His fingers brushing his after shaved beardless chin. The door swung open and in walk one of his warriors.

His eyes lit in delight “what good news you brought now?” the warrior didn’t speak. The rogue King stood up “tell me” the warrior look with fear in his eyes. He was afraid to let him know that they have fail again.

“Tell me” he growls at him “we lost-” the warrior didn’t finish his words as the king bit on his neck before tearing the poor man up.

“Zane”

He calls to his beta as he wipe off the blood from his mouth feeling disgust with the warrior’s blood taste. His right hand man came in and he avoided to look on the ground at the body.

“Tell me, how we fail this time?” Zane without nervous answer him, it was like he was used to his Alpha and King to turn out this way.

“Alpha Dante’s Beta and brother were there too along with other masks people I assumed are his best warriors,”

“and Dante?” he sneer at him. Still Zane doesn’t flinch he just look straight at his Alpha’s eyes.

“He was the one who outnumbered the Hunters and kill our 200 wolves” this made the Alpha king growl louder with furious.

“Impossible, that son of a b\*\*\*\* still gets on my nerves, any other possible ways” he growl at Zane again.

“We could attack the neutral territory from there we can take over except for Dante’s territory,” he gritted his teeth “what about the council?”

“the members of the council are too weak to attack as their territory are heavily damaged due to our attack last month.”

The Alpha King of the Rogues laugh "good, now that's more like it" he walks towards Zane stopping an inch away from him.

"Any update on that mutt Kiev and the girl?" he asks Zane stood there in silence "did you find out why Dante shows up everywhere she goes. Did you confirm her as his Mate?"

"Alpha he is friend with her brother in law and according to our sources the Alpha kinda have feelings for her but no she's not his Mate."

The Alpha held a smug look on his face "interesting, I didn't take him to be a softie. I made a right move on her didn't I?" he grin evilly "what about the other w\*\*\*\*? Did she tries to escape?" Zane nodded his head "no Alpha she didn't"

"Excellent, now call that mutt Kiev to be here in my office and clean this up,"

Kiev cower a little bit back "relax Alpha we didn't do anything she just needed a space to stay for the night."
