

## Reborn To Love 126

### Chapter 126 Su Zhiming's Confession

"I agree with you."

Xu Mengya smiled and blew her husband an air kiss. Although she knew that her husband always agreed with whatever she said, she still felt very happy to hear his opinion.

He Xinyan let out a breath of relief and she smiled at Gu Yechen.

Gu Yechen also placed one hand onto her hand and grinned at her. Although he never worried about this meeting much, he was also glad that his parents supported him and his love.

The rest of the meal went by really smoothly and He Xinyan had a great time. Xu Mengya was extremely nice and friendly, and He Xinyan felt that she was very lucky that Gu Yechen's mom wasn't some mean and horrible person.

Gu Yechen and Gu Hanyu left the room to go pay after the meal and He Xinyan was left inside the room with Xu Mengya.

Xu Mengya wiped her lips and moved her chair over to He Xinyan, "Xinyan, next time you should come over to my house to eat."

He Xinyan smiled, "Sure!"

The two of them stood up and left the room. When they reached the front desk, they saw the worker hand two credit cards back to the two men standing across from her.

Gu Hanyu took one of them and Gu Yechen took the other.

He Xinyan blinked a few times. Did Gu Yechen and Gu Hanyu pay separately?

She looked towards Xu Mengya, who didn't seem to care. This family was. . . interesting.

The four of them walked out of the restaurant and to the parking lot. They stopped in front of Gu Hanyu and Xu Mengya's car and Xu Mengya grabbed onto both of He Xinyan's hands.

"Xinyan, you have to come over and visit me often."

He Xinyan smiled, "Of course!"

"Next week!" Xu Mengya clapped her hands together, "Gu Yechen, you have to bring my daughter-in-law to our house next week Saturday!"

Gu Yechen raised one eyebrow, "Why?"

Xu Mengya's eyes widened, "You stupid guy! I want to play with my daughter-in-law! Is there a problem?"

Gu Yechen frowned, "No."

"Good! Honey, let's go!" Xu Mengya waved goodbye to He Xinyan before getting into the car with Gu Hanyu.

Only after the car had left did Gu Yechen and He Xinyan get into a car and drive off.

Inside the car, He Xinyan was in a very good mood as she turned on the radio.

Gu Yechen drove with one hand and held onto He Xinyan's hand with the other, "Do you want to go to my parent's house next week?"

"Sure!" He Xinyan actually really liked Auntie Xu and her personality.

Gu Yechen licked his lips before nodding his head.

---

The black car stopped in front of the He mansion and He Xinyan removed her seatbelt. She was about to step out of the car when a hand suddenly turned her face back to the left.

Her eyes widened when her lips suddenly touched. . . Gu Yechen's lips!

She sucked a breath in as she felt her heart speed up. Gu Yechen's body was twisted over as he pushed himself up using the back of the passenger seat.

After a very long kiss, he pulled away and smiled extremely sexily.

He Xinyan gulped and glared at him, "What was that for?!"

Gu Yechen licked his lips with a smile, "Nothing, just wanted a kiss."

He Xinyan scrunched her face up, "So shameless!"

She quickly got out of the car and slammed the door shut before walking up the steps and into the house.

Gu Yechen's smile grew larger as he started the car again and drove off.

When He Xinyan stepped into the house, she was surprised to see that Bai Jiawei was home.

She raised one eyebrow, "Dad, why are you home so early today?"

Bai Jiawei looked extremely worried as he said, "Huiran said her stomach hurt so I came back early."

He Xinyan almost laughed out loud. How could her stomach hurt when she wasn't even pregnant? Oh! Did it hurt because she was on her period?

"I hope she feels better soon. After all, the baby boy is very important." He Xinyan said with a smile before walking up the stairs.

Li Huiran knit her eyebrows together before looking at Bai Jiawei, "Jiawei, why do I feel that Yanyan doesn't really like me or the baby?"

Bai Jiawei frowned, "Really?! You're just overthinking."

Although Li Huiran didn't like Bai Jiawei's response, she didn't say anything more.

He Xinyan returned to her room and stayed there for several hours, studying her lines for the following day because she didn't have any time to go over them yet.

When it was dinnertime, there was suddenly a knock at her door. He Xinyan walked over and opened it, surprised at who she saw.

"What are you doing here?"

Su Zhiming smiled and stepped into the room. He Xinyan took a step back cautiously as she slightly furrowed her eyebrows.

"It's time to go eat dinner."

"Okay," He Xinyan said. "I'll be down in a minute."

She turned around to go put her script down, but when she turned around she saw Su Zhiming still standing there.

"You can go. I'll be there soon."

Su Zhiming took another step forward and closed the door behind him. He Xinyan frowned and took a step back.

"Su Zhiming, get out."

He didn't listen as he walked closer to He Xinyan. Su Zhiming furrowed his eyebrows at the thought of He Xinyan getting off another man's car earlier.

"Xinyan, I know I married Li Yuyan, but I really like you."

He Xinyan raised one eyebrow. Can he be any more shameless?

"So what?"

Su Zhiming gulped, "Wait for me. Once I can, I will divorce Li Yuyan. Trust me, Yanyan."

He Xinyan blinked a few times to stop herself from rolling her eyes, "Okay. Let's see when the divorce actually happens."

She smiled before walking past Su Zhiming and to the door. She opened it and stepped out just in time to see Li Yuyan walk up the stairs.

He Xinyan grinned and walked out. A second later, Su Zhiming followed her out. When he saw Li Yuyan, his eyes widened for a second.

"Zhiming! What are you doing in He Xinyan's room?" Li Yuyan glared at He Xinyan, "You b\*\*\*\*!"

He Xinyan's smile disappeared as she stepped over to the stairs, "Watch your mouth, Li Yuyan. I'm not a mirror."

She bumped into Li Yuyan as she walked down the stairs. Su Zhiming also glanced at Li Yuyan before walking down.

After they were all gone, Li Yuyan stomped her foot onto the stair and ran after Su Zhiming. He had been very cold and aloof to her for a long time now, and it made Li Yuyan very annoyed.

At the dinner table, Li Yuyan was the last to sit down. Li Huiran was already eating as Bai Jiawei had put a lot of food onto her plate.

Li Huiran seemed to be very happy with her new position and treatment in the family as she even sat a little straighter while eating now.

Li Yuyan glared at He Xinyan, who didn't seem to care.

After the meal, He Xinyan couldn't stand being in the house anymore, so she left for Gu Yechen's house!

Gu Yechen was home already and he was doing some work on the couch when He Xinyan barged in.

He closed his computer and stood up immediately when he saw her. He Xinyan ran over and jumped onto him. Gu Yechen fell back onto the couch with He Xinyan on top of him and he chuckled.

"You're so affectionate today!"

He Xinyan stuck her tongue out playfully, "Do you not like it?"

"Of course I like it." Gu Yechen smiled and kissed her on the cheek.

"Gu Yechen, evil Yanyan is back! I want to get rid of someone." He Xinyan tilted her head slightly as Gu Yechen seemed to have gotten addicted to kissing her cheek.

"Stop. . ." He Xinyan wiped her cheek with her hand and glared at Gu Yechen. "Are you even listening to me?"

Gu Yechen quickly kissed her lip before responding, "Who?"

He Xinyan pressed her lips together, "Li Huiran!"

"What do I need to do?"

He Xinyan smiled, "Help me! I just realized that Mr. Boyfriend isn't only rich and powerful. He is also amazing at scheming against people!"

Gu Yechen raised one eyebrow, "Mr. Boyfriend?"

He Xinyan nodded her head.

Gu Yechen didn't say anything further as he stared at He Xinyan.

"What?" He Xinyan frowned confusedly.

"I'll help you. . . but I want a different title."

He Xinyan looked around, "What title?"

"You're Mrs. Wife. What am I?"

It took a few seconds for He Xinyan to realize what Gu Yechen wanted her to call him.

"Fine! I don't need your help then!" He Xinyan was about to get off of Gu Yechen's when he suddenly pulled her back.

Gu Yechen sighed and stared at He Xinyan lovingly, "Okay, I'll help you."

He Xinyan smiled sweetly, "Thank you, Mr. Husband!"
