

I Get A Random New Occupation Every Week - Chapter 510 - I'm a Spirited Young Man, I Can't Be Restrained

Chapter 510: I'm a Spirited Young Man, I Can't Be Restrained

Ten minutes later, Lin Yi saw a stone bridge in front of him. The paint had long since peeled, leaving mottled patches.

It was about the same width as the road. Both were more than four meters wide.

When the car reached the bridge, the shadow of Beiqiao Town could already be seen.

There were two old four-story buildings. The rest were low-rise single-story houses, most of which were made of salt and alkali soil. There were very few brick houses.

“Does this surprise you?”

“It does feel like a scene from a previous generation.”

“Actually, I originally thought that all of Huaxia was as poor as Beiqiao Town, but after I went to Huashan Hospital and met all kinds of people, I realized that those who could live a comfortable life represented only a small portion of the population.” Li Chuhan said.

“Most places are actually like Beiqiao Town, or even worse than here. This place is like the epitome of Huaxia, so every time I see the nighttime skyline of Zhonghai, I always think that there's still a long way to go, be it with me, or this country.”

“Yeah...” Lin Yi sighed.

“This is a world of lies. It's just a shiny skin that wraps itself tightly inside. What is in front of me is the true appearance of this world.”

As soon as he finished speaking, Lin Yi realized that something was wrong. Why was he so angry at the world?

He was a spirited young man.

“Thank you for accompanying me here. I feel much more at ease with you accompanying me on such a journey.”

“It’ll slowly improve. Don’t worry.” Lin Yi smiled.

“In truth, the reason why I came here is to build a road for Beiqiao Town and build a school for them. I can’t let the mountains and rivers here block the children’s dreams.”

Li Chuhan suddenly stopped and looked at Lin Yi with her beautiful eyes.

“You’re here to build a road?”

“I have a charity fund under my name that specializes in these things. Coincidentally, Beiqiao Town is the target of our next project, so we decided to build a school and repair the roads here.”

“I thank you on behalf of the children in Beiqiao who can’t afford to go to school.”

“You don’t seem to know how to say anything other than thank you.”

“I can’t thank you in any other way,” Li Chuhan said with a cute expression.

“I’m fine. It was a bumpy ride and I watched you bounce all the way here. It’s enough to make my eyes water. I’ve received more than enough.”

Li Chuhan started the car again, embarrassed. She knew what Lin Yi was talking about.

“Then you can enjoy them. I don’t mind.”

Hmm?

Was that even possible?

Li Chuhan’s magnanimity didn’t work on Lin Yi, so he deliberately changed the topic.

“There are many people on the bridge. It looks quite lively.”

“Maybe something happened. When I came back in the past, there was almost no one here.”

Seeing a car coming from behind, the people on the bridge blocked the middle and stood on their tiptoes to look over.

In addition, there was a row of wicker baskets in front of them. There were dead fish in them and flies buzzing around.

More than a dozen wicker baskets were placed in the middle of the bridge, forming a roadblock that made it impossible for cars to pass.

“Please make way. We’re crossing.”

Lin Yi stuck his head out of the car window and spoke to the uncles and aunties in front.

Seeing Lin Yi, the uncles and aunties standing in the middle of the bridge surrounded him like crazy.

“Buy some fish, young man. They’re all fresh from the river. They’re especially fresh. I guarantee you haven’t eaten them in the city.”

Seeing the flies flying on the basket, Lin Yi felt nauseous.

“How dare you say that they’re new?”

Lin Yi felt that these people were even more gullible than him.

No matter what, they were lying through their teeth. Forget teeth, these people were even closing their eyes.

“The fish has a strong stench, so it naturally attracts flies, but they’re all fresh. You can buy them and eat them without worry. There will definitely be no problems.”

“Forget about the fish, we still have other things to do. Make way,” Lin Yi said patiently.

“Young man, don’t be anxious. No matter how anxious you are, you still have to eat. Buy some of our fish to bring back.”

“Didn’t we say that we’re not buying anything? Don’t you understand human language?”

“Young man, how can you say that?” An old man was unhappy. “Let me tell you, if you don’t buy my fish, don’t even think about passing through here.”

Lin Yi smiled. “Why? Are you guys forcing me to buy it?”

“Just buy some of the fish. Let me make this clear. As long as you buy ten catties of fish, we’ll let you pass. Otherwise, just stay outside. Don’t even think about entering the town.”

Li Chuhan frowned deeply. She was deeply ashamed of their actions.

Lin Yi came here to do charity, but they were acting like this. They had embarrassed all of Beiqiao Town.

Lin Yi looked at the people below with an unfriendly expression and said,

“I don’t have time to waste with you. I’ll say it one last time. Make way.”

The old man put his hands behind his back, looking like he was the king of the world.

“Don’t waste your breath. If you don’t buy our fish, don’t even think about crossing.”

“That’s right. If you have the ability, try running over us.” The others echoed. Their attitude was so arrogant that even Lin Yi felt a little ashamed.

“Get out of the car, let’s change seats,” Lin Yi said to Li Chuhan.

“Are you sure you want to do this? It won’t be good if you cause trouble.”

“Don’t worry, I know what I’m doing. Get down.”

“Got it.”

Li Chuhan didn’t say anything else. She unbuckled her seatbelt and prepared to switch places with Lin Yi.

Seeing the two of them get out of the car, the people in the middle of the road brought their baskets over.

At the same time, they were secretly delighted. These city people bullied the weak and feared the strong.

They were quite arrogant just now, but when the villagers acted tough, they became afraid and could only obediently come down to buy fish.

They would definitely make a huge profit today.

“Young man, that’s right. Everything can be discussed. Buy some of our fish and we’ll let you pass.”

“The car you’re driving is a Mercedes, right? This is a good car. You can tell at a glance that you’re rich in the city. Why don’t you buy all our fish?”

Seeing the villagers surrounding them, the two of them didn’t say anything. Li Chuhan got into the passenger seat, and Lin Yi walked to the back and exchanged a few words with the truck driver before returning to the car.

Their actions confused the people carrying baskets on the bridge.

Weren’t they going to buy the fish?

Lin Yi stuck his head out of the window and said to the people on the bridge.

“I’ll give you three seconds to make way. If you don’t, I’ll drive forward and kill you.”

Hearing Lin Yi's words, the villagers on the bridge were all indignant. They felt that they had been played.

"Do you think we're scared? I fought bandits when I was young. Why would I be afraid of you? Do you think we're easy to bully?"

The villagers on the bridge looked at Lin Yi with disdain, not taking his words seriously at all.

How dare he hit someone with his car?

How lawless!

"Three..."

Lin Yi started counting down, but the people on the bridge didn't react at all.

"Two..."

Lin Yi didn't stop. The villagers on the bridge placed their baskets on the bridge again, blocking the road.

"I'm telling you, we will were willing to let you cross just now after buying ten catties of fish. If you don't buy all our stock now, don't even think about coming over!"

"One..."

"It's useless for you to count. If you don't buy fish, we'll stand firm here. If you dare to touch me, I'll blackmail you to death!"

Lin Yi didn't say anything. Instead, he started the car and stepped on the accelerator, rushing to the other side of the bridge!

Thank you for reading on

Chapter 511: Suffering in the Human World

Hearing the roar of the Mercedes-Benz, the people standing in the middle of the bridge showed ugly expressions.

However, no one believed that Lin Yi would actually run them over.

This was unless he did not want to live anymore. If he killed someone, even if he gave them ten Mercedes-Benz, it would not be enough to compensate them!

They would definitely make him go bankrupt!

Such logic was naturally applicable to others, but not to Lin Yi.

The reason was simple. He was Lin Yi!

Without any hesitation, Lin Yi stepped on the accelerator and charged forward!

Seeing Lin Yi driving hurtling them, the villagers on the bridge were all scared silly.

Ignoring the baskets in the middle of the road, they ran to the sides of the bridge. Some even threw away their walking sticks and ran faster than the young people.

When the G-wagon moved, the truck behind him also drove forward. Dust flew everywhere on the cement bridge, and dead fish were scattered all over the ground. It was a sorry sight.

“You’re a b*stard! You’ll die a horrible death! Compensate us!”

“What’s the use of shouting here? Let’s search inside. We’ll definitely find him!”

“He gave me a heart attack. He has to give me an explanation!”

“Let’s go! Let’s go find them!”

After getting off the stone bridge, the two of them drove to Beiqiao Town.

“The people of Beiqiao Town are so rough,” Lin Yi said.

“Maybe it’s because they’re poor and unruly. They’re afraid of not having enough to eat.”

“Maybe.”

There was a main road in the town that was about a hundred meters long.

On both sides were some dilapidated shops. The plaques had already been painted white. There were even some small shops that only had words written in paint on the wooden boards to serve as plaques.

The entire Beiqiao Town was filled with the musk of old age and backwardness.

“In reality, it’s not too bad here. There are more than a dozen villages below Beiqiao Town. The situation there is even worse. For the children who live here, going to school is really a luxury.”

“Don’t worry, these problems will be solved after the school is built,” Lin Yi said, “Give us some time.”

“Uh-uh.”

The two of them drove past the town, attracting many people to stop and stare.

To them, a Mercedes-Benz was already a top-notch car.

Getting a Mercedes-Benz was a prestigious achievement to any family here.

Under Li Chuhan’s command, the two of them left the town. Behind them were plots of rice and terraced fields.

They drove past the green farmland and arrived at the small hill behind.

The people of Beiqiao Town used to call this place Back Mountain. If anyone passed away, they would be buried here.

Li Chuhan’s mother was buried just over ten meters away from the dirt road. It was not far.

The three of them, including the driver, took down all the prayer items from the car and piled them up like a small mountain.

At this moment, Lin Yi realized a problem.

The people here were usually buried together in their coffins. There was no cremation custom. If they moved their graves, it might lead to some trouble.

However, money could make the world go round.

After unloading, Lin Yi didn’t listen to Li Chuhan and gave the man 200 yuan. The driver left happily.

Lin Yi took the lighter and started burning the paper notes above the grave, ready to get down to business.

It was as though she had witnessed too much death in her time, as Li Chuhan did not cry like normal people would. Instead, she was even calmer than usual.

Lin Yi bought a lot of things and burned them for more than an hour before the last fire died out.

“I want to stay here for a while, okay?”

“Of course.”

Ignoring the dirt on the ground, Li Chuhan sat on the ground and said nothing.

Her slender fingers gently fiddled with the soil on the grave as if she was saying something.

“I’ve always been very grateful to my mother.” Li Chuhan’s gaze was gentle, as if she was talking to Lin Yi, or the person buried underground, or the wind blowing past her face.

“She was uneducated. Just a rural woman. But she told me from a young age that knowledge was important. She told me to study hard.

“When I was young, my family was poor and couldn’t afford to pay for my schooling. Moreover, I had a younger brother, so I naturally didn’t have the right to go to school. Fortunately, Grandpa Ma, who lived next door to us, turned out to be a teacher in the county. He took pity on me and taught me to read and write every day. I barely completed the elementary school curriculum.

“When I was in junior high school, Grandpa Ma brought me to the county. When I started attending the junior high school where he used to teach, he said a lot of good things about me. My mother even gave me a gift of 50 yuan. The principal made an exception and registered me for school. Otherwise, I might be serving dishes in a restaurant now.

“By the time my life improved and I had the ability to live independently, my mother was no longer around,” Li Chuhan murmured softly.

“When she was young, other than working, she was also scolded and sometimes beaten. The doctor quietly told me that my mother was exhausted to death. In the end, she got lung cancer and took the most expensive medicine she could afford. It was just two cents worth of painkillers. When she passed on, it happened quick and painlessly.”

“However, at that time, I was powerless. There was nothing I could do. I thought that my situation would be better after I grew up. However, I am still powerless even now.”

Lin Yi didn’t say anything as he listened to Li Chuhan.

She did not need comfort or encouragement. As long as there was someone here who could listen to her, it was enough.

Lin Yi suddenly felt a little melancholic. Perhaps this was why she said she wouldn't get married and have children.

Quietly, Lin Yi walked over and brushed Li Chuhan's long hair that was messed up by the wind, wiping the tears from her eyes.

"Lin Yi..."

Li Chuhan hugged Lin Yi tightly, unable to stop her tears from falling. Large drops fell, filled with the pain that had accumulated in her heart.

It was said that only by suffering would one be above others. She had never thought of rising above others, but the suffering of the world did not escape her.

"Don't cry. Auntie is watching you from heaven."

Lin Yi wiped her tears and looked at her tear-stained eyes. He felt extremely sad.

"I got it."

The two of them stood in front of the tombstone. Lin Yi put his arm around Li Chuhan's shoulder and said,

"Auntie, don't worry. I'll take care of her for you in the future. No one can bully her anymore."

Li Chuhan's expression was gentle and there were tears in her eyes.

"Let's go, it's done." Lin Yi tightened his grip on Li Chuhan's waist. "We'll be able to come by whenever we want after we move her to Zhonghai."

"Yeah."

Wiping the tears from the corner of her eyes, Li Chuhan calmed down and turned to leave with Lin Yi.

"Sister!"

Just as Lin Yi turned around, he saw a young man riding an old motorcycle running over from afar.

"Is this person your brother?" Lin Yi asked, "Is he here to visit auntie's grave too?"

"He's my younger brother, Liu Kai. As for whether he's here to visit the grave, I don't know."

Li Chuhan's answer confused Lin Yi.

If he wasn't here to visit the grave, what else could he be here for?

"You two have different surnames?"

Li Chuhan nodded. "When I was in university, I changed my name and took after my mother."

"I see."

After parking the motorcycle by the roadside, Liu Kai ran toward Li Chuhan.

"Sis, I knew you would come at this time."

When he arrived in front of the two of them, Liu Kai deliberately slowed down. He looked at Lin Yi cautiously and became fidgety.

"Why didn't you bring anything?" Li Chuhan asked.

"I'm here to look for you," Liu Kai said. "Can you lend me some money? We don't have enough money to buy fertilizer for farming at home."

Thank you for reading on

Chapter 512: Kicking the Door and Flipping the Table

"This is your family's matter. I have no obligation to give you any more money."

"I'm your younger brother. How aren't you obligated?" Liu Kai's expression changed as he said confidently.

"I'm not married yet. When the time comes, you'll have to give me money to buy a house in Zhonghai."

"Over all these years, I've already given you a lot of money. You have your life, and I have mine. We have nothing to do with each other anymore. Don't ask me for money anymore." Li Chuhan said.

"Besides, you didn't ask for money to buy fertilizer. You must want to gamble with it. Don't lie to me."

"I don't gamble anymore. I'm really going to buy fertilizer. Hurry up and give me 5,000 yuan. I'm in a hurry."

"When I came back last year, I already told you that the last sum would be the last 10,000 yuan. Moreover, you signed an agreement with me. Do you think it's appropriate to ask for money at this time?"

"Then can you bear to see the land at home dry up completely? Will you be satisfied if Dad and I starve to death at home?!"

"I've already given you enough. How much longer do you want me to continue giving you handouts?" Li Chuhan said expressionlessly.

"You know damn well what's going on. Whenever you receive money, you spend it all to drink and gamble. No matter how much money I give, it'll never be enough for you!"

"I've already said that this is the last time. If you give us another 5,000 yuan, I won't ask you for money anymore."

"Impossible!" Li Chuhan said.

"You said the same thing last year. Do you think I can still trust you?"

"Are you even human?! You don't even help your own brother! I've raised you for so many years for nothing!"

Pap!

Li Chuhan raised his hand and slapped Liu Kai's face. "Mom was the one who raised me since I was young. It had nothing to do with you. Besides, I've already cut ties with this family. Don't talk to me like that!"

"How dare you hit me?!"

Liu Kai covered his face. He did not expect Li Chuhan to hit him.

"This slap is to remind you of seniority. So many years, wasted. Besides gambling, you don't even know basic etiquette or shame."

"Alright, I will remember this. You are disregarding your family today, right? Dad and I will go to the hospital tomorrow and look for your boss. Believe me that we will be able to tarnish your reputation!"

"You!"

Li Chuhan was so angry that her body was trembling. She didn't expect them to be so shameless!

"Alright, calm down."

Lin Yi patted Li Chuhan's shoulder.

"Some things should be resolved as soon as possible. We can't waste time."

"But there's no way to resolve this matter. Every time I come back, they'll stand guard here and demand money from me. If I didn't come early today, I might not even have been able to visit the grave."

"That's why I said I wanted to resolve it once and for all. You can't keep dragging it out."

Liu Kai glanced at Lin Yi. "Your friend knows how to handle things to avoid disaster. If not for him, don't even think about working in the hospital. We'll definitely ruin your reputation!"

"I suspect that your father is the one who instructed you to stay here every year to ask for money. This is not a place to talk. Let's talk at your house."

"Alright, as long as you give me money, we can talk anywhere."

Liu Kai turned around. "That Mercedes-Benz on the street is yours, right? It should be quite expensive. I've never rode in a Mercedes-Benz before."

"You're dreaming. You ride your motorcycle. We'll drive."

"What do you mean? Isn't it just a Mercedes-Benz? Can't I take a ride in it? You don't take me seriously at all."

"Do you still want the money?"

"Alright, you guys drive. I'll ride the motorcycle."

Lin Yi patted Li Chuhan's shoulder. "Come on, get in."

The two of them got into the car. Liu Kai followed them all the way to her house.

Li Chuhan's house was not in the town, but in a small mud hut a hundred meters away.

Most of the people in town also lived around here.

Seeing the red Mercedes drive over, people on the street gathered around. They had never seen such a good car before.

The two of them got out of the car. Lin Yi pointed at the wooden door in front of them, "Is this your house?"

"Yes." Li Chuhan nodded in shame.

"Let's go. Didn't you guys want to talk? Let's go in now," Liu Kai said while panting from behind.

Lin Yi walked over and kicked open the wooden door.

It was not very sturdy to begin with, so this kick sent the wooden door flying.

The middle-aged man who was drinking inside was shocked, thinking that something bad had happened.

Li Chuhan's father's name was Liu Dajun. He had a buzz cut, dark skin, and was shirtless. He wore a pair of army green pants and a pair of yellow rubber shoes. There was a bottle of white wine on the table and a plate of peanuts which he was eating happily.

"What are you doing?!" Liu Kai said.

"That is none of your business. Get lost."

Lin Yi crossed the threshold and looked at Dajun.

"The two of you have been asking her for money every year, right?"

"She's my daughter. It's only right for me to ask her for money!" Liu Dajun said.

Whoosh!

Lin Yi flipped the table without a word, and Liu Dajun stood up in shock. "You, what are you doing?"

"Nothing. I just came to tell you that she will have nothing to do with you in the future. Don't think about her asking for money. If I find out once, I'll dig a hole in the back of the mountain and bury the two of you alive."

"You... do you have any respect for the law?!"

"I am the law. I've already made this clear today. If you don't believe me, you can give it a try."

Liu Dajun and Liu Kai both bullied the weak and feared the strong. They dared to shout in front of Li Chuhan, but in front of the fierce Lin Yi, they were like docile sheep.

Lin Yi had long seen through the nature of these people. They had the guts to bully people like Li Chuhan.

If they encountered a powerful person, they were cowards and did not dare to speak.

From the beginning to the end, Li Chuhan did not say a word. She no longer had any feelings for the Liu family. In fact, she was even more distant than a stranger to them.

She only hoped that Lin Yi would help her cut off all contact with them so that she would not need to interact with them in the future.

“I’m asking you a question, do you hear me?”

“I-I heard you...”

Just as Lin Yi had expected, the two of them didn’t have much ability. Other than the small amount of land at home and the monthly allowance, their biggest source of income was the money they extorted from Li Chuhan.

However, they only dared to bully Li Chuhan. When facing Lin Yi, they became cowards.

“As long as you heard me.”

Lin Yi turned around and grabbed Li Chuhan’s hand. “Let’s go. We’re done here. It’s time to get down to business.”

“Yeah.”

“Don’t even think about leaving!”

As soon as the two of them stepped out of the door, they saw more than ten people rushing up. They were the merchants who had blocked the road previously.

However, other than the elderly, there were also many young people around them.

Judging from their expressions and actions, these people should be their family members.

“What’s this about? Are you asking me to buy fish again?”

Thank you for reading on
