressed, he still had the combat power of a Yin Yang Perfected Lord Sixth Heaven!

Currently, even if Ye Qingtang, Li Bingxue, and Gu Tianhe joined forces, there was no possibility of winning given the overly-huge gap between them and Perfected Gu Yun.

Ye Qingtang could not help but find it a pity. If Perfected Gu Yun did not have the Heaven Tremor Seal, a Divine Arcane Supremacy Dharma treasure, it was impossible for him to break the Sealed Sky Formation, which was equivalent to a definite death...

That way, Ye Qingtang's Spirit Ring could be saved. However, the current circumstances were completely beyond control, and the Spirit Ring was Ye Qingtang's last hidden card.

Ye Qingtang had an extremely solemn expression. According to what Ling Yan had said, the Spirit Ring could only be used once, and she had to achieve a kill within a shot. Otherwise... she, Li Bingxue, and Gu Tianhe would definitely die today!

"Lowly dog, I want your life!"

An extremely frightening martial aura exploded from Li Bingxue. She turned into a passing shadow, and she slashed her sword towards Perfected Gu Yun.

Noticing the situation, Gu Tianhe launched a killing move as well and fought Perfected Gu Yun with his life.

The two people were not foolish and naturally understood that if they did not fight it out with Perfected Gu Yun today, they probably would not have any more chance to do it again.

Perfected Gu Yun's skills were much more powerful than theirs, and even if they fled, it was simply impossible for them to escape from Perfected Gu Yun's hands.

If they did not go all out, they would definitely die, but if they did, perhaps there was still a possibility of survival!

However, Ye Qingtang remained far away and did not join forces with Li Bingxue and Gu Tianhe. Instead, she continuously changed her angle and position in search of the best opportunity.

Ye Qingtang was aware that she only had one chance and that the outcome would be disastrous if she failed this time!

Boom!

Pow!

Before long, Perfected Gu Yun struck a fist and a palm out at the same time. Li Bingxue and Gu Tianhe, who were no match for Perfected Gu Yun, were flung far away from the impact successively.

"Die!"

With a stern shout, Perfected Gu Yun grabbed Gu Tianhe's body and wanted to tear Gu Tianhe into pieces with unparalleled brute force.

A miserable cry escaped Gu Tianhe's mouth.

Chapter 874 Frightening Skills

Li Bingxue shuddered upon witnessing the sight, and a trace of fear finally emerged on her exquisite face.

Perfected Gu Yun's skills were too powerful, and even if they joined forces, they still had no chance of winning. This match would definitely end with their death...

From the moment they decided to attack Perfected Gu Yun, perhaps their outcome was already decided!

"Ah..."

The miserable cries persisted, and Gu Tianhe's body seemed to be about to be torn into pieces.

"How's it? This isn't a good feeling, isn't it?" Perfected Gu Yun scoffed. "However, don't be afraid, I will not let you die so easily. I will let you enjoy this painful process well."

From aside, there were still blood stains on the corners Li Bingxue's lips as despair filled her heart.

"Kill me... Quickly... kill me!" Gu Tianhe could no longer bear this pain and was only thinking of seeking death.

"I will... fight it out with you!" At this instant, an icy aura exploded from Feng Wudang, who was previously hurled away by Perfected Gu Yun, and he flew to Perfected Gu Yun's side immediately.

Hearing that, Perfected Gu Yun shot a look at Feng Wudang indifferently as a scorn hung on his lips. Then, he used his imposing manner and immediately hurled Feng Wudang away from the impact.

"Alright, I'll send you all off. There's no need to thank me for my compassion," Perfected Gu Yun said, and the strength in his hands increased all of a sudden.

However...

At this moment.

Swoosh!

A deafening sound reverberated in the surroundings. It was as though it was the very first sound that exploded when the universe was first created, shaking one's mind.

Perfected Gu Yun's expression changed immediately when he heard the sound, and almost instinctively, he turned around to look behind immediately.

However, just as he was turning around, a black ray of light that could hardly be seen with the naked eye condensed into that of a thin thread. Its speed was extremely fast, and it appeared in Perfected Gu Yun's sight in the blink of an eye.

Puff!

Under Li Bingxue and Feng Wudang's shocked gaze, that black ray of light pierced through Perfected Gu Yun's glabella in an instant.

In the next second, a mix of red and white unknown liquids gradually flowed out of the hole in Perfected Gu Yun's pierced skull.

Perfected Gu Yun widened his eyes in disbelief. He followed the trajectory of the black ray of light and looked towards Ye Qingtang, who was standing far away.

In at most a few breaths, Perfected Gu Yun staggered, and the ground was stained into a strange, demonic red by the blood.

Boom!

Before long, Perfected Gu Yun's body collapsed on the ground squarely. After twitching for a while, he no longer had any movement and died at the scene.

"This..."

Li Bingxue and Feng Wudang exchanged a look and instinctively looked at Ye Qingtang.

“Senior... Senior Sister Ye... is actually this powerful?!” Shock filled Feng Wudang’s face.

“Lie... It’s a lie, isn’t it! How did she do it?! That is Perfected Gu Yun...” Li Bingxue’s mouth was agape.

Ye Qingtang was a distance away from Li Bingxue and Feng Wudang. Hence, they naturally did not know that Ye Qingtang was rubbing the plain-looking ring on her finger and thought that Ye Qingtang slaughtered Perfected Gu Yun with her own skills.

It was not just that. In a corner in the forest.

The two students from Divine Virtual Academy stared in bewilderment.

Since when did Supreme Academy produce such a scary student?!

Even that well-known Perfected Gu Yun was so easily killed by her?!

Chapter 875 Gains

“Quickly leave. If that woman from the Supreme Academy discovers us...”

One of the males’ forehead was beaded in cold sweat.

The Supreme Academy and Divine Virtual Academy were like ice and fire. Whenever the students from these two academies met, their eyes would be blazed with hatred, and they would beat each other to death.

Initially, they planned to hide in the dark and reap the spoils of the fight without lifting a finger, yet looking at it now, they should just forget about it.

The two people then retreated cautiously.

“How are your injuries?”

Very quickly, Ye Qingtang walked forward and looked at the three people.

Among them, Gu Tianhe’s injuries were the most serious.

“Still... alright,” Gu Tianhe said between large pants.

“Senior Sister Ye... you... you are too amazing...” Feng Wudang looked at Ye Qingtang with reverence. Earlier on, he originally thought that there was no hope left, but who knew that Ye Qingtang would kill Perfected Gu Yun with just a move?

Ye Qingtang could not be bothered to explain anything either. She walked to Perfected Gu Yun’s side swiftly. She searched his body and found a few bottles of elixirs.

“Consume it.”

Ye Qingtang immediately took three sacred healing elixirs and tossed one to three of them each.

The three people consumed the elixirs immediately with gratitude.

This sacred healing elixir was carried by powerful figures of the Divine Arcane Supremacy realm. Thus, its effects definitely could not be compared to that of her own healing elixirs.

Subsequently, Ye Qingtang took Perfected Gu Yun's space ring without a sound and kept it.

The space ring of a Divine Arcane Supremacy...

With just a casual thought, one would know that there was definitely shocking wealth in it. From just what Ye Qingtang knew, there was a Heaven Tremor Seal Dharma treasure, which was of a Divine Arcane Supremacy level!

"Senior Sister Ye... Perfected Gu Yun's head..." Feng Wudang smiled at Ye Qingtang.

Currently, Perfected Gu Yun's space ring disappeared, which meant that Ye Qingtang must have taken it. Perfected Gu Yun was singlehandedly killed by Ye Qingtang, and they naturally had no objections. However, Perfected Gu Yun's head had some temptation to them.

A large reason as to why the three of them were willing to take a risk was also because they wanted to obtain Perfected Gu Yun's head.

Immediately, Li Bingxue and Gu Tianhe looked at Ye Qingtang with desire as well.

Ye Qingtang pretended to be deep in thought and subsequently acted as though she was very reluctant. "Alright, Perfected Gu Yun's head is all yours."

The three of them were extremely excited upon hearing Ye Qingtang's words.

"Haha, Thank you! Thank you so much, Senior Sister Ye!!" Feng Wudang hurriedly thanked with cupped fists.

"Senior Sister Ye is the best!" Li Bingxue had a delighted expression.

Swiftly, Gu Tianhe stepped forward and beheaded Perfected Gu Yun before storing it in his space ring

At this moment, the three people were gathered together as they discussed how to obtain the greatest benefit from this head after they left the Dragon Vein.

On the other hand, Ye Qingtang stood aside and took out Perfected Gu Yun's space ring.

However, this space ring was sealed by a powerful mental seal of a Divine Arcane Supremacy. Given Ye Qingtang's current abilities, it was not realistic and almost impossible to break the mental seal of a Divine Arcane Supremacy and open this space ring.

Yet, the more it was so, the more curious was Ye Qingtang. What kind of immense wealth was there in the space ring of a Divine Arcane Supremacy!

Just a Heaven Tremor Seal at the Divine Arcane Supremacy level was already priceless!

Chapter 876 In the Name of the Demon God

Ye Qingtang held Perfected Gu Yun's space ring in her hand. She frowned and immersed herself in her thoughts.

The value of the space ring was unmeasurable. However, if she could not open it now, it was considered useless.

If she wanted to open Perfected Gu Yun's space ring, she must enter the second stage of the Arcane Supremacy, which was the Divine Arcane Supremacy, and use the same mental power to destroy Perfected Gu Yun's mental power. Otherwise, it was impossible.

"Maybe Ling Yan can figure out a way..." Ye Qingtang murmured.

...

At the peak of a snowy mountain at the same

time...

Ling Yan was in deep thought as he saw a plant that wilted in a short period of time in front of him.

"Han Cangming..."

A luster flashed across Ling Yan's eyes after a long while.

What a familiar but unfamiliar name...

"Hahaha, Ling Yan, it's been a long time!"

An elder's voice suddenly came from a far place.

Ling Yan looked forward instantly.

An elder slowly walked closer with a silver wolf.

If Ye Qingtang was present, she would be surprised by the identity of the elder. He was Master Du, who was missing for a long period of time!

"You're here." Ling Yan smiled and looked at Master Du.

"Haha, I have been here for quite a while," Master Du said and walked towards Ling Yan.

However, astonishment appeared in the silver wolf's malicious eyes when its eyes landed on Ling Yan. It sniffed Ling Yan continuously with its nose.

"Ling Yan, do you recognize this silver wolf?" Master Du smiled and asked.

Ling Yan smiled and shook his head, but he did not reply.

"The silver wolf was transformed by the Demon God, Han Cangming," Master Du said meaningfully.

"Well... Everyone knows the power of the Demon God hundreds of years ago. He was one of the top three strongest people together with the Fiend Honor and Human Emperor. However, everyone thought that the Fiend Honor was a fiend, that the Human Emperor was a human, and that the Demon God was a demon... Ling Yan, do you think the Demon God was transformed from a real demon?" Master Du added.

“Blossom takes a hundred years, and wilt takes another hundred years... He could be a human before the hundred years of blossom and could have become a demon after the hundred years of wilt... None of these matter in this world.” Ling Yan smiled and replied.

“Hahaha Ling Yan, you still like to say such mysterious stuff that other people do not understand. You should know that the Demon God was called by this name just because he had the intelligence of a demon. No one could compare with him. Even the strongest among the three, Heavenly Emperor, was tricked by the Demon God... However, why does the Demon God not have the intelligence anymore today after hundreds of years... Why does he loses his feelings and emotions and only exists as a person with insane martial ability?” Master Du shook his head and said.

“Is it? Then that’s strange.” Ling Yan smiled.

“The Demon God back then was less powerful than the Heavenly Emperor, but he was never at a disadvantage when facing the Heavenly Emperor. During the war at the Eternal Peach Garden, the Demon God was surrounded by thirty thousand people. It was supposed to be a deadly situation, but a few of his casual sentences made the three thousand people, including the Heavenly Emperor, not dare to attack. The Demon God left the place with a sinister smile under everyone’s gaze... By coincidence, I was there as well...” As Master Du was speaking, his eyes constantly sized up Ling Yan.

However, it seemed that Ling Yan was listening to someone else. He showed no emotion or reaction.

“Ling Yan... Don’t you think that it’s strange? The Demon God back then could see through people’s hearts, and he could turn around a deadly situation with a few sentences. Hang Cangming was incredibly striking. How come the Demon God now only keeps the martial ability back then... All his emotions and intelligence is missing, and he is only left with an emotionless body?” Master Du said.

Chapter 877 A Striking Plan

“So, what do you want to say?” Ling Yan finally spoke after a long time.

Master Du shook his head and said, “Nothing. I just feel that... The Demon God’s soul was gone long ago. Based on your intelligence, can you figure out where his soul and mind are now?”

“Everything is based on your assumptions now, right?” Ling Yan smiled and said.

“Right. Those are all my assumptions, and I think I can continue to presume. Ling Yan, do you think that the Demon God knew about his death tribulation from the Heavenly Emperor and pulled his heart and soul out of the body using his demonic intelligence? He then became another person and left his martial talents and ability in that body... The death tribulation would only look for that body. No one could ever imagine that the Demon God’s soul and heart would be reborn in a normal human, who would carry the Demon God’s memory. He hid in the dark to fight against the heavens and his destiny...” Master Du said.

“Hehe... You have a wild imagination. So, based on what you have said, the Demon God not only schemed his destiny but also himself.” Ling Yan chuckled and said.

“That’s right. The Demon God did not absorb his own power and left the body as the Heavenly Dao might discover his plan. If my assumptions were correct, I have to say that I really admire him... The Demon God abandoned his martial talent and ability and became a useless person who could not cultivate after he was reborn... Just like you.” Master Du said.

“So, you’re saying that I’m useless.” Ling Yan replied, but he did not seem to be offended.

“Haha, Ling Yan, I’m just telling the truth. Based on your martial ability, any cultivator from the Central Mainland can kill you easily,” Master Du said.

Before Ling Yan continued to talk, Master Du suddenly stared at Ling Yan seriously and said, “Ling Yan, even if you’re given the power that can turn over the entire world, you will not accept it. Besides lacking martial talent, you’re afraid that destiny may sense your presence... You’re the true Demon God, and Han Cangming was just a body. He does not have much thinking, no emotions, and he can only execute actions based on right or wrong... Even the name Han Cangming belongs to you, right?”

Master Du did not give Ling Yan any chance to reply as he continued. “The Demon God knew something from the Heavenly Emperor, and he started to plan and scheme everything using his one and only demonic intelligence. He even treated himself as the chess piece just to trick his destiny. He pulled out his soul and heart and was reborn with entire memory, Eventually, he became the third prince of the Eternal Dynasty. The name Han Cangming was the past tense. He was reborn as Ling Yan now... However, his body continued to live in this world with the identity as the Demon God. No one knows that the Demon God now does not have feelings, emotions, and thoughts. He can only live with instincts. The real Demon God manages to trick everyone with his intelligence and plans everything in the darkness... Everything is under his control.”

After a long time, Ling Yan smiled and said, “Interesting. It seems like it’s true that the dragon’s intelligence is above everyone else. I almost believed your story as well.”

Chapter 878 Inheritance of the Divine Phoenix

“Shed off your human skin,” Ling Yan said after a while.

As Ling Yan finished his words, a strange smile appeared on Master Du’s face. His entire body transformed into a layer of skin, and an azure little dragon walked out of the skin slowly.

“You told me that there was a place with Dragon Vein that belonged to my clan on this piece of mainland back then. You asked me to hide here and it has been so many years.” The little azure dragon stared at Ling Yan in discontentment.

“You belong to the dragon clan, one of the four Fiendcelestial Beasts, and only you can sense the presence of the Dragon Vein. You can also ignore the existence of the Dimension Wall.” Ling Yan smiled and said.

“Humph! I’m the great Fiendcelestial Beast with supreme intelligence. I was schemed by you previously... If not, how could I sign a contract with a useless person like you.” The little azure dragon scoffed coldly.

Ling Yan asked the little azure dragon to enter the mainland secretly back then. The little azure dragon then disguised as the refining master and searched for the Dragon Vein.

“However... If you’re the real Demon God, I will feel more balanced with the contract signed. Can’t you admit it to me?” The little azure dragon begged.

Ling Yan smiled and shook his head.

“Ling Yan, I don’t believe that my assumptions are wrong!” The little azure dragon refused to accept that it was wrong.

It suspected Ling Yan’s identity long ago. However, by coincidence, the Demon God, Han Cangming, transformed into a silver wolf and followed Ye Qingtang.

Based on the little azure dragon’s observation, Han Cangming had incredible martial ability and now functioned with little thoughts. He was still an empty body that contained energy. He could not even be called as a complete human!

“So, based on what you have said, the Demon God, Han Cangming, is the same person as me?” Ling Yan said.

“Wrong! Han Cangming was your name. Even the Demon God now was your body! You can trick everyone besides me. I belong to the azure dragon clan. We’re the most intelligent ones among all the demonic beasts... Of course, we’re slightly less intelligent than you. Slightly!” The little azure dragon shook its head and said.

“Nonsense. Don’t think about these things anymore. I’m Ling Yan, not the Demon God,” Ling Yan said.

“It’s okay if you don’t want to admit it. They were just my assumptions,” the little azure dragon said.

“Then I think it’s better for you to not presume things in the future.” Ling Yan stared at the little azure dragon meaningfully.

“Talk about the Dragon Vein,” Ling Yan said seriously after a short while.

“The Dragon Vein here is totally different from the one described in the rumors. One of the strong azure dragons in my clan fell in love with the Divine Phoenix. However, they encountered the Heavenly Demon, and that resulted in an epic war. The True Dragon and the Divine Phoenix fought together against the Heavenly Demon. Eventually, all three of them were dead and fell here.” The little azure dragon contemplated for a while and said.

“Furthermore, the white tiger beside Ye Qingtang knew about my true identity long ago. It just did not expose me. Why do you want me to lead Ye Qingtang to the Dragon Vein?” The little azure dragon was confused.

“Miss Ye is my best friend... I think the inheritance of Divine Phoenix in the Dragon Vein is suitable for her,” Ling Yan said.

“What?! Do you know how rare and precious the inheritance of Divine Phoenix is? Now you want to give it to her?! Giving it to me will be better than giving it to her! Are you humane? I treated you wholeheartedly all the time!” The little azure dragon’s face was filled with astonishment.

Ling Yan was not angry after hearing its words. He just smiled and said, “We’ll share the inheritance of the True Dragon. I don’t think that you’re suitable for the inheritance of the Divine Phoenix.”

Chapter 879 The Azure Dragon (1)

The little azure dragon was in thought. It then looked towards Ling Yan and asked in disbelief, “You’re really willing to share half of the Inheritance of the True Dragon with me just for her?”

The little azure dragon was clearly aware of how precious the inheritance of the Dragon Vein was to Ling Yan. However...

"It'll just be a possession in my life that I can't take away with me if I'm dead. It doesn't matter if I share half of it with you." Ling Yan smiled and said.

"That's not what you said previously. I'm curious. If you were the Demon God, what kind of death calamity would make you leave your body and be reborn with your soul and memories... It's not the Heavenly Emperor who caused the death calamity right..." The little azure dragon asked meaningfully.

Thirty thousand people and the Heavenly Emperor could not do anything to the Demon God. The Demon God left under everyone's gaze. Thus, based on its assumption, the Demon God was definitely not afraid of the Heavenly Emperor. However, if it was not the Heavenly Emperor, who else could force the intelligent Demon God to the standard that he needed to come out with such a plan?!

The azure dragons possessed demonic intelligence. However, he had no clue about that.

"I think you are less smart than the white tiger beside Miss Ye." Ling Yan smiled and shook his head as he stared at how confused the azure dragon was.

"What did you say?!" The azure dragon shouted in a rage after hearing Ling Yan's words.

"It just has thicker skin than me. It's not smart! I guess that it's guided by someone else, but I presume everything by myself. It's a totally different case!"

Ling Yan just smiled gently but did not say anything

"Let's leave. I get irritated whenever I see it." The little azure dragon stared at the silver wolf beside Ling Yan and said.

"ARH-W000000!"

However, the silver wolf suddenly gained courage and gnashed its teeth at the little azure dragon.

"Oh... that's interesting. The silver wolf that was formed from the demonic air seems to be very close to you, Ling Yan..." The little azure dragon said and stared at Ling Yan meaningfully.

"Aren't you very close to me as well?" Ling Yan said.

"Pfft!" the little azure dragon scoffed and was about to grab the tail of the silver wolf and leave.

"ARH-W000000!"

However, the silver wolf was getting fiercer and was not willing to leave.

"You... Is this a dog's nature when it sees its master?! Forget about it. You can wait for your death here!" The little azure dragon scoffed.

The little azure dragon then put on its human skin, disguising itself as Master Du, and left.

In the Dragon Vein at the same time, Li Bingxue and the rest left earlier as they had something else to deal with. After the three people left, the little white tiger suddenly probed its head out and looked

towards the distant place. "F*ck! No wonder I could sense the breath of the Fiendcelestial Beast on that old man... I did not expect that it would be an azure dragon."

"What azure dragon?!"

Ye Qingtang, who was observing the space ring, suddenly asked.

"Nothing, I was just saying that there's an azure dragon in the Dragon Vein," the little white tiger said.

"A dead one?" Ye Qingtang was curious.

"Alive..." The little white tiger explained.

"How old is the azure dragon?" Ye Qingtang asked again.

"Also at its infant stage," the little white tiger said.

Ye Qingtang's eyes suddenly sparkled, and she said, "Little azure dragon... Little white, do you think we should..."

"Are you going to ask me to catch the azure dragon... and sign a contract with it as well?!" The little white tiger's face was filled with astonishment.

Ye Qingtang nodded immediately. Though she had a little lightning dragon, the lightning dragon was totally incomparable with an azure dragon. The lightning dragon belonged to a normal dragon clan, but the azure dragon was one of the four Fiendcelestial Beasts!

If she could get the azure dragon, she would possess one more Fiendcelestial Beast!

Chapter 880 The Azure Dragon (2)

"No!" After knowing Ye Qingtang's plan, the little white tiger shook its head continuously.

"The azure dragon's intelligence is the top among the Fiendcelestial Beasts and the best in millions of demonic beasts... I don't think it's a good idea to catch it. It'll be a waste of time, and we may be killed by it... Though it's at its infant stage, we're not sure whether we can beat it. Furthermore, my clan has always been on good terms with azure dragons. You asked me to help you to catch it... What if it's leaked out... How am I supposed to live in this world? All demonic beasts will look down on me, and all Fiendcelestial Beast will treat me as a shame!" the little white tiger said seriously.

If it really did something like that, not only would its clan of Fiendcelestial Beast blame it, but their relationship with the azure dragon clan would also deteriorate.

The little white tiger was not stupid. It would never do something like that.

The little white tiger was so unwilling to help and complained constantly. Ye Qingtang sighed and said, "Why do I need you then?"

"Hahaha, Brother Ye Chen, we happen to meet again!"

Before the little white tiger could say anything, Master Du suddenly appeared.

"Master Du!"

Ye Qingtang was delighted when she saw Master Du's appearance.

"The azure dragon is here now. You can catch it by yourself. I will not be part of this." The little white tiger smiled.

A trace of confusion appeared in Ye Qingtang's eyes.

Master Du stared at the little white tiger fiercely.

"What do you mean?" Ye Qingtang frowned and asked the little white tiger.

"Literal meaning. You want the azure dragon? He's here." The little white tiger raised its front paw and pointed towards Master Du.

"Bastard! If my clan did not help you when you were in need in the past, your clan would be erased from the four Fiendcelestial Beasts. How dare you to blow my disguise! You shall wait for the consequences!" Master Du pointed at the little white tiger and cursed.

"Who blew your disguise... I was just speaking randomly. You just admitted it yourself. This is none of my business." The little white tiger was slightly intimidated.

"Master Du..." Ye Qingtang stared at Master Du, and surprise appeared in her eyes.

However, the moment when Ye Qingtang said her words, Master Du shed off the human skin in front of her and revealed the azure dragon's true appearance.

"What... Master Du, you..."

Ye Qingtang opened her eyes wide. Master Du was transformed by the azure dragon?!

A tiny azure dragon appeared in front of Ye Qingtang. It was at most an arm's length.

The little azure dragon was slightly bigger than than the lightning dragon. It stood straight on the ground with its back claws, but its size... was really... tiny...

Ye Qingtang's eyes sparkled when she saw the little azure dragon.

"So cute."

Ye Qingtang hugged the little azure dragon in the next second. She touched and rubbed it with her hands constantly. This was the first time she saw an azure dragon in her two lives.

She thought that the azure dragon would be a huge and majestic dragon that flew in between the clouds. How could an infant azure dragon be so adorable!

Due to the extreme intelligence that the azure dragon possessed, its eyes appeared to be brighter than the lightning dragon's ones.

"Be more serious please." The little azure dragon felt speechless after being rubbed and touched by Ye Qingtang for a while.

Now, it felt that Ling Yan was much better. At least he would not rub and touch him all the time.

“Master Du... Based on our relationship, how about... let’s sign a contract?” Ye Qingtang looked at the little azure dragon and said immediately.
