

I Get A Random New Occupation Every Week

Chapter 1: Full-time Career Experience System

2

“Lin Yi, pack your things and leave.”

The sales manager of Chaoyang Group, Yu Lili, said.

“I’m being fired?”

1

Lin Yi paused. “I was doing fine, why am I being fired?”

“The company doesn’t think you’re suitable for this job, so they don’t need you anymore.”

5

Lin Yi was an employee in the sales department of the Chaoyang Group.

He had not taken a day off from work for more than half a year.

5

He thought that he would get a promotion and a raise if he put in so much effort.

1

However, he never thought that he would be fired today.

“Manager Yu, you’re going too far. You’re firing me for no reason just because I don’t give you gifts? That’s a bit unreasonable, isn’t it?” Lin Yi argued.

“Reasonable? What right do you have to be reasonable with me? Do you really think you’re a piece of meat?”

1

“I have a meeting soon. Let’s go, don’t waste my time.” Yu Lili waved her hand impatiently and left with the documents in her hands.

Thus, Lin Yi was the only one left in the office. Now that he had no job, even food and clothing would be a problem in the future.

2

“What the f*ck,” Lin Yi cursed. “Luckily, I have a shabby Shari. I’ll go out and drive for Didi. That way I shouldn’t starve to death yet.”

3

[Ding! Full-class experience system activated. A new class will be activated every week. Completing the built-in mission in the system will allow you to receive the ultimate reward, assisting the host to become a global boss!]

4

[Experience class: Didi Driver!]

5

[Class completion rate: 0% (If within a week, the class completion rate is above 90%, you can activate a new class ahead of time. If you reach 100%, you will receive a mysterious gift.)]

[Please receive the Didi Driver Registration Gift Pack, 10 million dollars!
100% controlling stake of Peninsula Hotel! The Pagani Zonda worth 28
million!]

12

What the f*ck!

1

Seeing the notification in his mind, Lin Yi was in a bad mood.

2

He was a loyal fan of online novels, so he naturally knew what the
system was. He just didn't expect to encounter it!

“System, what if the completion rate doesn't reach 100% within a week?”

[The host can choose to open a new class, or continue with the current
class until the completion rate reaches 100%, at which point the new
class will automatically open.]

6

Through the system's explanation, Lin Yi understood the specific functions.

The system's flexibility was very high, and the initiative was basically in his hands.

This was great!

"Collect!" Lin Yi didn't hesitate.

[Ding, 10 million dollars has been transferred into the host's account!]

[The Peninsula Hotel requires the host to register on the spot!]

[The Pagani Zonda is parked in the Chaoyang Group parking lot, Area C, number 22. You can see the car keys in the elevator!]

2

At that moment, Lin Yi received a text message on his phone.

"Your savings card account with the end number 4255, April 27th, 9:48 pm, net income and expenditure 10000000.00 dollars, current balance R10000101.15dollars. Construction Bank]."

9

At the same time, another text message came.

“Congratulations, you’ve registered as the owner of Didi.”

4

Taking a deep breath, Lin Yi calmed down.

The system was here, so what was the point of having this lousy job!

Excitement!

Ring, Ring, Ring...

At this time, Lin Yi’s phone rang. It was his girlfriend, Liu Sisi!

“Lin Yi, let’s break up. You don’t have to come to my birthday party, and don’t call me again.”

10

Liu Sisi’s cold voice surprised Lin Yi.

“Are you serious?”

“Of course. I’ve been with you for so many years, but what did you ever buy for me? I can’t even afford to buy a broken phone when I’m with you.

I don’t want to waste my youth on you.”

6

“Are you sure you won’t regret it?”

“Haha, Regret? I’ve been with you for more than half a year. This is the thing I regret the most. From now on, don’t contact me.”

6

“Alright then, let’s part on good terms.”

5

Lin Yi did not say anything else and hung up the phone.

“Looks like the system isn’t the only thing that’s appeared. There are other scenes in the novel as well. Let’s break up then. The next one will be even better.”

11

Lin Yi cursed in his heart as he stretched lazily.

Other matters weren't important. He decided he had better go check on his sports car first!

Lin Yi made up his mind and ran out of the office like a madman. The other colleagues around shook their heads helplessly.

5

"Poor Lin Yi. He's a good person, but he's too straight-edged. He'd be able to get away with it if he gave the boss a gift every new year. Sigh..."

"The number one handsome man in our company is gone. He doesn't even have a girlfriend anymore."

8

"The old witch has hinted at him a few times, but he didn't agree. We just couldn't keep him around."

"How pitiful."

There was a delivery bag inside the elevator.

Lin Yi opened it without needing any explanation. As expected, it was
the car keys to the Pagani!

Lin Yi ran straight to Area C, 22 when he reached the underground
garage.

He was familiar with this location. His little Shari was parked at Area C,
21.

1

“What’s wrong? Why won’t it start?”

In front of Lin Yi stood a woman in a beige dress. Her makeup was
exquisite, and her nose was straight. She was wearing black stockings
and high heels on her long legs.

5

Her voluptuous figure was perfect, and it was hard to take one’s eyes off
her.

“Boss Ji?”

Lin Yi asked tentatively when he saw the figure in front of him.

Lin Yi didn't see who it was because he was standing at the side, but he recognized the car.

President Ji owned the only Maserati in the company.

The person called President Ji was called Ji Qingyan, the president of the Chaoyang Group.

1

Ji Qingyan swept her hair to the side and looked at Lin Yi when she heard someone call her name.

“Are you Lin Yi from the sales department?”

“President Ji, you still remember me?”

He was just an unknown employee, a transparent figure. However, even as a high and mighty president, she still remembered him.

This was surprising.

“I saw you once, so I remembered you.”

Ji Qingyan would never admit that it was because of Lin Yi's good looks that she remembered him.

"President Ji, is there something wrong with your car?" Lin Yi asked.

2

Ji Qingyan nodded and said anxiously,

"It was fine when I drove here during the day. I don't know what happened, but now it's not working."

"I'm not good at repairing cars. If you have something urgent, you can take my car."

Ji Qingyan frowned slightly before finally nodding in agreement.

"I need to go to the construction bureau to meet the chief. Please send me there."

"No problem." Lin Yi smiled. "My Car is in Area C. You can follow me there."

Area C of the parking lot was the parking space allocated for the employees. It would take a while to get there.

“Okay, thank you.”

Ji Qingyan didn't know that Lin Yi had been fired, but she was still very polite.

Just then, a person walked out from behind them and said with a smile,

“Qingyan, I heard that your car broke down. Where do you want to go?

I'll send you. Why bother troubling others?”
