

I Get A Random New Occupation Every Week

691 I Think Your Little Head Must Be Dizzy From the Heat

“Of course you’re the boss. I’m just a small-time CFO. How can I compete with you for power in the company?”

“Do you know who the king is?”

“Of course.” He Yuanyuan said, “You’re the king, Brother Qi is the prince, and I’m a mistress.”

“Hehehe...” Lin Yi sneered, “Mistress? You’re not worthy of this title!”

He Yuanyuan bent down and took off her high heels.

“Do you believe that I’ll stab you to death with my high heels?”

Qi Xianzhao smiled helplessly.

Why did the boss and Yuanyuan have to fight every time they met?

Moreover, Yuanyuan was never any match for him. Why was she so stubborn?

“Tian Yan, let me talk to you about something serious.” Lin Yi said to Tian Yan.

“When you have time, go to Shianggang and register a company there. You can be the legal person.”

“President Lin, do you want to list in Shuaggang?”

Tian Yan did not mention anything about being the legal person.

This was very common in large companies.

“It has nothing to do with going public. It’s mainly preparation for the future. They mainly focus on the global low-end chip business and the

high-tech service field over there. Try to implement this as soon as possible.”

“Got it, President Lin.”

“Also, Old Qi, you have to take care of the phone matter as soon as possible. Don’t be afraid of spending money. Just do it boldly.”

“Understood.”

Lin Yi nodded. “Is there anything else? If not, we can end the call here.”

“That’s it.”

After hanging up, Lin Yi stretched and started working on the Chip 3.0.

Throughout the day, Lin Yi’s hands never left the keyboard except to pick up his sister’s call.

At three in the afternoon, Lin Yi stretched and went to Wangjiang Dock.

“Boss Lin, you’re here.”

Seeing Lin Yi come in, Bi Songjiang stood up to welcome him.

“Are we participating in the yacht exhibition on Yawan Island?”

“Yes, I was just about to report this matter to you.” Bi Songjiang said.

“Coincidentally, our new cruise ship, the Starfish, will arrive at the port soon. When the time comes, we can take it to Yawan Island and exhibit it together.”

“Alright, get ready.”

Seeing that Lin Yi was about to turn around and leave, Bi Songjiang stepped forward and said, “President Lin, are you leaving now? You haven’t been here for a long time. Aren’t you going to listen to our report?”

“I stayed at home the whole day and came here to take a breather. I won’t be listening to the report. Sort it out and send it to my email.”

“Alright, I’ll send you off, Boss Lin.”

Bi Songjiang didn’t know whether to laugh or cry. President Lin was still had such a zen approach to business.

After leaving Wangjiang Dock, Lin Yi went to the Chaoyang Group and brought Ji Qingyan back.

That night, Lin Yi received a WeChat message from Liang Ruoxu.

She told him that everything was settled and agreed to meet at the entrance of the garrison area at nine o’clock the next day.

After confirming that he could live stream, Lin Yi sent this message to the QQ group.

“Brother Mask, can you really take us to see a fighter jet?”

“Didn’t I promise you guys before? I don’t want you to doubt my ability,” Lin Yi said.

“It’ll be fine. Tomorrow at nine o’clock, please show up on time.”

The news that Lin Yi was going to stream a fighter jet spread among the two thousand people.

When he went to the toilet, Lin Yi received 99+ messages.

The popularity was very good.

However, Lin Yi felt that it would be a little difficult to reach 10 million popularity points with just this stream.

Success could not be rushed in this industry. Popularity had to be slowly accumulated over time.

“One step at a time,” Lin Yi said in his heart.

Buzz buzz buzz...

Lin Yi's WeChat rang. It was a message from Zhang Xiaoyu.

"Brother Lin, are we really going to the garrison to stream tomorrow?"

"Yes, but I can only show them ordinary things."

"Can I go with you?" Zhang Xiaoyu asked, "I can help you, carry your bags or something."

"Why not? Nine o'clock tomorrow morning. Don't be late."

"Alright," Zhang Xiaoyu said happily. "Then I'll wear a black silk skirt tomorrow. It can help you attract some attention."

"Don't, just dress plainly," Lin Yi said, "This is a serious place, so don't dress fancy."

"Oh, okay, Brother Lin. See you tomorrow."

The next morning, after Ji Qingyan went to work, Lin Yi packed up and prepared to leave.

Ring!

Liang Ruoxu called.

"Have you left yet?"

"In a minute."

"Drive your Shari. Don't drive cars that are too high-profile. It's not appropriate."

"Sure."

In reality, Lin Yi didn't plan to drive the supercar anyway.

The garrison area was a special place. It was not suitable for him to drive a supercar there.

“Do you need me to pick you up?”

“There’s no need for that. It’ll be a waste of time. It’s about time, so I’ll head off now,” Liang Ruoxu said.

“Also, the garrison area is a public area. Don’t tease me. Don’t let anyone realize that we’re so familiar with each other. You have to be careful so as to not to arouse suspicion.”

“So, to clarify what you are saying, am I allowed to tease you when there’s no one around?”

“Uh... Go, go, go. Get moving. Hurry up and come over.”

“Okay.”

After a simple chat, Lin Yi hung up and drove to the Zhonghai Garrison Area.

...

At the gate of the Zhonghai Garrison Area was an empty space the size of a basketball court.

However, because it was a security area, no one could approach it without permission.

Zhang Xiaoyu was wearing a black T-shirt, a pair of washed-out jeans, and a pair of white shoes. She got out of the car, looking extremely plain.

Standing on the left side of the door, about 20 meters away, Zhang Xiaoyu glanced at the gate sneakily and kept looking around.

She would always hear many reports about soldiers in her day-to-day life. In her heart, she respected these people very much.

Despite this, her respect was normally internalized and would not show itself in any form.

However, standing here today and looking at the armed soldiers standing tall and straight at the door, a sense of national pride spontaneously filled her heart.

Especially when she saw the words “Zhonghai Garrison Area”, the feeling grew even stronger.

She was proud to be born in this peaceful land.

Quietly, Zhang Xiaoyu looked at the entrance again.

“That little brother standing guard is really handsome.”

At this moment, Zhang Xiaoyu realized that the other party was also looking at her.

Suddenly, Zhang Xiaoyu’s heart raced. Could it be that her good looks attracted the little brother?

Otherwise, he would just be standing guard and looking straight ahead. Why would he peek at a beauty?

She was so shy!

At this moment, the guard at the door looked deeply at Zhang Xiaoyu and thought to himself,

‘What’s going on with this person? Could she be a spy?’

After some thought, the guard pressed the intercom and said,

“Suspicious person found 20 meters to the left of the entrance. Squad leader, please give your instructions.”

“It should be the end of your shift, right? I’ll get the next shift to take over from you. Go over and take a look.”

“Roger that!”

Soon, the next guard in charge of the shift walked to the gate and said,

“What’s wrong? I heard that something happened?”

“The woman at the door keeps looking over sneakily. Stand here for a while. I’ll go over and investigate.”

“Do you have live ammunition?”

“Yes, don’t worry.”

“Go. If anything happens, I’ll support you immediately.”

“Good!”

After the shift handover, the guard walked toward Zhang Xiaoyu.

At this moment, Zhang Xiaoyu was imagining a sweet and cool military marriage drama and did not notice anything wrong.

The more Zhang Xiaoyu thought about it, the more excited she became. She could not control her excitement and quietly started the live stream.

Because they knew that Lin Yi was coming to the garrison area to do a stream, many people were excitedly waiting in the room.

When they saw that Zhang Xiaoyu had started broadcasting, they all rushed in.

“Why are you alone? When will Brother Mask arrive? We can’t wait.”

“Tell the masked man to hurry up. I didn’t even go to my girlfriend’s 80th birthday since I am waiting to watch the masked man’s live stream.”

“Aiya, don’t be anxious,” Zhang Xiaoyu said softly.

“Brother Mask will be here soon. I’m waiting for him here, but now, I have something important to tell you.”

“Ah? What’s so important?”

Zhang Xiaoyu clutched her chest and calmed herself down. “I’m going to leave singlehood soon. Really, my premonition is very strong.”

“You want to leave singlehood with your figure? I think your little head must be dizzy from the heat.”

692 Large-Scale Face Slapping, Sheep to Slaughter

Zhang Xiaoyu gestured with her little fists.

“Why don’t you believe me? When have I ever lied to you?”

“The main thing is that this matter is a little ridiculous. Why can you suddenly find love?” Netizen A said.

“Although I don’t know what the masked man looks like, we also think that he might not like you.”

“I’m just friends with Brother Mask. Besides, this has nothing to do with him.” Zhang Xiaoyu whispered to the camera.

“Let me tell you, I’m at the entrance of the garrison area now. When I looked at the door just now, I realized that the little brother standing guard was very handsome. Most importantly, when I was secretly looking at him, he was also secretly looking at me. Our eyes met in midair. Can you imagine that feeling? The sparks of love are as intense as an atomic bomb. The mushroom cloud emitted has already escaped the atmosphere.”

“Really? No way?”

“I’m guessing that the soldier is a fighter pilot.”

“Why do you say that?” Zhang Xiaoyu asked.

“Because fighter pilots love airports. This is a perfect match.”

“F*ck, you people are too despicable. I’m talking to you seriously, but you’re still teasing me. Do you have any morals?”

“It’s mainly because what you said is too one-sided. There’s no evidence at all. Ever since you opened your mouth at the beginning, everything you said has been fabricated. How can we believe you?”

“Among the audience, there should be quite a few people who are my fans. Don’t you know my character? When have I ever lied to anyone?” Zhang Xiaoyu said.

“I’ll show you the evidence now.”

Quietly, Zhang Xiaoyu aimed the camera at the gate of the garrison area.

She believed that her eyes would meet that little brother’s again. This time, they would believe what she said.

At this moment, Zhang Xiaoyu was surprised to find that the little brother who was looking at her was actually jogging towards her!

Moreover, he seemed to be very excited.

“Oh my god, look, it’s this little brother. He’s actually running toward me. What should I do?!”

Zhang Xiaoyu’s face was red, her heart was racing, and her words were incoherent.

They only exchanged glances. Why had it turned out like this?

Wasn’t things developing a little too fast?

She wasn’t ready yet.

“F*ck, no way. He really likes Xiaoyu?”

“Haha, awesome. Congratulations, Xiaoyu, for successfully getting out of singlehood.”

“My sister, you’re amazing. You actually got out of singlehood this way. I’ll try it tomorrow.”

“Aiya, stop making sarcastic remarks. I’m so nervous.” Zhang Xiaoyu lowered her head nervously.

“Quickly help me think of an approach. If he asks me for WeChat, should I give it to him? Happiness came too suddenly. I’m not ready yet.”

At this moment, the guard ran to Zhang Xiaoyu’s side.

This time, Zhang Xiaoyu was even more nervous. She felt that the surrounding air had become tense and sweet.

“Little Brother, why are you looking for me?”

“What are you looking around for? I find you suspicious. Please show me your relevant identification to prove your identity.”

“Um...”

She was very afraid of the sudden development.

Zhang Xiaoyu awkwardly took out her identity card from her bag.

“Hello, Little Brother. I’m a legal citizen of Huaxia. Please don’t misunderstand.”

After checking Zhang Xiaoyu’s identity card and finding that there were no problems, the guard asked,

“What do you do?”

“I’m an online streamer. I’m here to do a live broadcast today. I’ve already received permission. I’m not here on my own.”

Hearing this, the guard relaxed a little.

He had also heard about this, so it was easier to understand her reason for being here.

Although she had been very close to the garrison area, she had already been granted permission, so it was not appropriate for him to say anything about her.

“I’ll return your ID to you. Don’t look around here. You have to try your best to follow the rules during the live stream later.”

“Okay, okay, got it.”

After giving a few instructions, the guard turned around and returned to the gate. He gave a few instructions to his comrades inside before returning to the garrison area.

Zhang Xiaoyu straightened her expression and said to the people in the live stream,

“Um, actually, I was afraid that everyone would be too bored, so I played a joke on you. Isn’t that interesting?”

“Haha...”

At this moment, the live stream was filled with these two words.

“A large-scale face-slapping scene. I’m so embarrassed that I’m about to have cancer.”

“I felt sorry for Xiaoyu for a minute. Haha, how pitiful. One second, she was swearing that she was about to lose her single status, and the next second, she was slapped in the face. Little Brother, you’re pretty good.”

“I don’t think today’s show should be called ‘walking into the garrison area’. It should be called ‘sheep to a slaughter’.”

Zhang Xiaoyu held her face with one hand and felt that her life had fallen to its lowest point.

Creak...

A grey Sagitar stopped in front of Zhang Xiaoyu. Then, two men and a woman got out of the car.

The man was wearing simple casual clothes and a pair of black-framed glasses. He looked to be in his thirties and looked very mature.

The man's name was Zhang Xu. He was the host of the program "Exploration and Discovery" on the scientific and educational channel of Zhonghai Television.

The woman beside him was wearing tight blue jeans and a pale gray floral top. She appeared elegant and poised.

The woman's name was Yan Ci, and she was the director of "Exploration and Discovery."

The remaining person was wearing a simple gray shirt and jeans. He was carrying a camera.

His name was Liang Xinghai, and he was the cameraman for this show.

Seeing the cameras, Zhang Xiaoyu guessed that they were from the television station.

Moreover, from the looks of it, they seemed to be here for an interview.

Especially the man in glasses. He looked familiar, as if she had seen him somewhere before, but she couldn't remember where.

Zhang Xiaoyu was a little puzzled. Could it be that other than herself and Brother Lin, someone else was coming here today?

"Director Yan, I heard that another streamer is coming today." Zhang Xu adjusted his glasses and asked.

"Yes." Yan Ci nodded. "But our two sides are independent. There will be professionals coming to receive us."

"This is such a solemn place. Why are those miscellaneous streamers visiting it?"

"Online streams are very popular now, and the audience is wider. The higher-ups might have taken a fancy to this."

“But can the host be compared to us? We’re upright and popular news casters. What are they? Don’t they call them self-media? They’re just internet beggars who thirst for attention.”

“Hmm?”

Hearing Zhang Xu’s words, Zhang Xiaoyu was unhappy.

How are we thirsting for attention?

“Brother, as streamers, we didn’t steal or snatch anything. It’s not right for you to say that.”

693 Her Period Said, “Life Is So Difficult for Me”

“Who are you?”

Upon hearing Zhang Xiaoyu’s words, Yan Ci and Zhang Xu looked at her and immediately guessed her identity.

“You’re the streamer who’s visiting today?”

“Yes,” Zhang Xiaoyu said. “But I think what you said just now was very rude.”

Zhang Xu snorted and shrugged. “But I don’t think I’m wrong. I’m just stating the facts. As streamers, you haven’t gone through proper learning and training. You broadcast everything without any bottom line. Am I wrong?”

“How do we not have a bottom line?” Zhang Xiaoyu was furious and started to argue with Zhang Xu. “The things we show are all positive. How do we lack a bottom line?!”

“Do you need me to explain it clearly?” Zhang Xu said.

“I remember that some time ago, Huashan Hospital encountered a child with SMA and congenital heart disease. You online streamers swarmed over and started falsely accusing the doctors. Wasn’t this very shameless?”

“That was only a small number of people. It doesn’t represent everyone,” Zhang Xiaoyu said.

“Are you sure that there are no dirty people in the journalism industry?!”

“Yes, I’m sure.” Zhang Xu said.

“The quality of our journalists is very high, and we’ve all received formal education. Not everyone can become a journalist. Of course, the quality can be guaranteed. What else do you have to say?”

“You!”

“Done!”

Yan Ci said, “Watch your words. What’s with the commotion here? We’ll go in once everyone is here.”

“Yes,” Zhang Xu said to Yan Ci with a smile. He was a completely different person from when he was facing Zhang Xiaoyu.

Creak...

The brakes sounded as Lin Yi stopped the car beside Zhang Xiaoyu.

Yan Ci and Zhang Xu turned around and saw a man wearing sunglasses and a mask.

It blocked his face completely, which made him give off a strange aura.

“What’s wrong? You look like a punching bag. Are you on your period?”

“No.”

“Did it not come?” Lin Yi said, “You didn’t get knocked up, did you? Let’s go to the hospital.”

Women were such strange animals. When their period came, they would be annoyed to death. When their period did not come, they would be frightened to death.

Her Period, "Life is so difficult for me."

"This isn't about my period." Zhang Xiaoyu looked at Zhang Xu and said.

"He just said that online streamers are people with no bottom line or manners. I asked him to apologize, but he wouldn't."

"Who are they?"

"Their host of a television station. I don't know the specific program either," Zhang Xiaoyu said angrily.

"Why are we competing with them?" Lin Yi said.

"I scold Boss Ma every day, but look, he still doesn't care about me."

"What you said makes sense."

"That's right. He's just trying to bait us. Let's focus on earning our money. Don't take it to heart."

"Kid, what are you talking about? Watch your mouth," Zhang Xu said.

"Idiot, get lost."

"You motherf*cker!"

"Okay!" Yan Ci said.

"We're here on official business, not to fight. They're doing a live stream, and we're recording a program. Who's getting in who's way? There's nothing to argue about."

"They're a bunch of uncultured people. I can't be bothered with them."

At this moment, Liang Ruoxu's Audi A6 stopped at the gate of the garrison area.

From this, one could see how impressive Liang Ruoxu was.

No one dared to say anything.

Lin Yi felt that if she didn't have to bring him in, she would have driven the car in.

Opening the door, Liang Ruoxu got out of the car.

Her outfit today was no different from her usual work attire.

She was wearing a light gray lady's suit and black high heels. Her hair was tied up, making her look a little mature.

However, such attire only accentuated her temperament.

Seeing Liang Ruoxu come out, Yan Ci walked over immediately.

"Hello, Mayor Liang. Thank you for your help and for giving us this opportunity."

The reason why Yan Ci could come here to record the show was that the head of their station had gotten Liang Ruoxu to help them. That was why she was being so respectful toward her.

Compared to Lin Yi's circumstance, it was indeed much harder for them to come here to do this interview.

The main reason was that Lin Yi had saved Yang Guangxia's life.

Even without Liang Ruoxu, as long as Lin Yi asked Yang Guangxia, getting this tour wouldn't be a problem.

"Hello, Director Yan," Liang Ruoxu said. "This is not the place to talk. Let's go in first."

As he spoke, Liang Ruoxu glanced at Lin Yi who was standing behind her.

It was hilarious to see him cover himself up so tightly.

This outfit was probably given to him by Ji Qingyan.

This was in case he went out to hook up with other women.

“Alright, Mayor Liang, you’ve worked hard.”

Liang Ruoxu and Yan Ci walked in front, followed by Zhang Xu and the photographer.

In order to avoid suspicion, Lin Yi followed Zhang Xiaoyu at the back.

Lin Yi even told Zhang Xiaoyu to turn off the live stream.

The security area was a very special place.

Before obtaining permission, not a single blade of grass or tree could be shown here.

It didn’t matter if he got in through the back door, as the rules couldn’t be broken. This was Lin Yi’s principle.

“Brother Lin, I just heard that woman say that the person who stepped out of A6 is the mayor of Zhonghai.” Zhang Xiaoyu asked nervously.

“Isn’t she just a mayor? Why are you trembling?”

“That’s the mayor. Not everyone can meet her.” Zhang Xiaoyu said.

“I’ve lived for more than twenty years. The biggest official I’ve ever met is the director of our street office.”

“Look at how inexperienced you are. Follow me in the future.”

“Sure,” Zhang Xiaoyu said excitedly.

“Brother Lin, I think you were born to be a streamer. It’s only been a few days, but your popularity is already higher than mine. It’s said that the student surpasses the master. I was the one who brought you in back then, but now, your popularity is enough to force me to the ground.”

“Force you to the ground and rub you.” Lin Yi remarked.

“Those two lines are quite vivid.”

“Aiya, Brother Lin, stop teasing me. With my figure and looks, how can I catch your eye?” Zhang Xiaoyu said innocently.

“Who can say for sure? Work hard. Everyone has a chance.”

“Hehe, alright,” Zhang Xiaoyu said. “But I still feel very honored to meet such a big shot. It’s really an eye-opener.”

Lin Yi smiled and didn’t say anything. He could understand Zhang Xiaoyu’s feelings.

After all, there was a certain distance between Liang Ruoxu and ordinary people.

As the two of them spoke, Zhang Xu looked back with a disdainful smile and muttered to himself,

“If we hadn’t come over to do the show, would you have gotten to see someone like the mayor?”

“Hmph, dream on!”

694 The Silly Girl, Zhang Xiaoyu

Under Liang Ruoxu’s lead, the group entered the Zhonghai Garrison Area.

After the gate was a wide and flat cement road.

When they entered the area, it was as if he had stepped into another world.

It felt different from the outside.

There were a few three-story buildings on both sides and a basketball court that was usually used for leisure and entertainment.

As soon as they walked in, they could see people in military uniforms walking past them in neat steps. They looked extremely solemn.

After entering, Zhang Xiaoyu looked around. Although the facilities inside were very ordinary, when viewed from afar, the visitors were filled with reverence.

After walking for a few minutes, Liang Ruoxu saw Yang Guangxia at the entrance of a building.

There were four people standing beside him.

However, Lin Yi only knew two of them.

They were Gao Chong and Mo Hongshan, whom he had met in the hospital.

“Mr. Yang.”

Upon seeing Yang Guangxia, Liang Ruoxu walked over with a smile.

Even so, her emotions weren't as exaggerated as Lin Yi had imagined.

Liang Ruoxu's grandfather and Yang Guangxia were comrades-in-arms.

With this relationship, Yang Guangxia and Liang Ruoxu were very close.

However, the feeling he gave off now was one of strict professionalism.

Those who did not know would think that the two of them were just ordinary colleagues.

The reason why Liang Ruoxu did this was to avoid arousing suspicion.

If outsiders saw that she had such a good relationship with the chief of the garrison, it would definitely lead to unnecessary rumors.

That was why he acted like this.

Yang Guangxia naturally understood this. He just chuckled and said,

“I’ve been waiting for you for a while. You’re finally here.”

“There was a traffic jam. Otherwise, I would have arrived long ago,”
Liang Ruoxu said.

“The traffic in Zhonghai still needs to be improved. I have to use all my strength to fix it when I go back. I can’t let this continue.”

Yan Ci stood aside and secretly looked at the time on his phone.

It was 8:58, not yet the appointed time.

Mayor Liang was not an ordinary person. It was obvious that the chief had come out early to receive her, but she took the blame.

No wonder she could occupy such a high-ranking position. Her prowess could be seen in these details.

“I was just casually chatting. Don’t take it so seriously. These are all difficult problems, so take your time to resolve them.”

Liang Ruoxu smiled and nodded before introducing the group.

“Mr. Yang, let me introduce you. This is Yan Ci, the director of the Zhonghai TV station’s science channel, Discovery.”

“This is the host, Zhang Xu.”

“This is the photographer, Liang Xinghai.”

Liang Ruoxu introduced all three of them. She did not miss anyone because of the difference in status.

Yang Guangxia leaned on his walking stick and nodded with a smile as a form of greeting to the three of them.

The three of them were flattered and hurriedly bowed to respond to Yang Guangxia.

“The remaining two are streamers from an online platform. They will use live streams to explain military knowledge.”

Hearing Liang Ruoxu’s introduction, Zhang Xu’s lips curled upward.

When he introduced them, Mayor Liang even introduced the photographer’s name.

However, when it came to these streamers, she only briefly introduced their identities.

Hehe, this was the so-called difference in class.

No matter how popular this industry was, it was still incomparable to a professional journalist like him.

However, Zhang Xiaoyu did not notice these details.

When they saw someone of Yang Guangxia’s level, their bodies no longer listened to their directions. It was as if they had been filled with concrete.

Her brain was on the verge of shutting down.

Lin Yi nudged Zhang Xiaoyu with his elbow.

“What are you waiting for? Say hello.”

“Greetings, grandpa...” Zhang Xiaoyu bowed.

Lin Yi, “...”

Liang Ruoxu, “...”

“Sister, can you not call me your relative? If you call me grandpa as soon as you appear, I will want a red packet.”

“Then, then what should I call you? I’m not a soldier. It’s not appropriate for me to call you anything else.” Zhang Xiaoyu said.

“I can’t possibly call you Master. It’s too rude.”

Lin Yi rubbed his temples helplessly.

Could this be any more ridiculous?

“You can just call him Mr. Yang,” Lin Yi complained. “If you had such a grandfather, you wouldn’t have to worry about feeding yourself for the rest of your life.”

“Watch your words. Don’t you know who you’re talking to?” Zhang Xu reminded.

He really couldn’t do anything about these guys. They actually dared to say such things.

This person was obviously mocking Old Master Yang. Why would he abuse his privilege like this?

The quality of these streamers was really worrying.

“Don’t be so nervous. It’s fine.”

If someone else said this, Yang Guangxia might have been unhappy.

However, Lin Yi was different. This kid had always been carefree.

Moreover, he had pulled his life back from the gates of hell, so it did not matter if he did something so casual.

Not to mention, he was Lin Jingzhan’s son.

Because of this, there were even fewer taboos that he would nitpick on.

“Hello, Mr. Yang.”

Zhang Xiaoyu bent her waist at a 90-degree angle again. Her long ponytail hung down, making her look youthful and lively.

“It doesn’t matter what you call me. You don’t have to be so reserved. You can call me Grandpa Yang.”

Looking at this innocent girl, Yang Guangxia felt that he had also become much younger.

“No, no, that would be too rude. Let’s call him Old Master Yang.”

After the simple introduction, Liang Ruoxu looked around and asked gently,

“Mr. Yang, they’re all ready. When is it convenient for us to conduct the interview?”

“We’re all ready. I’ll go with you today. It’ll be a good opportunity for me to see new things.”

Hearing this news, Yan Ci and Zhang Xu looked at each other in surprise.

It was already very difficult to get Liang Ruoxu to accompany the program that was being recorded today.

Now, the former¹ chief of the garrison wanted to join in too. This was too much.

Zhang Xu was bursting with confidence. As expected, professional journalism was different, and the treatment they received was different.

The two leaders valued this interview so much. After this interview ended, they might even be able to take a photo with them. These were all things that could be included in his resume.

It would also be beneficial to his future promotions and salary increases.

“Mr. Yang, will your body allow it?”

“Don’t worry, I’m fine now. It’ll be alright.”

Since Yang Guangxia had already offered, Liang Ruoxu could not say anything else. He would thus follow them closely later.

“Then let’s begin now,” Liang Ruoxu said.

Yang Guangxia nodded and said to the two people in military uniforms behind him,

“The two of you, follow these comrades from the television station and do the interview with them. You know the relevant rules. As long as it doesn’t violate the rules, you are too cooperate with them.”

“Got it, Chief.”

“Huh?”

Zhang Xu was a little stunned and subconsciously asked,

“Mr. Yang, didn’t you say that you wanted to film the show with us?”

Yang Guangxia smiled and nodded. “I think their live stream is quite interesting. I’ll join them to take a look later, but you’ll enjoy the same treatment. They will show you the same things in your interview. Don’t overthink it.”

“I wouldn’t dare.”

Yan Ci and Zhang Xu were stunned. He actually wanted to do an interview with two small streamers?

No matter how they looked at it, this didn’t seem appropriate, right?

“Alright, let’s start the interview now.”

Yang Guangxia waved his hand, indicating that they could leave.

Yan Ci and the others left with doubts, leaving only Lin Yi and the others in front of the building.

“There are no outsiders here. Take off your mask and sunglasses. You’re making me feel awkward,” Yang Guangxia said with a smile.

695 What We Want to See

“Yes?”

Zhang Xiaoyu was stunned. Could it be that Old Master Yang and Brother Lin knew each other?

His network was too strong.

Lin Yi smiled and took off his mask and sunglasses.

“Mr. Yang, long time no see. You’re recovering well.”

“Thanks to you, my body is much stronger than before.” Yang Guangxia said with a smile.

“I said that I would invite you over for a drink, but I’ve been recuperating recently, so they won’t let me drink. Since you’re here today, let’s take this opportunity to have a drink.”

“All right.”

“Haha, that’s the spirit. Little Mi is not good to me as she is always controlling me. She is not as nice as you.”

Liang Ruoxu burst out laughing. ‘I’m doing this for your own good.’

Ever since Lin Yi took off his mask, Zhang Xiaoyu had been in a daze.

Who was Brother Lin?

Not only could he talk and laugh with such a big shot, but he could also get the other party to treat him to a drink?

If the netizens in the live stream knew that their masked brother could talk and laugh with such a person, how would they feel?

Even so, Zhang Xiaoyu only saw things on the surface.

What would she think if she knew that Lin Yi and Liang Ruoxu had kissed?

“Let’s go. Didn’t you say you wanted to live stream? There are some outdated training planes here. I can only show you these ones.”

“Just take any of those out. We’re not picky.”

“Your boy is taking advantage of me.”

Everyone laughed. The atmosphere was very harmonious.

With Liang Ruoxu’s help, Yang Guangxia got up from his chair.

Mo Hongshan and Gao Chong walked behind him.

He hadn’t paid much attention just now, but as soon as the two of them took a step forward, Lin Yi realized that they were both experts.

This was especially so for Mo Hongshan, who gave off a powerful aura.

Although he did not know how strong he was, this guy must be an expert.

Similarly, when Lin Yi was secretly sizing up Mo Hongshan, the other party was also sizing him up.

Previously at the hospital, when he last saw him, he did not feel anything from the other party.

However, after not seeing him for a few months, the feeling Lin Yi gave off had completely changed.

It was as if there was a huge power hidden in his body.

“Brother Shan.”

Hearing Gao Chong speak, Mo Hongshan turned around to look at him.

“What happened?”

Gao Chong pointed at his toes with his chin.

Only then did Mo Hongshan realize that he was walking faster.

“Brother Shan, what are you thinking about? Why did you slip away?”
Gao Chong asked curiously.

Logically speaking, with Brother Shan’s standard, coupled with the fact that he was by the chief’s side, he would never allow such a mistake to happen.

“I’m fine.” Mo Hongshan straightened his expression and did not explain too much.

After walking for about ten minutes, the group arrived at the hangar.

Zhang Xiaoyu realized that the security area was larger than she had imagined.

Furthermore, there were many places that were heavily guarded. This might be the forbidden area that Brother Lin had mentioned.

“There are two J7s in the hangar. They’re both used for training. Go ahead and show them off.”

“Okay.”

“Brother Lin, can we start the live stream now? The audience members are about to explode,” Zhang Xiaoyu whispered.

“Start.”

“Kid, can you do it yourself? Do you need me to get a few people to explain these planes to you?” Yang Guangxia asked while leaning on his walking stick.

“There’s no need to trouble others. I can do it myself.”

“Yo, you even know about this?”

Lin Yi chuckled. “I know a little.”

“Then you will have to perform well. If you say anything wrong, I’ll scold you.”

“No problem.”

Liang Ruoxu’s beautiful eyes were fixed on Lin Yi.

He knew about fighter jets?

‘You must be joking.’

Lin Yi and Zhang Xiaoyu were setting up the streaming equipment while Yang Guangxia and Liang Ruoxu stood at the back.

She had no intention of entering the streaming set.

That was perfect, since Lin Yi had no intention of letting her enter the set either.

At the same time, Lin Yi had also brought out his equipment for the live streaming and started the day’s broadcast.

As soon as the live stream started, the fans who had been waiting for a long time rushed in.

“F*ck, Brother Mask, you’re finally here. We thought we were going to be killed today.”

“When have I ever done that?”

“F*ck, why do I hear someone shouting slogans in the background? Where did you take our Xiaoyu?”

“Apart from the Zhonghai Garrison Area, where else can you find fighter jets? This question was not thought through properly.”

“F*ck, Brother Mask is awesome. He can even enter this kind of place. We normally can’t even look at it from afar.”

“I feel that after today’s live broadcast, Brother Mask will be able to sit firmly on the throne as the number one outdoor live streamer.”

“Haha, even the silly Xiaoyu has benefited from this.”

“Brother Mask, other than these, is there anything else exciting happening today?”

“Isn’t it exciting enough to show you these fighter jets?”

“It’s exciting, but we want to see something more exciting.”

“Alright then. After the fighter jet showcase, I’ll give you guys a shock. This will definitely be exciting.”

At first, Zhang Xiaoyu did not understand what he meant by shock. It took her a few seconds to understand his hidden meaning.

“Brother Lin, you’re not taking me seriously.” Zhang Xiaoyu said, “There are many of my fans in your live stream. Be careful that they do not fight you to the death.”

“But there’s a difference between reality and imagination. If you don’t believe me, take a look.”

Zhang Xiaoyu looked at the situation in the live stream and felt that the world was filled with malice towards her.

“Brother Mask, if you need anything, you can go to the club. I’ll tip you some rockets and support your visit. Xiaoyu is not worthy of you.”

“I can’t let Xiaoyu take advantage of such an exciting event. Let me do it instead.”

“Brother Mask, you have to control yourself. You can’t be so desperate.”

Zhang Xiaoyu put her hands on her waist and puffed up her cheeks as she looked at the people in the live stream.

“Hey, hey, hey, you people are too much. What did you say in the live stream before this? Didn’t you say that you loved me? You actually betrayed me so quickly. Don’t you have any morals?”

“It’s mainly because Brother Mask is too outstanding. You really don’t deserve him. It’s all thanks to your ancestors that you can be his assistant.”

“Damn, damn, damn, you people.”

After chatting with the people in the live stream for a while and successfully buying time, Zhang Xiaoyu realized that the popularity had already reached two million.

They had achieved such an effect as soon as they started the stream. Even a top-tier streamer on the platform would only be able to achieve a similar effect.

Brother Lin had only been streaming for less than a week, but he already had such an effect. He would probably become even more popular in the future.

Once everything was ready, Zhang Xiaoyu gestured for Lin Yi to start the live stream.

Lin Yi nodded and stood in front of the camera.

“Behind me is the hangar of Zhonghai Garrison Area, and inside is the highlight of today’s live broadcast.”

As soon as he finished speaking, the hangar door slowly opened. Two J7 fighter jets revealed themselves before the screen.

“We don’t want to watch this!”

“Hmm? Then what do you want to see?”

“Make her shake!”

“Make her shake!”

“Make her shake!”

696 Go and Train Him

“You old perverts, calm down,” Lin Yi said.

“I really can’t calm down. I’ve never seen such an exciting program since I was young.”

“Brother Mask, listen to your brother’s advice. Even if you have to use your hands, don’t let Zhang Xiaoyu take advantage of you. She’s not worthy of you.”

Lin Yi rubbed his chin. “You guys are right.”

Zhang Xiaoyu, “?”

Just now at the door, he had said that if she worked hard, she would have a chance to become a member of the harem. Why did she not have a chance anymore?

After successfully stalling for a while, the popularity of the live stream reached 3.8 million.

Although this popularity was already very high, there was still a huge gap before he reached 10 million.

Lin Yi accepted his fate. He wouldn’t be able to complete the mission today.

He would just treat today’s session as accumulating popularity and fans.

The two of them walked into the hangar and saw the over-the-top J7. The attention of the people in the live stream instantly shifted to this huge creature.

“Let me introduce this J7 fighter jet to everyone. It’s the first fighter jet developed by Huaxia to reach twice the speed of sound. It’s a typical second-generation fighter jet. It reaches high altitudes, and high speeds, is light and agile, and has many other preferred characteristics. Moreover, it’s low-cost, efficient, and easy to maintain...”

Yang Guangxia was a little surprised to hear Lin Yi’s introduction. “Little Mi, did you tell him before this that we were going to be showing off the J7 today?”

“I didn’t.” Liang Ruoxu shook his head. “I only found out about this when I arrived.”

“How does he know so much?”

“That’s what I’m wondering about too,” Liang Ruoxu said with a smile.

Yang Guangxia changed his posture. “By the way, does he have a company called Lingyun Group?”

“Elder Yang, you know about this too?”

“I heard a little about it. He seems to have taken care of those brats in Yanjing.”

“That’s true.”

“Then why is he bothering to stream when he’s doing alright?” Yang Guangxia said, “If he has the ability, it would be great if he could just focus on his main job.”

Liang Ruo covered her mouth and laughed. “This is nothing. If you knew what he did in the past, you wouldn’t have such doubts anymore.”

“What did he do?”

“He worked for Didi before. He was a teacher, an errand boy, and a doctor. A while ago, he even opened a restaurant. Now, he’s trying to start streaming.”

“Really? He’s done so much?”

“It’s true. In his words, he has too much money to spend. Therefore, he came out to experience life.”

Hearing this answer, not only Yang Guangxia, but Mo Hongshan and Gao Chong, who were standing behind him, all re-evaluated Lin Yi.

This man’s thoughts seemed to be really different from ordinary people’s.

“But this kid seems to have done a pretty good job.” Yang Guangxia said.

“Without him, these doctors in Zhonghai would have already sentenced me to death.”

Liang Ruoxu looked at the busy Lin Yi with a smile.

“Not only that, he’s also the honorary vice-principal of Zhonghai Normal University. He secretly helped countless welfare institutes and did a lot of charity work. Don’t think that he’s just constantly sloppy and has a cynical appearance. In reality, he’s quite talented.”

“Oh.”

Yang Guangxia turned around. “This is the first time I’ve seen you praise someone like this.”

Liang Ruoxu looked embarrassed. “No, I’m just telling the truth. What Lin Yi did was indeed better than his peers.”

Yang Guangxia nodded in satisfaction. “This is truly god-given.”

“I feel the same way.”

Yang Guangxia looked at Lin Yi and thought to himself, “As his son, it’s only right that you are so extraordinary.”

“Little Gao,” Yang Guangxia suddenly said.

“Chief.”

“When their live stream is over, bring him to the training ground and train him.”

“Huh?”

Gao Chong was stunned. “That won’t be good. It’s a little late for us to thank him. Now, we even have to train him. Are you sure about this?”

“It’s fine. I heard from Little Mo that this kid is quite good at fighting. His bones are filled with ruthlessness. Let me see what he’s got.”

Before this, Mo Hongshan had seen Lin Yi stabbing Zhao Zhengyang and Wang Mazi.

After he came back, Mo Hongshan told Yang Guangxia about this, so he remembered it.

“Sure.”

Gao Chong agreed. Then, he glanced at Liang Ruoxu, as if to say that this matter had nothing to do with her. It was the chief who gave him the order.

Liang Ruoxu stood at the side. She could tell that Elder Yang was determined to see Lin Yi’s ability.

However, she didn’t understand. There was no point in testing Lin Yi.

Yang Guangxia naturally had his reasons for doing this.

As Lin Jingzhan’s son, it was too embarrassing to always fight like this.

About half an hour later, Lin Yi and Zhang Xiaoyu ended the live stream.

The entire process took about an hour. This was not a long time in the outdoor live broadcast industry. The entire process went smoothly and without any hiccups.

As a result, Lin Yi was also rated as the most conscientious streamer on the platform.

After putting away the streaming equipment, Lin Yi and Zhang Xiaoyu returned to Liang Ruoxu and Yang Guangxia's side.

During this stream, Lin Yi had put on his face mask again.

"Why did you cover your face again?" Yang Guangxia said.

"This is a trait of my live broadcast. I can't let outsiders see my face."

"You young people are always up to no good," Yang Guangxia said with a smile.

"Let's not talk about this first. Didn't you say you wanted to treat me to a drink?" Lin Yi said, "If you don't bring out two bottles of Maotai, you'll not be living up to your status."

"Maotai is nothing. I'll let you taste something special in the garrison area later."

"I just know that since we're here, it must be good stuff."

Yang Guangxia laughed out loud. He felt that Lin Yi was really good with his temper.

"Apart from the plane, I can show you anything else you want to see."

"Forget about the other things." Lin Yi said.

"These netizens only said that they wanted to see the fighter jet, so I'll only show them this. It's better to not expose anything else."

"You're quite detail-oriented."

Yang Guangxia looked up at the sun and said,

"Let's go. It's not time to eat yet, so I'll bring you to the training ground."

“In that case, I’ll follow your arrangements.”

Lin Yi didn’t think too much about it. Since he was already here, he might as well take a look around. After all, not everyone could go around a place like this.

The few of them eventually arrived at the training ground. The soldiers in the garrison area were busy training inside.

The shouts they heard in the live stream just now came from this place.

When they arrived, Lin Yi saw Yan Ci and Zhang Xu conducting an interview.

Seeing Yang Guangxia and Liang Ruoxu coming over, Yan Ci took the initiative to greet them.

“Mr. Yang, Mayor Liang.”

The two of them smiled and nodded in response.

“How is it? The interview went well, right?” Yang Guangxia asked.

“Yes, it went very smoothly,” Yan Ci said. “Thank you for giving us this opportunity, Mr. Yang.”

“Little girl, you’re too polite. It’s what we should do. There are some things that we have to let the people know. Otherwise, how can the military and the people continue to have a healthy relationship?”

Yan Ci gently combed her hair. “Mr. Yang is right.”

At this moment, Yang Guangxia looked forward. “What’s wrong with your host? Why is he sparring with our people?”

“Well, this is a segment of the show. It’s meant to showcase the results of their training more thoroughly by having them directly compete.”

“This is quite interesting.” Yang Guangxia said.

“Little Gao, go and tell them to be gentle. Don’t hurt the comrades from the television station.”

“Got it, Chief.”

Gao Chong jogged over and whispered a few words into the squad leader’s ear. Then, he jogged back and continued to watch the interview.

“Little girl, your comrade seems to be quite good. Did you practice before this?” Yang Guangxia asked.

Yan Ci smiled and nodded. “He used to be a soldier for four years and has some training in it. Moreover, after he joined the job, he often trained. His skills are not bad. Otherwise, we wouldn’t dare to let him go in. After all, the gap in ability is quite big.”

Yan Ci was also a talkative person. She flattered him openly and also subtly.

“That’s not bad.” Yang Guangxia nodded in satisfaction and looked at Lin Yi.

“He’s already gone down, while you’re still standing here. Go over and practice.”

697 A Man Who Would Not Disappoint

“Huh? Me?” Lin Yi said, “That’s not a good idea.”

“What’s wrong with that? Are you scared?”

“This has nothing to do with cowardice. It wouldn’t be good if someone was hurt.”

“It’s fine. I’ll ask them to hold back. They won’t hurt you.”

“I didn’t mean that,” Lin Yi said, “I meant that it wouldn’t be good if I hurt your people.”

Yan Ci tilted her head and glanced at Lin Yi. She frowned. How dare this person say that?

Did he not know where he was?

“Kid, don’t be so worried.” Yang Guangxia said, “If you’re really confident, go all out. If you can really injure my people, consider yourself capable.”

“Um... Let’s try it then.”

“Brother Lin, can you really do this?” Zhang Xiaoyu said, “It’s not embarrassing for us to be a little cowardly at a time like this.”

“Do you think I want to do this? He’s already forced me to go in. I can’t run.”

Lin Yi pursed his lips. What was Old Yang doing?

Could it be that he saw that he was elegant and dignified and now wanted to test his skills?

However, in his current state, the people on the training ground should not be his match, right?

Mo Hongshan stared at Lin Yi intently.

He did not know if what he felt just now was an illusion, but he should be able to tell in a while.

Seeing Lin Yi walk over, Zhang Xu and the squad leader stopped what they were doing.

“What are you doing here?” Zhang Xu’s eyes were guarded. He was clearly very resistant to Lin Yi’s arrival.

Moreover, there was even a hint of impatience.

Lin Yi shrugged. “Mr. Yang asked me to come and fight, and I couldn’t refuse.”

“You want to try fighting?” Zhang Xu sneered with a disdainful expression.

“I used to be a soldier. Although I’ve been working for many years, my basic skills haven’t deteriorated. You’re just a small-time streamer. Don’t play to the gallery here. Go back quickly.”

“What’s wrong with this host? Aren’t you looking down on me?”

“Although it’s hurtful to say this, I think you should just stand at the side and watch. Don’t embarrass yourself.”

“Tell me, did I smash your window or dig up your grave? Why are you always slandering us?”

Zhang Xu was not angry. Instead, he patted the dust off his body.

“It’s fine if you don’t want to leave. The two of us can spar and use it as material for our show.”

“I can’t spar you.” Lin Yi shook his head.

“Are you afraid? Are you going to find a new recruit to practice with?”

“That’s not what I meant. I just feel that you’re not good enough. I want to change to something stronger. I don’t want to waste my time on you.”

“Oh?”

Hearing this, Zhang Xu and the squad leader were stunned.

The dark-skinned class monitor glanced at Lin Yi.

He knew Zhang Xu’s strength very well.

His foundation was solid, and he was much stronger than ordinary people.

As for this man with a mask, he looked ordinary and his figure was not impressive. He would definitely be at a disadvantage if he fought Zhang Xu.

However, he said that Zhang Xu was no match for him. Wasn't that a little too arrogant?

On the other hand, Zhang Xu quickly calmed down and showed a faint smile on his face.

"It doesn't matter. My greatest strength is that I'm reasonable. If you can beat me, I'll definitely admit defeat."

"Why do you have to do this? Your boss is still here. It'd be so embarrassing to hurt you."

"It doesn't matter. Don't limit yourself. Use all your strength. It'd be a good opportunity for me to see how you can injure me."

Lin Yi pursed his lips. "In that case, let's do it."

Standing not far away, Yang Guangxia looked at Liang Ruoxu.

"Liang, who do you think is better?"

Because Yan Ci was present, Yang Guangxia changed to a more official way of speaking.

"That's hard to say."

Lin Yi was indeed very skilled, but only compared to ordinary people.

The man named Zhang Xu had obviously trained before, and Lin Yi obviously didn't have much of an advantage in this situation.

Even though he had once subdued two of Wang Mazi's subordinates, what he used were all fake moves. Compared to genuine military combat techniques, they were far from practical.

It was hard to say if he would be Zhang Xu's match.

“Despite this, I think he’s quite confident. His skills shouldn’t be too bad. Let’s see how long he can last.”

Yan Ci secretly shook her head. He clearly knew that Zhang Xu didn’t like him, so why did he still want to fight this guy?

Did he have to be taught a lesson to feel comfortable?

On the field, Zhang Xu had already gotten into his fighting stance and said to Liang Xinghai, “Are you all ready? Remember to record the entire process later.”

“Got it, Brother Zhang.”

Zhang Xiao nodded and gestured his finger at Lin Yi with a smile.

“Are you ready? We’re about to begin.”

Lin Yi nodded. “You can start when you’re ready.”

“Don’t worry, I’ll be gentle. I won’t hurt you.”

“I hope you know how you sound right now.”

Zhang Xu snorted in his heart and thought to himself, “Shameless thing, even if I show mercy, I can still make you lie down on the spot!”

Thinking of this, Zhang Xu suddenly attacked.

He quickly rushed in front of Lin Yi.

Lin Yi lowered his body and dodged Zhang Xu’s fist. Then, he threw an uppercut at Zhang Xu’s abdomen.

A huge force shocked Zhang Xu’s entire body. He widened his eyes and opened his mouth. His expression froze in an instant, and even his body arched.

Then, he clutched his abdomen and lay on the ground.

“I told you not to fight me. Why didn’t you listen?”

This scene stunned everyone present.

With a casual punch, he knocked down this host who had received formal training.

Before they saw this, none of them had expected this outcome.

Yan Ci stared at Lin Yi with her beautiful eyes.

Who was this mask-wearing streamer?

Even Zhang Xu was no match for him. Could it be that he had trained before?

Liang Ruoxu had a proud look on his face. Indeed, he was a man who would never disappoint.

After a brief moment of surprise, Yang Guangxia looked at Liang Ruoxu with a smile.

“This kid is really not bad. He’s gone a little beyond my expectations.”

“Elder Yang, are you satisfied with my performance?”

“It’s good, but don’t move yet. I’ll find someone else to try.”

“I didn’t expect a tag-team battle.”

“That host’s ability can’t be compared to our people. No matter what, we have to change your partner to someone on our side. Otherwise, we won’t be able to tell your level.”

After saying that, Yang Guangxia looked at the dark-faced squad leader and said,

“Little Wang, go over and try.”

The class monitor's name was Wang Hu, and he was also a top figure in the garrison.

“Got it, Chief.”

Seeing that their squad leader was about to spar with someone else, the people who were training subconsciously stopped.

However, Yang Guangxia did not say anything. It was fine for them practice a little less.

After all, it was quite interesting to watch the commotion and kick up a fuss.

“Squad leader, you can do it. This guy seems pretty good.”

Wang Hu smiled honestly and didn't say anything.

However, he did not think much of it.

He had been a soldier for so many years. If he lost to this man, he would not be able to survive in the garrison in the future.

Although he thought this in his heart, Wang Hu was still very humble on the surface.

“Dude, if you're ready, let's do it.”

“Are you ready?”

“I'm ready,” Wang Hu nodded and said.

All of a sudden, Lin Yi exerted strength under his feet and shot forward like an arrow. He was so fast that Wang Hu didn't even have time to react.

Lin Yi took the opportunity to grab Wang Hu's arm, turned around, and threw him over his shoulder. Then, he pressed his knee on his neck.

Victory!

It was obvious who was stronger!

698 Could It Be That He Also Knows That Move?

The scene was silent.

No one had expected the sparring between the two of them to end in such a way.

Lin Yi knocked Wang Hu down with one move.

This was enough to show that Lin Yi's combat level had already reached a very high level.

Lin Yi stood up with a smile and pulled Wang Hu up.

"Man, thanks for letting me win."

"I'm convinced." Wang Hu said.

"Your speed and explosive power is too great. To be honest, I couldn't even react just now."

"I was lucky and succeeded in my sneak attack."

Wang Hu chuckled.

This kid was quite nice. He had saved him a lot of face.

"Chief, we seem to have misjudged him." Gao Chong said.

"He's much stronger than we imagined."

"It's a little unexpected."

Mo Hongshan stood silently behind Yang Guangxia.

Now, he could confirm that the feeling he had when they first met was not an illusion.

Lin Yi was really strong, but he hid it very well. Ordinary people couldn't sense it.

"Little Gao, go up and give it a shot."

"Sure."

After Lin Yi subdued Wang Hu, Gao Chong was now a little eager to go up and fight Lin Yi.

Now that the chief had given the order, he finally had a chance.

"Wait, you should stay behind. Let Little Mo go."

"Ah?" Gao Chong praised. "Chief, don't you trust me? Let me try."

"It's not that I don't trust you. I have to be safe. If anything goes wrong, how can I still show my face?"

"What could go wrong?" Gao Chong continued to push.

"In the entire Zhonghai Garrison Area, there are not many people who can defeat me. It's impossible for me to lose."

"I'm not afraid that you'll lose. I want to see the enemy defeated in one move. Otherwise, it'll be boring."

"I can do it too." Gao Chong said.

"Don't think about how fierce Little Hu is during training. When I want to, I can do the same things with one hand behind my back. It won't be a problem for me to do this."

"No chance. Little Mo, go ahead."

"Yes, Chief."

Gao Chong pursed his lips, feeling a little regretful.

Liang Ruoxu nudged him. "Brother Gao, calm down. It's just a sparring session. What's the big deal?"

Liang Ruoxu could not understand what these boys were thinking.

Was there a need to be so upset? It was not a big deal.

"This is a man's matter. You don't understand," Gao Chong said regretfully.

At this moment, Mo Hongshan had already walked to the field.

Lin Yi's expression immediately became serious.

This person was definitely an expert.

He was also the first person to make Lin Yi feel uncertain.

If he really fought with him, it was hard to say if he could win.

"You probably haven't forgotten about me," Mo Hongshan said with a smile.

Lin Yi nodded. "I still remember."

"Then let's spar." Mo Hongshan said, "I can't do anything about the chief's request."

"It's fine. It's just a spar."

Mo Hongshan unbuttoned his shirt and threw it into Wang Hu's hand. He took his stance and said,

"Come on."

"No way. Brother Shan took off his clothes?" Gao Chong muttered.

"What's wrong?" Liang Ruoxu asked.

"When I sparred with Brother Shan, he was never so serious."

Liang Ruoxu's gaze shifted to Lin Yi.

His expression had become serious.

His grandfather had once commented that Mo Hongshan was one of Huaxia's top experts.

To be able to obtain such an evaluation from his grandfather was enough to show that Mo Hongshan's strength far exceeded others.

However, when he faced Lin Yi, he actually revealed such an expression.

This meant he treated Lin Yi as an opponent of the same level as him.

Otherwise, he wouldn't behave like this.

Just as Liang Ruoxu was pondering these thoughts, Mo Hongshan was the first to attack.

From the way he attacked, Lin Yi could tell at first glance that this was a mixed martial arts move.

Lin Yi decided to counterattack this move.

Lin Yi took a step back and blocked Mo Hongshan's punch. Then, he countered with a left punch.

Mo Hongshan turned sideways and blocked Lin Yi's attack.

At the same time, he was forced back by Lin Yi.

Mo Hongshan's eyes widened. He didn't expect Lin Yi to be so strong.

Especially that moment of explosive power. It even made his arm go numb.

"That's perfect," Mo Hongshan said with a smile. Then, he attacked again.

Bang! Bang! Bang! Bang!

In just a few seconds, the two of them exchanged more than ten moves. They fought back and forth, and for a moment, it was impossible to tell who held the advantage.

Liang Ruoxu and Gao Chong widened their eyes in disbelief.

They were well aware of Mo Hongshan's strength.

Before the match started, no one had expected the two of them to fight to this extent.

Especially Gao Chong, whose expression kept changing.

Fortunately, he did not go up just now. Otherwise, he would have been beaten to the ground.

Even so, what was wrong with this kid? Wasn't he a doctor? When did he get so strong?

Yang Guangxia, who was sitting at the side, nodded repeatedly, clearly very satisfied with Lin Yi's performance.

To be able to fight Gao Chong to this extent at such a young age just further proved that the Lin family was not easy to deal with.

It seemed that today's test had been quite effective.

Fortunately, he did not let Little Gao go up just now. Otherwise, he would not have been able to deal with him.

However, judging from the current situation, if Little Mo did not get serious, he might not be able to defeat him.

At this moment, Lin Yi and Mo Hongshan were still sparring.

Lin Yi's side kick drew a perfect arc in the air.

Mo Hongshan had already expected Lin Yi's move and was prepared to retreat in advance.

Lin Yi's explosive power was fully displayed at this moment.

Even though Mo Hongshan had a lot of combat experience, he was still a step too slow and Lin Yi's kick brushed his collar.

Fortunately, it did not hit him directly. Otherwise, the outcome of the fight would have been decided right there.

Mo Hongshan took the opportunity to distance himself more than two meters from Lin Yi and smiled.

"Not bad. It's been a long time since I fought so happily."

"Are we still going to continue?" Lin Yi said, "If we continue fighting, we'll probably be able to fight until the sky turns dark."

"It won't be that bad. The victor is about to be decided."

Lin Yi was a little puzzled, not knowing what Mo Hongshan meant.

Lin Yi was confident that if he continued to fight, he would definitely exhaust Mo Hongshan to death. Therefore, he would definitely be the winner.

However, the problem was that it was impossible to determine the winner in this short period of time.

"Brother Shan is getting serious," Gao Chong said.

"Huh? Could it be that he didn't use his full strength just now?" Liang Ruoxu asked.

"He used his full strength, but these are two different concepts. If Brother Shan becomes serious, his combat strength can still go up another level. Lin Yi might not be able to survive this."

Liang Ruoxu really didn't understand what Gao Chong meant. Thus, she was a little worried about Lin Yi.

On the field, Mo Hongshan stretched his body and charged at Lin Yi again.

However, this time, Lin Yi realized that Mo Hongshan seemed to have become a different person.

He was like a ferocious tiger descending the mountain, totally unstoppable.

Lin Yi frowned and thought to himself,

“Could it be that he also knows that move?”

699 When I Hit Him, It's Like Hitting an Iron Plate

Without giving Lin Yi any chance to react, Mo Hongshan's movements became much faster than before.

He had also improved greatly in terms of strength.

If not for the system rewarding him with the Muscle Density Potion, Lin Yi would definitely have fallen by now.

Bang!

Mo Hongshan kicked, and Lin Yi blocked it with both hands. He had to take a few steps back before he could stabilize himself.

Seeing this scene, the soldiers in the garrison area cheered enthusiastically.

“Good luck, Brother Shan!”

“Good luck, Brother Shan!”

“Good luck, Brother Shan!”

At this moment, Lin Yi had no time to pay attention to the other voices.

Mo Hongshan was much stronger than before.

Lin Yi was sure that Mo Hongshan had also mastered another method of exerting strength. Otherwise, it was impossible for there to be such a huge change in his physique all of a sudden.

“How do you feel this time? That should have used up plenty of strength, right?” Mo Hongshan smiled and said.

“It’s alright.”

“Alright?”

Lin Yi nodded. “You’re much stronger than before, but you’re still lacking.”

“Then let’s continue. I haven’t had this much fun in a long time.”

“You’re also the first person who could make me use a second move.”

Mo Hongshan frowned and felt that something was wrong.

Lin Yi wasn’t an aimless person. He must have a backup plan.

However, they had already fought to this extent. What else could he be waiting for?

Lin Yi suddenly moved.

At this moment, the airflow in his abdomen began to circulate throughout his body.

His aura also increased by a level.

A strange smile appeared on Lin Yi’s face.

This feeling was really not bad!

Lin Yi stepped on the ground and rushed toward Mo Hongshan.

Bang!

A simple flying kick almost sent Mo Hongshan flying!

“How is this possible?!”

Yang Guangxia stood up excitedly.

This scene made Yang Guangxia and Gao Chong widen their eyes.

They knew all about Mo Hongshan’s situation and strength.

Even so, he was still at a disadvantage!

It couldn’t be that Mo Hongshan was too weak, but that Lin Yi was indeed too strong!

How did he do that?

Without the guidance of an expert, this scene was almost impossible to comprehend.

Yang Guangxia’s brows seemed to knit together.

Could it be that Lin Jingzhan had returned and was secretly guiding him?

‘That’s unlikely.’

As Yang Guangxia was overcome with shock by Lin Yi’s strength, the two combatants were already fighting to the death.

However, the situation was different from what they had imagined.

After kicking away Mo Hongshan, Lin Yi didn’t continue to fight.

“I’m not fighting anymore,” Lin Yi said, “I’m not your match, let’s stop here.”

Mo Hongshan was stunned. Beads of sweat drenched his clothes. He didn't expect Lin Yi to say such a thing.

If they exchanged ten more moves, he would definitely have lost.

Mo Hongshan turned his head and saw Yan Ci standing not far away, as well as the photographer carrying the equipment.

Was he trying to protect his dignity?

"This kid." Mo Hongshan smiled bitterly. "He's really smart."

"Brother Lin, you're amazing."

Zhang Xiaoyu took a tissue and jogged toward Lin Yi, wiping the sweat off his forehead.

"I was lucky." Lin Yi smiled and walked in front of Yang Guangxia.

"That should do it this time."

"Where did you learn this ability from?" Yang Guangxia asked.

"When I was shopping in the night market a few days ago, an old man was selling secret manuals for the Nine Yang Divine Technique. I bought one and practiced it until I became like this."

Liang Ruoxu rolled her eyes at Lin Yi.

I can't believe it. Why are you still talking nonsense at this time? Can't you be more serious?

"You're playing dumb with me."

"Of course not." Lin Yi nudged Zhang Xiaoyu. "She went with me that day. You can ask her if you don't believe me."

"Um..."

Zhang Xiaoyu was stunned.

Why... why did he drag her into this?

“Yes, yes...” Zhang Xiaoyu said nervously. She still couldn’t calm down when facing Yang Guangxia.

“Not only did we buy the Nine Yang Divine Technique, but we also bought the Sunflower Manual and the Evil Warding Sword Manual.”

Lin Yi, “...”

‘Can’t you f*cking say something else? Why did you come up with these two useless secret manuals.’

Liang Ruoxu looked at Lin Yi meaningfully. Even an idiot could understand what he was trying to do.

“Alright, alright, let’s not talk about this.” Yang Guangxia said, “Then tell me, what else do you not know?”

“Hahaha... I’m not very humble. I know a little about everything except having children.”

“You’re not humble at all.”

“There’s no harm in having more skills.”

“Do you know how to shoot live ammunition?”

“A little.”

“Come, follow me to the shooting range. I want to see how capable you are today.”

“Why do I have to do this? If you have the time, let’s drink a little. It’s much better than target practice.”

“I won’t say much about how you exchanged blows with Little Mo. No matter what, I have to find someone who can surpass you today.”

“You’re already so old. Why are you competing with a young man like me?”

“How can I sit still? If I’m inferior to you in every aspect, where am I supposed to hide my face?”

Yan Ci glanced at Lin Yi beside him.

Didn’t Mo Hongshan win just now? Why did Yang Guangxia say that he was inferior in every aspect?

“Then let’s go.” Lin Yi said helplessly.

The group walked toward the shooting range. Yang Guangxia said to Gao Chong,

“Little Gao, call Sun Zhou over.”

“Ah? Sun Zhou?” Gao Chong was a little surprised. “Old Sun is the King of Guns in this garrison. He even dominates the other officers. Aren’t you bullying Lin Yi by calling him over?”

“He already said that he knows how to do everything. We have to find his equal today.” Yang Guangxia waved his hand. “Go.”

“Chief, I’ll go with Little Gao. We’ll be back soon.”

“Alright, go ahead.”

Yang Guangxia did not think too much about it. He waved his hand and was in a very good mood.

The two of them left together and walked toward the Sixth Company.

“Brother Shan, why are you following me? If you need anything, I can help you get it.” Gao Chong said.

“Although this is a security area and there isn’t much danger, we have to leave someone by the chief’s side.”

“I know.” Mo Hongshan gritted his teeth and said, “I have to find a place to calm down. I can’t take it anymore.”

“Ah? Can’t take it anymore?”

Mo Hongshan looked around and found that there was no one around. He unbuttoned his shirt and rolled up his sleeves.

“You’ll know once you see it.”

“W-what’s going on?”

Gao Chong saw bruises of various sizes on Mo Hongshan’s body.

It was as if he had been ganged up on.

“These all appeared after we fought just now.” Mo Hongshan grinned.

“His bones are really hard. When I hit him, it’s like hitting an iron plate.”

700 Liang Ruoxu Is Pleading for Mercy

“Are you serious?”

Seeing the injuries on Mo Hongshan’s body, Gao Chong grinned. If it were him, would he be able to survive even ten moves?

Fortunately, the chief did not let him go in. Otherwise, he would have easily been beaten to death.

“But I want to know, does he know how to exert force? You’ve taught me for a long time, but I haven’t learned it yet.”

“This is also what I’m puzzled about. Little Mi has already told us about his situation. He usually interacts with ordinary people. Logically speaking, he wouldn’t come into contact with these things.”

“Could he have self-taught?”

“How is that possible? How can this thing be self-taught?” Mo Hongshan said, “If no one teaches you, self-learning this thing is harder than ascending to the heavens.”

“You’re right. You’ve been teaching me for so long, but I haven’t even reached the entry-level yet.”

“Alright, let’s not talk here anymore. Go to Sixth Company and call Sun Zhou over first. Don’t let the chief wait too long.” Mo Hongshan buttoned up his clothes and said.

“And get me some safflower oil.”

“I’ll talk to the chief later. Go back and rest.”

“No, I have to go and see who’s better between him and Sun Zhou.”

“Brother Shan, once bitten, twice shy.” Gao Chong said.

“He’s indeed good at fighting, but shooting is not something ordinary people can do. Old Sun survived on a diet of live ammunition. Meanwhile, Lin Yi is just an ordinary boss and has never seen these things before. How can he compare?”

“That’s true, but I still want to see,” Mo Hongshan said.

“And if I leave, the chief will think I’m injured. I won’t die. Don’t worry.”

“Are you sure it’s okay?”

“What problems could I have?” Mo Hongshan said, “I’ll be fine after resting for a few days.”

“Let’s go.”

A few minutes later, the two of them arrived at Squad Four of the Sixth Company.

“Ah! Brother Shan, Brother Gao, you’re here.”

Sun Zhou was about to salute when Gao Chong stopped him. “What are you doing? Are you cleaning your gun?”

“Yes, I have nothing better to do.”

“Let’s go. It’s time for your performance,” Gao Chong said.

“Ah? What happened? Is there another drill?”

“It’s not a drill,” Gao Chong said. “Someone came to our place and wants to compete with you in marksmanship.”

“Which district is he from? Is he someone I know? Logically speaking, no one would dare to compete with me if you tell them my name.”

“I wish I had your confidence.” Gao Chong laughed and said.

“It’s the man who operated on the chief last time. He came here today and said that he knows everything and can even shoot targets. That’s why the chief asked you to go over and compete with him. You have to perform well and not screw up.”

“Brother Gao, wait a moment,” Sun Zhou said. “Isn’t the person who operated on the chief a doctor? Does he really want to compete with me in marksmanship?”

“That doctor wants him to compete with you in marksmanship.”

“Brother Gao, are you making fun of me? Why would a doctor compete with me in this?” Sun Zhou said.

“If he really wants to try this, I can just find a few people at random to satisfy him.”

“Why are you talking so much nonsense?” Gao Chong said, “This is an order from the chief. Bring your weapons and follow me.”

“Got it, Brother Gao.”

Sun Zhou tidied up his clothes, then brought his gun and followed Mo Hongshan and Gao Chong to the shooting range.

However, before he left, Gao Chong even secretly stole two bottles of saffron oil.

At this moment, Lin Yi and the others were already waiting at the range.

In addition, there was also a class of recruits who were doing target practice here.

After getting Yang Guangxia's approval, Yan Ci took another photo.

Before this, he had only taken a few shots because Zhang Xu had been beaten black and blue by Lin Yi. He couldn't even stand up right now.

"Are you sure you can do this?" Yang Guangxia asked with a smile.

"Haven't you seen a pig run before?" Lin Yi said.

"I know a little about this. After seeing them do it, I'm even more confident."

"Haha, I like your confidence."

At this moment, the squad leader of Squad Three of Seventh Company, Chen Ziqiang, jogged over and said with a smile,

"Old Chief, do you need any help with the visitors?"

Yang Guangxia nodded. "By the way, tell your class to clean up the shooting range. We need to use it later."

"Chief, is this a competition?"

Yang Guangxia looked at Lin Yi, "I want to let him compete with Sun Zhou later."

"Huh? He's going to compete with Sun Zhou in marksmanship? He's the King of Guns in our garrison."

“He’s supposed to be good at it. Don’t embarrass yourself any further.”

“Um... alright.”

Chen Ziqiang retreated behind Yang Guangxia and said to the squad,

“Well, you know Sun Zhou from the Sixth Company, right? That’s the King of Guns in our garrison. When he comes later, all of you should learn from him.”

“Yes!”

“Squad Leader.”

Someone called out softly, and Chen Ziqiang walked over.

“What’s going on? Did you find an outsider to compete with Sun Zhou?”

“How would I know? This was all arranged by the chief. We’re just here to listen to orders.”

“But I’m afraid he’ll be tortured to death.”

“Sigh, it’ll probably go as expected.” Chen Ziqiang said, “I guess this person is probably a shooting enthusiast. Otherwise, he wouldn’t have come to play this game.”

“But the shooting games outside are all jokes. There’s nothing we can do about this. Comparing him to Sun Zhou is like comparing the difference between heaven and earth.”

Chen Ziqiang shrugged. “This has nothing to do with us. Just watch carefully later and learn from it.”

“Got it, Squad Leader.”

At this moment, Mo Hongshan and the other two jogged over.

“Chief, I’ve brought Sun Zhou here.”

“Come.” Yang Guangxia waved his hand. “Didn’t you always say that you don’t have any opponents in the garrison area? I found one for you today.”

“I’m a low-key person when I report to the chief. I wouldn’t say anything like that.”

“You rascal, you’re still pretending with me.” Yang Guangxia said.

“Let me tell you, if you don’t impress today, I’ll have you stuck in the kitchen pouring out slop for the rest of your career.”

“Don’t worry, Chief. I’ll definitely perform well.”

Sun Zhou looked at Lin Yi. “Are you the one who wants to compete with me?”

“That’s me.” Lin Yi smiled.

“Then shouldn’t you take off your mask and sunglasses? It’ll affect your vision. That’s no way for you to compete.”

“It’s fine. This is not an issue. If I lose, I’ll only have myself to blame.”

Sun Zhou, “...”

I’m just being polite. Do you really think you can beat me?

Chen Ziqiang laughed behind him. This masked kid was quite interesting.

“Alright then.” Sun Zhou said, “How are we going to compete? I’ll do as you say.”

“I’ve never competed in this before. Let’s just follow your rules.”

“When we compete in marksmanship, we usually compete in disassembly first. Then, we compete in shooting fifty-meter fixed targets, moving targets, and flying targets. Do you want to do all of them, or only one of them?”

“Um...”

Just as Lin Yi was thinking, Yang Guangxia said, “Since we’re already here, let’s compete across the full set.”

“Elder Yang, aren’t you bullying him?” Liang Ruoxu said coquettishly, “I feel like we just need to compete in one of the competitions.”
