Chapter 301: 360 Degrees, No Blind Spots

“Um...

“I didn’t mean that. I just thought that it wasn’t very nice.”

“Then I’ll go change into a long dress.”

After saying that, Ji Qingyan went back to the room and changed into a matching long dress that reached all the way to her ankles.

“How about now?”

“This is not bad, very good.”

“You still don’t want to admit it?” Ji Qingyan said. “You just don’t want me to show my thighs.”

“What’s there to show with your thick legs? I’m trying to prevent you from showing your flaws,” Lin Yi said seriously.

“I’m not fat, and my legs aren’t thick.” Ji Qingyan said. “You obviously have selfish motives. Apparently, you can see it, but others can’t.”

“Wrong!” Lin Yi corrected her. “I was just admiring you. I don’t have any evil thoughts.”

Ji Qingyan squatted down with a smile and cupped Lin Yi’s face with both hands. “I can see that your mind is full of evil thoughts.”

After that, Ji Qingyan stood up. “The weather outside is really good. Let’s go out and take a look.”

“Let’s go.”

Lin Yi went downstairs and gave another two thousand dollars as a deposit. He didn’t know how long he would be staying there, so he handed over the money first.

Seeing Lin Yi talking to the female receptionist, Ji Qingyan couldn’t help but think of the phrase, “When you’re worried about a girl, you must separate the two”. She couldn’t help but laugh.

After settling the deposit, the two walked out of the hotel and prepared to buy tickets to enter the park.

Naturally, Ji Qingyan wasn’t short of money, but she used to spend most of her time on her studies and work. Even though there was Disneyland in China, she never had the chance to go.

She’d only pass by it when she went out to discuss business.

To her, this trip to Disneyland seemed to have a different meaning.

There were many people lined up at the entrance of the park, and there were many Chinese people bringing their families here to enjoy themselves.

“So many people.” Ji Qingyan tiptoed forward. “There are so many people. The smart thing to do was to arrive early.”

"It's Disneyland, after all. It's normal for there to be a lot of people." Lin Yi said.

After queuing for a while, Lin Yi bought the tickets and the two of them entered the park together.

The Disneyland in Orlando was the largest theme park in the world.

Their first stop was the Animal Kingdom within Disney.

"Lin Yi, I heard a tiger's cry." Ji Qingyan grabbed Lin Yi's arm, as excited as a child.

Lin Yi didn't ruin her mood, smiling. "I'll take you there."

"We'll go later." Ji Qingyan pulled Lin Yi and pointed at a small stall not far away. "Look at that stall over there, they're selling a shiny hair clip. Isn't it nice?"

"Yeah, it's pretty."

"And?"

Ji Qingyan wanted one, but she wanted Lin Yi to offer it to her first.

"So what if it looks good? What else?"

"Don't you want to buy one for me?"

"Not yet."

"No." Ji Qingyan couldn't take it anymore, and decided to stop being reserved.

"I want the shiny hair clip and a Mickey balloon."

"Why do you want everything? If you keep begging me, I won't take you out anymore."

"I still want one." Ji Qingyan said sweetly. "Buy one for me."

"That'll depend on your performance." Lin Yi said. "Besides, I bought you a hairpin yesterday. Why do you still want one today? How many heads do you have?"

"Alright then, you can buy one for me later."

With Ji Qingyan's wealth, she could naturally afford everything here.

However, she wanted Lin Yi to buy it for her. Only then would it feel right.

"Darling, I want that shiny hair clip."

Not far from them, a girl in a Loli outfit said.

"That hair clip costs more than 40 dollars. It's too expensive. There's no need for it." The boy next to her pointed at Ji Qingyan and said.

"Look at her. She's so pretty and she listens to her boyfriend. She won't buy it if he says no. You're not as pretty as her, so you have to listen to her."

"If you were as handsome as that little brother, I'd listen to you, but you're not."

1

Ji Qingyan couldn't help but laugh out loud. That was a bit of a blow.

Animal Kingdom was a part of the amusement park, but it was very large, and many animals kept here could not be found within the country.

There were all kinds of species.

"Lin Yi, look, there's a giant panda over there!"

The park was filled with foreign animals, and Ji Qingyan was extremely excited when she saw the giant panda.

"The giant pandas here were transported from Sichuan Province. Let's take a look."

"But to be able to see a giant panda here feels so intimate."

"That's true."

Most people wouldn't feel anything if they saw such a scene in China.

On the other hand, coming across anything related to China would give one a sense of familiarity.

"Hubby, that giant panda seems to be a little thin. I want to feed it something," a woman with a ponytail and shorts said.

"Feed it. Don't you have a biscuit in your hand? Just feed it."

The man who spoke was wearing glasses. He was dressed casually and had an arrogant look on his face.

The man's name was Chen Junye. He graduated from Fudan University in Zhonghai and was now the boss of a start-up company.

The woman beside him was his girlfriend, Wang Ziyi.

"But the place is sealed off. There's no way to feed it."

"Isn't it simple?" Chen Junye said, "There's a door over there. I'll open it quietly, then you just have to throw it in."

"Okay, okay, okay. Let's do it that way."

"Wait!"

Seeing that the two of them were eager to try feeding the food privately, Ji Qingyan could not help but stop them.

"According to the rules of the park, feeding the animals is prohibited."

Wang Ziyi glanced at Ji Qingyan. She had wanted to use her aura to suppress the other party.

However, she realized that the woman standing next to her was not only taller than her, but her legs were longer as well. Both her front and back also protruded more than her.

Most importantly, the other party's face was prettier than hers.

It was complete domination.

"Disneyland does not belong to your family. I can do whatever I want. I don't need you to monitor me!"

"You!"

Ji Qingyan was furious. Compared to other animals, giant pandas were more special.

Even in China, the keepers were very careful in feeding them. No one was allowed to touch them. If she fed them without permission and caused a problem, no one would be able to bear the responsibility.

After all, giant pandas were too rare, and they belonged to her country. Ji Qingyan couldn't bear to part with them.

"Alright, why bother with them?" Lin Yi said.

"These two giant pandas were lent to Disney by China, and they are protected by Chinese laws. If something really goes wrong, they will be directly sentenced in our home country. Let them feed them as they please. If they die due to this, we'll get to enjoy a good show."

Lin Yi's words made Chen Junye and Wang Ziyi give up the thought of feeding them.

They hadn't thought it through before this.

As it turned out, the consequences were pretty serious. Even so, they still muttered something to try to save their last shred of dignity,

"What a busybody."

Lin Yi glanced at Wang Ziyi. "We're just reminding you out of kindness. Please be nice. Does your boyfriend have uremia? Why are his words so harsh?"

Ji Qingyan paused. What did this have to do with uremia?

"Say that again!"

Lin Yi shrugged. "It'll be the same even if I repeat myself. Your boyfriend looks like he's at the end of his life. Good luck."

Lin Yi held onto Ji Qingyan's hand as he spoke.

"Let's go somewhere else. I think there's an elephant there. Let's go take a look."

"I'm not going!" Ji Qingyan rejected immediately. "I don't ever want to see an elephant!"

"You don't want to see an elephant?"

Lin Yi said, "Miss Ji, if this is the case, then I have to say a few words to you. Pandas are cute, and that's why you are willing to look at them. On the other hand, just because elephants aren't cute, you don't want to spare them a glance. You're too focused on aesthetics. You can't be so unfair."

"You still have the nerve to say that?"

Ji Qingyan pinched Lin Yi's waist. "If you didn't tell me a little story about rice before, I wouldn't be like this. It's all your fault!"

Chapter 302: Stars in Her Eyes, Moonlight in Her Smile

"Uh..."

Lin Yi paused for a moment, recalling the story that had caused her to lose her appetite.

"If that's the case, let's not look at the elephants," Lin Yi said. "There's a little white rabbit and a little black rabbit up ahead. Let's go and take a look at them."

"Lin Yi, you're going to die!" Ji Qingyan chased after him, wanting to give him a kick. He was too infuriating.

"The world is so beautiful, but you're so hot-tempered. How terrible is that?"

"You're just trying to make me angry." Ji Qingyan said with a straight face.

"Don't be angry. I'll buy you some water. There's a juice stall ahead."

"That's more like it. I want mango juice."

"You like mango too?"

"I didn't like it at first, but after seeing that you like it, I tried it a few times and it tasted okay. Now I've started to become fond of it."

"Wait here then."

A few minutes later, Lin Yi came running over with two cups of freshly squeezed mango juice. There was also a big straw hat in his hand with a gap at the edge, which gave off an old-fashioned feel.

There were also two balloons in Lin Yi's hand, which he handed to Ji Qingyan.

"It's too hot, wear this straw hat."

Seeing the straw hat and balloons Lin Yi bought for her made her heart flutter.

"Do I look like Luffy when I wear the straw hat?"

"You know quite a lot. You even know about Luffy?"

"My roommate during my postgraduate studies was an otaku. She watched anime every day in the dorm, and the room was filled with her figurines. I didn't really want to learn about them, but she fed me so much knowledge every day." Ji Qingyan covered her mouth as she laughed.

"If you put it that way, you don't look like Luffy, but more like the Empress."

Ji Qingyan's heart fluttered even more "Is it because you're good-looking?"

"Don't flatter yourself. I'm referring to your figure."

“That’s also a compliment,” Ji Qingyan said proudly with her head held high.

Next, the two of them strolled around the park for a while before heading to the amusement park next to it.

This was also the essence of Disney.

“So many people.” Ji Qingyan stood in place. Seeing that there were many people queuing for every ride, her enthusiasm significantly dampened.

“I want to go on the carousel, but I don’t know how long I’ll have to wait.”

“I think there are VIP tickets here. I’ll go and buy two more tickets, so there’ll be no need to wait in line.”

“That’s great.” Ji Qingyan said, “Ask them if there is a limit to the number of times we can ride it as well.”

“Isn’t it enough to ride it once?”

“Nope, I want to try them a few times.”

“Wait here.”

Lin Yi went to the ticket counter and lined up again.

At the same time, many other people were also lining up.

“Look, that little brother is so handsome. He’s obviously from China.”

“Zhao Lele, can you stop being infatuated? You’re going to start drooling soon.”

“Everyone loves to take in beauty.”

The girls at the back of the line couldn’t hold themselves back when they saw Lin Yi at the front.

“What’s the use of being handsome? Society is very realistic. Money is the real currency,” the short-haired man beside Zhao Lele said.

“But he’s here to buy VIP tickets. He must be pretty well off.”

“A VIP ticket only costs a few thousand dollars. It’s not much. Anyone can afford it. It’s nothing,” the short-haired man said.

“A VIP ticket costs 1,899 dollars. If converted into RMB, the price is more than 10,000 dollars,” Zhao Lele said. “If that’s not a significant sum, then what is?”

“If he buys ten tickets at once, I’ll admit that he’s rich.”

“Are you kidding me? He’s all by himself. What’s the point of having so many tickets?” Zhao Lele said.

“Because the real rich people don’t care about this bit of money at all. They’ll just buy it as they please.”

“Li Dongyang, you’re not saying that because you’re jealous of his good looks, are you?”

“Tsk, he’s just a little more handsome than me, but I’m richer than him. What’s there to be jealous of?”

Ten minutes later, Lin Yi walked to the ticket window and asked,

“How much are the VIP tickets?”

This time, Lin Yi didn't use his poor English, but his standard spoken English.

“1,899 dollars per ticket.”

“I want to ask, do the VIP tickets allow for unlimited rides?”

In China, many amusement parks had unlimited-ride tickets, but this wasn't China, so he had to ask.

“I'm really sorry. There is a limit to the number of times a VIP can enjoy each ride. One game can only be taken once, but this includes free queuing and many other value-added services. It's very worth it.”

“Hey, buddy, can you stop joking?” Li Dongyang mocked.

“This is not China. Even if it's a VIP ticket, it can only be used once. If you don't understand, go online and check in advance. Don't embarrass yourself by asking such a stupid question.”

“Li Dongyang, what are you saying!” Zhao Lele said. “He's just asking. What's wrong with that? You're just jealous because he's handsome.”

“Jealous that he's poorer than me? Are you kidding me?” Li Dongyang said disdainfully.

“Are you buying it or not? VIP tickets can only be used once per ride. If you don't think it's worth it, then leave. Don't delay the people behind waiting to buy tickets.”

Lin Yi glanced at Li Dongyang but didn't say anything. He turned to look at the saleswoman.

“Are there any other types of tickets? The ones that don't limit the number of rides?”

“I'm really sorry, we only have normal and VIP tickets.”

“Then how many VIP tickets are left?”

“Wait a moment.” The saleswoman looked at the machine. “There are still 105 left.”

“Alright, I'll take them all.”

“What, all of them?!”

The people standing at the side were all stunned. Many of them were looking at the Chinese man beside them in disbelief!

VIP tickets cost 1,899 dollars each. 105 tickets cost nearly 200,000 dollars!

If converted into RMB, it would be nearly 1.4 million dollars!

This person was way too rich!

“Sir, are you sure you want to buy the rest of the tickets?”

“Of course.”

Since there was no online payment system in the US, Lin Yi took out his credit card to pay the bill.

Lin Yi took the two electronic tickets and walked away, leaving the people behind stunned.

“Li Dongyang, who do you think has more money now?”

Li Dongyang, “...”

Lin Yi went back to the park and found Ji Qingyan with a vanilla ice cream cone in her hand.

“Lin Yi, this ice cream cone is delicious. Do you want one? I’ll buy it for you.”

“It’s too sweet, I don’t want to eat it.”

Lin Yi took the electronic ticket. “Follow me, I’ll bring you to ride the carousel.”

“Got it, Big Bro.” Ji Qingyan said politely.

With the VIP tickets in hand, the two entered the facility.

“Huh? Why are you stopping outside?”

“This kind of ride isn’t suitable for a macho guy like me. You should ride it alone.”

Ji Qingyan stopped in her tracks and said unhappily, “If you don’t want to ride it, then I won’t ride it either.”

“Okay, okay, okay. I’ll bring you in.”

“That’s right. If you don’t come along, I won’t have any fun riding it by myself.”

There were many other things in life that were like that. Eating hotpot by yourself was a lonely experience, but eating it with somebody else was very enjoyable.

Since she was wearing a dress, Ji Qingyan sat in a small carriage.

“Lin Yi, you ride the little white horse next to you.”

Her eyes were full of stars and her smile gave off a moonlight glow. Ji Qingyan’s excitement was written all over her face.

“Alright, I’ll do as you say.”

The bell rang and the merry-go-round started slowly.

Lin Yi was speechless. This wasn’t something a tough guy like him should be seen on.

“Lin Yi, turn around.”

Lin Yi turned around when he heard Ji Qingyan’s call. He looked straight at her camera and she snapped a few photos in a row.

After a few minutes, the ride ended. Despite this, Ji Qingyan wasn’t satisfied.

“Oh right, I forgot to ask you earlier. Do the VIP tickets allow for unlimited rides?”

“Of course not.”

“Alright, although I’m not really satisfied, I guess we can only leave.”

“However, I bought the remaining 105 VIP tickets. We still have another 100 rides left. This should be enough to satisfy you.”

Chapter 303: We’re Not on the Same Level, Can We Talk?

“You, you actually bought more than 100 tickets?!”

“Didn’t you say that you wanted to ride it a few more times? I bought the rest of the tickets so that we wouldn’t have to wait in line.”

The people standing in line were all dumbfounded.

VIP tickets were 1,899 dollars each, yet he bought 105 tickets at once. That was more than 200,000 dollars!

Was this how the rich shopped at Disneyland?

This was the first time in their lives that they had seen someone pamper his girlfriend so much.

The most unacceptable thing was that he wasn’t some old person at all. On the contrary, he was very handsome.

Don’t act like you wouldn’t get jealous seeing this.

Ji Qingyan was touched and held Lin Yi’s hand. “Actually, you didn’t have to buy so many tickets. You just need to buy a few.”

“It isn’t easy for us to find the time to come here. I have to make sure we get enough of it.”

“You’re so nice.” Ji Qingyan said quietly. “After this, I won’t have any regrets.”

“Are you just going to give me a verbal reward?”

“You want to take advantage of me again.” Ji Qingyan said embarrassedly. “Especially when we go back tonight.”

“That’s right.”

Ji Qingyan chuckled, her beautiful face as pretty as a flower.

Lin Yi took Ji Qingyan to ride the carousel a few more times over the next half an hour before leaving satisfied.

“Lin Yi, I’m a little hungry. Let’s go eat.”

“Let’s go eat then,” Lin Yi said. “We can come in as many times as we want throughout the day anyway.”

“What’s there to eat?” Ji Qingyan said.

“I saw earlier that when you buy VIP tickets, in addition to being able to skip the queue, you will also get a free lunch. We can eat here and save some money.”

“What’s the point of saving money? If we were to die prematurely, it’d be a pity if we didn’t spend all our money.”

“We can just leave it for the kids.”

“Even they won’t be able to spend it all.”

“Then we’ll just have a few more then.”

Lin Yi looked at Ji Qingyan. “I believe you have the ability to do this.”

“You’re going to die! Who’s going to give birth for you? Don’t you have any shame? Hurry up and take me to eat!”

The two arrived at the dining area. Since they bought VIP tickets, they could order anything here.

However, the f*cking thing was that the choice of food was limited. They could eat everything here, but it was not satisfactory.

The two of them ordered a lot of things, but there weren’t many of the dishes that were actually enjoyable. Only a few of them tasted good.

“Lin Yi, I think this mango smoothie is pretty good. Can you get me another one?” Ji Qingyan asked in a low voice.

In private, she could eat whatever they wanted in front of Lin Yi without fear of him laughing.

However, this was a public place and she had to be mindful of her image, so she had to arrange for Lin Yi to get it.

“It’s the end of the month, eat less cold food.” Lin Yi said as he pinched her nose.

“Alright then.” Ji Qingyan was very obedient and didn’t dwell on it. She pointed at the vanilla soufflé on the table. “I think this is pretty good too, but the portion is too small. Can you get me another one?”

“Sure, I’ll get it for you.”

Lin Yi wiped his hands and walked to the bar counter.

“I’d like two vanilla soufflés.”

Lin Yi handed over his VIP tickets.

The black woman in charge of the sales was very polite when she saw Lin Yi.

This Huaxia¹ man had bought more than 100 VIP tickets. Based on that, he could eat whatever he wanted in the restaurant.

However, just as the black woman was about to take something for Lin Yi, she heard a mocking voice.

“Vanilla Soufflés are limited to members. You can’t just take it. You should stick to your own domestic buffet.”

Lin Yi and Ji Qingyan turned around and realized that the person who spoke was the long-haired woman who wanted to feed the giant panda.

"I'm really unlucky to have met you guys here." Lin Yi said speechlessly.

"Sigh, I really can't do anything about you guys." Chen Junye said.

"Don't you guys look at the logo? You guys are embarrassing yourselves overseas."

"I bought 105 VIP tickets. I can eat whatever I want here. What do you guys care? How ridiculous."

"What did you say?! You bought 105 VIP tickets?!"

Chen Junye and Wang Ziyi's eyes widened in disbelief.

Lin Yi ignored them and took the two vanilla soufflés from the black woman before returning to Ji Qingyan's side.

"You bought so many tickets at once. You must be a country bumpkin who's never seen the world. You came here to get a sense of superiority," Wang Ziyi said sarcastically.

"Please be courteous," Ji Qingyan said with a straight face.

"We're already being very courteous," Wang Ziyi said.

"I just wanted to remind you guys to watch your words and actions when you're out, so you don't embarrass the Huaxian¹ people."

"I wonder which idiot was feeding the giant panda." Lin Yi said with a smile. "If somebody was embarrassing our country, it wasn't us."

"You!"

Wang Ziyi was about to lose her temper when she was interrupted by two people who approached them from behind.

"Old Wang, why are you two standing here instead of finding a place to eat?"

"If you meet two meddlesome country bumpkins, teach them a lesson here so they don't embarrass the Huaxian people."

The man and woman who came in from behind looked at Lin Yi and Ji Qingyan, and their expressions suddenly froze.

Lin Yi was also stunned when he saw the two people who came in.

Weren't they Gao Renxing and Li Xueru from Song Jia's class reunion?

Birds of a feather flock together. People who liked to act cool all hung out together.

"Mr. Lin, what a coincidence. I didn't expect to see you here." Gao Renxing greeted politely.

"You guys know each other?" Chen Junye was surprised.

"We met once at a dinner party," Gao Renxing said.

"I think there's been a misunderstanding. We're all well-regarded people. Why don't we sit down and have a drink? It's not a big deal."

After discovering Lin Yi's true identity, Gao Renxing and Li Xueru didn't dare to show off in front of him anymore.

"Do they deserve to sit down and have a drink with me?" Lin Yi asked faintly. "Do you think they have the right to do so, or are you looking down on me?"

"No, no, no, Mr. Lin, that's not what I meant." Gao Renxing said with a smile.

"We're all respected figures. Harmony breeds money."

"What's there to be polite about?" Lin Yi said. "They're not even on the same level as me. Do you really think we can get along?"

"This..."

"Old Gao, who is this guy? Why is he so pretentious?" Chen Junye asked nervously and seriously.

From their conversation, Chen Junye could tell that this man in front of him seemed to have some status.

Otherwise, Old Gao would not have spoken to him in such a tone.

"Mr. Lin has a respectable background. He is not an ordinary person," Gao Renxing said.

"Hehe, how is he not ordinary?" Chen Junye said.

"Old Gao, you know my situation. Do you think I still need to be afraid of anyone now? As long as it is not someone at Young Master Qin's level, there's no one I have to watch my words around, right?"

Chapter 304: Mysterious Tycoon Mr. Lin

"This..."

Gao Renxing hesitated for a moment and said,

"Mr. Lin, I know that your family business is big. In the past, Old Chen wouldn't be able to compare to you. But now, his company has already received its angel investment and Series A financing, while their Series B fundraising is about to start. The market prospects are particularly good. If we compare it, he might not be far off from you..."

"Is that so? Just two rounds of financing and he's already acting this crazy?"

"Haha... .." Chen Junye laughed coldly. "There's something you might not know, but the people who invest in me aren't ordinary people."

"Then I'd like to know who has the right to make you this crazy."

"You should have heard of Sino-Han Capital, right?" Chen Junye said. "Sino-Han Capital invested in the Series A fundraising, and will also participate in Series B round."

"Sino-Han Capital gives you so much confidence?" Lin Yi said. "Is Qin Han your relative?"

“Are you afraid? Are you starting to curse inside?” Chen Junye said:

“Let me tell you, in addition to Sino-Han Capital, Huaxia’s new powerhouse, Lingyun Capital, has also invested in my company, from the angel stage all the way to the Series B round!”

“Junye, why are you talking to a nouveau riche like him?” Wang Ziyi said.

“A person like him probably doesn’t even know what financing is.”

Ji Qingyan was speechless. She held her temple and shook her head.

Weren’t these people a little too arrogant? They felt too good about themselves.

Gao Renxing stood up and explained,

“Mr. Lin, I’m sure you’re not familiar with this new Lingyun capital. I can tell you that even though they came out of nowhere, their strength cannot be underestimated. The newly built Twin Towers were bought by the boss of Lingyun group for 18 billion yuan¹. With such a person backing Old Chen, you might really...”

Gao Renxing didn’t finish his sentence, but he believed that Lin Yi would understand what he meant.

Chen Junye might not have as many assets as he did, but Lin Yi wasn’t as impressive as him in terms of future prospects and development.

Gao Renxing’s words completely shocked the Huaxian people who were eating nearby.

Qin Han was from Zhonghai, but he had a lot of influence on the internet.

The Mysterious Lingyun that he was talking about had spent 18 billion yuan to buy a building. With these two giants backing him up, who would dare to go against him?

If he did, he’d be making an enemy out of those two bigwigs!

“Pfft!”

Ji Qingyan couldn’t help but laugh out loud.

They were so arrogant, yet it turns out that Lin Yi was the one who had invested in for them.

Lin Yi laughed out loud, too, not knowing what to say.

“Who’s the one who invested in you? He Yuanyuan or Qi Xianzhao?” Lin Yi asked.

Chen Junye froze when he heard Lin Yi mention He Yuanyuan and Qi Xianzhao’s names. “You actually know Director He and Director Qi?”

“Don’t ask me a question in response. Tell me who invested the money in you.”

“Director Qi made the decision.”

“Let’s not hurry. I’ll make a call first.”

Lin Yi took his phone and dialed Qi Xianzhao’s number. It took a long time for it to be picked up.

“President Lin?”

Due to the time difference, it was already one in the morning in Huaxia, and Qi Xianzhao was already sleeping.

“Do you know someone called Chen Junye?” Lin Yi asked.

“I do. He’s the general manager of Zhongju Technology. The company’s prospects aren’t bad. I invested in the angel round and Series A fundraising, and I’m planning to follow up in the Series B as well.” Qi Xianzhao said.

“I’ve just met the wise guy myself. He doesn’t seem like a good person. Let’s withdraw our investment.”

“Withdraw our investment?”

“That’s right, let’s withdraw,” Lin Yi said lightly.

“Okay, I’ll contact Zhongju’s team first thing tomorrow morning and withdraw our investment.”

“Okay, have a good rest.”

After giving the instructions, Lin Yi hung up the phone. Chen Junye and Gao Renxing froze on the spot, not knowing what to say.

Chen Junye could tell that the person speaking was Lingyun group’s COO, Qi Xianzhao!

And he just called the man in front of him President Lin!

Could it be that they had a superior-subordinate relationship?

Even so, Director Qi was already Lingyun Group’s COO. Who else could be his superior besides the chairman?

“Mr. Lin... Mr. Lin, what did you just say? Did you say to withdraw the investment?” Chen Junye said nervously.

“That’s right, I withdrew my investment.” Lin Yi said with a smile. “But don’t worry, I haven’t finished my calls yet.”

Lin Yi took his phone and dialed Qin Han’s number again.

Compared to the dazed Qi Xianzhao, Qin Han’s side was more chaotic. There was even a woman’s seductive voice in the background, causing Ji Qingyan’s face to turn red.

It was obvious that they were playing a multiplayer game again.

“What happened? Why’re you calling me in the middle of the night?”

“Did you recently invest in Zhongju Technology? I met their boss today and felt that his IQ was a little embarrass. Don’t participate in their Series B, and withdraw the funds from your Series A as well.”

“F*ck, why didn’t you say so earlier?” Qin Han scolded, “Did that wise guy offend you? Do you need me to reach out to my contacts and have them blacklisted?”

“That’s fine too.”

“I’m busy right now. I’ll do it after I’m finished with my game tomorrow.”

“Okay.”

After hanging up, Lin Yi smiled at Chen Junye. “Let’s continue talking. Do you have any other identities? Tell me and I’ll see if you have the qualifications to sit with me.”

Chen Junye was already trembling. His face was ghastly pale.

“You... Who are you...”

“Who am I?” Lin Yi smiled. “It’s quite a coincidence that I’m the boss of Lingyun Group. I’m the person who spent 18 billion on the building.”

“PFFT!”

Chen Junye almost vomited blood!

“You... you’re the boss of Lingyun Group?!”

“That’s right.” Lin Yi wiped his hands. “Also, I’m the one who asked Sino-Han capital to join in with the investment. Otherwise, he wouldn’t have the energy to waste his time on you.”

Gao Renxing, who was listening by the side, felt his heart skip a beat.

He felt like he and Chen Junye were two retards.

Chen Junye’s company had such a bright future because of this man in front of him. Yet, he still had a sense of superiority!

What a retard!

“So... so you were the one who brought the two titans together...”

“I was the one who did it.” Lin Yi said. “I suggest you stop playing around and go back to deal with the company.”

“No, don’t...”

Chen Junye knelt down in front of Lin Yi. “Mr. Lin, please give me another chance. I’m just starting out. If you guys withdraw your investment, I’ll be finished!”

“You don’t have to beg me for this.” Lin Yi said.

“Heaven may forgive your sins, but you’ll have to live the rest of your life shouldering them. You’d better pray for yourself until then.”

Chen Junye’s eyes were blank, as if his soul had been sucked out.

“Junye, you don’t have to do this. With your talent, I believe that you will definitely make a comeback,” Wang Ziyi said.

Pa!

Chen Junye turned around and slapped Wang Ziyi's face.

"It's all your f*cking fault. You had to feed the giant panda and then go flaunt in front of President Li. If it wasn't for you, I wouldn't be in this situation!"

"You actually hit me!"

Ziyi covered her face. "I was wrong about you!"

"I was wrong about you! It's all your fault! My future is ruined because of you!"

"You're the one who's useless! How dare you blame me!" Wang Ziyi scolded. "You'll never be as good as Director Lin in this life!"

Lin Yi wiped his mouth and left with Ji Qingyan.

It was better for them to deal with this mess themselves.

That afternoon, Lin Yi took Ji Qingyan around the park.

There were a lot of fun rides, but many of them were very intense. Thus, Ji Qingyan didn't dare to try them.

Especially the Ferris wheel. Ji Qingyan really wanted to sit on it.

However, she was afraid. In the end, she decided to keep the Ferris wheel as a side project and come back again before they left.

"Lin Yi, you promised me that you would ride the Ferris wheel with me before we leave. You can't go back on your word."

"I brought you to Disneyland. Why would I be afraid of bringing you on the Ferris Wheel?" Lin Yi said. "You're the one who didn't dare to ride it."

"But I might ride it in a few days, so you can't go back on your word then. You have to join me on it." Ji Qingyan said seriously.

Chapter 305: You're Still Going to Bait the Fish?

"Don't worry, I won't go back on my word."

Lin Yi did not know why Ji Qingyan was so obsessed with the Ferris wheel, but he still agreed to it.

It was not a big deal, and there was no reason for him not to agree.

The two watched the world-famous Disney show in the park as night fell, then slowly walked toward the hotel.

"Lin Yi, I need to say a few words about the bedroom allocation tonight."

"Uh, what do you want to say?"

"The big bed belongs to me today."

“Why?” Lin Yi said. “That will depend on your ability.”

“Although I didn’t study abroad, I got a 8.0 on my IELTS exam. No matter how you look at it, my language ability is better than your broken English, right?”

“Alright then.” Lin Yi looked around and saw a girl with a backpack not far away.

“See that girl? If you can get her contact information, the big bed in the bedroom will be yours.”

Ji Qingyan looked at Lin Yi with a straight face. “Why do you need her contact information?”

“I’m just trying to test your ability. I don’t mean anything by it.”

“Alright then.” Ji Qingyan said confidently. “It’s just her contact information. I’ll go over now.”

Lin Yi sat at the side, not paying too much attention to it.

With Ji Qingyan’s social skills and English, it wasn’t a problem for her to get this girl’s contact information.

After all, there was not that much wariness in an interaction between women.

It could be said that this mission was not difficult at all.

“No, this mission isn’t any good. Let’s change the requirements.”

“HM?”

Lin Yi was sitting on the steps. His butt hadn’t even warmed up before he saw Ji Qingyan walking back with a sullen expression.

“What’s wrong? You can’t even complete such a simple mission? How did you become president?”

“This has nothing to do with me.” Ji Qingyan said, “That girl is French, so there’s no way to communicate with her. We have to change our target.”

“Damn it, you can’t even speak French, yet you still have the nerve to call yourself a top student?”

“That’s different. French is much harder than English. Moreover, when I was in university, I didn’t ever come into contact with this foreign language, so it’s not something I’m familiar with.” Ji Qingyan said unhappily, “You say it as if you know it.”

“What if I do?”

“If you can get her contact information, you can have the big bed tonight.”

“I’ve been waiting for that.”

The French girl saw Lin Yi walking over, and her face blushed shyly.

“Cough, cough, cough...”

Lin Yi coughed a few times and said in a serious tone, “Ken you spek Chainis?”

Ji Qingyan couldn’t help but cover her mouth and giggle.

He was using this trick again.

“I asked her just now. She doesn’t speak Chinese.”

“Uhm... no wonder you were so confident.”

“Of course, I’ve already been tricked by you once. If I’m not completely confident in my abilities, why would I make this bet?” Ji Qingyan said proudly. “Today, you can sleep on the sofa. The big bed is mine.”

“Beauty, can I have your contact information?”

“Hmm?”

Just as Ji Qingyan turned to leave, she was surprised to hear Lin Yi speak fluent French.

How was this possible?!

He actually spoke French?!

When did he learn to speak it?

“Of course.” The French woman was obviously excited and gave Lin Yi her contact information.

Lin Yi waved his phone around and smiled. “Thank you, I’ll call you soon.”

After getting the contact information, Lin Yi patted Ji Qingyan’s shoulder.

“Let’s go, your sofa is waving at you.”

Ji Qingyan’s head was in a mess as she looked at Lin Yi adorably.

“You... How can you speak French?”

“It’s just French, how can it be difficult for me?” Lin Yi shrugged. “I wanted to give you a chance, but God loves me, so I’ll have to trouble you to sleep on the sofa.”

“Lin Yi, you bully!”

Ji Qingyan pouted her cheeks and stomped her feet. She armed herself with the basic skills of a Huaxian woman and acted shamelessly.

Lin Yi thought that a woman like Ji Qingyan would never do this.

He did not think that she was just an ordinary woman.

“Alright, stop acting shamelessly.” Lin Yi said. “You can sleep on the bed tonight.”

“Hehe, that’s right.” Ji Qingyan stood on the stairs and spread her arms. “Lin Yi, carry me back.”

“Okay.”

Lin Yi smiled and walked over. He bent down and let Ji Qingyan climb on his back.

Lying on Lin Yi’s back, Ji Qingyan felt an unprecedented sense of security. No one had ever given her this feeling before.

“Lin Yi, do you have anything to say?” Ji Qingyan asked quietly.

“It’s soft, keep it up.”

“Soft?”

Ji Qingyan blushed. “Who told you to say that?”

“That’s my most honest feeling.”

“Hmph, it’s so unromantic all.”

Although she was a billionaire female CEO, there was still a little woman’s heart inside Ji Qingyan’s body. She liked pink and romantic things.

“Lin Yi, put me down. We’re almost at the hotel,” Ji Qingyan said quietly.

“So what if we’re at the hotel? I’ll carry you to the room.”

“How could you do that? There are so many people in the hotel. It’s so embarrassing. Put me down.”

“Not possible. Stay on my back.”

Lin Yi didn’t care too much as he carried Ji Qingyan to their room.

The latter’s face was red as she buried her face into Lin Yi’s back. She was too embarrassed to look at anyone.

Ji Qingyan let out a sigh of relief when she reached her room.

“There were so many people in the hotel just now. I don’t even dare to go out tomorrow.” Ji Qingyan covered her face like a small mole.

“Let me tell you, you don’t understand the customs here.” Lin Yi said very formally.

“We’re both single, so it’s normal for me to carry you on my back. On the other hand, most of the men here aren’t here with their wives or girlfriends. They’re not embarrassed of this fact at all, so why are you so ashamed?”

“How do you know this? You’ve never been here before.”

“Do you even need to ask? What’s the point of still casting your line? You’ve already got the woman, so who’d be willing to come here to spend money?”

Eh...

Although it was a fallacy, why could she not find a point to refute it?

“You only know how to spout nonsense.” Ji Qingyan stood up. “I’m going to wash up, but don’t forget you already said that you’re going to give me the big bed.”

“Don’t worry, I’ll definitely give it to you.”

“That’s more like it.”

After washing up, the two of them chatted for a while more before Ji Qingyan returned to her room to rest.

However, she couldn't fall asleep on the bed.

"He carried me into the room yesterday, isn't it selfish to leave him outside today?"

"I'll give him a blanket, what if he catches a cold?"

Thinking of this, Ji Qingyan got up and found a blanket, then got ready to pass it to Lin Yi.

Click!

Ji Qingyan opened the door and was surprised to see Lin Yi dressed neatly while standing at the door.

"You're going out?"

Chapter 306: You Must Be Dreaming Again

"Uhm... ."

"I think its a pretty nice night, so I thought I'd go out for a walk." Lin Yi said.

"You're up to something, aren't you?" Ji Qingyan said suspiciously.

"I can't help it, her charm was too strong. That French girl asked me out to admire the moon together, and I couldn't refuse her, so I could only reluctantly agree." Lin Yi sighed. "It was too hard for me."

"Don't you dare!"

Ji Qingyan pinched her waist. "I'm telling you, don't go anywhere today. Just stay in your room!"

Ji Qingyan's chest heaved up and down in anger. It had only been a short while, yet she was already trying to hook up with him!

This was outrageous!

"Eh, you're not jealous, are you?"

Ji Qingyan blushed. "Why would I be jealous? I'm just afraid that you'll be in danger! Just stay in the hotel and don't go anywhere."

"Alright, I won't go. I'll stay here."

"That's more like it."

Ji Qingyan returned to the room, but within a few minutes, she stomped out again.

"Why did you come out again instead of sleeping?"

"I was afraid that you'd sneak out and come to the room."

"I really didn't expect you to be such a person. I think you're just craving for my body."

“Bah, bah, bah, you stink. Why would I want it?” Ji Qingyan said unhappily. “Come with me into the room.”

“Uh, okay.”

Inside the room, Ji Qingyan covered Lin Yi with two layers of blankets and pointed at him.

“You sleep here tonight. I’ll watch you from the bed.”

Lin Yi “...”

When a woman was ruthless, there really was nothing a man could do.

Lin Yi stretched lazily. “Alright then, I’ll sleep here today.”

“You can’t sleep here either.”

Lin Yi slept on the ground while Ji Qingyan lay on the side of the bed. Her eyes were glued to Lin Yi like she was watching a Korean drama.

Lin Yi didn’t care too much. He’d been shopping all day, and he’d been wanting to sleep for a long time.

“Ah!”

It was late at night, and a scream suddenly broke the silence in the room.

“Ah...” Ji Qingyan sat up abruptly, her forehead covered in a cold sweat.

“Were you dreaming again?” Lin Yi asked, his eyes hazy. “Did you dream that you jumped off a building, or did you dream that you fell off a cliff?”

“Huh? How did you know?”

Ji Qingyan’s face turned pale, “I dreamt that there were a few tigers chasing me, and I had nowhere to run, so I jumped off a cliff. The dream felt so real, and by butt even hurts after jumping... Huh? How did you know that I dreamed of jumping off a cliff?”

“It’d be weird if it didn’t hurt.”

Lin Yi did not bother teasing her. “Look at where you are.”

Ji Qingyan looked around, only to find that she wasn’t on the bed, but on the ground.

“W-why am I here?”

“Why do you think you are here?” Lin Yi said, speechless.

“You fell asleep on your side, and then you fell off the bed. You still have the nerve to ask for the reason?”

Ji Qingyan, “...”

This... this was too embarrassing.

Fortunately, the lights in the room were off, so he couldn't see her face. Otherwise, she would have to find a hole to hide in.

"Then I'll go back to sleep. You go back to sleep too."

"Go back to sleep for what?" Lin Yi waved his hand and pulled Ji Qingyan into his arms. "Save yourself the trouble of falling off again and just sleep here."

"What are you doing? Let me go!"

"Don't move!" Lin Yi threatened. "Or I'll tickle you."

Ji Qingyan didn't move anymore. Her body tensed up as she felt Lin Yi's warm breath. She was extremely nervous.

It was just like what the PE teacher had said back then. Her body was made of steel and she couldn't bend it.

"Sleep properly. Why are you squirming around like a caterpillar?"

"I, I..."

Ji Qingyan stuttered for a long time, not knowing what to say.

"What's wrong? Tell me if you have something to say."

"I, I fell pretty hard just now, so my butt hurts," Ji Qingyan said pitifully, her tears about to fall.

"Pffttt!"

Lin Yi couldn't help but laugh out loud.

"Isn't that simple? I'll just massage it for you," Lin Yi complained. "There's so much meat on it, so even though the bed is pretty high up, it shouldn't hurt too much, right?"

"No!"

Ji Qingyan sat up straight. "I'll rub it myself."

"Then you do that. I'm going back to sleep."

Lin Yi's drowsiness soon caught up to him. He went to sleep in a few minutes.

Ji Qingyan was left alone, puffing her cheeks angrily as she rubbed her butt.

The next morning, Ji Qingyan woke up with dark circles under her eyes. It was obvious that she hadn't slept well the whole night.

"Does it still hurt?" Lin Yi asked.

"Much better, but I didn't sleep well. I want to sleep for a while more." Ji Qingyan said, pouting.

"Go to sleep. We'll go out once you wake up."

"Give me your phone."

“What do you want my phone for?”

“Give it to me first.”

Lin Yi didn't think too much about it and gave the phone to Ji Qingyan.

“Hmm? Where's the woman's contact information?”

“Which woman?”

“The French woman we met last night.”

“I deleted it a long time ago.”

“You didn't talk to her?”

“She's French. Why would I talk to her?”

“Lin Yi, you're trying to trick me again. You're just trying to trick me into going with you...”

“Going with me to do what?”

“Bah, bah, bah. I'm not speaking to you.”

Ji Qingyan closed the door angrily and prepared to go to sleep.

Maybe it was because she didn't sleep well last night, or maybe she was too tired, but she slept until that afternoon.

The two didn't have any plans to go out anymore. Instead, they walked around the streets, ate some local delicacies, then returned to the hotel.

Over the next few days, Lin Yi took Ji Qingyan to the other theme parks in Orlando.

They went to all the places they could.

At first, Lin Yi wasn't in a hurry, but seeing that the Orlando trip was almost over and He Yuanyuan still hadn't found out anything about Shen Tianzhuo, Lin Yi couldn't help but feel anxious.

If she still couldn't find anything soon, they would have to go to Miami next door.

“Damn it, I'll give you one more day. If you can't dig up anything, I'll deduct your salary!” Lin Yi thought to himself.

After the day's journey, the two of them slowly walked around after dinner. Ji Qingyan said,

“Lin Yi, our Orlando trip is almost over. Let's go back, but if you have other places you want to visit, I can accompany you. You don't have to worry about me. I can take care of the company's business.”

“I originally planned to take you to Miami after Orlando.”

“Sure,” Ji Qingyan agreed readily. “Miami is a famous seaside city, and the business at Wangjiang Dock is expanding. You can learn from it.”

“That’s what I was thinking,” Lin Yi said with a smile, but he was thinking to himself. “He Yuanyuan, if you don’t find out more about Shen Tianzhuo, I won’t be able to hold on much longer!”

“It’s settled then. We’ll leave for Miami tomorrow.”

“Okay.”

Buzz, Buzz, Buzz...

Lin Yi’s phone rang, and he found that it was a message from He Yuanyuan.

He Yuanyuan, “I tried my best with Tianzhuo. Should I send the information to your email?”

Lin Yi was excited. He truly could get anything he wanted!

Lin Yi, “Sure, do it as soon as possible.”

He Yuanyuan, “Okay, by the way, his wife’s name is Mu Shumin, and her period comes between the fourth and tenth of every month.”

Chapter 307: Your Best Actor Is Online

Lin Yi didn’t know what to say!

You really did investigate thoroughly!

Lin Yi didn’t reply to He Yuanyuan’s message, nor did he read the information on Shen Tianzhuo.

He already had the information, and it was up to him to decide when to take action.

However, before the plan started, he still had to make some preparations.

Ji Qingyan walked slowly by the side, and noticed that Lin Yi hadn’t said anything. He had been fiddling with his phone, so she didn’t disturb him.

If it wasn’t due to work, he wouldn’t have such an expression on his face.

The two of them returned to the hotel and she saw that Lin Yi still wasn’t saying anything. He was frowning and didn’t even tease her. Ji Qingyan wasn’t used to this behavior.

“Do you want to take a shower?” Lin Yi said, “If you want to take a shower, I’ll go un later.”

“It’s okay, you can go first.”

Noticing that Lin Yi was distracted by work, Ji Qingyan stopped joking with him. “I’ll get your pajamas.”

Lin Yi nodded and took the pajamas before entering the bathroom.

After entering the bathroom, Lin Yi sat on the toilet with one hand on his chin, thinking about how to trick Ji Qingyan.

First of all, the purpose of this trip was to bring her here for fun, so he couldn’t reveal his intentions.

She wouldn't be angry, but the atmosphere would change. He had to ensure she had a thoroughly pleasant experience.

Despite this, his main priority was to go to Washington, because the headquarters of Microsoft was there. He had to think of a suitable reason to get Ji Qingyan to follow him there.

Lin Yi thought for a moment and said in his heart, "Guan Ya seems to be able to do it."

After thinking about it, Lin Yi casted Guan Ya in the female supporting role.

Even so, he still needed a supporting actor to play along with him.

He Yuanyuan could, but she wasn't the best person for the job.

After excluding her, he felt that Qi Xianzhao was the most suitable candidate.

Lin Yi sent a message to both of them after he decided on the supporting actors.

After everything was settled, he took a quick shower and walked out of the bathroom.

"Have you been too tired recently? Business should be done slowly, don't put so much pressure on yourself."

"It's fine, I'll be fine." Lin Yi said seriously.

Ji Qingyan didn't feel good. She couldn't help him at all after all that he'd done to her.

Ring, Ring, Ring...

At that moment, Ji Qingyan's phone rang. It was Guan Ya.

"I'm going in to take a call. If you're tired, lie down for a while. I'll massage your shoulders later."

"Okay, go ahead."

Lin Yi fell onto the sofa after Ji Qingyan returned to her room.

Shoulder massage?

Wasn't that a little too nice?

He felt a little sorry for Ji Qingyan!

Forget it, forget it. Who will suffer if not you? Me?

Twenty minutes later, Ji Qingyan walked out with her phone in her hand. She had a conflicted expression on her face.

She found Lin Yi in the middle of a video call with Qi Xianzhao.

"President Lin, didn't I tell you earlier that the company's been busy lately? Why'd you run off to America?"

Ji Qingyan was taken aback. Qi Xianzhao had always been a kind and gentle person, and it seemed like he'd never lose his temper. Why was he talking to Lin Yi like that?

He was obviously angry.

“Didn’t I give you all the authority? What do you need me for? What do I need you for?”

“I’m the COO of the company now, and it’s not like I get paid for nothing. You gave me this job, but I can’t handle it at all!” Qi Xianzhao said indignantly.

“Besides, you’re the boss of the company. The company is following up on several projects, but you’re out enjoying yourself. Have you thought about how I and the other employees feel?”

“I’m the boss and I’m paying you guys a salary. What do your feelings have to do with me? !”

“I don’t have anything else to say. Anyway, come back soon. The company is already so busy. You have to come back!”

“Bullsh*t. I can’t go back anytime soon. I still have to stay here for a few days,” Lin Yi said. “If you can do it, then do it. If you can’t do it, then leave. I don’t believe that Lingyun Group won’t be able to function without you!”

“Fine, then I won’t do it. It’s not like I’m starving to death out there!”

“Wait, wait!”

Ji Qingyan couldn’t sit still anymore. She ran over and snatched Lin Yi’s phone.

“Brother Qi, calm down. It’s my fault. Your President Lin came here to keep me company.”

Ji Qingyan felt guilty. She didn’t think that Lingyun would be so busy.

Lin Yi had given up so much for her.

No wonder Lin Yi frowned and didn’t say anything after he came back. They must have gotten into an argument back then.

Lin Yi tilted his head and looked at Qi Xianzhao in the video.

“What the f*ck, he’s a natural-born actor! His acting skills are too awesome! I need to give him a drumstick when I get back!”

“Since he’s going out with President Ji, I won’t say anything else.”

“Don’t worry, we’ll be heading back soon. We won’t affect the company’s work any longer.”

“It’s fine, it’s fine. I’ll just work a little more.”

“It’s fine, I’ll make the arrangements. Just don’t get the wrong idea of Lin Yi. He’s a man with a sharp tongue and a soft heart. He doesn’t have any bad intentions.”

“I know.”

“That’s good then. That’s all for today. I’ll talk to him after this.”

“Okay.”

After hanging up, Ji Qingyan was touched. "The company is so busy. Why are you still saying that it's nothing? You're making him angry."

"I wanted to have fun with you. Besides, the company's business isn't as important as you." Lin Yi pretended to be angry.

"It's okay as long as you have me in your heart." Ji Qingyan held Lin Yi's hand. "I'd be happy even if you took me around the streets, let alone to America."

"How can that be? The streets can't compare to Orlando." Lin Yi said

"That means you don't understand women." Ji Qingyan said, embarrassed.

"How can I not understand?"

"It doesn't matter where you go. What matters is who you go with." Ji Qingyan said, blushing. "I'm happy that you have time to accompany me. After all, you still have a lot of things to do."

"Fine, whatever you say."

Lin Yi lowered his head, his face still expressionless. His acting skills were comparable to the best actors.

"Oh right, what did Guan Ya call you about?" Lin Yi asked

"It's nothing, you don't have to worry about me," Ji Qingyan explained.

"Tell me, what is it? I can tell that you're lying." Lin Yi said

"She said that there are several professional design institutes in Washington that specialize in outdoor design, especially in the construction and related aspects of the dock. They have a lot of unique insights, so she wants to go visit them with me."

"Go where? We're here to play, so what work are you busy with?" Lin Yi said. "This Guan Ya is really something. I'll have to teach her a lesson."

"No! We have to go against you on this!"

Ji Qingyan said with certainty, "This is the Wangjiang Dock project. We have to take it seriously. We can't be careless!"

"What kind of deal is this? We are coming out to enjoy ourselves, but we are getting delayed by them."

"Alright, I know what you're thinking. I'll remember this."

"Alright then, we'll go to Washington together tomorrow. This is our family's business anyway, so it's only natural that we put in some effort."

"What are you talking about?" Ji Qingyan blushed. "We're not from the same family."

Lin Yi pinched Ji Qingyan's cute face. "Since it's all arranged, go wash up and rest early."

"Okay." Ji Qingyan looked at Lin Yi and said seriously, "Thank you for sacrificing so much to be with me."

"That's nothing. It's what I should do. We all need to have our priorities."

This time, Ji Qingyan didn't call Lin Yi any names. There was a layer of mist in her bright eyes.

"There's no need to return to our previous day's arrangement. I'll give you a chance. Let's both sleep in the bedroom."

Chapter 308: The Plan to Overtake at the Corner Starts Now!

"Are you sure?"

Ji Qingyan nodded shyly. "Yeah."

Lin Yi didn't respond, but instead started fiddling with his fingers as if he was calculating something.

"What are you doing?"

"I just did a rough calculation. It's a safe day today, I don't think I need to take any precautions."

"Safe?"

Ji Qingyan's face turned even redder. She was embarrassed and angry at the same time.

"What are you thinking of? If you continue like this, you'll sleep on the sofa tonight!"

"Okay, I'll set aside the evil thoughts first."

"Don't just set them aside, dismiss them at once!"

After that, Ji Qingyan took her pajamas and went into the bathroom.

Soon, the sound of running water could be heard. Lin Yi leaned against the sofa and opened his email, reading the information on Shen Tianzhuo repeatedly.

The profile consisted of three parts.

The first part detailed his personality and hobbies, which included all of his personal attributes.

From his favorite sports and food, to his personality and even the places he often visited on vacation, everything was clearly listed.

The second part detailed his work characteristics, which showed a clear hands-on style.

He took only two years to become a vice president of the department after joining Microsoft.

He then moved around the various departments, becoming the senior vice president of Microsoft three years ago.

He Yuanyuan even gave him high praise in her report.

This was the ceiling of a Huaxian working at Microsoft!

Lin Yi didn't have much to say in front of such a person.

Getting this guy would be awesome!

The third point mentioned his lifestyle.

Lin Yi discovered that Shen Tianzhuo's charitable donations accounted for almost one-twentieth of his total expenses. With his current salary, that was a very high figure.

Most of the places he supported were in the poor mountainous areas in the Zhejiang province.

This seemed to be a new breakthrough for Lin Yi.

Lin Yi looked down again. There was one more thing that was worth looking at.

Shen Tianzhuo had been working at Microsoft for eight years, but he had been coming back to Huaxia almost every year since four years ago. Apart from visiting his family, he also gave lectures at various universities.

The schools he went to were very interesting as well. They weren't famous schools like Tsinghua or Yan University, just ordinary schools like 211 and 985. This was pretty interesting.

Lin Yi glanced at the rest of the contents, then closed the document. He rested one hand on his head as he fell into deep thought.

According to the information, Shen Tianzhuo had a lot of traits he could exploit. He wasn't a blockhead.

However, winning him over would be a problem.

Lu Ying and Sun Fuyu had chased after him for two days, but he didn't even give them a chance to meet. It was enough to prove that he was a serious person. After all, Lu Ying's legs were very attractive.

After thinking about it, Lin Yi gave up on his usual tactics. He had to take a curved path to save the country when facing someone like Tianzhuo.

"Eh?! When did you get out?"

While thinking about Shen Tianzhuo, Lin Yi was shocked to see Ji Qingyan standing in front of him in her pajamas.

"I've been standing here for a minute." Ji Qingyan looked at Lin Yi with interest.

"It seems like you're not sleepy at all since could daydream about your life at this time."

"Ah!"

Lin Yi lifted her up by the waist. "I wasn't sleepy just now, but now I'm sleepy."

"What are you doing? Let me go!"

"The floor is slippery, it won't be good if you fall down," Lin Yi said with a smile.

"You have an ulterior motive."

"Yes."

Ji Qingyan puffed up her cheeks. "What a hooligan, you don't have any shame."

Lin Yi carried her back to her room and prepared to sleep when he saw how cute she was.

After the lights were turned off, Ji Qingyan knelt on the bed. "I'm giving you the bed as a reward. You have to be more obedient."

"My head will definitely be obedient. I won't move it at all."

"Who said anything about your head? I'm talking about your hands and feet!" Ji Qingyan said. "Don't move them."

"The goddess in the hearts of all the male employees in Chaoyang Group is lying next to me. If I don't move, it'll be the biggest insult to your looks and figure!"

"Don't try to fool me, I won't fall for it." Ji Qingyan was already resisting, and she said unwaveringly.

"If you dare to move, I'll sue you and send you to jail."

"Do you really have the heart to make your child grow up with no father?"

"No father..."

"Lin Yi, if you continue like this, I won't let you sleep on the bed."

"The main concern is that your request is too much. I can't help it anyway."

Ji Qingyan thought for a moment. "Then you can only hug my stomach. Don't have any other bad thoughts."

"No problem."

The two of them lay down with their clothes on. As Lin Yi hugged her gently, Ji Qingyan's heart pounded. This was such a bold move.

As she listened to Lin Yi's even breathing, Ji Qingyan's nervous mood slowly relaxed.

An unprecedented sense of satisfaction and steadiness filled her, and she slept exceptionally soundly.

The next morning, when Lin Yi woke up, he found Ji Qingyan curled up in his arms.

Her skin was fair, and her eyelashes were long. Her long and tight thighs were almost exposed, like a lazy cat, making one feel the urge to kiss her.

Ji Qingyan opened her eyes as if she felt Lin Yi looking at her.

She had already been awake, but she didn't want to get up.

"Wake up. We have to go to Washington soon."

"Okay." Ji Qingyan nodded, her face still blushing.

After getting up, the two of them packed up and went to the airport. They bought a set of woman's formal attire at the duty-free shop.

Because they didn't want to talk about work this time, they didn't bring any formal clothes, so they could only buy a set now.

After buying the clothes, the two of them didn't waste any time and took a plane to Washington

The two of them met Guan Ya at the hotel near the airport. The latter had been waiting here for a long time.

Guan Ya's outfit always carried a hint of power and sharpness.

Her red dress was matched with black silk and high heels, and in terms of height, she was almost as tall as Ji Qingyan, who was wearing flats.

"Director Guan, sorry for making you wait." Ji Qingyan said, embarrassed.

"I just got here, too." Guan Ya said.

"Director Ji, what are your plans? We can take a day off and start tomorrow."

Guan Ya didn't know what Lin Yi was planning. She only needed to be a useful accessory to him during this trip.

Ji Qingyan was silent for a few seconds. "If it's possible, let's start today and try to finish early."

"Alright, I have plenty of time here. I'll follow Director Ji's arrangements."

"Director Guan, please wait for me for a moment. I'll go and change my clothes."

After Ji Qingyan changed into the uniform that she had just bought, she looked like a different person. Her temperament was outstanding and she had a domineering and beautiful aura that surpassed all others.

Guan Ya secretly sighed. Standing next to such a woman, she was sure to be overshadowed.

"Do you want to come with us? It's your business, after all." Ji Qingyan said with a smile.

"I'm not interested. You guys can do it. I might as well play my games in the hotel."

"Alright, you've been tired these days. Rest in the hotel."

Ji Qingyan knew that Lin Yi wouldn't go, so she didn't have much hope when she asked this question. After seeing that her clothes were fine, she left with Guan Ya.

After confirming that the two of them had left, Lin Yi took a taxi to Microsoft's headquarters.

Forty minutes later, Lin Yi got out of the car in front of the main entrance of Microsoft's headquarters.

He saw the magnificent headquarters and the rushing crowd.

Lin Yi sighed in his heart. "This is a real f*cking financial unicorn!"

Thinking of this, Lin Yi rubbed his palms together.

The plan to overtake at the corner starts now!

Chapter 309: The Criteria for Evaluating Programmers

All kinds of people from all over the world could be seen here when one walked into Microsoft's headquarters.

There were even more people from Huaxia.

Lin Yi looked around before walking toward the front desk.

"Hello, are you applying for a job?"

Seeing that Lin Yi was here for a job, a white girl stood up and handed him a form.

"Please fill out the form and go back to wait for our notice."

Lin Yi didn't think that he'd be just in time for Microsoft's recruitment season. It was much more convenient that way.

Lin Yi took the form and filled it out briefly before handing it back to the white girl.

The white girl glanced at it. She didn't pay much attention at first, but when she saw the job application and salary, she lost her composure.

"You want to apply for the position of executive vice president?! You want a salary of 3.5 million US dollars?"

"That's right," Lin Yi said.

"I know you think it's unbelievable, but I hope that you can hand this report to your president. I think he'll be interested."

The white girl obviously didn't believe him. Although she was a receptionist, she had still been qualified enough to work at Microsoft.

"I'm sorry, I won't hand in materials like this because there are a lot of swindlers like you who come here every day."

"I know you don't believe me, but I have the ability to improve the chip's original computational architecture and improve the operating system's smoothness and stability. Isn't that worth 3.5 million a year?"

"Sir, I think you're lying. God won't forgive you if you continue like this. I have a lot of Huaxian colleagues who are very humble and hardworking. I hope you won't ruin my good impression of the Huaxians."

"If you don't believe me, I don't mind showing you."

Lin Yi had thought of this before he came.

If he wanted to enter the company in the shortest amount of time and get in touch with Shen Tianzhuo, he had to show some real skills.

"I'm sorry, I don't have time to waste on you."

What the f*ck?!

Was there such a big difference between the aesthetic standards of foreigners and Huaxians?

'There is no way to use my looks anymore!'

He was losing his mind!

"Kelly, what are you guys arguing about?"

Just as Lin Yi was about to launch another attack, he heard someone speak behind him.

He turned around and saw two people standing behind him. Coincidentally, both of them were Huaxian.

The person who spoke was a Huaxian woman. She was wearing a white suit and black high heels. She had a badge around her neck and was very serious.

Her English name was Jessica, and she was the vice president's secretary.

The other person's English name was Carson, an intermediate engineer in the technical department.

"He's here for the job, but he's applying for the position of executive vice president. I was just about to chase him away."

"Applying for the position of executive vice president?" Jessica was stunned for a while.

He didn't look like he was messing around. Huaxian people still had a kind of self-respect and rationality.

Even so, it didn't make sense for him to be so handsome.

Jessica took Lin Yi's information and glanced at it.

"Mr. Lin, given your age, I have doubts about your ability. I hope you will have some self-respect."

"What's wrong? Can't I be awesome despite my young age?" Lin Yi started speaking in Huaxian.

"When I was young, I peed on the electric cooker that was on fire. My mom said that I would definitely grow up and do great things back then."

Jessica, "..."

Your mom was lying to you!

"Anyway, I have my own way of judging candidates, and I think you're joking with me." Jessica also started speaking Huaxian.

"What's your way of judging?"

Jessica glanced at Lin Yi, then pointed at the IT elites in the building in a hurry. "How can you compare to them?"

Lin Yi, "???"

"How? Apart from not wearing a suit and not having a computer, I'm not lacking in any way."

"You're much worse" Jessica said:

“There are ten people there, but none of them have a full head of hair like you do. How dare you still claim that your skills are good!”

Ugh...

It was a f*cking irrefutable reason.

“There’s something you might not know. This is a wig. When I was three years old, I went bald because of my computer skills, so I do possess impressive abilities.”

“Jessica, stop talking nonsense with him. Just chase him away,” Carson said from the side.

“I think we can give him a chance.” Jessica smiled. “This person is a bit special.”

“What’s special about him? Why can’t i tell?”

“He’s very handsome.”

Carson, “...”

Lin Yi held Jessica’s hand. “No wonder you became the CEO’s secretary. Your abilities are pretty good, unlike your colleague who’s gone blind at such a young age.”

“What are you saying?!”

“Alright, stop talking.”

Carson was about to lose his temper when Jessica stopped him. She turned to Lin Yi and asked, “Can you let go of my hand now?”

“Uh... Sorry, it’s an occupational disease.”

Jessica was starting to regret what she said earlier.

What kind of IT engineer would touch someone else’s hand?!

Did my hand look like a keyboard or a mouse?

“Due to your special circumstances, I need to give you a simple assessment,” Jessica said.

“Only after you pass the assessment will I help you hand in the entry materials.”

“Of course, no problem,” Lin Yi said. “Where is the assessment?”

“Our work structure is relatively simple. There aren’t that many rules. Just find a random place to sit down,” Jessica said. “How about the sofa over there?”

“The sofa is fine too. I’m more familiar with that place.”

Jessica, “???”

That sounded weird.

Seeing Jessica and Carson sitting down on the sofa with Lin Yi, and even pulling out their computers, many people looked at them curiously.

“Hey, Carson, is he your friend? What is he doing? Is he writing code here?”

The person who spoke was a Caucasian young man. He was about 30 years old, but he was bald.

Carson smiled. “This guy is here to apply for the position of executive vice president. He even said that he has the ability to improve the computational architecture of the chip to improve the smoothness and stability of the operating system. Don’t you think he’s amazing?”

“Haha, my God, the youngest vice president of our company is already over 40 years old. With his age, he might not even be comparable to a junior engineer.”

“I don’t know about that, but he said it himself, so I’m here to watch the show.”

“What the two of you are doing is wrong,” a black man said.

“Don’t tell me that because he is Huaxian, we should make an exception and give him a chance? People like him should be immediately chased away.”

“We also wanted to chase him away, but he shamelessly stayed on. There’s nothing I can do.” Carson shrugged and said.

“Does he think that just because he has some skills, he is very powerful?” The black guy said exaggeratedly.

“Oh my God, has there been a mistake? This is Microsoft. Even PhD students from famous universities can’t make it here.”

“I don’t know. If he wants to try, then give him a chance. Let him understand how small he is, and then he will leave,” Carson said.

“Sigh, I’ve lost my good impression of this braggart.”

Jessica frowned when she saw more and more people gathering around.

“Let’s start. Don’t waste time.”

Lin Yi opened the computer that Jessica borrowed and said casually,

“I think it’s better for you to call someone better. I’m afraid that they won’t be able to understand the code I write.”

Chapter 310: Meeting Tianzhuo by Chance

“Huh?”

The programmers were all stunned. No one expected Lin Yi to say something like that.

“Mr. Lin, you’re going a bit too far, aren’t you?” Carson said.

“A lot of the people here are senior engineers. Do you think we can’t understand the code you wrote?”

“It’s possible that you won’t be able to understand it, so you should better call someone more skilled to save time.”

“Hehehe...”

Carson laughed coldly. “You’d better write it out first so that we don’t waste our leader’s time.”

Lin Yi opened the console and type out the code with one hand.

Why did he do it with one hand?

Of course, it was to show off, otherwise he wouldn’t be able to flex how skilled he was.

Jessica was shocked when she saw Lin Yi’s fingers tapping non-stop on the keyboard like he was playing the piano.

He was so good-looking that he couldn’t possibly be single.

The programmers standing next to him were also shocked by Lin Yi’s typing speed. At the very least, they didn’t have this kind of ability.

“What’s written there? Is it random code?” The black guy said, “I can’t understand it at all. I’ve never seen such code before.”

“Me neither. I think it’s all incorrect code,” the white guy said.

Carson looked at Lin Yi. “Mr. Lin, I hope you don’t make a scene. My colleagues have already said that the code you typed out is all wrong, so you can leave now.”

“I’ve already said that you won’t be able to understand it, yet you still refuse to admit it.”

“The code you wrote is all wrong. How can we check it?”

“Wait!”

Jessica stopped Carson. “I think I’ve seen this code before.”

“What! You’ve seen it before?”

“I’ve seen Director Shen write something similar, but it’s not quite the same.” Jessica said, “I think we should report this to Director Shen.”

“How is that possible?!” Carson said, “Are you mistaken? After all, you are not a computer science major.”

“Just because I’ve never eaten pork before doesn’t mean that I’ve never seen a pig run before. Although I’m not a computer science major, don’t question my intelligence. I’ve worked for so many years, so I know a thing or two.”

Although Jessica said this, the others didn’t care.

Computer programming was a very profound thing. Did it really look like it was useful? She must be mistaken!

“What are you all doing here?”

Just as everyone was laughing at Lin Yi, a middle-aged man appeared behind them.

The middle-aged man’s appearance made the atmosphere become serious.

“Director Shen!”

Lin Yi raised his head abruptly and was surprised to find that the person standing in front of him was Shen Tianzhuo!

He didn’t even need to look at his badge as Lin Yi had already memorized his appearance.

Shen Tianzhuo kept his hair in a simple 30-70 split, and his clothes were a little out of date, perfectly fitting Lin Yi’s stereotypical impression of an academic superstar.

Lin Yi’s lips curled into a smile. He’d thought that it would take him some time to meet him, but this was such a coincidence.

“What are you all doing here?” Shen Tianzhuo asked.

“Director Shen, this guy’s name is Lin Yi. He wants to apply for the position of executive vice president, and he emphasized that he has outstanding abilities and is qualified for this position, so we...”

“What a joke!”

Shen Tianzhuo snorted coldly, “How old is he? You believe that? I’m so disappointed in you.”

“Got it, Vice President.”

“Hehe...”

Carson laughed coldly, “Alright, Director Shen has already spoken, which means that you have been sentenced to death. You should pack up your things and leave. You typed out a bunch of useless code so don’t embarrass yourself.”

“Whether it’s useless code or not, you should let him take a look.”

Lin Yi turned the computer over and directed it at Shen Tianzhuo.

Originally, Shen Tianzhuo wasn’t in the mood to look at it, but after glancing at it, he froze on the spot as if there were nails under his feet.

“Is... is this the code you wrote?!”

“Of course, they all saw it.”

Seeing those lines of code, Tianzhuo was like a woman staring at a diamond ring. He couldn’t even block the light from entering his eyes!

“I’ve thought about this code for a long time, but I still couldn’t crack it. I didn’t expect you to write it. You’re a genius!”

Hiss...

Jessica, Carson, and the onlookers were all shocked by Shen Tianzhuo's words!

The senior vice president of his company could be said to be below one person and above ten thousand people!

He actually gave such a high evaluation!

That meant that there was no problem with the code!

However, he was only in his twenties, so how could he have such a high talent?

Oh my God!

The Huaxian people were too smart!

"Then do I have the qualifications to apply for the position of executive vice president now?"

Shen Tianzhuo's expression froze. "This is not the place to talk, Let's go to my office to talk."

"No problem."

The target had taken the bait, and Lin Yi wasn't going to stay here any longer.

Shen Tianzhuo's office wasn't very big, and it was a little messy.

"I wasn't done cleaning up just now. Don't mind me, Mr. Lin."

"It's fine. It's the same in my study," Lin Yi said with a smile as he looked at Shen Tianzhuo carefully.

There was a picture of him with his wife on the desk, with their child in the middle.

It was obvious that he was a good family man.

"What would you like to drink, Mr. Lin?" Shen Tianzhuo asked politely. "I'll get Jessica to prepare it."

"Do you have any yangmei soup?" Lin Yi smiled.

Shen Tianzhuo's eyes lit up, as if he'd found a kindred spirit.

"Do you like yangmei soup too, Mr. Lin?"

"Although I like it a lot, my favorite is still the yangmei soup from my hometown mountain. I can't get it anywhere else, so I can only force myself to drink whatever I can get my hands on."

"Is Mr. Lin from Wen City?" Shen Tianzhuo was surprised.

"Are you from Wen City too?"

"I'm from Wen City, Zhejiang Province."

"I didn't expect to meet someone from my hometown here. What a coincidence." Lin Yi smiled. "It'll be more harmonious if I work here in the future."

"That's for sure. On behalf of Microsoft, I welcome you to join us."

"Chairman Shen, don't say that yet. Do you have the ability to hire for my position?"

There was no difference between a senior vice president and an executive vice president.

If Lin Yi wanted to join, it wouldn't be up to Shen Tianzhuo to decide.

"Mr. Lin, you are here to apply for the position of executive vice president. You should know the importance of this position. It's not something that I can decide, and it's not something that the chairman can decide alone. Therefore, it won't happen overnight."

"That makes sense." Lin Yi nodded.

"There's nothing to say about your skills, but there's no shortage of people in the r&d department. I'll arrange for you to be the vice president of the global marketing department, but this will only be temporary. With your ability, as long as you work hard, the position of executive vice president will be yours sooner or later."

"Sigh..."

Lin Yi sighed. "I do have a passion, and I'm willing to work hard, but at the end of the day, this isn't my home..."
