Chapter 441: I Will Always Remember Everything You Did

“Who is this kid? How is he so capable?” Liang Cunxiao asked suspiciously.

“He’s an interesting person.” Liang Xianghe laughed out loud.

“You might not believe it.”

The couple looked at Liang Xianghe, waiting for him to continue.

“Do you know who performed Old Yang’s surgery?”

“Did he do it?” Shen Shuyi asked.

“It’s really him.” Liang Xianghe said.

“I heard from Little Mi that the doctors at Huashan Hospital were helpless at that time. Then, he carried out the surgery on Old Yang with the belief that he would survive in the face of death. In the end, he even succeeded.”

“He’s so capable at such a young age?”

“That’s right. When I heard the news, I was shocked. But other than that, that kid also did a lot of things.”

“Dad, tell us.”

Liang Cunxiao could not help but ask, “Little Mi is already so grown. Some things have to be put on the agenda.”

The couple adopted an open-minded attitude toward Liang Ruoxu’s marriage.

Although they wouldn’t interfere too much, they also couldn’t be too soft on her.

Therefore, to them, the more outstanding this mysterious man standing behind their daughter was, the happier they would be.

“He’s working on a photolithography machine.”

“Huh?”

Shen Shuyi could no longer remain calm. “He’s actually working on a photolithography machine?”

“That’s right. A few days ago, when we were eating, didn’t we discuss the reason why Shen Tianzhuo returned to the country? He was poached by that kid to start working on a photolithography machine.” Liang Xianghe said.

“He said that within two years, Little Mi will be able to add it to her resume. Based on the current situation, if the photolithography machine is successfully developed, forget adding it to her resume, it’s possible she might be invited to join the central government itself.”

Liang Cunxiao and Shen Shuyi nodded. The latter said,

“With the importance of the photolithography machine in the technological field, let alone developing it, even if there is a major breakthrough, she might be promoted. However, I’m very curious. How did he convince Director Shen?”

“With his skills.”

“In technology?”

“I heard from Little Mi that the person called Lin Yi is a world-class chip expert. He’s very skilled.”

“Dad, don’t listen to Little Mi’s nonsense. How old is he? How can he be called an expert?” Shen Shuyi said.

“Little Mi isn’t the one who said it, Shen Tianzhuo himself did.” Liang Xianghe said.

“And Shen Tianzhuo returned to the country this time because he sympathized with him. Otherwise, he wouldn’t have come back.”

Shen Shuyi smiled. “I think there might be a reason for this. Another reason might be that he might have been fooled. Otherwise, he wouldn’t have returned to Huaxia in such a manner.”

“That’s indeed possible. My precious granddaughter herself has been fooled by that kid several times.” Liang Xianghe said.

“That’s why Lin Yi is the real mastermind behind the fall of Pfizer and the six pharmaceutical companies. That’s how he got this list.”

“That means that this kid’s brain is quite useful.” Liang Cunxiao nodded in satisfaction.

“Not only does he have an abundance of brainpower, I heard that he’s quite good-looking.”

“Then this matter will be settled.” Liang Cunxiao looked at Shen Shuyi. “Make arrangements for the company. We’ll make some time to visit Zhonghai to take a look.”

“I don’t think so,” Shen Shuyi said.

“Don’t you know Little Mi’s temper? Their relationship hasn’t even started yet, so why are you rushing over?”

“I’m not in a hurry.”

“Let’s talk about it later,” Shen Shuyi said.

“If the two of us go over, this will be viewed as a statement in the eyes of others. There are so many people watching our daughter. If others find out, it might have a negative impact on her. Let’s wait for now.”

“Dad, what do you think?” Liang Cunxiao asked.

“This is your personal business. Don’t ask me.” Liang Xianghe refused.

“If Little Mi finds out that this was my idea, she will call me to settle the score, so don’t drag me into this.”

“Then I’ll ask my mother.”

“Stop fooling around.” Liang Xianghe said.

“If you ask, she’ll think it was my idea, and she’ll lecture me.”

Liang Cunxiao didn’t say anything and finished the wine in his glass.

“The two of us have lived a miserable life.”

Shen Shuyi smiled at her lover and said to Liang Xianghe,

“Dad, do you know who this Lin Yi is? I don’t think any of the famous families in Zhonghai have the surname Lin.”

“This matter is indeed quite strange. A few days ago, Old Yang called me and said that he talked to Lin Yi for a while. Guess what? He’s not from a prestigious family at all. He’s an orphan in an orphanage.”

“That’s impossible.” Liang Cunxiao obviously didn’t believe it because there was no rationality behind this statement.

“I didn’t think it’s possible either, but Old Yang told me something that made this matter make a little bit of sense.”

“What is it?” the couple asked in unison.

“Yes. Do you remember the man who killed the black bear with his bare hands in the northeast?”

“You mean Lin Jingzhan?!”

...

Zhonghai, Jiuzhou Pavilion.

Lin Yi was bored and passed time playing games with Sugar in the room. He lost two out of three rounds and Sugar ended up being scolded badly.

[Promoting Medical Innovation. Reward: 200,000 proficiency points.]

[Profession Proficiency: 55%. Reward: Master-level clinical memory.]

Hearing the system notification, Lin Yi suddenly sat up from the bed.

He did not expect the system to inform him that he had completed a mission at this time.

Lin Yi had already guessed that if action was taken on the list, it would definitely help the country’s medical system.

However, it had only been less than two hours since he submitted the name list. It was impossible for there to be any movement at this point. Thus, how could he have promoted any innovation in the medical system?

Lin Yi thought about it and seemed to understand what was going on.

Liang Ruoxu did not have the ability to do this. She had to ask for her grandfather's help.

Perhaps her grandfather had agreed to do this, so the system automatically judged that he had promoted the development of the national medical industry.

Lin Yi rubbed his chin. He hadn't wasted his time during this period.

"System, the master-level clinical memory you rewarded me with shouldn't be limited to the cardiology department, right?"

[This reward affects general clinical memory. It will help the host become a top surgeon.]

"The system is awesome!"

[System Mission: Complete five surgical clinical surgeries. Reward: 15% proficiency points]

Seeing the new system mission, Lin Yi felt that it wasn't difficult.

The system had rewarded him with master-level clinical memory. With this, it would not be difficult for him to deal with the surgery.

Based on the size of Huashan Hospital, there would be a surgery occurring every two days. Sometimes, there would even be one every day. If nothing went wrong, the mission would be completed in about a week.

In short, it wasn't a big problem.

...

The next morning, the two of them dressed up and prepared to go to work.

Although she was still in the same clothes from the day before, Liang Ruoxu's long hair was tied up, making her look much more mature.

"I've already handed the name list to my grandfather. He said that he will take care of it." Liang Ruoxu said.

"With my grandfather's personality, he will probably handle this matter seriously. It's just that there are too many people involved. Therefore, it will take some time to get through it."

"Yeah, you guys handle it," Lin Yi said absent-mindedly.

He already knew about this. Otherwise, the system would not have rewarded him.

"Thank you for everything." Liang Ruoxu looked at Lin Yi. "Others might not know what you've done, but I'll always remember it."

Chapter 442: Another Place, Another Wave

"That's an absolute lie," Lin Yi said.

“If you want to repay me, just think of our pool. Don’t let it get lonely.”

“Tomorrow, I will order Huaqing Lake to be shut down.”

After saying that, Liang Ruoxu raised her head and left valiantly, looking like a true socialite from Yanjing.

After Liang Ruoxu left, Lin Yi drove to the hospital.

On the way there, she called Ji Qingyan, but all of their discussions were on nonsensical topics to kill time.

When he arrived at the hospital, he happened to see an empty spot beside the Type-R. Lin Yi parked there and went to the eight inpatient department.

“Director Li, we’ll be colleagues from now on. I hope we can work well together.”

As soon as he entered the department, he saw a man in his thirties holding a gift box in his hand and handing it to Li Chuhan.

In addition, there was a middle-aged man in his fifties sitting on the other side. He was also an unfamiliar face.

When he saw Lin Yi, the young man subconsciously stopped what he was doing.

“Brother Lin, you’re here. These two are the new deputy directors of our department.”

Qiao Xin stood up and greeted him. She pointed at the young doctor and said, “This is Director Wang Zeyi. The other is Director Zheng Binjiang.”

With that, Qiao Xin turned around and introduced him to the two of them. “Director Wang, Director Zheng, this is the other director of our department, Lin Yi.”

Both parties nodded in greeting.

Lin Yi’s age surprised Wang Zeyi. He became the deputy director at the age of 31, which was young in and of itself.

He did not expect the person in front of him to be younger than him. Even if he had accidentally performed a relatively difficult surgery, it was impossible for him to advance so quickly.

The hospital took too much care of him.

“I know. He must be the temporary deputy director.”

Qiao Xin’s expression changed. These words were a little impolite.

“That’s me.” Lin Yi didn’t care and smiled.

Lin Yi wasn’t surprised to see Wang Zeyi and Zheng Binjiang.

Cao Jiawang, Liu Yongsheng, and Fan Zhufang had just been arrested. Three department director positions had been vacated in the cardiology department. Even if he filled one positions, there were still two empty positions left. The hospital had to find someone to fill them.

However, the hospital acted too fast. They found a substitute so quickly.

After the introduction, everyone got to work.

“Director Li, this is a limited edition perfume I specially brought back from France a few days ago. Have a look.”

“I don’t usually use perfume. Thank you for the gift.”

“Director Li, although you can’t use it at work, you can still use it when you’re on leave,” Wang Zeyi said.

“I really don’t need it, and I’m not used to this smell. I appreciate your kindness.” Li Chuhan combed her hair. “You should keep it for others.”

“Um...”

Wang Zeyi’s expression froze. Seeing that Li Chuhan really didn’t want to accept it, he could only give it to others.

“Little Qiao, the perfume is quite good. Keep it.”

“This perfume is too high-end. I don’t dare to accept it,” Qiao Xin said, cursing inwardly.

“I’m Brother Lin’s man. I don’t want your gifts.”

With an awkward expression, Wang Zeyi put away the perfume and returned to his seat.

“Brother Lin, Patient 804 is being discharged today. Do you want to take a look?”

“She is discharged after only staying for a few days. I’m still counting on her stay to bolster my monthly review.”

“This doesn’t seem to work. If you had shown her any mercy, she wouldn’t even have had to stay in the hospital at all. Now that she has spent more than ten thousand yuan, I think it’s enough.”

“How can I do that? I haven’t reached my KPI yet.” Lin Yi took the stethoscope. “Let’s go and take a look.”

“Okay, okay.”

Quietly, Qiao Xin took out a bottle of quick-acting heart pills in case of an emergency.

In Room 804, Zhao Wen had changed her clothes. She was wearing a black dress and high heels. Although her expression was not very good, she had regained some of her former powerful aura.

Other than that, Zhao Wen had also packed her things. However, she might have been waiting for someone as she did not immediately leave.

“Why are you here?” Zhao Wen asked coldly.

“Aren’t you leaving? I came to see you.”

“I feel like you’re here to mock me.”

“How is that possible? The customer is God. You spent so much money to see a doctor. You’re the female Bodhisattva in my heart.”

“Stop mocking me,” Zhao Wen said calmly.

“I know I’m not your match, but what you’re doing now is futile. This world has always been a place that prized fame and fortune. The things you fought for are actually insignificant. No one even thanked you.”

“I know.”

“Then why are you doing this?” Zhao Wen said, “You don’t look like a philanthropist.”

“Because you’re too pretentious. I don’t like you. It’s that simple.”

1

“...”

Buzz buzz buzz...

Zhao Wen’s phone rang at this moment.

After replying, Zhao Wen and Lin Yi stood side by side and said,

“I’m leaving the hospital. I hope I never see you again. But there’s something I want to tell you.”

“Please.”

“Actually, defeating me is nothing,” Zhao Wen said.

“I’m just a pawn in the hands of those capitalists, and real big shots won’t bother with these tricks at all. When you encounter people at that level, you’ll know how terrifying true fame and fortune really is.”

“On the contrary, how do you know that this is all I have?” Lin Yi smiled at Zhao Wen. “And how can you be so sure that I’m just an ordinary surgeon?”

Suddenly, Zhao Wen froze on the spot as if she had been struck by lightning.

That’s right. How could an ordinary surgeon collude with someone like Liang Ruoxu?

“Alright, go get discharged,” Lin Yi patted Zhao Wen’s shoulder and said earnestly.

The latter nodded and walked toward the department with her things.

“Director Li, I want to settle the discharge settlement.”

“Qiao Xin, count the total bill.”

“Okay.”

A few minutes later, Qiao Xin said, “The total is 12,480 yuan. You paid 10,000 yuan previously, so just add another 2,480 yuan.”

“That expensive?” Zhao Wen was surprised. Although she had been helped out of a state of unconsciousness a few times, the bill should not have cost so much.

"If we followed the usual treatment plan, about 4,000 yuan would be enough," Qiao Xin said.

"But Director Lin said that you have a noble status, so he used imported equipment and medicine to treat you. Naturally, the fees will be higher."

Zhao Wen staggered and almost fell.

"You're really taking advantage of every available opportunity. You even tricked me here."

"The imported medicines, raw materials, labor costs, and transportation costs are all high, so naturally, the charge is going to be high as well." Lin Yi said, "Especially Pfizer's ibuprofen, which is currently going for 289 yuan per box. It's the most suitable medicine for treating your illness. I even prepared ten boxes for you. Keep them for when you go back."

"You!" Zhao Wen clutched her chest. She was so angry at Lin Yi that her lifespan shortened at that moment.

"No, no, no. Madam Zhao, I think you shouldn't be discharged so soon. Stay here for a few more days. You're not in a good state," Qiao Xin said.

"It's okay. I'll just stay away from him."

"Fine."

Qiao Xin handed the bill to Zhao Wen, completing the procedure.

"I'll see you out."

"No, let me live a few more days."

"Brother Lin, will you miss her when she leaves?"

"Of course. Who would want such a fat sheep to leave?" Lin Yi crossed his legs.

"But I think I should change departments and go to the psychiatric department."

"Why?"

"This woman is not in good spirits now. She might go to the psychiatric department in a few days. When the time comes, I can toy with her somemore."

Chapter 443: Beautiful as a Fairy

After sending Zhao Wen off, Li Chuhan handed a report to Lin Yi and Qiao Xin.

"There's a surgery tomorrow. These are some of the patients' conditions. Take a look at them."

"Okay," Lin Yi replied.

"I've already applied to the hospital. You can make a house call tomorrow. Little Qiao, you can report to your Brother Lin from now on. If you have any questions, ask me."

"Okay, okay."

Qiao Xin looked at Lin Yi. "Brother Lin, congratulations on your independent house call tomorrow."

To a novice doctor, being able to make an independent visit was a great honor.

In the entire history of Huashan Hospital, Lin Yi was the first novice doctor to be granted this privilege.

"Learn from your Brother Lin. Both of you arrived at the same time. Look at him, then look at you."

Seeing Li Chuhan talking to Lin Yi with a smile, Wang Zeyi's expression turned ugly.

Didn't she not know how to smile? Why was she so kind to Lin Yi?

Was she interested in him?

That was impossible.

"Hehe, Brother Lin has always been better than me," Qiao Xin said with a smile.

"To celebrate Brother Lin's independent visit, I'll treat everyone to lunch."

"Little Qiao, why don't I treat everyone to dinner today? I'm new here, so it'll be easier for me to work with everyone in the future if I do this," Wang Zeyi said.

"I don't think that's a good idea. Director Wang, you've just arrived. How can I have you spend your money?"

"What's the big deal? It won't cost much. It's just a drop in the ocean for me." Wang Zeyi smiled and said, "Don't fight me on this."

"Alright, Director Wang will treat us to lunch." It was just a meal, so Qiao Xin didn't argue with him. Besides, she could save some money in the process.

"Alright, it's decided." Wang Zeyi held his phone. "It's almost noon. I'll book it now. If I remember correctly, including the nurses outside, there are a total of 28 people in our department."

"Director Wang, are you going to invite them all? It seems like it'll cost a lot."

"It's fine. It's nothing to me." Wang Zeyi smiled and said.

"It'll be easy to order the food, but I'm wondering if Starbucks can make so much coffee at once."

"Do you even want to order Starbucks coffee? One cup costs more than 40 yuan. If you buy 28 cups, it will cost more than 1,000 yuan. That's not even counting the lunch."

"Didn't I just say that it's just a small sum of money to me? Besides, I was a doctorate student in America. I like to have a cup of coffee after a meal. Otherwise, I'll feel uncomfortable."

Lin Yi was speechless. His acting was too stiff.

Wang Zeyi took out his phone and started ordering. The others were happy to let him do so.

After all, they did not have to spend their own money.

Almost an hour later, the food delivery man and the Starbucks delivery man arrived at almost the same time.

They staggered to the department with a large pile of things in their hands.

“Which one of you is Doctor Wang 1877? The meal you ordered has arrived.”

“I ordered the food. Just put it on my desk,” Wang Zeyi stood up and said.

The delivery men placed all of Wang Zeyi’s things on the table and left.

Wang Zeyi stood up and said to the nurse outside,

“I’ll treat everyone to a meal today. The food is here. Come and get it.”

Hearing Wang Zeyi’s words, the nurses stood up.

Their salaries were not high, so it was naturally really nice when someone treated them to lunch.

Back at his desk, Wang Zeyi took out a takeaway packet and a Starbucks coffee.

“Director Li, this is the caramel latte I chose especially for you. Try it.”

“Thank you.” Li Chuhan nodded.

“Director Li, you’re too kind.” With that, Wang Zeyi took another takeaway packet and coffee and said,

“Chief Zheng, this is for you.”

“Thank you, Director Wang,” Zheng Binjiang said with a smile.

In the next few minutes, Wang Zeyi perfectly played the role of the cafeteria auntie and was responsible for distributing food to the entire department.

“Dr. Joe, this is yours.”

“Thank you, Director Wang.”

At this time, Qiao Xin looked at Wang Zeyi’s table. “What’s going on? Why did he give me the last packet? Brother Lin hasn’t even gotten one yet.”

“Ah, what a fool I am. There are 28 people, but I only ordered 27 portions.” Wang Zeyi looked at Lin Yi and said.

“Director Lin, I’m really sorry. I forgot about you. I’ll have to trouble you to order food for yourself.”

Li Chuhan and Qiao Xin frowned slightly, feeling that Wang Zeyi was doing this on purpose.

He had clearly said the number before this. How could he forget it so fast?

“Brother Lin, you can take this. I happen to be on a diet at noon. I’ll just eat fruits,” Qiao Xin said.

“What’s the point of eating fruits? I can order a meal for myself.”

“Little Qiao, I specially ordered a cappuccino for your drink. It’s suitable for girls like you. It’s not appropriate to give it to others. Let Director Lin order it himself.”

Clang! Clang! Clang!

At this moment, there was a knock on the door of the department. A gentle voice came from outside.

“Excuse me, is Doctor Lin here?”

Hearing that pleasant voice, everyone in the department turned around.

To their surprise, they saw a tall, well-rounded, long-haired woman standing at the door.

The woman was wearing a beige dress. The buttons were fastened across her chest to the hem of her skirt. Her skin was fair like jade, and her black hair was like a simple and elegant tassel. Even her gaze was gentle.

Her every frown and smile was like a fairy walking out of the sunset and dusk. It could influence the state of everything in this world.

“Why is she here?” Lin Yi muttered to himself.

It was none other than Ji Qingyan.

“I’m over here. Why did you come over?”

Upon seeing Lin Yi, Ji Qingyan walked over.

“I have nothing to do at noon, so I came over to deliver some food to you.” Ji Qingyan smiled.

Seeing that the beautiful woman in front of him was here to deliver food to Lin Yi, all the men in the department were stunned.

In their eyes, Li Chuhan was a first-class beauty.

However, the woman in front of him seemed to be better than Li Chuhan.

Could she be Director Lin’s girlfriend?

This seemed to be the only explanation. Otherwise, she wouldn’t have come to deliver food to him in the afternoon.

“Perfect. I haven’t ordered anything yet.”

“I bought egg fried rice and braised beef for you from the alley. Teacher Zhang knew that I was coming to deliver food to you and even specially made a portion of pork ribs. Try it quickly. It’s still hot.”

“Sure.”

Lin Yi stood up with the food and smiled at Wang Zeyi.

“You guys eat here. I won’t intrude.”

With that, Lin Yi and Ji Qingyan went to Li Chuhan’s lounge to take care of lunch.

Seeing the two of them leave, Wang Ze gritted his teeth in anger. Why were all good-looking women gunning after him?!

The heavens were too unfair!

"I was fine. Why did you come here? You get off work normally today. I was going to have dinner with you."

"I didn't know you were getting off work at a normal time. We haven't eaten together for a long time. Besides, I have nothing to do, so I wanted to bring you some food."

"That's nice."

Ji Qingyan rested her cheek on her hand and smiled at Lin Yi, her eyes filled with gentleness.

"I don't mind."

"Alright, alright, alright. You're the best. No woman in the world can compare to you."

"Hehe, at least you know how to talk."

"Is there anything else you want to eat? I'll bring it over to you tomorrow."

"Stop messing around. I'm here to experience life. I might leave any day. After my schedule returns to normal, I'll have plenty of to eat together with you."

"That works too."

The two of them ate a simple lunch in Li Chuhan's lounge before saying their goodbyes.

When Lin Yi returned to the department, he found Qiao Xin, Yuan Siqi, and a few other nurses discussing something intensely.

"What are you discussing? Your discussion is in full swing. I heard it from the door."

Seeing Lin Yi enter, Qiao Xin pulled a chair over for him to sit on.

"Brother Lin, was that pretty girl your girlfriend?"

"How is that possible? She's the one who's been chasing me, but I never agreed. I'm just too popular, so there's nothing I can do."

Wang Zeyi snorted in disdain and thought to himself,

"How pretentious."

"Brother Lin, you are really amazing," Qiao Xin said.

"We were just saying that the dress she's wearing seems to be from Burberry's latest release. I heard it's more than eighty thousand a piece."

Chapter 444: Don't Tell Me You're Going to Arrange to Take Out the Whole Family

"That sounds about right." Lin Yi said.

"She runs a company. A dress worth more than eighty thousand is nothing to her."

"Brother Lin, you're amazing. Your suitor is actually so rich."

“If such a handsome and rich boy were to woo me, I wouldn’t be a doctor anymore,” Qiao Xin said.

“This dress is equivalent to half of our salary.”

“Those are just worldly possessions. Don’t take them too seriously. We have to be down-to-earth and dedicate our lives to our country’s medical industry,” Lin Yi said pretentiously.

“Yes, it’s mainly because Brother Lin is too handsome, so he has this choice. We don’t.”

“Don’t say that. Don’t you still have your Brother Lin? Come, Brother Lin will feed you some bananas now.”

Wang Zeyi snorted in disdain.

“He’s clearly a poor man who cheats women of their money, but he still pretends to be a good person. How shameless!”

“Alright, you two should act more normal. You’re already adults.”

Seeing Lin Yi feed Qiao Xin the banana bite by bite, Li Chuhan couldn’t stand it anymore.

“We still have to perform a surgery tomorrow morning. Go and take a look at the information first.”

“Got it, Director Li,” Qiao Xin replied sheepishly.

Lin Yi, Li Chuhan, and Qiao Xin spent the entire afternoon discussing the surgery plan.

Because he had obtained master-level clinical technique, Lin Yi had many unique insights regarding the surgery.

When they were discussing the plan, Li Chuhan was stunned.

Lin Yi’s surgery plan was much more perfect than her own plan.

If it weren’t for Lin Yi’s inexperience, she would have thought of making him the chief surgeon.

“Alright, that’s all for today. You two can allocate your remaining time as you see fit,” Li Chuhan said.

“Then I’ll be on my way. See you tomorrow.”

“Okay.”

After saying his goodbyes, Lin Yi drove to Chaoyang Group to pick Ji Qingyan up from work before going out for a walk tonight.

Just as he parked the car, he saw Wang Ying running out in a hurry. The sound of her high heels clicked as if she had encountered something urgent.

“Sister Ying, why are you in such a hurry?”

Hearing Lin Yi’s words, Wang Ying stopped in her tracks and smiled happily.

“What have you been up to? I haven’t seen you in a long time.”

"I went to the hospital to be a doctor and experience the life of a medical worker," Lin Yi said with a smile.

Wang Ying was stunned for a while. "What did you say? You went to the hospital to become a doctor?"

"Yes, I'm the director of the cardiology department. Meet, Director Li."

"I admire you so much. I can understand why you became a teacher and drove for Didi, but now, you're actually a doctor at the hospital. You're really something. This is not a job that ordinary people can do."

"Which means I'm something else."

"Yes, in my heart, you are indeed not an ordinary person," Wang Ying said.

"By the way, there's something I forgot to tell you. Lulu got into the Zhonghai Drama Academy, but because her score wasn't high enough, she was transferred to the acting department by your friend. Are you and your friend free these days? I want to treat the two of you to a meal."

"It's such a small matter. There's no need to buy us a meal." Lin Yi said.

"Why are you in such a hurry now?"

"Sigh, don't bring it up. Didn't the company win the bid for the project in the suburbs? Recently, it's facing demolition, but a group of people refused to leave no matter what. They even asked for 100,000 yuan per square meter. They're absolute scoundrels!"

"You must have encountered such a scenario when you were trying to demolish buildings in the past."

"Yes, but those had been easy to deal with. As long as we give them a little more, the problem would be solved," Wang Ying said.

"But it's not easy this time. According to the relevant regulations, the demolition fee is 760,000 yuan per square meter. Now, they are demanding 100,000 yuan. They're totally unreasonable. Moreover, those households have had several conflicts with our people. No matter what we say, they refuse to listen. We're going to die of anger if they don't leave."

Lin Yi rubbed his chin. "From the looks of it, this is really not easy to deal with."

"That's right." Wang Ying looked at Lin Yi, "Didn't President Ji tell you about this?"

Lin Yi shook his head. "No."

"President Ji probably didn't tell you because he was afraid that you would be worried. Sorry for revealing everything," Wang Ying said awkwardly.

"It's fine." Lin Yi looked at the time. "She's not off work yet. Let's go take a look."

"I can bring you there, but don't be rash. This is a sensitive matter. If it gets out of hand, it won't be good for Chaoyang Group."

"Don't worry, I know what I'm doing. Just bring me there."

Wang Ying didn't dare to reject Lin Yi's request. She brought him to the project site in the suburbs.

On the way, Lin Yi called Zhou Haitao.

“President Lin, you were looking for me.”

“Contact ten trucks and wait for me at the shantytown at 360 Huihai Road. I’ll need them later.”

“Old Lin, why do you need trucks? Is the project at the shantytown about to start? Ten trucks won’t be enough to start working.”

Lin Yi was surprised to hear Qin Han’s voice.

“Old Qin? Why are you at the racetrack?”

“The F1 Grand Prix is about to begin. Our family is a sponsor, so we came over to talk to Boss Zhou about the collaboration,” Qin Han said.

“Do you need trucks? I’ll get you some more. I’ll make sure it’s enough for you.”

“I’m not going to use the cars. It’s just that there are a few difficult households holding up our progress. I’m going over to check it out.”

“F*ck, you’re not going to take the truck and arrange to take out their entire family, are you?” Qin Han said.

“Let me tell you, it’s very normal to encounter a difficult household during demolition. This kind of matter is very sensitive and has to be resolved via gentle means. Don’t mess around. It’s very easy for things to escalate if something goes wrong.”

Although Qin Han was a little wild, his EQ and rationality were still active most of the time.

For him to say such a thing, it just showed that this was no small matter.

“Don’t worry, I know what I’m doing,” Lin Yi said.

“If it were a normal household, I wouldn’t have participated, but I keep feeling that something is wrong.”

Qin Han was silent for a few seconds.

“You mean someone else is behind this?”

“This is just my guess. I’m not sure yet, but better safe than sorry.”

“I’ll join you now. I’ll prepare the trucks for you. I’m familiar with people who work in this area.”

“Why the big fuss? Why are you going to such lengths?” Lin Yi said.

“You can discuss a collaboration with Old Zhou. If you have any requests, feel free to ask, and I’ll definitely give you the green light if I can do it. If it really doesn’t work out, I’ll talk to Liang Ruoxu. I’ll definitely take extra care of my brother’s business.”

“You f*cking treat me as a brother. I, Qin Han, won’t treat you as an outsider either. If there’s anything, we naturally have to act together.” Qin Han said.

“I’ll arrange the trucks for you first and help you contact some people. I’ll be right over.”

“Alright then.”

After hanging up, Lin Yi followed Wang Ying’s car to the shantytown on the outskirts of Zhonghai.

When Lin Yi and Wang Ying arrived, they realized that there were more than ten large trucks parked by the roadside. The drivers were smoking in the driver’s seats. They were all prepared by Qin Han.

“Brother, are you Boss Qin’s friend?”

The truck driver said when he saw Lin Yi.

“You know me?”

“Boss Qin sent me your photo, so I recognized you. My name is Zhao San. He asked me to wait for you here and listen to your arrangements.”

“Thank you.” Lin Yi nodded, “I have a mission for you guys.”

“Boss Lin, what is it?”

“Guard the roadside. If anyone comes out of here, hit them with your car. I’ll take responsibility for it. One million for a life. Do you dare to accept this job?”

Chapter 445: I’ll Hit Anyone Who Leaves

“Boss Lin, don’t worry. Young Master Qin was the one who looked for us. Trust that we know what to do,” Zhao San said.

“That’s what I wanted to hear.”

After assigning the task, Lin Yi and Wang Ying stood on the side of the road and looked into the shantytown.

“I’ve never been here before. I didn’t expect it to be so big.”

“Of course, this was a key project developed by the city. Not just anyone can stay here.”

Lin Yi patted Wang Ying’s butt. “Let’s go over and take a look.”

The two of them had walked a few dozen meters when they heard a commotion inside.

“Cut the crap. 100,000 yuan per square meter. We won’t move for anything less!”

“These people sure talk big.” Lin Yi chuckled.

“The issue isn’t just that they’re asking for a lot. Their attitude has been arrogant throughout. Even when our vice president came over, they kept kicking up a fuss. The commissioners in charge of the negotiations came one after another, but it was useless.”

“Did they show no hint of relenting?”

Wang Ying nodded helplessly.

“These people are like rocks in a latrine. They stink and are hard as nails. They are willing to hold for dear life for 100,000 yuan per square meter. There’s nothing we can do to move them.”

Lin Yi smiled faintly.

He felt that this matter was similar to what he had imagined.

The two of them walked over and realized that there was a mess ahead.

Wang Ying was shocked when she saw the crowd.

“What’s going on? So many people are gathered here.”

“What’s wrong? Is the situation different from usual?”

Wang Ying nodded. “There are usually only a few people. I don’t know what’s going on today.”

“Don’t be anxious. We’ll know when we go over and take a look.”

Seeing Lin Yi and Wang Ying walk over, the negotiator from Chaoyang Group said,

“Department Head Wang, Brother Lin, you’re here.”

Lin Yi knew the negotiator. When he was working at Chaoyang Group, the two of them had interacted before. His name was Wang Hongji, and he had a good character.

“What’s going on? Department Head Wang tells me that there seem to be more people today than usual.”

“Yeah, but don’t worry.”

Wang Hongji loosened his tie. “It’s true that there usually aren’t that many people, but when they heard that someone wanted 100,000 yuan per square meter, they got greedy and all wanted to take advantage of the situation to demand for more. If this matter spreads and everyone comes to ask for money, there won’t be any need to continue the project.”

“I think it’s all because of those people,” Lin Yi said.

Wang Ying looked at Lin Yi, “Are you saying that those people planned this?”

“Most likely,” Lin Yi said, “You guys stay here, I’ll go take a look.”

Lin Yi took a few steps forward and looked at the man in front of him.

“Why are you making so much noise? Isn’t it just money? Send a representative out and we can discuss things slowly.”

“What, you call the shots?”

The person who spoke was not tall. He had dyed yellow hair and a cigarette in his mouth. He was wearing slippers and looked like a hooligan.

“I have the final say in the matters of Chaoyang Group. Just let me know if you need anything.”

"We don't have any requests. Once the money is in place, we'll move. We won't leave a single family behind," the blondie said.

"Do you think you can represent the rest of these people?"

"Of course. I'm the one who brought together these people. They naturally listen to me." The blondie said.

"And there's something else I want to tell you. The longer this goes on, the worse it will be for you."

"What? Do you have other methods?"

"Right now, these guys are the only ones behind me. They're all residents here. If you delay things until tomorrow, their numbers might increase. If you delay it for another ten days to half a month, I don't know how many people will have gathered. Hence, do as you see fit."

Lin Yi smiled. "To be honest, if you asked for a hundred and eighty yuan more, I wouldn't waste my breath arguing with you. However, you asked us to add another twenty thousand yuan as soon as you opened your mouth. I'm afraid this is simply impossible."

The blonde flicked the ash from his cigarette. "It doesn't matter that it's impossible to me. Let's just waste time here then. I have plenty of time anyway."

"Actually, I think it's better to be more sincere with each other," Lin Yi said.

"If I'm not wrong, Wang Mazi sent you here."

The blondie's expression froze, and he looked a little flustered.

"I don't know about any Wang Mazi or Li Mazi. I don't know who you're talking about. Anyway, if you don't agree to our request today, I'll keep biding my time and see who will end up losing out in the end."

"Alright, let's see if you can afford it."

"So, it looks like you're going to fight a long battle with us. Whatever. We're not afraid."

Lin Yi smiled and pointed at the dozen trucks parked on the road.

"See that car on the side of the road?"

"I see it. What are you planning on doing? Do you want to start your construction work? Let me tell you, you won't even be able to drive a tricycle in without giving us the money."

"That's not what I meant. I just want to tell you that from today onward, it's best if you stay here. If anyone walks out, I'll arrange for one you to get hit by one of the trucks. Try it if you don't believe me."

"F*ck, are you threatening me?" The blondie cursed.

"Whether it's a threat or not, you'll only know when you try."

"F*ck, I've been around for so many years, but no one has ever dared to talk to me like that." The blondie shouted.

"If you dare to crash into it, you will suffer a worse fate!"

“You can try if you don’t believe me.”

“Do you think I am scared?” The blondie looked back and said.

“Baldy, go now. Let’s see if he dares to bump into you. F*ck, how dare you fool around in front of me? Do you think I’m afraid of you?”

“Got it. I’ll go now.”

The man nicknamed Baldy was called Sun Bo. He was very young, possibly only in his twenties.

Like the blondie, he was dressed like a hooligan and was very arrogant.

Wang Ying’s heart was pounding.

She knew very well what kind of person Lin Yi was. When he was in a ruthless mood, he would do anything.

However, Wang Ying stood aside and did not dare to speak.

She usually didn’t dare to interrupt Lin Yi.

Sun Bo held a cigarette in his mouth and swaggered toward the road.

The blondie and the others stood at the side and watched the commotion.

He claimed that he was going to arrange for people to get hit with a truck when they walked out.

He was really good at bragging.

Sun Bo stood in front of the truck with a cigarette in his hand. He cursed at Zhao San.

“Stupid driver, are you the person that kid brought here? Why don’t you tell me the truth? I’m right here. Come and hit me, haha...”

The blondie and the onlookers laughed out loud.

“Kid, weren’t you bragging about hitting someone? He’s standing in front of the truck. Go and hit him now. Let me see how awesome you are.”

At this moment, there was a roar. Zhao San threw aside his cigarette and drove the truck forward!

Chapter 446: A Motley Crew

Sun Bo was dumbfounded!

He was the person standing closest to Zhao San!

He could clearly feel that the other party was not joking!

Instinctively, Sun Bo broke into a run, but he was still not as fast as the truck!

Even so, Zhao San did not hesitate or show mercy.

Whoosh!

However, under the effect of the massive inertia, Sun Bo face-planted on the ground. Even from afar, the sound of impact could be heard!

Huh?

Seeing this scene, the entire place fell silent, as if time had stopped.

None of them expected that the truck driver would really dare to do this!

The blondie and the others turned pale. Their bodies trembled and they did not even dare to breathe loudly.

“You, you really f*cking dare to hit someone!

Lin Yi didn’t care. He shrugged and said, “The driver didn’t perform well, but he won’t fail next time. Who’s willing to try next?”

Everyone, including the blondie, stopped talking and looked at Lin Yi warily, afraid that he would get someone to rush in and kill them.

“You... you’re breaking the law!”

The blondie and the others were very confused, but they quickly realized that they were nothing compared to Lin Yi.

It was as if he was holding a brick and preparing to fight with the other party, but the other party had suddenly pulled out nuclear weapons without any reason.

Was there any need to continue playing?

“So now you know to bring up the law with me. Isn’t that a bit hypocritical?” Lin Yi shrugged and said.

“I’m too lazy to spout nonsense with you. I’ve already said what I needed to say. You can think about the rest yourself. Moreover, as you can see, I’m a man of my word. I’m not joking.”

“F*ck, do you think we’re afraid of you just because you have a little money?” The blonde pointed at Lin Yi and scolded.

“We can’t get out, and neither can you.”

“What? You still want to fight me head-on?”

“I have so many people behind me. Do you think I’m afraid of you?”

Wang Ying trembled in fear as she stood beside Lin Yi. “Lin Yi, what should we do now?”

Lin Yi hugged Wang Ying’s well-rounded waist and asked with a smile,

“Are you scared?”

“I’m not afraid, but I’m worried that you might be in danger.”

“Don’t worry about me. I might not be able to protect others, but I can definitely protect you.”

“F*ck, you’re still trying to flirt with me at this time. Are you putting on an act for me?”

The blondie waved his arm and shouted, “You have to give us an explanation today. Otherwise, no one will be able to leave until this matter is over!”

Hu hu hu!

Suddenly, the sound of brakes could be heard.

Everyone looked at the road not far away and saw a shocking scene.

Two to three sports cars had stopped there, and more than twenty trucks behind them. They stopped by the roadside in unison.

Immediately after, Qin Han rushed out of his McLaren P1.

“If anyone dares to touch my brother, I’ll kill his entire family!”

Qin Han, Liang Jinming, and Gao Zongyuan strode forward. Yao Donglai and Liu Qiang followed closely behind Lin Yi.

“Brother Mao, what should we do now? We were here to join in the fun, not to fight. Our wife and children are still waiting for us to go back,” a middle-aged man said.

“Cut the crap. I’m working on it.”

The blondie cursed. He looked imposing, but he had already peed his pants.

After being suddenly surrounded by so many people, he didn’t even have the chance to call for help. If he didn’t think of a way out of this mess, he would be finished.

Qin Han walked toward the blondie and kicked him.

“You’re f*cking awesome. You really want to touch my brothers? Were you getting too tired of living?”

The blondie was kicked to the ground and clutched his chest. He didn’t even dare to fart.

“Hey, don’t be angry. Let’s talk things out.”

“Talk your mother.” Qin Han pointed at the blondie and scolded, “If I don’t break one of your legs today, my surname won’t be Qin!”

“Make way, make way.”

Just as Qin Han was about to attack, he suddenly heard voices coming from behind the crowd.

The crowd automatically dispersed. Lin Yi and the others looked over and realized that the person who came was Wang Mazi’s number one fighter, Yan Biao.

“Young Master Qin, why are you so angry? Let’s sit down and talk.”

“Hehe...”

Qin Han sneered. “No wonder Old Lin said that there was something fishy about this. So, this was all your doing.”

“Actually, it’s nothing much. An eye for an eye.” Yan Biao said.

“Not only did he rob us of our land, but he also stabbed Zhang Ao. We have to collect some form of reparation, otherwise how can we survive in the underworld?”

Lin Yi took a few steps forward and stood in front of Yan Biao.

“Get lost while I’m in a good mood. I won’t pursue this matter any further. If I get in a bad mood, none of you will be able to leave.”

“Mr. Lin, you’re really something. Do you really think I’m afraid of you? Or do you think I’m the same as Zhang Ao?”

Lin Yi didn’t say anything else and kicked Yan Biao.

The latter could not react in time and took a few steps back before stabilizing himself.

From this, one could see that Yan Biao was much stronger than Zhang Ao.

“Kid, I’m talking to you calmly here, but you’re playing around with me, aren’t you?” Yan Biao said coldly.

“I don’t think there’s a need for us to talk anymore. If you can fight, then let’s settle things like men.”

“Sure.”

Yan Biao smiled and nodded. “In that case, show me how awesome you are today.”

Yan Biao’s eyes widened as he charged at Lin Yi like a tiger pouncing on its prey, wanting to tear Lin Yi apart.

Lin Yi didn’t dodge and kicked in response.

However, with the support of the system, Lin Yi’s speed and strength were not something Yan Biao could compare to.

Yan Biao panicked and retreated uncontrollably.

When he steadied himself and prepared to attack again, he was shocked to see Lin Yi rushing over.

This time, Lin Yi didn’t show Yan Biao any mercy.

He grabbed his hair and pulled it down. Then, he delivered a solid knee to his face!

Crack!

‘Ah!’

The sound of bones cracking and screams was heard at the same time. Yan Biao covered his face and knelt on the ground with a pained expression.

This scene stunned everyone.

No one expected Lin Yi to be so ruthless!

Even Yan Biao was no match for him!

Chapter 447: I Have an Incurable Disease

1

“Weren’t you supposed to be all that? Get up and continue fighting,” Lin Yi raised Yan Biao’s head and said.

“No, that’s enough. Let’s talk things over. Please, no more,” Yan Biao panted.

“Take your men and scram. If you cause trouble for me again in the future, you’ll be the next person lying on the road.”

“Yes, yes, yes. I’ll get lost now. We won’t cause any more issues.”

With the help of his subordinates, Yan Biao, Huang Mao, and the others left. Similarly, the shantytown also quietened down.

“Thanks for this.” Lin Yi patted Qin Han’s shoulder and said sincerely.

He was confident that he could have resolved this matter with his own ability.

However, Qin Han’s loyalty touched Lin Yi.

“Why are you bringing this up? We’re brothers. Don’t stand on ceremony.”

“Brother Lin, Wang Mazi and the others are a group of hooligans. Moreover, they’re in cahoots with the Zhao family. I have a feeling that Wang Mazi won’t let this go so easily.” Liang Jinming said, “We still have to be careful.”

“That’s right. If anything happens in the future, just let us know. We’ll be on call,” Gao Zongyuan said.

Lin Yi patted their shoulders. He had a lot to thank them for, but he felt that it would be too pretentious to say it, so he didn’t say anything.

“In the past, you guys helped me a lot. I wanted to treat you guys to a meal as well as a night of fun in order to repay this favor. However, today’s issue was a little too big. I definitely can’t afford to pay you back just by treating you to some food. In the future, if you need any investment or help with family projects, just let me know. I’ll be on call.”

“F*ck, what are you saying? If you keep being polite, I’ll get mad,” Qin Han said.

“Alright, that’s all for today.” Lin Yi said.

“Take these brothers to the Peninsula Hotel for a meal and give each of them 2,000 yuan. Don’t make them have come here for nothing.”

“I got it, don’t worry about it. No one will hold any grudges against you.”

“Alright, that’s all for today. You can all go back first.”

Under Lin Yi's arrangements, everyone left one after another.

Lin Yi looked at Wang Hongji. "This matter should end here. Just proceed normally, but you can't tell President Ji about this, understand?"

"Got it, Brother Lin."

Lin Yi looked at Wang Ying. "Let's go back."

"You head back to pick up President Ji. Don't worry about me."

Wang Ying had her own car, so Lin Yi didn't dwell on these small matters.

"In that case, I'll leave first. Drive back slowly. If there's anything the company needs in the future, remember to tell me sooner rather than later."

"Okay, got it."

After reminding Wang Ying, Lin Yi prepared to drive away.

"Lil Yi."

The moment the car door opened, Lin Yi was stopped by Wang Ying.

"What's wrong? Is there anything else?"

"I know I don't have the right to say anything about you, but can you listen to me and stop doing such dangerous things in the future?" Wang Ying's eyes were red.

"Although I can't even be considered your lover now, if something really happens to you, I won't be able to live anymore."

"What are you talking about?"

Lin Yi hugged Wang Ying's waist and kissed her forehead.

"Don't think about useless things all day. You don't have to worry about me. A person who can hurt me hasn't appeared yet."

"Just promise me, or I won't be able to sleep well."

"Alright, I promise you," Lin Yi said, "Your words are a reminder to me."

"I'm relieved to hear that."

"Alright, drive back slowly. Call me if you or Lulu ever need anything."

"Yeah."

After calming Wang Ying down, the two of them drove their separate ways.

Lin Yi drove to Chaoyang Group before Ji Qingyan got off work.

"Doctor Lin, have you gotten off work? Do you need to work overtime today?" Ji Qingyan asked over the phone.

“I haven’t gotten off work yet. I have something on tonight, so I have to work overtime.”

“Oh.” Ji Qingyan’s spirits plummeted.

Lin Yi had said in the afternoon that he would get off work in the evening and pick her up.

She had already planned out where to eat. It seemed like their plans had fallen through once again.

“Then remember to eat dinner. If you’re tired, sleep for a while, understand?”

“There’s no way I can rest. There’s an emergency patient at Chaoyang Group. I’m in the parking lot waiting for the patient to come down.”

“Huh?”

She was stunned for a moment before her heart filled with joy.

“Have you reached the parking lot downstairs?”

“A long time ago, but I don’t know when my patient will come down. I’ve been waiting for a long time. It seems she has no sense of time.”

“Hehe, then wait for me. I’ll change my clothes and go down immediately.

“I bought a new dress a few days ago. It’s especially beautiful. I’ll wear it for you to see later.”

“It’ll be my pleasure.”

About ten minutes later, Ji Qingyan walked out of the elevator with her handbag in hand like a happy little bird.

Ji Qingyan was wearing a black tube top dress with a four-leaf clover pattern on it. She was also wearing a pair of three-centimeter high heels that accentuated her figure.

Ji Qingyan stood by Lin Yi’s window and gave him a spin.

“Is this dress nice? I spent a long time picking it.”

“The dress isn’t that good, but it looks good on you.”

She smiled adorably. “I knew you would say that.”

With that, she opened the passenger door and got into Lin Yi’s car.

“Why are you getting in? I’m here to pick up my patient.”

“I’m your patient.”

“May I ask what illness you have?”

She raised her head proudly. “It’s an incurable disease.”

“You’re so full of yourself.”

“Hehe, drive quickly. I want to bring you to a particularly delicious French restaurant.”

“Let’s go.” Lin Yi said.

“You know, I realize now that you’re a real glutton.”

“That’s because of how much you feed me. Hmph.”

“You even blame me for this. How can you be so unreasonable?”

“I can blame everything on you.”

As they drove to their destination, Lin Yi chatted and laughed with Ji Qingyan the entire way.

After that, they went to eat French food and watched a movie. Satisfied, Ji Qingyan later followed Lin Yi back to Jiuzhou Pavilion.

After returning, they washed up briefly and returned to their rooms to rest.

The next morning, Ji Qingyan once again made breakfast, and this time, it seemed that her culinary skills had improved significantly. She had probably learned a lot from Zhang Shumin recently.

Since Lin Yi’s working hours were uncertain, Ji Qingyan did not ask him to send her off. Instead, she drove to Chaoyang Group.

As soon as she arrived at the office, she saw the secretary bring over a large stack of documents.

“President Ji, the project in the suburbs has been settled. We can start work at any time.”

“Really?” Ji Qingyan was surprised. “Yesterday, those tenants refused to move no matter what. How did they suddenly come to an agreement?”

“The project department said that the other party saw that our attitude was firm and there was no possibility of us backing down, so they simply agreed.”

“That’s pretty good.” Ji Qingyan looked at her watch. “Inform the company’s vice president and the project department to have a meeting at ten.”

“Got it, President Ji. I’ll go inform them now.”

The secretary turned around and left. Ji Qingyan heaved a sigh of relief and prepared to give Lin Yi a call to tell him the good news.

However, just as she picked up her phone, she saw an unfamiliar number calling her.

“Who are you?”

“President Lin, I’m Wang Bing¹. I hope you still remember me.”

“Wang Bing?” Ji Qingyan thought for a moment. “I’m sorry, I don’t know you.”

“President Ji, you’re really forgetful. We met at the bidding center that day. Don’t you remember anything?”

She recalled the bidding process that day and suddenly recalled who the other party was.

“You must have been the man in the linen suit.”

“That’s right, that’s me.”

“Why are you looking for me?” Ji Qingyan asked sternly.

This person didn’t get along with Lin Yi, Ji Qingyan was not very polite toward him.

“There’s something I want to tell you. Yesterday in the shantytown, your man, Lin Yi, hit my subordinate and seriously injured him. Now, we don’t know if he’ll survive. He is in critical condition. President Ji, you’re the boss of Chaoyang Group, so shouldn’t you take a stand?”

Chapter 448: The Truth Is Clear

“Nonsense!”

Ji Qingyan’s expression did not look good. “Lin Yi would never do such a thing. You just want to slander him. Don’t use such a small trick.”

“President Ji, I, Wang Bing, have survived in the underworld for so many years. Although my hands are dirty, I wouldn’t use such lowly methods.” Wang Mazi said.

“If I’m right, the negotiations in the suburbs have come to an end, right? Aren’t you curious why you suddenly achieved results?”

Ji Qingyan remained silent. Wang Bing’s words piqued her curiosity.

There was indeed something strange about this matter, as if it had suddenly been completed.

“This is our company’s internal matter. It’s not something you should worry about.”

“Hehe…”

Wang Mazi smiled. “President Ji, since you’re able to grow your business so much, I believe that you’re a smart person. I’ve said everything I needed to say, and I believe that you’ve already made a preliminary judgment in your heart. However, in order to make you more convinced, can President Ji share with me a private email address? I’ll show you something.”

“Okay.”

Without hesitation, she gave Wang Mazi her personal email address.

Ji Qingyan held her phone in her hand, her beautiful eyes fixed on the computer.

A few minutes later, he received an unfamiliar email in her mailbox.

The contents of the document gave Ji Qingyan a fright. There were more than ten pictures of a bloody mess, and it was a shocking sight.

One of them seemed to be of a person undergoing emergency treatment.

The person in the photo was none other than Yan Biao and his subordinate, Sun Bo!

Yan Biao's seemed alright, but his nose had been broken by Lin Yi's kick. It didn't affect his movements, but Sun Bo's condition was much poorer.

"President Ji, Lin Yi was the one who asked someone to drive into my subordinate. He's in bad shape and he is in critical condition."

"What do you want?!" Ji Qingyan said coldly.

"We're all businessmen. Peace makes money. There's no need to talk like this." Wang Bing said.

"However, business is business. Don't worry, President Ji. We don't want much. As long as President Ji brings the project transfer contract to us over a meal, this matter will be considered over. I don't intend to pursue this matter."

"Dream on!"

"It doesn't matter if President Ji doesn't agree. Just make sure you are ready to go to prison to deliver food to Lin Yi. After all, murder is not a small crime."

Wang Mazi hung up without giving her a chance to speak.

Although Sun Bo had indeed been hit by a truck, his life was not in any danger at the time.

However, Sun Bo's life was no longer something they could influence.

If Wang Mazi wanted him to live, he would live. If he wanted him to die, he had to die. In the end, Lin Yi would still be the one to bear the responsibility.

As she sat the office, Ji Qingyan looked at the shocking photo attached to the email and closed it with a heavy heart.

Ji Qingyan had no idea who Wang Mazi was.

However, since he could hang out with Zhao Zhengyang, his status and identity were definitely not bad.

When they were at this level, they probably wouldn't use such despicable methods to slander him.

Due to this, the credibility of this claim was much higher.

"Secretary Qiu, come to my office for a moment." Through the internal line, Ji Qingyan called her secretary.

"Got it, President Ji."

A few seconds later, the female secretary pushed open the door and entered. "CEO Ji, you were looking for me."

"Who negotiated the agreement yesterday?"

"It was Wang Hongji from the project department. After that, Department Head Wang from the sales department also joined him."

"Go get them."

“Got it, President Ji.”

The secretary turned around and left. A few minutes later, Wang Ying and Wang Hongji walked in.

“Mr. Ji, you were looking for me.”

Standing in front of Ji Qingyan, Wang Ying was especially nervous, as if she was a concubine meeting the empress.

“Have a seat.”

“I want to know how you managed to convince those families to move away yesterday.”

“Mr. Ji, it’s like this.” Wang Ying straightened her expression. When she returned yesterday, she had already guessed that Ji Qingyan would ask such a question and had already thought up an excuse.

“When we went yesterday, we prepared the corresponding agreement and secretly passed the leader 20,000 yuan as a bonus. Because it happened so suddenly, we didn’t have time to apply...”

“That’s not what I want to hear,” Ji Qingyan said. “Did Lin Yi go?”

Wang Ying and Wang Hongji looked at each other and had a bad feeling.

“Lin Yi didn’t go. We handled it ourselves.”

“I want to hear the truth,” Ji Qingyan said. “Otherwise, the two of you can pack up and leave.”

Wang Ying bit her lip and didn’t say anything, but Wang Hongji couldn’t sit still anymore.

“President Ji, Brother Lin went yesterday.”

Wang Ying could give up this job for Lin Yi, but not Wang Hongji.

Because their relationship wasn’t that deep, he was not willing to lose this job because of Lin Yi.

“Tell me what happened.”

Ji Qingyan did not care about the fact that the two of them had lied. She only wanted to find out the truth.

Over the next ten minutes, Wang Hongji recounted everything that had happened.

Ji Qingyan calmly listened to what happened yesterday.

It was beyond her expectations.

She didn’t expect Lin Yi to do such a thing.

From Wang Hongji’s description, Lin Yi seemed to know that the person called Wang Mazi was behind this.

“Alright, I understand. You guys can leave.”

“Got it, President Ji.”

The two of them left one after another. Ji Qingyan held her phone and fell into deep thought. Then, she dialed Wang Mazi's number.

"President Ji, since you are calling me so soon, you must have figured out the truth."

"I don't want to listen to your nonsense," Ji Qingyan said. "Don't you want this project? I'll give it to you. Set up a place to sign the transfer contract."

"President Ji is a straightforward person. You're indeed someone who is made for big things. It's noon now. I'll set up a table at Dehui Restaurant and we'll talk in person there."

"Good!"

After hanging up, she drafted a transfer contract and placed it in her handbag before opening the door to leave.

At the same time, Wang Ying, who had returned to her office, felt that something was wrong.

Last night, she and Wang Hongji had already matched their stories. Logically speaking, there shouldn't have been any flaws. Hence, how did President Ji find out about this?

With that in mind, Wang Ying dialed Secretary Qiu's number.

"Secretary Qiu, I want to talk to you about something."

"Sis Wang, if you have something to say, just say it."

"How did President Ji find out that something happened to the project yesterday?"

"I'm not too sure about that. I did as you said and gave the report to President Ji. At first, President Ji didn't ask much about it." Secretary Qiu said.

"But after a while, President Ji asked me to call you over. Perhaps in the process, President Ji found out something."

"Did someone leak the news to President Ji?"

"Sis Wang, you're making things difficult for me. I'm just a minor secretary. How would I know so much?"

"Alright, thank you. I'll treat you to a meal another day."

"Sis Wang is too polite. It's not a big deal."

After hanging up, Wang Ying took out her phone and called Lin Yi again.

However, no one answered.

Feeling that something was wrong, Wang Ying called a few more times, but no one picked up.

Wang Ying rolled her eyes and hurriedly walked out to the security room in the underground parking lot.

"Hey, Department Head Wang, you're here. Take a seat," the security captain said enthusiastically.

"Brother Wei, I have something to ask of you."

“What favor? Speak, Department Head Wang.”

“Can you help me keep an eye on something? If President Ji drives off, call me.”

“President Ji has already left.”

Chapter 449: Who the Hell Is Lin Yi? How Dare He Touch Me?

“What? She’s gone?!”

“Yes, she just left,” replied the security chief. “She just left a few minutes ago, then you arrived!”

“Alright, I understand. Thank you, Brother Wang.”

With that, Wang Ying hurriedly turned around and left. She got into her BMW 7 Series and drove towards Huashan Hospital.

On the way, Wang Ying kept calling Lin Yi, but no one picked up.

After driving to Huashan Hospital, Wang Ying rushed to the eighth inpatient department.

She clearly remembered that Lin Yi had told her yesterday that he worked in the eighth inpatient department.

If she went to look for him now, even if she couldn’t meet him, she could still obtain some information.

“Hello, nurse. May I ask if Doctor Lin Yi is from your department?”

When the nurse saw Wang Ying, she was stunned for a moment. “Doctor Lin is our department director, but he attended to a surgery in the morning. He’s not done yet.”

“Surgery?!”

Wang Ying was anxious. He was in the operating theater and could not come out. What should she do now?

“Hello, nurse. May I ask when Director Lin will come out? Was there an emergency?”

“It’s hard to say when it comes to surgery. He might come out in a while, or it might take a long time.”

Because the woman in front of her was Lin Yi’s friend, the nurse was exceptionally patient.

“Alright, I’ll wait for him.”

Wang Ying sat on a chair at the side. All she could do now was wait for him to come out.

Half an hour later, Wang Ying’s phone rang. To her surprise, it was a call from Lin Yi.

“What’s wrong, Sister Ying? Why did you call me so many times?”

At the same time, the elevator door opened. Wang Ying saw Lin Yi walking out.

“Lil Yi, President Ji knows about what happened yesterday. We couldn’t hide it.”

“Ah, so be it. It’s not a big deal.” Lin Yi didn’t mind.

Even so, Lin Yi felt that it was a little strange.

Logically speaking, with Ji Qingyan’s personality, she should have called him as soon as she found out about this.

However, there had been no movement up until now. This was a little strange, but it was not a big deal.

“When I got home last night, I thought up a way to cover up the incident. When Secretary Qiu went to report the news morning, President Ji didn’t suspect much. She even invited the executives and the project department for a meeting. However, after a while, someone seemed to have said something to President Ji, whereupon she invited Wang Hongji and me to the office to ask us about something. Wang Hongji couldn’t hide it and told her everything.”

Lin Yi frowned. From what Wang Ying said, this matter was a little strange.

At first, she believed it, but after a while, she didn’t. She even questioned Wang Ying thoroughly.

In that case, it meant she must have found out something during this period of time.

Who told her the truth?

Wang Mazi?

Lin Yi’s expression was cold. This might be the only possibility.

“Where is Ji Qingyan?”

“After President Ji found out about this, she drove away.”

“F*ck!” Lin Yi cursed and said to Wang Ying.

“Go back to the company first. I’ll take care of the rest.”

“Lil Yi, calm down. Think about what to do first. You can’t be anxious.”

Lin Yi didn’t reply. He threw the white coat to the nurses’ station and ran towards the elevator.

At the same time, Lin Yi called Ji Qingyan.

The phone rang for a long time, but no one answered.

Lin Yi called two more times, but the situation was the same. No one picked up.

“This is too much!”

Ding!

At the same time, the elevator door opened. Lin Yi was surprised to see Liang Ruoxu and the middle-aged man he had met in the ward the other day in the elevator.

Over the past few days, the middle-aged man had standing watch outside Yang Guangxia’s ward. Liang Ruoxu would come to visit Yang Guangxia from time to time.

Coincidentally, Yang Guangxia remembered that he had a few bottles of good wine at home today, so he asked him to bring them over for Lin Yi to try.

However, seeing Lin Yi's anxious expression, Liang Ruoxu did not mention the wine and subconsciously asked,

"What's wrong? Why are you in such a hurry?"

"Cut the crap and move!"

Before Liang Ruoxu could say anything, he was pushed aside by Lin Yi. The two of them were stunned and did not react in time.

"Lil Yi, don't be anxious, don't be agitated!" Wang Ying shouted from behind.

Liang Ruoxu and the middle-aged man were stunned. The latter weighed the gift box in his hand and said helplessly,

"Doctor Lin just left. It seems that we can't give him the wine."

"No, something seems to have happened," Liang Ruoxu said nervously.

"Has something happened?"

"I know Lin Yi." Liang Ruoxu said suspiciously.

"He's the kind of person who doesn't flinch even if Mount Tai collapses in front of him. Something must have happened to make him show such emotion."

"I don't think so. Aren't you being too sensitive?" The middle-aged man asked.

"Uncle Mo, you don't know him well. Something might have really happened."

Mo Hongshan glanced at Wang Ying. "That woman seems to be related to her. We'll know once we ask her."

"Yeah."

...

After leaving the hospital, Lin Yi called Qin Han.

"Help me look for a car. It's a white Maserati. The license plate is Zhonghai A83C00. It was recently driven out of the Chaoyang Group parking lot."

"Alright, let my friend help you investigate."

Back in the car, Lin Yi made a few more calls to Ji Qingyan.

Despite this, no one picked up.

Meanwhile, Lin Yi was waiting anxiously for news from Qin Han in the car. He was almost certain of what had happened.

There was a 70% chance that this was done by Wang Mazi, and the remaining 30% was Zhao Zhengyang!

Ring!

Half an hour later, Lin Yi's phone rang. It was a call from Qin Han.

"The Maserati you mentioned is parked at the entrance of Dehui Restaurant. If I remember correctly, this should be Ji Qingyan's car."

"It's her car."

Lin Yi responded and drove toward Dehui Restaurant.

"That's the Zhao family's territory. Why did she go there?"

"I don't know what's wrong with her. I won't talk to you for now. I'm hanging up."

Just as Lin Yi left, Liang Ruoxu and Mo Hongshan rushed out.

"Uncle Mo, get in the car. That Shari is Lin Yi's car!"

"Okay!"

...

Dehui Building, Room 606.

Dehui Restaurant was a century-old restaurant that specialized in Najing cuisine. However, it was on the verge of bankruptcy because of recent poor management. In the end, it was bought over by the Zhao family and became one of their subsidiaries.

At this moment, there were three people sitting in the private room: Zhao Zhengyang, Wang Mazi, and Fan Qinan.

"Old Fan, I heard that the negotiation with Pfizer failed?" Zhao Zhengyang asked.

"Don't f*cking mention it. If it wasn't for Lin Yi, this deal would have been done long ago. Our family lost billions over this. If killing people wasn't illegal, I would have f*cking killed him long ago!"

"I'm f*cking livid. Why is he everywhere? He stole our project and ruined your business. It's all his f*cking fault," Zhao Zhengyang scolded.

"It's not worth getting angry over such a small matter."

Wang Mazi fiddled with the prayer beads in his hand. "His woman will be here soon. I can recover all your losses."

Fan Qinan chuckled. "Then I'll have to trouble Brother Zhao and Uncle Wang to help me get back at him."

Zhao Zhengyang crossed his legs and patted the dust off his pants.

"Of course, but I've been thinking about how to collect more interest from Ji Qingyan."

"Yes?"

"Could it be that Brother Zhao has other thoughts?"

“Ji Qingyan is a woman from Zhonghai. Who wouldn’t want to spend the night with her?”

“But that’s unlikely,” Fan Qinan said.

“Although we can use some cheap tricks to trick her, Ji Qingyan’s status isn’t lowly either. If we blow this matter up, it will be a scandal for the Zhao family. We have to think twice before acting.”

“Don’t worry, I won’t use such despicable methods, but we are the ones holding the initiative, so we can control the negotiation. I don’t believe she can bear to see Lin Yi go to jail.”

Fan Qinan chuckled. “Brother Zhao, you’re more experienced in this aspect. Brother, I’m far inferior to you.”

“Stop flattering me. We’re the same. Who here isn’t aware of other’s character?” Zhao Zhengyang rubbed his fists and said.

“Previously, at the racing arena, he burned my One-77 that cost more than 40 million yuan and made me the laughing stock of all of Zhonghai. Today, I’m going to take revenge on him!”

“But Lin Yi is a hooligan. If he finds out about this, he’ll probably cause a huge commotion.”

“He’s nothing!” Zhao Zhengyang scolded. “The three of us are sitting here together. Who in Zhonghai has the ability to touch us?”

“Be careful of him fighting us to the death,” said Fan Qinan.

“The Qin family, the Zhao family, and the Gao family are also quite powerful.”

“They’re just a motley crew. They are only willing enjoy life in tandem, but will not suffer together. When the time comes, none of them will stand up.” Zhao Zhengyang said.

“I’ve been in the business world for so many years. Who would sacrifice eight hundred of them own just to injure a thousand enemies?”

“Tsk, tsk, tsk. Then I’ll wait to see a good show.”

At this time, the door of the private room was pushed open and Zhang Ao walked in.

“Boss, Ji Qingyan is here!”

Chapter 450: None of You Can Leave Today!

“Then what are we waiting for? Invite President Ji in,” Wang Mazi said with a smile.

“Got it, Boss.”

A few minutes later, the door of the private room was pushed open again. Huiao walked in with Ji Qingyan.

“President Ji, I’ve heard a lot about you.” Wang Mazi smiled and said, “Come and sit. We’ve already prepared the dishes.”

Seeing the three people in the room, Ji Qingyan's expression turned cold. She took out the documents from her bag and said,

"There's no need to eat. I've already signed it. Just sign your portion before I go."

"President Ji, you're already here. Why are you pulling a long face? That's not how business is done."

"I have nothing to discuss with you," Ji Qingyan said. "I've already brought the contract here. You and Lin Yi are even now."

"If you won't even sit down for a meal, we might not be able to accept your attitude."

As he spoke, Wang Mazi pushed the two contracts back.

"I, Wang Bing, have been around for so many years. I'm also well-known. I'm too proud to accept this kind of treatment."

Zhao Zhengyang and Fan Qinan looked at each other with smiles on their faces.

Wang Mazi was really an old fox.

This trick of playing hard always worked.

For Lin Yi's sake, Ji Qingyan would definitely submit!

On his side, he held the initiative, which made it easier for him to negotiate terms.

"Didn't you want to discuss the contract?"

Wang Mazi leaned back in his chair. "You came in with a long face. How can we talk like this? Who talks about business with such an expression?"

"So be it."

She walked over and put away the two documents on the table.

"I, Ji Qingyan, may be a woman, but don't try to be unreasonable with me. If you aren't willing to do this deal, then there's no need to talk about anything else. Even if he dies and Lin Yi goes to jail, I'll just give up on my business. I don't believe that spending a few billion won't settle this matter.

"Also, you don't have to put on airs with me. If you have the ability, go look for Lin Yi yourself. Just because you can't do anything to him, how dare you play tricks on a woman like me?"

The three of them were stunned by Ji Qingyan's words. No one had expected her to be so difficult to manipulate.

"Come, President Ji, calm down." Wang Mazi smiled and said with a smile, "We haven't even started talking, it's not good to be so angry."

"The transfer contract is already here. What else do you have to talk about?" Ji Qingyan continued, "Besides, I don't think there's much to talk about between us."

"No, no, no. It's not what President Ji thinks." Wang Mazi said.

"I originally wanted to cooperate with the Zhao family to do this piece of business, but now that the Zhao family doesn't want to do it anymore, I naturally have to find a qualified partner. I'm wondering if President Ji has any intention of cooperating."

"No!

"If you don't have the ability to carry out such a big project, then don't do it. Chaoyang Group has no intention of cooperating with you."

Zhao Zhengyang and Fan Qinnan's faces were cold. None of them had expected Ji Qingyan to be so stubborn.

"President Ji, if you act like this, we might just experience a falling out," Wang Mazi said coldly.

"You were the ones who played tricks first, so there's no need to pretend anymore." Ji Qingyan tossed the documents back. "I've already given you the documents. Sign them and send a copy to my company. Then, we'll be even."

"Guards! Stop her!"

At Wang Mazi's command, Zhang Ao rushed in with his men and blocked Ji Qingyan's path!

"What are you doing?!"

Wang Mazi picked up a bottle of white wine and poured it into three glasses.

"The grudge between Lin Yi and me isn't just about this project. Two of my subordinates were injured by him one after another. Now, everyone in the circle is laughing at me, Wang Bing. Where do you want me to put my face?"

Wang Mazi lit a cigarette. "But I called you here today to settle this peacefully. I have three glasses of wine here. As long as you accompany the three of us and have one glass with each of us, everything between us and Lin Yi will be settled."

"Dream on! I, Ji Qingyan, am not the kind of person you think I am!"

"Hmph, you're already here. It's not up to you!" Wang Mazi snorted. "Bring her over!"

"Got it, Boss!"

Zhang Ao walked over to Ji Qingyan with a smile, grabbed her arm, and brought her to Wang Mazi.

"What are you doing?! Let me go!"

Wang Mazi put away the documents on the table. "I'll take these documents, but the matter between us and Lin Yi isn't over yet. Let me make this clear, you have to drink these three glasses of wine today, even if you don't want to. I, Wang Bing, have been in the industry for many years, but no one has dared to slap my face like this!"

"Don't go too far!"

"You call this going overboard?" Wang Mazi said, "To be able to get to where I am today, I've done worse things than this. Aren't I still alive and well despite all that?"

“Boss, do you need me to record the scene of you guys drinking? Haha, when we find that son of a bitch Lin Yi, we’ll show how woman drank with us and anger him to death!”

“Haha...”

Zhao Zhengyang laughed. “Yes, yes, yes. Record it all and show it to Lin Yi later. I’m going to anger him to death!”

“Haha, let me do it. I like to see beautiful women struggling.”

Fan Qinan took out his phone and prepared to record it. “That bastard Lin Yi made us lose billions. We have to get it back from his woman!”

Zhao Zhengyang walked up to Ji Qingyan. “President Ji, Lin Yi and me might have some grievances, but there might be room for reconciliation. Have a drink with the three of us.”

“Bah, dream on!”

“That’s not up to you!” Zhao Zhengyang looked at Wang Mazi. “Uncle Wang, help me.”

“No problem.” Wang Mazi smiled and said, “If it weren’t for my old age, I would have made a move long ago after I met such a beautiful woman.”

With that, Wang Mazi grabbed one of Ji Qingyan’s arms while Zhao Zhengyang grabbed the other. He then picked up a glass of wine and brought it to Ji Qingyan’s mouth.

“President Ji, the wine is already at your mouth. Shouldn’t you give me some face and take a sip?”

“Pfft, in your dreams. Let go of me quickly!”

“F*ck, you think that if you refuse a toast you won’t have to drink, right? Let me tell you, you’ll have to drink this glass of wine today even if you don’t want to!”

Zhao Zhengyang had already fallen into madness when he saw the peerlessly beautiful Ji Qingyan.

Back then, she had pursued Liang Ruoxu solely for the sake of the family’s project. However, Ji Qingyan was the one who truly moved her heart!

Whoosh!

Just as Zhao Zhengyang was about to pour the wine into Ji Qingyan’s mouth, the door of the private room was kicked open and Lin Yi rushed in!

“F*ck you! None of you can leave today!”
