

Chapter 941 Devouring Bloodline (4)

Ye Qingtang did not understand Ling Yan's true intentions, but she instinctively chose to believe Ling Yan. She had a strange feeling that Ling Yan would never harm her.

Otherwise, although Ye Qingtang was no match for the girl in green, the girl in green could not prevent her from fleeing either.

The moment the original Divine Phoenix's Bloodline was sucked out of her body, the Heavenly Demon Pearl that Ye Qingtang had swallowed exploded in an unimaginable burst of Heavenly Demon Aura.

A furious roar exploded within Ye Qingtang's body. The power of the original Heavenly Demon gushed forth like a flood breaking its dam. It began to strip the power from the bloodline of the girl in green.

"Original Heavenly Demon Aura?!"

The girl in green's pupils constricted, and her expression changed drastically.

Ye Qingtang had original Heavenly Demon Aura in her body?!

Furthermore, Ye Qingtang had not yet fully digested the original Heavenly Demon Aura. When she sensed the incursion by the Heavenly Demon Aura that had begun to devour her bloodline, the girl was enraged.

"You... who exactly are you... why do you have original Heavenly Demon Aura within you?!" The girl in green shouted coldly at Ye Qingtang.

Ye Qingtang had not moved at all. It was as if her body was beyond her control. Instead, it was being controlled by the power of the Heavenly Demon Pearl.

After a short while, the girl in green gritted her teeth and tried to move the hand that she had placed on Ye Qingtang's shoulder.

However, the girl in green did not succeed. It was as if the hand that she had placed on Ye Qingtang's shoulders had grown roots. It would not budge even an inch.

As the minutes and seconds ticked by, the girl in green's face became ashen.

"You... you dare to devour my Devouring Bloodline!" The girl's expression was cold and vicious. She could clearly sense Ye Qingtang devouring the Devouring Bloodline in her body bit by bit.

The reality was that Ye Qingtang did not want to devour the girl in green's bloodline, but her body was being controlled by the power of the Heavenly Demon Pearl. All this was caused by the Heavenly Demon Pearl and was not Ye Qingtang's intention.

Puff!

After fifteen minutes, the girl in green spat out fresh blood. She staggered as she stumbled backward.

"My Devouring Bloodline!"

The girl in green gritted her teeth as she glared at Ye Qingtang.

Her Devouring Bloodline had been seized by Ye Qingtang!

Although she usually devoured the bloodlines of others, the girl in green had not dreamt that today, her bloodline would be devoured instead!

The aura of the Heavenly Demon Pearl had dissipated. Ye Qingtang was now in control of her body again, and her expression was filled with shock.

Ye Qingtang clearly sensed that an extremely strong and potent bloodline had been added to her body. The power of this bloodline seemed to appear out of nowhere.

“It was the Heavenly Demon Pearl that devoured the girl in green’s Devouring Bloodline instead...” Ye Qingtang’s expression was rather strange.

The Heavenly Demon Pearl originated from the body of the original Heavenly Demon. It was the accumulation of a lifetime of essence of the original Heavenly Demon. The girl’s Devouring Bloodline was evolved from the Heavenly Demon’s Bloodline. Just now, when the girl in green used the Heavenly Demon Devouring Bloodline to devour the power of her bloodline, it had angered the Heavenly Demon Pearl... Instead, the Heavenly Demon Pearl had seized the Devouring Bloodline of the girl in green, and Ye Qingtang had reaped the benefits...

“That means... I now have the Heavenly Demon Devouring Bloodline...” Ye Qingtang snapped out of her reverie after a long time. This bloodline could be said to be the most terrifying and powerful bloodline in the world. However, Ye Qingtang had now unaccountably seized the Heavenly Demon Devouring Bloodline of the girl in green.

Chapter 942 Devouring Bloodline (5)

Ye Qingtang looked at the girl in green and said coldly, “Your Heavenly Demon Devouring Bloodline is truly terrifying. But I must thank you.”

Ye Qingtang served the girl in green with her own words.

With just the Divine Phoenix Bloodline, she had exchanged it for the Heavenly Demon Devouring Bloodline.

As she spoke, the corners of Ye Qingtang’s lips curved upwards into a bone-chilling smile. She strode over to the girl in green.

Who knew how many powerful bloodlines the girl in green had devoured using her Heavenly Demon Devouring Bloodline?

Now, she herself possessed the Heavenly Demon Devouring Bloodline. If she could devour all the girl’s bloodlines...

“Good... very good...” The girl in green stared at Ye Qingtang. Her expression was gloomy. “Change is bound to happen. Today, you have seized my Heavenly Demon Devouring Bloodline. In the future, I will force you to repay me a million times over!” When the girl in green finished speaking, her entire person suddenly integrated into space and she vanished on the spot as if she had evaporated.

Ye Qingtang only relaxed when she was certain that the girl in green had left completely.

This situation was completely unexpected. Ye Qingtang had been content with the original Phoenix Bloodline from the inheritance of the Divine Phoenix. Now, she had seized the girl in green's Heavenly Demon Devouring Bloodline in some strange way and could devour the power of all the bloodlines in this world!

The Devouring Bloodline was a power that was absolutely taboo. It could make a cultivator invincible but could also force them into eternal damnation.

Ye Qingtang was certain that once others knew that she possessed the Heavenly Demon Devouring Bloodline, she would be relentlessly pursued to the death.

Possessing the Devouring Bloodline was a sin. In this world, no one hoped that the power of their bloodline would be devoured by someone else. As a result, once someone who possessed the Devouring Bloodline was discovered, the results were easily predictable.

"What the f*ck... Devouring bloodline..." Little white tiger suddenly poked its head out of Ye Qingtang's arms. With a shocked expression, it said, "You are incredibly lucky! It's actually the Devouring Bloodline... this kind of bloodline can easily devour the power of us fiendcelestial beasts."

"Oh?" Ye Qingtang was shocked.

The Devouring Bloodline seldom appeared in this world. In both her lives, Ye Qingtang had heard of the Devouring Bloodline but had never seen it.

"Only the most outstanding among the Heavenly Demon Clan can possess the Devouring Bloodline... Further, the Heavenly Demon Clan is an alien race. In primordial times, it almost extinguished all living beings. In the end, the true god created a barrier and drove them into an alien space. However, the Heavenly Demon Clan said that they would return someday..." the little white tiger said thoughtfully.

Ye Qingtang now possessed the Heavenly Demon Devouring Bloodline. If the Heavenly Demon Clan should break through the seal one day, would they take Ye Qingtang for one of their own...

"This is the first time I have come into contact with the Devouring Bloodline... You said just now that the Devouring Bloodline can even devour the power of the fiendcelestial beasts?" Ye Qingtang asked as she looked at the little white tiger.

"That's right." The little white tiger nodded vigorously.

"There is no power that the Devouring Bloodline cannot devour! Even if you meet the true god, you can devour all his power and transform it into a part of yourself. That's why the Devouring Bloodline is called the Taboo Bloodline of Power. If the bloodlines were ranked, the Devouring Bloodline would be superior to the power of thousands of other bloodlines. It is one of the powerful primordial bloodlines."

Chapter 943 We Meet Again (1)

"In that case... want to let me try devouring you?" Ye Qingtang looked at little white tiger meaningfully.

"It's just like you to bully me... we're allies, why would you devour me..." The little white tiger repeatedly shook its head.

The little white tiger immediately leaped from Ye Qingtang's arms to the ground. It picked up a stone in its mouth and threw it at Ye Qingtang's feet. "Go on, try to devour it!"

"You want me to... devour a stone?" The corners of Ye Qingtang's lips twitched.

"That's right. Try it." The little white tiger nodded.

Ye Qingtang had no choice but to use her Devouring power. A black glow shrouded the stone.

The next instant, there was a cracking noise, and the stone exploded into fine powder, then transforming into nothing.

However, Ye Qingtang was surprised to discover that the stone actually contained a trace of spirit energy, which she digested.

"What the f*ck! It's so twisted!" The little white tiger was rendered speechless. "Not only can he Devouring Bloodline devour bloodlines, but it can also devour all the energy in this world. Even spirit roots... can be easily devoured. However, with your present ability and cultivation level, you've done well to devour a stone. If you want to devour the power of a human's bloodline and cultivation, you will need to cultivate for a few more years..."

Of course, Ye Qingtang understood what the little white tiger was saying. It was not true that just anyone who obtained a powerful bloodline could immediately use it perfectly.

Like the girl in green, with her inscrutable martial talent and cultivation. Even if the true god was reborn, she could at most devour the power of a bloodline but would be unable to devour the power of cultivation.

Furthermore, Ye Qingtang was currently only a Yin Yang Perfected Lord Seventh Heaven. She was doing pretty well to be able to devour some plants, but she was unable to devour the power of another person's bloodline.

Of course, Ye Qingtang was not interested in devouring other people's bloodlines. Ye Qingtang would never actively seize someone else's bloodline or cultivation, as it was contrary to her principles. But if anyone tried to kill her, Ye Qingtang would naturally not be bothered with morals or principles.

In summary, if others did not threaten her, Ye Qingtang would not actively seize other people's bloodline or cultivation. But if someone insisted on opposing her or tried to kill her, then Ye Qingtang's Devouring Bloodline would teach him a lesson.

Before Ye Qingtang had time to think further, a slender figure slowly approached.

"Miss Ye, do you like my present?" A laughing voice rang out.

When she heard the voice, Ye Qingtang turned around and saw...

A handsome, smiling man. His hair waved in the wind. He looked radiant and extraordinarily elegant.

"Ling Yan..."

Ye Qingtang frowned. Wasn't that Ling Yan?

“Why do you enjoy involving me in your schemes?”

Ling Yan laughed softly when he heard Ye Qingtang’s words. “What does Miss Ye mean? I have never done anything to Miss Ye’s disadvantage.”

“Of course I know that...” Ye Qingtang said. “I meant that you should discuss your schemes with me beforehand. I am always the last to know about them.”

Ye Qingtang was already considered intelligent, but she found it difficult to cross swords with Ling Yan, who had near demonic intelligence.

Heaven knows how this fellow had gotten a brain like that.

It was as if he held heaven and earth in the palm of his hand.

“Miss Ye, if I told you earlier, I’m afraid it would cause some changes... but of course, if Miss Ye doesn’t like it, I will discuss them with you next time.” Ling Yan smiled good-naturedly.

Chapter 944 We Meet Again (2)

Before Ye Qingtang could speak further, her gaze suddenly fell onto something next to Ling Yan.

The silver wolf, who had been lost in the previous chaos, was now standing quietly next to Ling Yan.

“Xiao Guai, where have you been?”

Ye Qingtang looked at the silver wolf with some surprise.

The silver wolf was quietly following Ling Yan and seemed intent on ignoring Ye Qingtang.

This was the first time that the silver wolf had ignored her, and Ye Qingtang felt that it was rather strange.

She knew that the silver wolf was proud and aloof. It usually ignored everyone.

But she was the only exception.

Now...

Why was Xiao Guai ignoring her too?

“Does Miss Ye like my silver wolf?” Ling Yan laughed when he saw the situation.

“Yours?” Ye Qingtang was taken aback when she heard Ling Yan’s words.” Xiao Guai is mine.”

“Very well, since Miss Ye says so, then it belongs to Miss Ye.” Ling Yan nodded and turned to look at the silver wolf. “Hadn’t you better go over.”

“ARH-W000000!”

When it heard Ling Yan’s words, the silver wolf unwillingly walked over to Ye Qingtang. But it looked back every few steps, as if it could not bear to leave Ling Yan.

Ye Qingtang was speechless when she saw the silver wolf’s resentful expression.

What is wrong with Xiao Guai?

Could it be that Ling Yan demonic intelligence had even allowed him to subdue the wolf?!

“That’s right, the Devouring Bloodline. Miss Ye needs to use it cautiously. Do not allow anyone to find out about it.” Just as Ye Qingtang was puzzling over the sudden change in Xiao Guai’s personality, Ling Yan suddenly spoke to her.

When he mentioned the Devouring Bloodline, Ye Qingtang’s earlier suspicions awoke in her heart again. She looked at Ling Yan.

“Ling Yan, was this a part of your scheme... how did you know that the girl had the Devouring Bloodline... how did this happen and how will it end?”

Ye Qingtang was unable to understand Ling Yan’s schemes. Probably no one on earth could guess what Ling Yan was thinking.

“That girl was a member of the Jiang family,” said Ling Yan.

Ye Qingtang was not surprised. The fact that she possessed the Heavenly Demon Bloodline meant she was probably from the Jiang family.

“Let me tell you.” Little azure dragon, who had followed Ling Yan, cleared its throat and said.

“Ling Yan is familiar with the Jiang family. The girl left the Jiang family when she was young and traveled to the Second Domain. After she grew up, her Heavenly Demon Bloodline transformed into the Devouring Bloodline. The Jiang family found out and searched far and wide for the girl.

“Then Ling Yan received news that the girl had reached this mainland and entered the Dragon Vein. The girl had previously devoured someone else’s Phoenix Bloodline. After entering the Dragon Vein, she was sure to head towards the inheritance of the Divine Phoenix... Further, as Miss Ye’s only opponent was the girl, one of two outcomes were certain to arise.”

“What are the two outcomes?” The little white tiger was curious.

“The first outcome was that the girl would obtain the inheritance of the Divine Phoenix.” The little azure dragon spoke mysteriously. “The second outcome was that Ye Qingtang would obtain the inheritance of the Divine Phoenix.”

“If the girl obtained the inheritance of the Divine Phoenix, after she saw the power of Ye Qingtang’s Rise of the Phoenix, she would certainly try to devour it. However, once the girl and Miss Ye crossed swords, Miss Ye’s Heavenly Demon Pearl would certainly react and seize the power of the girl’s Devouring Bloodline.”

Little azure dragon smiled and said, “The second outcome was that Ye Qingtang would obtain the inheritance of the Divine Phoenix, and the girl, unwilling to resign herself, would seize Miss Ye’s Divine Phoenix Bloodline.”

Chapter 945 We Meet Again (3)

“But the conclusion would be the same. The Heavenly Demon Pearl has the aura of the original Heavenly Demon. The moment the girl acted against Ye Qingtang, her Devouring Bloodline would be seized by the power of the Heavenly Demon Pearl. The conclusion would be the same, regardless of the outcome.” Little azure dragon finished slowly.

“Ling Yan, what a great scheme... but what if there was someone else with the Phoenix Bloodline among the cultivators who came to the inheritance of the Divine Phoenix, and he was chosen by the Divine Phoenix? Then, the successor would be neither Ye Qingtang nor the girl in green. Wouldn't your scheme fall through?” The little white tiger was not convinced.

“That is impossible because Ling Yan already checked, and no one else possessed the Phoenix Bloodline. Even if they did, it would be an inferior Phoenix Bloodline, and the Divine Phoenix would not choose him. Even a superior Phoenix Bloodline would be inferior to Ye Qingtang and the girl,” explained the little azure dragon.

“F*ck you, you're vicious. You win.” The little white tiger grunted coldly.

Ever since he had entered the Dragon Vein, everything this Ling Yan had done was seemingly unrelated. But in reality, when he strung them together, they formed an interlocking chain that one could not guard against.

Ever since Ye Qingtang had blocked the knife, it had been one grand, shocking scheme.

Further, the chain reaction caused by the knife included killing Perfected Gu Yun, obtaining the Heavenly Demon Pearl, making everyone believe Ye Qingtang was a cultivator from the Jiang family, and finally the power of the Heavenly Demon Pearl seizing the Devouring Bloodline and so on...

This kind of person was just too horrifying... with all kinds of evil plots and benign schemes. Even if one knew it was a trap, one had no choice but to grit one's teeth and jump in.

“What the f*ck... that's not right, Ling Yan!” The little white tiger suddenly looked at Ling Yan.

“If you didn't give the Heavenly Demon Pearl to Ye Qingtang but personally came to the inheritance of the Divine Phoenix and provoked the girl into fighting you, you could have used the power of the Heavenly Demon Pearl and seized the girl's Devouring Bloodline yourself... if you had the Devouring Bloodline, coupled with your schemes, you would definitely be comparable with the true god within a few years. But you gave the Heavenly Demon Pearl to Ye Qingtang instead... Why was that?”

Even Ye Qingtang herself could not understand, much less the little white tiger.

Ling Yan could predict everything down to the last detail. Based on his intelligence, it would be only too easy to gain power.

Why would he give her all these opportunities?

When he heard that, Ling Yan smiled and said, “I felt that Miss Ye needed the Devouring Bloodline more than I did. Miss Ye's calamity is probably greater than mine. Also, although I may have lost the opportunity to become comparable with the true god, Miss Ye can protect me in the future, isn't it?”

As he spoke, Ling Yan's smiling gaze seemed to fall on Ye Qingtang.

“...” Ye Qingtang was speechless.

“Pfft!” Little white tiger scoffed. “I’ll never believe that you need anyone to protect you.”

“You’re being stupid.” The little azure dragon glared at the little white tiger. “He is worried about Ye Qingtang’s safety. After possessing the Devouring Bloodline, Ye Qingtang can become more powerful. He would rather forgo his chance to become comparable to the true god. Do you understand?”

“Oh... I understand.” The little white tiger studied Ye Qingtang meaningfully.

However, without giving Ye Qingtang a chance to speak, Ling Yan laughed and said, “Miss Ye, you had better leave this mainland as soon as possible.”

“Why?” Ye Qingtang was perplexed.

“Because...” Ling Yan smiled. “I am going to destroy this mainland with the power of the True Dragon.”

“What did you say...”

Ye Qingtang frowned deeply after hearing Ling Yan’s words.

Was this Ling Yan actually going to use the power of the True Dragon to destroy this mainland?!

Chapter 946 Price (1)

“This mainland was transformed by a Spiritual Abode, and a hidden ancient clan in the Central Mainland has already received the news. In no time, they will come here to destroy everything and obtain the Spiritual Abode. I want to destroy this mainland before them so they will not be able to obtain the Spiritual Abode,” said Ling Yan.

Ling Yan had some enmity with that ancient clan, and his ultimate objective of coming to this mainland was to destroy it. Otherwise, once that ancient clan obtains the Spiritual Abode, their powers would skyrocket such that they would be able to control the First Domain.

“Ling Yan, you can destroy this mainland...” Ye Qingtang took a deep breath before looking up to meet Ling Yan’s eyes. “Over my dead body.”

“You don’t wish for me to do that?” Ling Yan asked gently as he looked at her bright eyes.

“My loved ones and friends are in this mainland. It is where I am raised and nurtured until now.” Ye Qingtang replied.

Perhaps Ling Yan’s skills were not anything significant, but what was really scary about him was his intelligence.

If he really wished to do that, no one would be able to guess how he would go about it.

After listening to what Ye Qingtang said, Ling Yan pondered for a moment and eventually said, “It’s possible to not destroy this mainland, but you must pay a certain price.”

“What price?” Ye Qingtang asked instinctively.

Ye Qingtang looked at Ling Yan, perplexed. To protect this mainland, she still had to pay a price...

However, it seemed that Ling Yan still had not understood the situation. Leaving aside the fact that Ye Qingtang was already at the Yin Yang Perfected Lord Seventh Heaven realm and possesses the Devouring Bloodline and original Phoenix Bloodline, given Ling Yan's martial skills, it was child's play to kill Ling Yan even if her skills had not improved.

However, Ye Qingtang did not wish for such a thing to happen. She did not want this mainland to be destroyed in Ling Yan's hands, and neither did she wish to hurt Ling Yan.

She could not kill Ling Yan as he played a part in her rebirth, not to mention the several times he helped her before.

The so-called price, however, piqued Ye Qingtang's curiosity.

Ling Yan walked forward slowly as his crescent-like eyes stared right into her eyes.

Before Ye Qingtang returned to her senses, Ling Yan's lips touched Ye Qingtang's lips gently like a dragonfly skimming the water surface and parted immediately after a touch.

The slight warmth that came with the contact disappeared instantly.

It seemed unreal.

Dumbfounded, Ye Qingtang looked at Ling Yan in surprise.

"This is the price that you have to pay." Ling Yan stared at Ye Qingtang and said slowly as he flashed an unknowing smile.

The price... that she had to pay?!

Ye Qingtang recovered from her surprise. An unreal warmth seemed to still linger on her lips.

In just a moment, Ye Qingtang widened her eyes, and she glared at Ling Yan.

For some reason, she felt that this scene was familiar.

"You..." Ye Qingtang was about to slap this fellow, but before she could lash out, Ling Yan's expression suddenly turned serious, and he said, "If I don't destroy this mainland, I'm afraid it will still be taken away by the ancient clan. The miserable fate of this mainland is still unavoidable."

Ye Qingtang was taken aback. The impulse to slap Ling Yan was all gone as all her attention was instantly attracted by what Ling Yan said.

Chapter 947 Price (2)

"I will not let such a thing happen," Ye Qingtang said as determination filled her eyes.

Ye Qingtang had an extremely special attachment to this mainland, regardless of whether she was a citizen here.

In this mainland, there was the Ye family who raised her, the sects where she learned her skills from; there were too many sentiments as well as feelings attached.

Ye Qingtang lived two times, and if she could not even protect this mainland, what was the meaning of her rebirth?

Ling Yan looked at Ye Qingtang, whose attention was successfully diverted away, and a smile fled across his eyes. Then, he said calmly, "I originally wanted to destroy this mainland directly, but since you're unwilling to, then forget about it. Currently, two out of the three great inheritances in this Dragon Vein belong to you. This trip can be considered to be successful and completed."

Ye Qingtang was thankful for Ling Yan about this. Without Ling Yan's assistance, she would definitely be unable to obtain such destinies on this trip. Not only did she gain the original Phoenix Bloodline inheritance and the Heavenly Demon inheritance, she even seized the Heavenly Demon Devouring Bloodline from that girl in green.

Ling Yan's words truly faded Ye Qingtang's intention to slap him by a large amount.

She faintly sensed that whatever Ling Yan said a while ago seemed to be diverting her attention, but what was speechless was...

What he said was really not simple.

Furthermore...

As the saying went...

To receive a gift was to sell one's liberty.

Moreover, with Ling Yan's skills, her slap might just kill him.

"Let's go quickly. With the three great inheritances in the Dragon Vein all gone, the three major forces on this mainland will definitely be alarmed. There's no need to continue creating more problems." The little azure dragon advised.

Ye Qingtang fully agreed with what it said. The Peerless School, Phantom Valley, and Beiming Manor were the most powerful forces of this mainland. Even with Ye Qingtang's current cultivation base, she might not be able to stand any bargain if she fought all three of them head-on.

Half a day later, Ye Qingtang and Ling Yan left the Dragon Vein and reached a deserted land before they entered the Dragon Vein.

"Ling Yan, did you come to this mainland just for the Dragon Vein?"

Ye Qingtang looked at Ling Yan and asked.

"My goals..." Smiles filled Ling Yan's eyes as though nothing happened at all before, and he replied slowly. "There are too many goals but almost all are achieved... Naturally, destroying this mainland was one of my original objectives, but it was rejected by you. That is also my only unaccomplished goal."

"Of course, the greatest goal for coming to this mainland is still you, Miss Ye." Then, Ling Yan's eyes naturally landed on Ye Qingtang as a seeming smile formed on his face.

Regarding Ling Yan's shocking remarks from time to time, Ye Qingtang had already chosen to consciously ignore them.

In this Dragon Vein, Ye Qingtang once saw her past in the Puti Tree, where she ultimately learned that the person who helped her to be reborn was not anyone else but Ling Yan.

In this entire world, Ling Yan was probably the only one who could achieve such a remarkable feat with his Karma Bloodline.

Although Ye Qingtang was curious and wished to know why Ling Yan helped her to be reborn, she was unable to ask such a thing currently.

After all, the person who allowed her rebirth was the Ling Yan from her previous life and not the current one. Even if she questioned him now, Ling Yan might not know anything either, and there would be no point in asking then.

Chapter 948 Price (3)

“Miss Ye, since you want to protect this mainland, then that means you will not be leaving with me.” A while later, Ling Yan looked at Ye Qingtang meaningfully.

Ye Qingtang was a little dumbfounded. Even if this mainland did not need her protection, there was no need for her to leave with Ling Yan, was there...

“Since that’s the case, how about I stay to be with you?” Ling Yan suddenly asked with a laugh when he saw that Ye Qingtang did not speak.

“...” Ye Qingtang glared at Ling Yan and shook her head. “There’s no need.”

Given Ling Yan’s Martial Qi Level Three Third Heaven skills, it was too dangerous for him to remain in this mainland. Furthermore, not only did she have to face the ancient clan which was about to head over, she still had to settle some matters in Xuanling Sect and Falling Sky Valley. She had no time to take care of Ling Yan.

Although... she did not think that... Ling Yan really needed her care given his intelligence.

But... accidents existed. No one could promise that an accident would not happen.

Moreover, this incident had nothing to do with Ling Yan from the start.

Seeing that Ye Qingtang was determined, Ling Yan said, “Since that’s the case, please take care. I hope to see you in the Central Mainland.”

Afterward, Ling Yan cast Ye Qingtang a meaningful look before leaving with the little azure dragon. Right before he turned around to leave, a faint trace of a smile danced in the corners of his eyes, unbeknown to Ye Qingtang

There would be a day they would meet again.

He looked forward to the arrival of that day.

Watching the back view of Ling Yan as he left, Ye Qingtang looked down slightly and rid the strange feeling in her heart. Then, she turned around and headed in the direction of the Formidable Heavens Dynasty.

She still had many things to settle.

Those were the duties that she had to complete.

“Are you really not destroying this mainland?” The little azure dragon looked at Ling Yan in surprise.

Is Ling Yan going to change his plans just because of one sentence from Ye Qingtang?!

Ling Yan chuckled. “Is a sentence from Miss Ye not enough?”

“Ling Yan, it is not important whether that ancient clan of the Central Mainland can keep the Spiritual Abode or not. However... you should know that once the Heavenly Emperor knows that your body and Miss Ye are on this mainland, the consequences would be dire!” The little azure dragon said anxiously.

“Are you this certain that I am Han Cangming?” Ling Yan looked at the little azure dragon with a faint smile.

“A straightforward person does not use insinuations. I am not anyone else. You can dream of hiding your true identity from me...” Confidence was written all over the little azure dragon’s face. “Frankly speaking, you are the Demon God, Han Cangming, and there is no influence on you even if I know it or not.”

Ling Yan smiled after hearing the little azure dragon. “The azure dragon clan is indeed extremely intelligent.”

The True Dragon clan was the leader of the four great Fiendcelestial Beasts. However, there was more than one breed of dragons. For example, the Black Dragon clan specialized in massacre, Azure Dragon in intellect and astronomy, the Five-Clawed Golden Dragon in unparalleled power.

Although the little azure dragon had not yet matured, its current spiritual wisdom was already extraordinary.

“Just as you said, there is no influence on me regardless of whether you know it or not.” Ling Yan echoed with a smile.

“It’s best that you admit it. Let’s return to the topic then. I think that the wise choice is to use the power of the True Dragon’s inheritance to destroy this mainland. Your body appeared in this mainland before, and if you don’t destroy all traces of it, you will not be able to ensure the safety of your body once the Heavenly Emperor hears this!” the little azure dragon said sternly.

Chapter 949 Price (4)

Ling Yan did not seem to be concerned with what the little azure dragon said. “To me, the body is not important. So be it if it exists or is destroyed.”

“What did you say...” The little azure dragon was taken aback as astonishment filled its eyes.

“Ling Yan... could it be that you don’t intend to recover all of the body’s powers in the future?”

The little azure dragon looked at Ling Yan with a complicated expression and continued,

“Although you already have your current body... your powers are all in your previous body. Even if you’re unconcerned, at least recover your powers. That is where all of the Demon God’s martial powers are!”

The powers of that empty shell were not what Ling Yan’s current skill of Martial Qi Level Three Third Heaven could compare to!

Was he really going to forgo it?!

Ling Yan merely flashed a tiny smile upon listening to what the little azure dragon said. “If I really viewed powers so importantly, I would not have handed the Heavenly Demon Pearl to Miss Ye.”

Ling Yan continued,

“In no more than three years, my skills can surpass my previous peak.”

“Why exactly is that so?” The little azure dragon could not comprehend Ling Yan’s thinking.

“Firstly, if I recovered the body’s powers, the Heavenly Dao destiny will sense it. Secondly, I don’t fancy that body’s powers.” Ling Yan smiled.

“The real reason is that you don’t fancy it, isn’t it?” The little azure dragon remarked meaningfully

“You can interpret it that way too.” Ling Yan laughed.

“Even if you don’t care about the body... don’t forget that the Heavenly Emperor should be on this mainland... Furthermore, he has already appeared.” The little azure dragon sighed softly.

Not only would the Heavenly Emperor destroy that body of Ling Yan’s, but he would also destroy Ye Qingtang.

“You don’t need to worry about such things,” Ling Yan said.

“ARH-W000000!”

Before the little azure dragon could say anything, a silver shadow suddenly flashed by from far away.

The silver wolf that should have left with Ye Qingtang suddenly chased after them. The silver wolf looked at Ling Yan with an irritated expression as it sprinted over wildly.

However, only the silver wolf was in sight.

“This silver wolf was transformed by the killing intent of your body and has instincts. It seems that it has already identified who the true Demon God is.” The little azure dragon commented with a smile when it saw the silver wolf running over.

“Mhm.” Ling Yan looked at the silver wolf and said. “Given its skills, it will only be a hindrance if it remains beside Miss Ye. Let’s leave with it.”

Then, Ling Yan brought the silver wolf and the little azure dragon and walked northward where a few guards had already been waiting for a long time.

“Your Highness!”

The midget looked at Ling Yan and greeted respectfully.

“Seal off this mainland. Only entries are allowed. Exits are prohibited.” A trace of iciness silently flashed across Ling Yan’s eyes.

“Seal?”

The guards were slightly stunned and flabbergasted.

“Ling Yan... you’re thinking of blocking all the cultivators who came to this mainland from leaving... By the time when that ancient clan invades here, those powerful cultivators from the Central Mainland can only resist with their lives... In this case, it would reduce the pressure on Ye Qingtang...” The little azure dragon analyzed thoughtfully.

Ling Yan smiled and did not give any reply.

After receiving Ling Yan’s orders, the midget and other guards could only join hands to start the sealing formation.

Once the formation was activated, it would be difficult for even a Divine Arcane Supremacy to leave this mainland, although it was easy to enter.

“Your Highness, this formation can only persist for two months.”

After setting up the sealing formation, the midget reported.

“Two months, is it... That’s enough.” Ling Yan nodded.

Chapter 950 Return to Lin Town (1)

After parting from Ling Yan, Ye Qingtang rushed to Xuanling Sect. As for what Ling Yan did afterward, she did not have an inkling about it.

In Formidable Heavens Dynasty, Ye Qingtang looked at the little white tiger in her arms and subsequently scanned her surroundings. Her brows furrowed deeply as she spoke slowly. “Where’s... my wolf?!”

“Wolf?”

After hearing Ye Qingtang, the little white tiger was dumbfounded as well, and it instinctively inspected the surroundings. “Right, where’s your wolf?”

Previously when they were bidding farewell to Ling Yan, the silver wolf was still following Ye Qingtang obediently. Why did it disappear in the blink of an eye?!

“I am asking you. Where’s my wolf?” Ye Qingtang looked at the little white tiger.

“Why are you asking me? How would I know where your wolf is? Do I help you to look after your wolf?” The little white tiger was baffled. It was a Fiendcelestial Beast, not a wolf-guarding beast!

Ye Qingtang did not argue with the little white tiger and instead chose to trace back their footsteps. After searching the borders of the Formidable Heavens Dynasty for several days, the silver wolf was still nowhere to be found.

“As clearly seen, your wolf ran away,” the little white tiger looked at Ye Qingtang and said.

Ye Qingtang frowned slightly as she pondered.

Such a case was not rare; it was not the first time either...

They had not found any traces of the silver wolf over the past few days, and it might have run off somewhere as it did before.

After a fruitless search, Ye Qingtang could only give up as she thought that the silver wolf would return soon like the other time.

Anyway...

It was considered a common affair for Xiao Guai to runaway.

Presently, Ye Qingtang had entered the Formidable Heavens Dynasty.

However, her current mood was different from when she left initially.

She was forced and had no choice but to leave previously, but now that she had returned to the Formidable Heavens Dynasty again, no one could do anything to her.

“Where are we going now?”

The little white tiger poked its head out and asked curiously.

After hearing the little white tiger’s question, Ye Qingtang was in deep thought.

Ye Qingtang originally intended to head to Xuanling Sect first but eventually decided to return to Lin Town first.

It had already been more than a year since she left the Ye family of Lin Town and headed to Xuanling Sect to cultivate.

With a rough calculation, it had been almost two years since Ye Qingtang saw her father, Ye Ling, and she missed him dearly.

There was a distance of several thousands of miles from the borders of Formidable Heavens Dynasty to Xuanling Sect and from Xuanling Sect to Lin Town.

If an ordinary cultivator wished to rush to Lin Town from their current location, he would require at least a month even if he traveled day and night.

Nonetheless, with Ye Qingtang’s current cultivation base, she returned to Lin Town in only half a day.

There were not many changes in this small town.

However, the town seemed to be more bustling and prosperous than two years ago, and businesses could be seen everywhere.

“Ever since the Long family came to Lin Town, the Ye family and Si family have been on the decline.”

Ye Qingtang heard a few people conversing when she entered the town.

In her previous life, she was chased after for her life by the Great Elder after her father died. Without any other means, she fled from Lin Town and never returned since then. As such, she never heard of any news regarding Lin Town.

As for what Lin Town experienced afterward, Ye Qingtang was not clear.

It was thus strange for her when she heard people mentioning = the Long family.

What was the background of this Long family?
