

I Get A Random New Occupation Every Week

#Chapter 465 – 470

Chapter 465: I Want to Call the Police for Fraud

“What are you talking about?” Wei Daqiang said.

“If you don’t know how to speak, don’t open your mouth. No one will treat you as a mute.”

“Be polite to Lin Yi,” Li Chuhan said coldly.

Lin Yi patted her shoulder and said to the Wei family.

“If you want to see a doctor, follow my superior’s instructions and go for a scan first. If you don’t want to see a doctor, the door is behind you. Hurry up and leave. Don’t delay us.”

“If you had money, who would waste their time coming here to see a doctor?” Wei Erzhu said.

“In any case, I just told the people outside that we won’t be continuing our consultation anymore. Go out there give the next person their check-up.”

Lin Yi shrugged. “Didn’t you say it yourself? My leader doesn’t have that much free time.”

“Girl, what do you mean by that? Don’t tell me you are going to embarrass me like this?”

“I am.”

“Alright! I’ve finally seen through you. You don’t even recognize your family anymore. From now on, we will have nothing to do with each other!”

Lin Yi was stunned again. These people had no bottom line.

Li Chuhan heaved a sigh of relief.

“We finally got rid of these people.”

“At that time, I told you to ignore them. You didn’t listen. Do you regret it now?”

“Yeah, I won’t care about these things anymore.” Li Chuhan said, “Let’s go eat now. You must be hungry too.”

“I’ve been hungry for a long time.”

“Then I’ll buy you breakfast.”

“Good!”

The two of them walked out of the consultation room. The people waiting outside rushed towards Li Chuhan, wanting her to treat them.

Facing such a situation, Li Chuhan was a little helpless. At this moment, Lin Yi walked out and said,

“You can go to whichever doctor you’ve registered with. Otherwise, the hospital’s rules and regulations will be messed up. If Director Li is fired, none of you can even think about her treating you in the future.”

Hearing this, the crowd dispersed and nodded in agreement.

They approved of Li Chuhan and naturally did not want her to be fired.

After getting rid of the trouble, the two of them walked towards the parking lot.

However, he was surprised to see Wei Daqiang squatting beside Li Chuhan’s car. It was unknown what he was doing.

“What are you doing?!”

Li Chuhan was a car lover. When she saw Wei Daqiang sneaking around his car, she couldn’t control his emotions.

Seeing Lin Yi and Li Chuhan coming over, Wei Daqiang panicked. He quickly got up and ran.

“Wait here. I’ll go over and take a look!”

With that, Lin Yi chased after Wei Daqiang.

Even though Wei Daqiang did farm work every day and looked much stronger than Lin Yi, in terms of speed and endurance, he was far inferior to Lin Yi.

In just a few dozen meters, Lin Yi caught up to Wei Daqiang and kicked him to the ground!

“You still want to run after doing something bad? You must be dreaming!”

“What are you doing? Let go of my son!” Wei Erzhu grabbed Lin Yi’s arm.

“Get away from them. Don’t be shameless!”

“Dad, it’s fine. Don’t be afraid. It’s just a lousy Civic. It can’t compare to a Mercedes-Benz or BMW. You don’t have to be afraid even if I get caught. Just compensate them with 200 yuan. This will be enough to pay for the repainting.”

When he came out of the clinic just now, Wei Daqiang could not take it lying down.

This was because when Li Chuhan returned to town, he had accidentally seen her car and wanted to use this to take revenge on Li Chuhan.

However, he did not expect to be caught red-handed.

Under the gazes of the onlookers, Lin Yi dragged Wei Daqiang back.

Only then did Lin Yi see two deep marks on Li Chuhan’s car.

Not only that, but the tires, rims, and brakes were also scratched.

Although it would not affect the driving performance, it would look very poor.

It was as if a scar had been cut across the face of a top-notch beauty.

This was unacceptable, especially for someone like Li Chuhan who loved cars.

“Not bad, your technique is quite professional. You must do this often, right?” Lin Yi was not in a hurry. The car was scratched, but it could still be repaired. Moreover, the culprit had been caught. He could just ask them to compensate.

“It’s just a lousy Civic. So what if you catch me? I can afford to pay a few hundred yuan.” Wei Daqiang shouted.

“After being in the city for a few years, you forget your roots after you have some ability. I wanted to vent my anger today!”

“Although the brand is Honda and the model is similar to Civic, the price of this car is different.”

“What’s the difference? Don’t tell me it’s this year’s new model. Even if it’s the new model, it’s still a lousy Civic,” Wei Daqiang said.

At this moment, Wei Erzhu took out 500 yuan from his pocket and slapped it on the hood of the car.

“Here’s your money. Take it!”

“Haha…”

Wei Daqiang’s ignorant words attracted the ridicule of the onlookers, and he was stunned.

“What’s so funny?!”

“Young man, that isn’t an ordinary Civic. It’s called a Civic Tpye-R. It sells for 800,000 yuan in China,” a middle-aged man said.

“What’s more, this car uses the calipers and brake hubs of a Mercedes-Benz AMG. One set is 39,000 yuan. Just four sets of hubs and calipers alone are enough to equal the cost of a normal Civic.”

He was dumbfounded…

Hearing this, the Wei family’s heads buzzed.

In that case, this car was worth a million yuan!

Lin Yi glanced at Li Chuhan, “How much would it cost to repair the car?”

“At least a hundred thousand,” Li Chuhan answered truthfully.

“You heard it. The repair fee is at least 100,000 yuan. Cash or credit card? Compensation by house or land?”

The three members of the Wei family turned pale. “How can such a small car be so expensive?!”

“You think it’s a tractor that’s big and worthless?”

“You’re lying. That man must have been hired by you!”

“We don’t even know him. What are you saying?”

“You’re all acting here. I’m going to call the police. You’re swindling me!” Wei Erzhu shouted.

“Alright, you can call the police then. I’ll go all out today and play with you until the end.”

Wei Erzhu held his phone and said angrily, "Son, don't be afraid. They're just bluffing. I'll call the police now. When the police come, they'll definitely give us justice."

"I'm not afraid at all. It's just a lousy Civic. You still want to use it to fool me?" Wei Daqiang said disdainfully.

"Why don't you ask around? There is no car in this country that I don't know. Don't think you can fool me like this!"

"Yes, yes, yes. You're awesome, we're scared. Hurry up and call the police." Lin Yi suppressed his laughter.

"Don't be anxious. My father is on the phone. The police will tell us the price. It's not up to you to decide how much it costs!"

"Not bad, not bad. You even know how to determine the damage. How impressive."

At the same time, Wei Erzhu called the police.

"Hello? I need some police officers sent over. Someone is trying to swindle me!"

Chapter 466: The Imbalance Between IQ and EQ

"We accidentally scratched someone's car. It's just a car worth a little more than 100,000 yuan, but they actually want us to pay 100,000 yuan. This is too fast and too much!"

"We're parked at Huashan Hospital."

"Okay, okay, okay. We'll wait here. We won't touch anything at the scene."

After hanging up, Wei Erzhu shouted,

"Stand further away. The police said to protect the scene!"

"Alright, alright, alright. I'll protect it if you say so." Lin Yi didn't know whether to laugh or cry as he stood to the side.

As the old saying went, when situations reached an extreme, they would definitely reverse.

Looking at it now, this was indeed the case.

They were all so f*cking stupid that it was adorable!

Because the police station was near Huashan Hospital, the police were dispatched in less than ten minutes.

At the same time, a traffic police officer who was on duty nearby was transferred over. They were the experts.

Seeing the police coming over, Wei Erzhu went up to them and shouted,

“Officer, you have to uphold justice for us commoners.”

“Don’t be anxious. Let me take a look at the car,” the traffic police said. “This is the first time I’ve seen someone ask for 100,000 yuan for a Civic. This is too much!”

“Yes, yes, yes. My son didn’t do it on purpose.” Wei Erzhu said.

“I said that I would compensate them 500 yuan at the start, but they asked for 100,000 yuan. It’s obvious that they’re bullying me!”

“Alright, don’t be anxious. I’ll inspect the damage now and give you justice.”

The Wei family members were smug and even looked at Li Chuhan and Lin Yi arrogantly.

“Let me tell you, you sacrificed the war in favor of the battle. You’ve lived in the city for so many years for nothing.”

“Yes, yes, yes, you’re right.” Lin Yi smiled.

The traffic police walked over and saw Li Chuhan’s Civic Type-R!

AMG disk clamp!

AMG rims!

Modified Ferrari exhaust and carbon tail.

This set of modifications would cost at least 300,000 yuan!

The traffic police were speechless!

What the f*ck?!

These idiots!

“Police officer, as you can see, it’s just a Civic. How dare they ask us for 100,000 yuan? This is too much!” Wei Erzhu said.

“You’re a professional. Let’s set a price now. We’ll definitely compensate you as you said. We can still afford this small sum of money.”

“Since your attitude is so sincere, it will be much easier,” the traffic policeman said.

“The car damage amounts to about 120,000 to 140,000 yuan. Given your situation, you should compensate them with 120,000 yuan.”

“What?!”

“120,000 yuan?!” The Wei family was stunned. “Police officer, this is just a Civic. Why do we have to pay so much money?!”

“There were so many people at the scene. Didn’t anyone tell you that this was an imported Civic Type-R?” The traffic police said speechlessly.

“The car alongside the modifications would cost about 1.1 million yuan. According to the standard damage, this will cost at least 120,000 yuan to repair. It’s definitely not over the top if they asked you to compensate them 100,000 yuan.”

Hearing this answer, the Wei family trembled as if the sky had collapsed.

100,000 yuan was not a small sum. They had to use all their savings to afford it.

“I don’t think that 100,000 yuan is enough. Look at the scratches on the car. It’s obvious that your son did it on purpose. You have to bear legal responsibility for this behavior,” the traffic police said.

“That’s great. The police came because of you. You were in charge of convincing them, but now they are in charge of taking you away. This is perfect,” Lin Yi said.

Two police officers grabbed Wei Daqiang’s arms and cuffed his wrists.

“Come with us.”

“Don’t arrest me. Please don’t arrest me.” Wei Daqiang struggled. “We know each other. Let me beg for mercy.”

“Boss, let’s go and have breakfast. If we wait any longer, we won’t be able to make it in time.”

Lin Yi didn’t give Li Chuhan a chance to speak and pulled her away.

He believed that the police would handle this matter well so he did not give Li Chuhan the chance to be soft-hearted.

“Is that a bad idea?”

After leaving the crowd, Li Chuhan combed her hair and said.

She had never thought of letting the police arrest him. All she had to do was pay the money.

“These people are like caterpillars. They don’t bite and only disgust people. If you don’t squeeze them to death, they might jump out to disgust you at any time.”

“I’m indifferent. Just do whatever you want,” Li Chuhan nodded and said.

“You don’t have to worry about the car. Give me the keys later. I’ll get someone to bring it away when I have time. I’ll help you fix it and modify it if I can. I guarantee it’ll be better than before. There won’t be any traces of damage.”

“Here are the keys.”

“Come to my house tonight. You can pick another car to drive.”

“That is too much trouble. I’ll just take a taxi here every day.”

“My cars are faster than your Type-R. Don’t you want to try them?”

Li Chuhan pursed her lips and said in embarrassment, “Yes.”

“That settles it.”

“But I can only drive normal-looking cars. Your cars will be too good. It’ll be too eye-catching at work.”

“You decide.”

Li Chuhan was not like him. Even outside of his daily commute, he would also drive around.

Taking a taxi would be too inconvenient for Lin Yi.

After talking about the car, the two of them went to Lisi’s Bun Shop to eat some baos.

When they returned from breakfast, they found that the parking lot was quiet again. Li Chuhan’s car was still parked there, and Lin Yi didn’t plan to move it. He took the time to get Zhou Botao to send someone over to repair it.

After that, he drove back to Jiuzhou Pavilion.

Li Chuhan looked inside curiously for a while.

However, her reaction was not as exaggerated as others. She suppressed her emotions and slowly digested them.

Li Chuhan's eyes lit up when she saw Lin Yi's cars.

Lin Yi's garage was breathtaking.

These cars were too luxurious.

"Why don't you take the Lykan? It's all red. It's a perfect match for you."

Li Chuhan pondered for a moment. "I want to try the Koenigsegg RS. Is that okay?"

"Why not? You can choose whichever one you want," Lin Yi said, "But the Lykan is more expensive."

"But the Koenigsegg lineage is purer. Not to mention, the engine and suspension are better."

'Um...'

Lin Yi suddenly felt like an amateur.

Why was he always being crushed by Li Chuhan in all aspects?!

"You can drive whatever you want."

Lin Yi brought Li Chuhan into the house, found the car keys to the Koenigsegg RS, then handed them to her.

"Your house is a little messy. Let me help you clean it up," Li Chuhan said.

"No, no, no. I didn't invite you to come here to clean up my house."

"Don't worry."

Lin Yi had helped her a lot, and Li Chuhan wanted to thank him.

However, because her IQ and EQ were imbalanced, he couldn't think of any other way to repay Lin Yi.

She could only use this seemingly clumsy method.

Ring!

At this moment, Li Chuhan's phone rang. It was an unknown number.

Li Chuhan did not think too much about it and picked it up. It was very likely to be one of her patients.

"What are you doing?! He only scratched your car, but you actually asked Second Brother Wei to pay 100,000 yuan. How am I going to live in this town in the future?!"

Chapter 467: A Woman Looks Good for Herself

Although the speakerphone was not on, the roar on the phone was louder than the normal speakerphone volume.

Lin Yi, who was not far away, heard it clearly.

Hearing the roar on the phone, Li Chuhan's voice became a little uneasy. After learning who the other party was, her expression and voice became cold.

"What are you doing?"

There was something she didn't want Lin Yi to know.

She had tried her best to erase her past experiences and memories, but she had never thought that they would slowly be revealed in such a situation.

"They scratched my car. Isn't it natural for them to compensate me?"

"What do you mean natural? You earn so much money every year. You can spend money to repair it yourself, but you actually ask for 100,000 yuan from others. Do you have any conscience?!"

"This is my business. It has nothing to do with you. From now on, don't contact me anymore. I don't owe you anything."

"Then don't come back in the future! Don't go to the grave in the mountain either!"

The other party hung up angrily, but Li Chuhan stood there coldly, thinking about something.

"Have a cup of tea to calm down," Lin Yi said.

"Thank you."

The two of them sat on the sofa. Lin Yi asked casually, "Who called you?"

"My dad." Li Chuhan didn't hide it at all.

"Ever since my mother passed away, I left that family. Other than to visit to my mother's grave, I won't go home at all. After visiting grave, I'll come back."

"There are so many cemeteries in Zhonghai. Why didn't you think of moving the grave?"

"I'm just a doctor. I don't have that kind of ability. No one will let me move."

"Isn't that simple? Where's your hometown? When are you going to pay her respects? I'll go back with you and help you move back."

"It's in Beiqiao Town below Yangcheng," Li Chuhan said. "But our town is famous for being poor. Are you willing to go back with me?"

"What's wrong with that? I'm not going to Beiqiao Town to be a live-in son-in-law."

"Thank you."

This was the first time Lin Yi saw a burning spirit in Li Chuhan's eyes. It was as bright as autumn water.

Like a stone falling into water, the ripples surged with a faint light.

"Why do you always say thank you? It's so annoying."

"Then should I say something else?"

"Don't say anything. Just take it for granted."

"You've helped me so much. I feel bad if I don't do anything."

"Then think of something else."

"I have no plans to get married and have children. If you have children, I can help you take care of them. I can also come and help you clean up the house. If there's something you need, as long as it's within my abilities, I'll help you."

"How can I bear to let you do this?" Lin Yi stroked Li Chuhan's soft hair. "We'll talk about this later."

"Got it."

At noon, the two of them had a meal at the Jiuzhou Pavilion before Li Chuhan drove home.

The next morning, Lin Yi went to work as usual.

As soon as she arrived at the department, she heard Qiao Xin exclaim.

“Director Li, you’re wearing makeup!”

“What are you talking about? I never wear makeup.”

“Of course you are!” Qiao Xin said. “The color of this lip gloss seems to be from Givenchy. Although it’s very faint, I can still tell.”

Lin Yi looked at Li Chuhan. She did apply a little bit of makeup.

Qiao Xin was really something. As expected of an old fan of Conan, she was very observant.

“Sister Xin, stop talking. If you embarrass Director Li, she will find a reason to send you away,” Yuan Siqi said.

“Hehe, then I won’t say anything else. A woman makes herself pretty for her lover.”

“Looks like the butterfly knot incident had a big impact on her, because before that, Director Li never put on makeup.”

“Stop, stop, stop. Let’s stop talking. Otherwise, we’ll really be sent away.”

Li Chuhan pulled a long face and said, “Both of your attendances this month are D’s.”

“Ah?!”

Qiao Xin and Yuan Siqi wanted to cry.

“Brother Lin, please help us plead for leniency. If the attendance is marked as a D, we won’t be able to feed ourselves this month,” Qiao Xin said.

“She’s already given you a D, so of course I can’t change it,” Lin Yi said, “Count how much money you’ll miss out on. I’ll compensate you when we get our pay.”

“Really?”

“It’s just a few thousand dollars.”

“That’s enough, why are you still making up for the different?” Li Chuhan said, “I’ll just change it back to A’s.”

“Tsk, tsk, tsk. Look, Director Li can’t bear to see Brother Lin spend money.”

“Xinxin, it’s not a problem for lower-status people like us!”

“Hehe, I’m not doing this for my own interest,” Qiao Xin said.

“It’s just a pity. I won’t be able to eat the bananas Brother Lin feeds me in the future.”

“Don’t even think about it,” Yuan Siqi said. “From now on, Brother Lin’s bananas can only be fed to Director Li.”

Lin Yi subconsciously glanced at Li Chuhan.

Before this, he had not realized that her thin lips seemed to look even better after applying the lip gloss.

Li Chuhan also looked at Lin Yi and thought to herself, ‘Do you really want to feed me yourself?’

Because she didn’t want to listen to Qiao Xin’s nonsense, Li Chuhan went out to do a ward round.

After the female lead left, everyone in the department began to do their own things.

Ring!

Lin Yi’s phone rang at this moment. He thought that it was Zhao Qi calling to remind him to go for tea in the afternoon.

Unexpectedly, it was an unfamiliar number.

“Hello? Director Lin, this is Director Miao Guofeng.”

“Um…”

Lin Yi paused for a second, not expecting Miao Guofeng to call him.

“Can I help you?”

“I have something on. I want to talk to you, Sir. Is it convenient for you to come to my office?”

“Sir?”

This honorific title stunned Lin Yi.

Even Li Chuhan had never used such a term. As a dignified and upright director, wasn't he being a little too polite?

“Alright, I'll come over now.”

“Okay, okay, okay. I'll wait for you in the office.”

After hanging up, Lin Yi put his hands in his pockets and walked to Miao Guofeng's office.

The department fell silent. Wang Zeyi had seen everything that had just happened.

By now, he knew that he had no chance of fighting Lin Yi.

However, there was still a problem that he could not figure out.

Lin Yi was already so rich, so why did he still come to the hospital to be a doctor?

Could it be that it was really like in idol dramas where rich children pursued their dreams?

Wasn't that a little ridiculous?

Wang Zeyi twirled his pen angrily. He knew that he was in a disadvantageous position, but there was still a glimmer of hope.

He would use his family's connections to contact the leaders of the hospital and get them to fire Lin Yi!

This way, he would be put in a strong position!

Thinking of this, Wang Zeyi stood up and walked toward Duan Yongchun's office.

His father had gotten him the position of director here because of his connections.

Now that Zhao Jianwei had been caught, it was the perfect time to talk to him about it!

When he arrived at Duan Yongchun's office, Wang Zeyi pushed the door open and entered.

Realizing that there was no one in the office, he turned to the administrative office and asked,

“Do you know where Director Duan went?”

“I think Director Duan went to Director Miao’s office.”

Chapter 468: There’s Something Wrong With Lin Yi!

Lin Yi pushed the door open and entered Miao Guofeng’s office.

A strong tea fragrance wafted out from inside. This was Lin Yi’s first time here.

Miao Guofeng’s office was very big, measuring almost twice the size of the cardiology department. The decoration was also quite elegant and made in the style of an old colonial building.

However, what surprised Lin Yi was that other than Miao Guofeng, Duan Yongchun was also present.

“Doctor Lin, you’re here. Come, come, sit. I’ve already brewed the tea.”

“Director Miao, I’m just a deputy director. Your current behavior is making me uncomfortable.”

Until now, Lin Yi was still in a daze and didn’t know what had happened.

However, there was definitely something wrong with this situation. There was definitely something going on, and it was not minor.

“There’s no need to be uncomfortable. It’s nothing serious. We’re just chatting.”

“Yes, yes, yes. We’re just chatting,” Duan Yongchun agreed with a smile.

“If you two have something to say, just say it. There’s no need to be like this.”

Miao Guofeng greeted him with a smile. Lin Yi could still figure out some tricks.

However, Duan Yongchun’s behavior confused him.

This was because he had embarrassed him during Yang Guangxia’s surgery. Logically speaking, he should hate him.

Miao Guofeng and Duan Yongchun looked at each other. Then, the latter said, “Old Miao, let’s just say it.”

Miao Guofeng nodded and looked at Lin Yi.

“Director Lin, you should know about the investigation now, right?”

“I know a little about it,” Lin Yi said. He knew why Miao Guofeng wanted to see him.

“You want my help.”

The two of them looked at each other. At this point, there was no need to hide anything.

“Director Lin, please do a good deed and help us this once.” Miao Guofeng said, “We can guarantee that this matter is not as bad you might assume. It’s really nothing.”

“I don’t know what to do about you two.”

Lin Yi was speaking the truth. He knew his position very well. He was just a businessman and didn’t want to participate in this matter.

Therefore, this made things difficult for him.

“We have no other choice.” Miao Guofeng sighed.

“How about this? I’ll try my best to ensure that the two of you can enjoy your later years. However, if the situation is too serious, I won’t be able to help you.”

“Really? Thank you, Director Lin.”

The two of them were about to retire. Whether they could continue working or not was no longer important to them.

Things would be fine as long as they didn’t get caught.

“Don’t thank me. You’re on your own.”

With that, Lin Yi turned around and left, not planning to get involved in this matter anymore.

As for what would happen to the two of them, he could not guarantee anything.

As soon as Lin Yi left, Wang Zeyi walked up the stairs and knocked on Miao Guofeng’s office door.

In the office, when they heard someone knocking on the door, Miao Guofeng and Duan Yongchun stood up and quickly tidied their clothes, not wanting others to see their abnormal behavior.

They knew that the person at the door in couldn't be Lin Yi, because the latter didn't have the habit of knocking.

"Come in."

The two of them sat on the sofa and said calmly.

Creak.

The door was pushed open and Wang Zeyi walked in.

"Director Miao, Director Duan," Wang Ze greeted with a smile.

"Director Wang is here," Duan Yongchun said calmly.

Wang Zeyi's father was the deputy director of the Central Maritime Drug Administration. Originally, with his status, Miao Guofeng and Duan Yongchun should have smiled when they saw him.

However, at this moment, his father could not even protect himself, so there was no need to bother with him.

"Uncle Miao, Uncle Duan, there's nothing much going on in our department, so I came to see you guys," Wang Zeyi said with a smile.

"This tea tastes so good. It should be Da Hong Pao, right? My father still has some. I'll send some over when I have time."

"No, no need." Duan Yongchun quickly refused. "Little Wang, if you have something to say, just say it. Director Miao and I have other things to do."

Seeing that the two of them were discussing something, Wang Zeyi didn't want to waste their time and chose to get straight to the point.

"Uncle Duan, I have something to discuss with you and Director Miao."

"What is it?"

"It's regarding my department's temporary deputy director, Lin Yi. I think there is a huge problem with his skills and character," Wang Zeyi said.

"I hope that the two directors can deal with this matter seriously. It would be best if you can kick us out of Huashan Hospital and get rid of this evil influence!"

Chapter 469: The Cardiology Department is Toxic!

“You claim that Lin Yi received bribes in private?”

“That’s right!” Wang Zeyi said, “This kind of behavior is simply a disgrace to Huashan Hospital. Please investigate this!”

At this point, Wang Zeyi smiled confidently.

With their relationship with his father, they should know what to do now that he had said so much.

After all, they didn’t know Lin Yi’s identity yet. They only thought that he was an ordinary surgical director.

It would definitely be easy to chase him away.

“Director Wang, are you sure you want to report Director Lin?” Miao Guofeng said coldly.

They all knew what kind of person Lin Yi was, not to mention his close relationship with Liang Ruoxu.

He wouldn’t bother taking this money because he was the boss of Zhonghai International Racetrack.

Now, this guy was actually reporting Lin Yi for accepting gifts. It was completely fake!

“That’s right. I can guarantee with my character that Lin Yi has definitely accepted the gift. Directors, please handle this matter seriously.”

“Do you have proof?”

“Proof?”

Wang Zeyi was a little stunned. He had already said so much. Could it be that the two of them still didn’t understand what he meant?

Was it not enough for them to fire a temporary deputy director?

“I’m still collecting evidence. I’ll find it soon.”

Bang!

Miao Guofeng slammed the table and stood up!

“Wang Zeyi, I think you’re deliberately slandering Director Lin! What are your intentions?!”

Now, their fates were in Lin Yi’s hands. No one in the entire Huashan Hospital dared to touch Lin Yi. Who was Wang Zeyi to accuse him?

“I, I...”

Wang Zeyi was rendered speechless and broke out in cold sweat. He did not know how to deal with the angry Miao Guofeng.

“Old Miao, calm down,” Duan Yongchun said.

Wang Ze heaved a sigh of relief. His father had a good relationship with Director Duan.

With him interceding on his behalf, this was not a big problem.

“Zeyi,” Duan Yongchun said.

“Director Duan, I’m here,” Wang Zeyi said with a smile.

“I don’t think you’re qualified to be a director of Huashan Hospital at your current level. Pack your things and leave.”

“Ah?!”

Wang Zeyi’s eyes were dull, feeling like he was hallucinating.

Director Duan had a good relationship with his father. It was all thanks to Director Duan that he could become the deputy director.

However, now, he not only didn’t speak up for him and even wanted to fire him?

What was he trying to do?!

“Director, Director Duan, are you sure you want to fire me?”

“Yes, leave now.” Duan Yongchun waved his hand impatiently. “I have other things to discuss with Director Miao. You can leave now.”

“But my dad—”

“What’s this have to do with your father?” Duan Yongchun snorted in disdain. “This is a hospital. Do you think he can control us?”

“No, no, no, I didn’t mean that, but...”

“There are no buts. Hurry up and leave. From now on, I don’t want to see you at Huashan Hospital anymore!”

“I-I understand...”

Wang Ze walked out of the director’s office like a zombie.

He still could not believe what had just happened.

He came here because he wanted them to fire Lin Yi. How did he end up being fired?

Why were they protecting Lin Yi?

Did he know Lin Yi’s true identity?

Wang Zeyi didn’t dare to think about it anymore. Perhaps there really was such a possibility.

Thinking of this, Wang Zeyi wanted to slap himself.

If he had known earlier, he wouldn’t have gone to look for Duan Yongchun!

He returned to the department in a daze. Wang Zeyi was still thinking of a reason to explain his resignation to the department.

This was too embarrassing. He had to think of a more dignified reason.

However, after thinking for a long time, he could not think of a suitable excuse.

In the department, Lin Yi and Li Chuhan were sitting together discussing the case.

Wang Zeyi felt even more sorrowful. He was as good as dead before his ambition was fulfilled.

“Director Wang, I heard that you were fired!”

‘Um...’

Just as Wang Zeyi was feeling vexed, Qiao Xin walked in and said.

As soon as these words were spoken, it could be said to have caused a huge wave. Everyone in the department looked at Wang Zeyi in unison.

This news was too sudden. How could things turn out like this?

“Little Qiao, what are you talking about?” Li Chuhan said.

If someone was fired, she, the director, would be the first to know. How could she have gotten the news before him?

“I went to HR just now to help Brother Lin with the procedures. I heard this from Director Chen.”

The people in the department stopped talking. The news had already reached the human resources department, so it couldn't be wrong.

“Well ...”

Wang Zeyi's expression was awkward. He stood up and explained, “You misheard. I wasn't fired. Don't spout nonsense.”

“I heard Director Chen say it.”

“Actually, I resigned on my own. I'm preparing to go to Meiguo to further my studies.” Wang Zeyi said with a smile.

“My friends will be picking me up later. I wanted to wait for them to come before leaving, so I didn't inform you immediately. I didn't expect you to share it.”

“I see. Congratulations.”

“Of course. What else can I do? Do you really think I was fired?”

Wang Zeyi heaved a sigh of relief. Fortunately, he was quick-witted and thought up a reason. This way, he could leave openly and not be afraid of what others would say.

At this moment, two uniformed police officers walked in from outside and looked at Wang Zeyi.

“You're Wang Zeyi, right? Is your father's name Wang Yanxing?”

“Yes, yes...”

Everyone in the department was surprised to see the two police officers. Wang Zeyi was the same.

Everything was fine. Why were the police here?

“Police, why are you looking for me?”

“Your father, Wang Yanxing, is facing serious corruption and bribery charges. We have to bring you back to assist in investigation. Come with us.”

“Well ...”

The two police officers didn't give Wang Zeyi a chance to speak. They cuffed him and took him out of the department.

This series of events made the people in the department a little confused.

“What's going on? Didn't Director Wang say that he was going to Meigu to further his studies? He even said that a friend would pick him up. Why was he taken away by the police in the end? This is so exciting!”

Lin Yi could roughly guess what had happened.

Liang Ruoxu had already made her move, and Zhonghai was her main target.

In addition, when he was previously negotiating with Pfizer, his father, Wang Yanxing, was also one of the negotiators. He would definitely receive gifts.

Now that he had started to make a move, he naturally had to make an example of his father.

“You might have heard wrongly.” Lin Yi said.

“He wasn't talking about further studies. He was talking about reformation. That's why it was the police who picked him up. I have to say, this all happened really .”

“Director Lin, how long has it been? One of the department directors and three deputy directors of the bardiology department have been arrested. The cardiology department is toxic!” Yuan Siqi said.

Chapter 470: The Barrier Between Dreams

“Alright, alright. Let's not talk about this anymore.” Li Chuhan said.

“Go about your business.”

“Got it, Director Li.”

The matter surrounding Wang Zeyi quickly died down. After that, the people in the department didn't pay much attention to it anymore.

They seemed to have accepted it.

“What do you want to eat for lunch? I’ll order it,” Li Chuhan whispered when it was almost noon.

Lin Yi looked at his watch. “I have something on in the afternoon, so I won’t be eating in the department. I might not come in the afternoon.”

“Go ahead. I’ll keep an eye on things.”

“Yeah.”

After saying goodbye, Lin Yi changed his clothes and left. He drove to Lingyun Group to ask about the company.

“In twenty minutes, we’ll gather at the Zeexuan restaurant next to the company. The two of you can book a private room for us.”

Lin Yi called He Yuanyuan after leaving the hospital.

“No problem.”

Ring!

Just as he hung up, Lin Yi’s phone rang again. It was Sugar.

“Are you coming to school this afternoon?”

“How do you know that?”

“I heard from Principal Zhao,” Sugar said. “I’m not feeling well this morning. Can you pick me up on your way there?”

“You have your own car.”

“My car was hit. It’s being repaired at the 4S store.”

“Alright, give me your address. I’ll pick you up then.”

“Uh-huh,” Sugar said. “Do you have time now for a game?”

“You’ll have to pay me to play.”

After hanging up, Lin Yi drove to the Sichuan restaurant he often frequented.

As soon as he pushed open the door of the private room, he smelled the fragrance of chili.

There were seven or eight dishes on the table, and only one cold dish was vegetarian.

Qi Xianzhao sat obediently at the side while He Yuanyuan ate happily. She had no intention of waiting for Lin Yi.

“Director Lin.”

Qi Xianzhao stood up to greet Lin Yi.

Lin Yi nodded and looked at He Yuanyuan.

“I’m still the boss. Did you really start eating without me?”

“It’s mainly because I’m too hungry. President Lin is too much. How can you accuse me of such things?” He Yuanyuan licked her lips and said.

“I won’t argue with you about this, but there are only three of us. Can you really finish so many dishes?”

“I can’t finish it.” He Yuanyuan said.

“I’ll take the rest home with me so that I can have dinner. It’ll be a waste not to enjoy some of the company funds. I’m not as stupid as Brother Qi.”

“You don’t take me seriously at all!”

“Don’t say that. You’re still very important to me. Who else can pay me so handsomely?”

“In view of your performance today, shall I deduct a little more of your salary?”

“Don’t.” He Yuanyuan put down her chopsticks. “Don’t always threaten people with money. Don’t you have any feelings for me?”

“Stop fooling around. Let’s eat.”

Lin Yi stopped joking around with He Yuanyuan and said as he ate,

“How’s DiDi doing?”

“It’s just an empty shell over there. The data center has been moved to our side,” He Yuanyuan said.

“However, the acquisition involved many personnel adjustments. President Cheng and President Tian are actively dealing with these matters. In another week at most, everything will be settled.”

“Alright, let’s keep this matter under control. After I’m done with Cisco, I’ll start the related work.”

“Speaking of Cisco, I just remembered something,” He Yuanyuan said.

“Cisco is almost done with our three billion yuan order. A conservative estimate is that the goods will be delivered in another week.”

“Already?”

“They found many factories in the country to support them, so their rate of production naturally increased.”

“Not bad, not bad. It’s time to put my plan to action.”

Qi Xianzhao and He Yuanyuan were both very curious about President Lin’s plan.

Something big must have happened.

“Boss, is there anything else we can help you with?” He Yuanyuan asked.

Although she always bickered with Lin Yi, she was always on his side.

“Sing a song to liven things up. That way, I can eat more.”

“I wouldn’t want that. You should eat less. After all, I get to bring the remainder back home.”

Qi Xianzhao and He Yuanyuan could not do much about Cisco.

At this point, Cisco was about to deliver the goods. The main participant was in this matter still Longxin.

When he had time, he had to make a trip to Longxin and arrange the relevant tasks.

Having said that, after killing Cisco, the two of them would be busy.

“Boss, do you want to hear about the foundation?” He Yuanyuan was full from eating and drinking. She picked her teeth with a toothpick and looked like a female hooligan.

“Tell me. I have nothing else to discuss anyway.”

“So far, we’ve sponsored 174 orphanages across the country. The total donation amount has reached 82 million. A few days ago, we held a meeting to study it and decided to slow down our expenditure in this area. We’re also prepared to provide further assistance to the institutions under us.”

“Go on.”

“Director Zhao, the person in charge of the foundation, submitted a report to Brother Qi. I think her analysis makes sense,” He Yuanyuan said.

“She said that the foundation is a bottomless pit and can’t create any benefits for the company. She wants to restructure it so that it’ll benefit us.”

“It’s not effective to just fund orphanages. If we want to invest in some key poor counties in the country, we should build a Hope Primary School or something. It’s better to teach a man how to fish than to give him the fish directly.”

“Have you accepted this proposal?”

Qi Xianzhao and He Yuanyuan looked at each other and nodded.

“We don’t think it’s a big problem. Yuanyuan did a project calculation in the early stages. If she wants to build a Hope Primary School, the cost, from the administrative expenses in the early stages to the completion in the later stages, will amount to a total of about two million yuan. It’s not a huge sum. With the current scale of Lingyun Group, we can still afford it.”

“Is this just the cost of building an elementary school?”

“Yes, but if you want to do a Nongkuo Junior High School, about 500,000 yuan will be enough. Moreover, you can entrust the projects to Chaoyang Group. This can be considered as keeping the goodies to yourself.”

“That’s fine, it’s not much anyway,” Lin Yi said, “Do you have a specific target now?”

“In Director Zhao’s report, she gave us two choices. Beiqiao Town and Furong Town are both poor towns in Yangcheng. It’s not convenient to travel out, and there are many children left behind. Educational resources are very limited, so they’re very suitable to use as a test group.”

“Beiqiao Town?”

Lin Yi mumbled. Wasn’t this Li Chuhan’s hometown?

“President Lin, do you know Beiqiao Town?”

“I know a little about them. I heard it’s a pretty poor place.”

“They’re more than poor,” He Yuanyuan said. “There’s not much farmland in the town, and much of the land there is salted. When the heavens are in a bad mood, they can’t even feed themselves.”

He Yuanyuan changed her posture and continued, “I’ve checked the information about this place. Their annual GDP isn’t as much as your annual income.”

“Um…”

“Let’s get down to business. Don’t talk about my precious income. Isn’t this a personal attack?” Lin Yi said.

“Besides, even if that was the case, it doesn’t mean that their GDP is small.”

“I underestimated you.”

“Then let’s do it this way. Let’s set the location of the Hope School to be in Beiqiao Town.” Lin Yi said.

“But what about the teachers? If there are no teachers in the school, this will all be empty talk.”

“We’ve thought about that too. Taishui City is about thirty kilometers away from Beiqiao Town. It’s a small fourth-tier city. Although it’s a little small, its level of urbanization is not bad. We can conceptually have teachers in this place and have them commute to and from work.”

“Just 30 kilometers?”

Qi Xianzhao nodded and sighed.

“It’s just that the road conditions aren’t good. Even if it’s only 30 kilometers away, there’s only a muddy dirt road, mountain road, and a suspension bridge connecting the two. It’s very difficult to travel by car. This problem can only be overcome with high salaries.”

“If that’s the case, the time spent on the road every day will exceed four hours. Even if we can offer them a high salary, we can’t be sure if they’ll be willing to come.”

“That is indeed a problem,” the two of them said in silence.

“Phew…”

Lin Yi took a deep breath. "It's only thirty kilometers, how many children's dreams have been ruined because of this?!"
