Rejecting Your Rejection chapter 34

Chapter 34 Sorry

"I'm not perfect, I make mistakes, I hurt people. But when I say sorry, I mean it."

Daniella's head was down in her hands, while Dante bends in front of her at the bed. He has been trying to make her look at him.

"Babe come on don't think about it please" he took her hands away from her face making her look up with eyes still closed. "Please Dani don't do this, come on let me see those pretty eyes," he begs her "I'm dying here Dani."

He smiles when he saw those deep soulful brown eyes again with tears falling on her cheeks which he rub it with his thumps soothly.

"She was right Dante" he tries to hushed her "I shouldn't hold grudges to something that happend when we were young."

She rested her forehead on his "I'm sorry for ignoring you, I'm sorry for leaving you and I'm sorry for choosing somebody else over you" her tears fell on his cheeks now.

His hands never left her face "being young shouldn't give me an excuse for the mistake I made when I rejected you. I don't care about other things in the past and I don't want you to apologise again. What matters to me is that I have you here with me right now" he wipes off another tears from her face.

"In the end you chose me, not him and it tells me it was never anybody else is it" she nodded her head. "You should also know that there was nobody else for me too, it was just you.. Only you my love, I wish we could start off right from the start."

He kisses her lips, her nose, her eyes and then her forehead before hugging her tightly not crushing her with it but to comfort and let her know he's there for her.

"Dante why did you try to kill yourself" he remain silent, he kisses her hair "one at a day Dani, we'll talk about everything once everything settled down," he kisses on her forehead again.

"No Dante I want to know everything from you now"

therefore he sat down beside her then began to talk of how he almost loses his wolf because of their separation.

How people talk behind his back not knowing she was his Mate. How he tried to kill himself everytime he felt her making out with Kiev. He now knew that she didn't have s** with Kiev as the day of the wedding was the day he took her innocence when she found him in that destruction state.

"I'm sorry but please promise me you won't ever have thoughts like that please" she crawl on his lap taking his face in hands and kisses every part of his face.

"I promise Dani, I won't even think about it, now that I have" he smile up at her.

There was a knock on their bedroom door then it slightly opens pulling Dante and Daniella apart from each other. Zoe in tears stood there with Cora and some pile of clothes in her hands behind Zoe, Dante squint his eyes seeing Zoe.

"Dante" and he moved in front of Daniella protectively "what do you want Zoe?" she tries to suppress her sobs

"please can I speak with Dani."

Dante refused to move not until he felt a hand on his shoulder, Daniella rights hand went up to his face caressing it

"Dante its fine, please leave us alone," he pecks her on the lips then went out shutting the door behind him.

Zoe stood behind the door then slowly she broke in to tears "I'm sorry Dani, I shouldn't lash out on you like that. I hate you for doing it to him yet to me you're way better than myself. At least you're here right now making him happy. For his sake let's forget the past"

Daniella didn't for a minute wait. She went up and hug her which in return she did.

"I'm sorry too for telling you no. I can't imagine if someone else does that to my brother. I'm sorry I should have seen from your point of view" Zoe hushed her up.

"Shhh it's okay, let's never think of it again."

Chapter 35 Sleep Over

This is one of those nights where we talk of relationships and crushes

"So Kyle and you?"

Cora ask Zoe while polishing Daniella's nails in a pantone red as Mira lay on the bed lazily. It has been days since they patch things up. Daniella has finally move in with Dante, as much as she wanted to stay for Clyde but Cameron dejectedly kick her out. Jokingly told her that she is a grown up woman. He was happy at her choice.

Tonight the girls are sleeping over, first time Daniella does something like this. She only has one friend but Cameron never approves their sleepover so she never went to any.

Zoe pause looking at herself in the mirror.

"We dated when I was seventeen. We weren't best friends or anything we just met each other at a party and started to hit things off. Our school were actually rivals but it's funny how we live in the same pack but never get to meet each other not until that night."

Zoe keeps combing her hair in front of the mirror while smiling at the memories then suddenly her posture changes to something more painful.

"And when we turn eighteen and found out we're mate, he sort of rejected me on the spot saying I was just one of his you know"

The room was silent until Cora dramatically roll her eyes trying to make things better "just say the word f*** buddies gosh I'm not eighteen anymore."

Zoe, Mira and Daniella all burst in to fit laughter

"so we kind of get back together again and then he cheated on me or that's what I thought then" she stops combing her hair and smiles to her reflection in the mirror.

"Can I ask something Zoe," Daniella blow on her other nails as Cora starts on the other one Zoe nodded her head

"does your fiance knows about it since you guys are back together." Mira lighten up "oohh I'm curious too pls Zoe" Zoe groan. "Yeah we already talk on face time and both agree to call it off, well we weren't really working out. I didn't want to broke it off but he made me do it."

She sigh "he actually ordered me to go back"

"duce" the girls exclaim

"As for Kyle and I…were not back together, one minute he told me he loves me but then he says he loves her more" Cora's jaw drop while Daniella accidentally ruin one of her nail smudging the color on her hand.

"Motherf_ker"

Zoe stood up from the dressing table and jump on the bed "children Tsk Tsk"

"Hey I'm 22" pouted Cora "yeah us both" Mira seconded "and I am 24, we're not children old lady" Daniella retorted.

Cora after drying Daniella's nails plop beside Zoe, her face turning red while she blinks her eyes at Daniella.

"What?" she lay between the two sisters on the bed "the old lady's story has finished now I'm curious of you and my brother" she pouted again.

Zoe hit her with the pillow "I'm not an old lady, still in my bubbly mid 30 child" Daniella hit Cora again with another pillow "and I ain't discussing your brother and I."

"But he's not mine brother" Mira pat her lashes. "Aww you guys are so boring, come on Dani just wanna know if he has marked you yet." Cora grip on her elbow shamelessly.

"You're so dumb, see child you still haven't learn yet" Zoe shook her head. "Can't you smell her scent is kind of different" both Cora and Mira uses their werewolf senses to sniff with Cora's hand going to her neck and found the mark on it.

"Wow cool" she said in awe "can't wait for my mate then" Mira finishes with gushes all over their face.

"So just marked each other?" Daniella groan knowing Cora and Mira won't let anything go not until she got the details.

"We also mated"

Zoe prop up from the bed "you guys did use protection right?" Mira again ask. This time Daniella was too stunned to move.

"OMG you didn't?" she shook her head no "you guys should" Daniella cuts her off "it was my first time, protection was never in the way because I was so lost in doing it"

Zoe look shock "wait your first"

"yes my dearest my first in everything so move your b***'s and this conversation about me and your brother ends here."

She embarra**ingly hid her face under the pillow, Zoe took it off and both sisters crush her in a hug.

"You guys might wanna go somewhere tomorrow" Mira grins at Zoe then to Dani and Cora

"ladies we're going clubs tomorrow to celebrate."

Cora bluff "yeah tell that to Mr. Alpha himself and see if he's letting her go" she refer to Daniella "and who says he has to know" Zoe patted her eyelashes.

Chapter 36 Club Night

Let's go crazy and Go… Go… Go

"I can't believe you make me wear a wig" Daniella twirl on her fake hair as she settle down behind the bar after dancing on the dance floor.

"I swear I look like Donald, enjoy our happy meal" Cora buff her cheeks folding her arms at the barstool next to Clara. "Ladies you need to loose a little, stop being so cranky" Mira beam from the crowd

"5 gimlet" Zoe slams her hands on the counter as the bartender took her order

"coming right up Zoe" he winks at her then to Clara.

Zoe was finding it awkward when Clara found out about their night club plan and has ask to join in. She knew it wasn't her fault that her and Kyle aren't together so she agree putting aside her jealousy act.

"Goodluck with that a**hole" Kyle sling his arm around Clara's waist.

"What the hell are you doing here" Zoe almost yell at him while Clara pushes him off "this is our night only" her voice in hush tone as she whisper with disappointment at him.

"Sorry but her brother drag us here," Kyle lower his voice not for the other girls to hear. "Seems like your night out is not a secret to anyone," he kisses her on the cheek and she giggle in response.

Mira sigh "love birds" and Zoe was almost in brink of her tears, not only she was jealous but Kyle always knew how to hurt her so bad. After all those years she left she thought she has moved on yet here she is back to where she was left on.

A man sat beside Daniella "so s** on the beach with a beautiful were" he handed her a drink then put his hands on hers.

She pushes his away "first off gross, second its night and I don't see the sea here, third I'll only have s** on the beach with my mate" she felt sparks around her waist.

"I say you look hot wearing this" he pull off her wig "but s**y and more hotter like this" he pull down her hair smelling in her vanilla shampoo. The man still stares at the couple, Dante growl at him "move prick she is mine" he sniff at her hair. Finally he scurry away once he knew he's an alpha and not just any Alpha, it's Dante Hernandez.

"How did you?" She turn to ask but he lock her within his arms, he plays with the hem of her dress. "You didn't tell me you're coming to a club tonight," she moan in return feeling his hand in her thigh.

"I won't say no if you have told me" he moves his hand a little higher to her private area making her moan out loud her hands on the counter to hold herself. Luckily the music was high and people were busy with their own business.

Cora is chatting nonstop with Jem while Kyle and Clara are making out on the other side, Zoe was nowhere to be found anymore.

She closes her eyes as she felt him move his hand to her centre "Dante" he stops then whisper in her ear. "No touching for the week, thanks bro" the bartender handed him his drink. He down it then released her from his hold, "that's your punishment baby" and he walk off saluting at her. She groan "Dante" too late he disappeared in the crowd.

Cora came up to her "Hey what happened? And where's Zoe"

"your brother was being an a** tonight and Zoe I think she left" she pushes off from the chair standing up straight "screw him I'm dancing the night away, now who's with me"

"now that's what I'm talking about" Jem throw his arms around the two guiding them back on the dance floor.

"It's a new generation" both girls scream the lyrics "Why did you request on the dance floor by j lo again" Jem complain "you guys are so lame" they move towards him making him move around.

The song changes and 'pillow talk was on.' Daniella giggle to the song lyrics "I swear I'm high tonight" seductively she dances around the pole, sliding up then bending her legs to twirl around it. Jem's eyes almost bulge out while Cora watch with amus****t.

"Wow damn girl" she screams, Daniella looses herself in the music she felt a pair of arms around her, it wasn't Dante. She pushes him off and he held her wrist tight. He was also an alpha she pushes him away writhing her hand out of his. Jem moves between them snarling at him "move pup" he told Jem.

"You get the hell out of here Alpha Lonato" he laugh at him.

"What you're going to do pup" the music stops the floor was divided by the two packs. Kyle moves to stand in the front, "what do you want Alpha?" Jem folded his arm "I want her" he pointed to Cora and then Dani "and her."

"I hate to say this but no can do Alpha," he growl at them "You're in my territory"

"last time I check this is a neutral territory which is now part of the Crimson pack" Lonato was ready to attack Jem.

A loud growl boom through out the club Dante jump from one of the VVIP lounge. Dani got upset when she saw a female in a revealing dress stood there from where Dante jump off.

Cora clamp her hands on their mouth. "How the hell is she alive?" Daniella became confused.

Everybody makes way for him, his hand went to her waist "got a problem with my mate Lonato?" he shook his head no "good," he looks around. "Now everybody go home the night ends here" he declare and in a minute the place was empty leaving only them and the workers.

Cora glare at the Lady from the lounge as if she wants to rip her apart.

"Take her home Jem, I'll come home after." He walk towards the female leaving them there.

Daniella felt hurt by his action but she just push it off and went home with Jem and the rest.

Chapter 37 Ignorance

Be honest if you don't want me anymore.

The clock strikes 6am in the morning Dante hasn't return yet and she hasn't sleep either. Their room was a little bit wreck when her wolf loses control. She pushes off her duvet and went downstairs for the kitchen.

Last night she tries to ask Cora about the lady but she just dismissed her. So she turn to Jem using her luna voice which Jem told her about Dante and the lady.

Practically she was the ex luna, the one that everyone thought who died. She sat in the living room gripping her hair. Jem also explained Alexis was Dante's girlfriend and luna who cheated on him with Kiev. Once they were caught they stopped the affair something Dante or his sisters never told her.

According to Jem the guy was so in love with Alexis that when they were caught and Alexis choose Dante he lost his good ways. When Alexis was thought to be kill by the Rogues Dante lose another part of his Alpha wolf since she was mated to him.

She didn't know their relationship was like that, 'did Dante really lie' when he says she was nothing to him and she was his first love. She heard the car outside, Daniella has ask her wolf to mask their scents.

The doors open Dante walk in not seeing her he went straight to their room. She waited if he was going look for her, the door opens then closes she waited but he never came

down. Her chest felt a twitch of pain when an hour pa** and Dante never put up an alarm or come down quickly to look for her like what other mates does.

She suddenly felt nausea and suffocated at the same time. She couldn't breathe she just needs air. So she left the pack house to go for a run 'maybe we made a mistake,' she talk to her wolf who was not responding to her.

She tries to shift in her wolf form and when it was successful she fully shifted back to human then to her wolf. Running in the woods, catching rabbits for food in her wolf form was liberating.

Dante never links her even anyone in the pack. It's like she was automatically shut out from everything. She went back when it's getting dark, and saw one of his car missing. Cora runs to her, hugging her tightly

"I was so worried, where have you been?"

"in the woods"

"those b******s I told them to look out for you but they say they haven't see you."

"It's okay I mask my scent" Jem hug her after Cora "feeling good already" she nodded her head before dramatically pose "why not." She took a shower then changes in to a sweater and a black legging then she head down for dinner.

She made a stop to Zoe's room yet what she overheard broke her heart even more.

"I thought you like her" she heard Cora "I do like her but Alexis she's my best friend sister, I don't know what to think anymore Cora. Whether to be on her side or Alexis side"

"Zoe, you know Dani is a good girl and also one of your friend's sister too. They're both your friends sisters"

"I know" she hears her sobs Dani steps away from the door without a sound and went to the kitchen.

Everybody settled on their seat, Kyle and Clara were the last one to arrive. Daniella after saying their grace starts to eat but her stomach was like an empty gallon that wasn't fulfilled easily. She felt nothing going in her stomach

"Dani are you sure you okay" Jem asks

"yeah I am" she force another sp*** of food in her mouth. Then gave up, all eyes were on hers "anyone knows where Dante is?" nobody speaks "guys have you seen Dante?"

"he's at the Crescent pack" Zoe says.

"He's there for luna Alexis" Clara chirp in making Zoe growl at her.

Daniella almost cry when she heard Clara said luna. "What the f*** Clara" Cora hisses at her. "Why the hell do you call her luna."

"Luna?" Zoe repeat it as if it's a question and before anyone could say anything Dani stood up

"tell Dante I say thank you you"

then she walk up to her room. Shutting the door behind her she cried muffling it with her hand.

Dante never came home that night and she woke up again feeling nausea. She instantly grab her phone dialing a number on her phone, once he heard his voice the one person whom she can turn to whenever she feels down or in trouble.

"Cameron" she started to cry "Dani, what's wrong?"

"can you come pick me up please" she heard him shuffling around.

"Are you okay?"

"please can you just come get me" he fell silence "right now Cam" he didn't speak then he sigh. "I'm coming stay there, don't go anywhere."

She turn off the phone then waited for him. Her phone rang again Cameron was outside the house. She got up from the bed and run out. No one knows she already left. She didn't even want to write any note or letter.

"Hey" Cameron look at her with concern once she was in the car "just go Cameron please" and she broke down again.

Chapter 38 She's Gone Again

You don't always expect me to be there when all you ever done was ignoring me mate.

"Dante what are you doing?" Jem sat on the chair opposite him in his office.

He came early today and when he smell her scent in their room he decided to stay in the office at his other reserve house. He didn't know how to tell her about Alexis.

"You're avoiding her aren't you" he didn't say anything.

"You should have told her the truth" he growl at him "what Dante? I mean do you really love her or you just want her back to get even with Kiev"

"that's not true" he growl at him "I do love her, she's the only one I love"

"then what are you doing? Dani needs you man… You need to explain to her, rea**ure her that it's her you love not Alexis."

He growl at him again "Alexis was part of my past"

"then why are you doing here Dante" Dante ignore him and went back to his work

"she already knows Dante,"

"What do you mean?" he raises his eyebrow at Jem.

"She uses her luna tone on me, so yeah she already knows on the club night. Seeing that you dont care my job is done here" he walk out there.

Dante threw off things on his desk cursing to himself. He needed to talk to her, his wolf resurfacing but he composed himself fighting against his wolf. He got up and went for the pack house not far from where he was.

He didn't waste any minute, he desperately run up to their room knocking on the door

"Dani" he called "come on Dani I'm sorry" he twist the door knop opening it. He saw the bed empty, he look around and she wasn't there.

He waited for her on the bed, minutes pa** and she wasn't here. 'What have I done' his head in his hands. A knock was heard then the door opens.

"She said thank you" he turn up to find Cora.

"What are you doing here?"

"can't I see my idiot of a brother" she folded her arms. You do realize she's gone right?" he groan rubbing his face with distress.

"I know I saw her left this morning"

"and you didn't even stop her" he shouted at her.

"For what Dante?"

Another female voice came inside the room. Zoe saunter inside pa** Cora.

"You ignore her, she needed you yet you hurt her."

"Bipolar much Zoe? I thought you say luna Alexis to her," she glare at Cora "that was Clara not me" she corrected her sister before continuing.

"So don't expect her to still be here or for us to stop her when she's hurt."

He scream punching the wall leaving a hole there, he growl at his sisters. He threw the sofa to the other side

"Don't tell me what to do, she's my mate. No matter what she isn't supposed to leave me… Jem" he shouted and he came right away

ADVERTISEMENT

"yes Alpha." He tries to breathe, his nostrils in flare "find her and bring her back here" his voice echo through out the pack house.

He grab his keys and storm out of the house to go look for her. He wasn't really mad at her for leaving him but rather to himself for acting strange which gave Dani false thoughts of him and Alexis.

He didn't have much choice when the elders of his pack at sixteen prompted him to mate Alexis at such young age for their pack. They say its best to have a luna in order to strengthen their pack.

So he mated her, took her as his luna to betray at last. He found out that she's sleeping with Kiev and the leakage of some high cla**ified information on the pack was her. Nobody knew about it except for him about the last piece.

So when he thought a rogue kills her she didn't matter to Dante as she was the traitor of their pack. Yet it was unbelievable for the dead to be resurrect. There was something fishy about her appearance that's why he make sure to get his answers.

He didn't mean to avoid Dani, he curses under his breath praying she would forgive him.

Chapter 39 Leave Me Alone

They say to enjoy every moment of your life while you can because you'll never know when and where we will be gone.

Dante stops by Cameron's place he knew that Daniella won't go anywhere as this was the only place she calls home. He Kills off the engine and went out storming towards his house.

He knocks on the door, which opens up a minute revealing an angry Cameron.

"What are you doing here Alpha?" he crossed his arms.

"Where is she Cam?"

"I don't know who you're looking for"

"don't you lie to me" he snarl at him.

"Daniella" he calls her "Daniella if you don't come outside this instance I swear I'll force my way in" he shouted again.

He saw her coming up behind Cam. Her eyes buffy and in red as she has been crying all day. He suddenly felt her pain with guilt rushing through his body.

"What do you want Dante?" she wipes off her tears, he moves to her his hand cupping her face as tears drop from his eyes. Seeing her hurt has also hurt him realizing what he has done to her.

"I'm sorry, I'm so sorry Dani. I wanted to tell you but I didn't know how, I'm so sorry" she tries to push his hands away.

"I don't want to hear it Dante, please just go and leave me alone" she beg him but he refuses to do so.

"Dani just please don't do this to us, we just got back together please" he beg

"then why avoid me like a plague huh Dante why?"

"I'm sorry" he says.

"You lie to me when you say I'm your first choice" she punch him in the chest with her fist not causing any harm to him. "You lie to me when you say you have feelings for me," she hit him again "you lie" he stops her fist

"no Dani I never lie" he pull her closer "I never lie to you when I say those things in fact I love you and that's the truth" he kisses her holding her closer to him.

At first she struggled to push him away but for awhile she responded to his kisses. He misses her scent, her touch, her kisses, her smile and her whole presence when he was with her.

They pull away to take a breathe "I can't Dante, I think I made a"

"please don't say it Dani, please" he beg her tv. She tries to wipe off her tear

"hear me out Dani please" he held her hands as he got on his knees now begging her.

"Dani please" she cries louder "Why did you do it then Dante.. Why?" he kisses her hands still on his knees.

"When I first met her that night I didn't know how to react, I didn't want you to find out about it. I knew you will doubt what we have but believe it I was trying to find a way to rid of her as she was threatening us and the pack. Alexis leak some of the pack important info back then. So if I hadn't found out at the time Crimson won't exist today. She was a traitor, a dangerous one that I need to look out for"

"You still should have told me"

"yes I was wrong, I know now" he slowly got up "please Dani I swear I love you and only you I belong to. Only you made my heart beat" he put her hands o his heart she cries harder.

He pulls her to her chest his hand running through her hair calming her down.

When they patch things up Dani hug Cameron before bidding their goodbyes. On their way Dante never let go of her hand, he held on tight to it.

"Dante" he raised her hand and kiss the back of it "yes Dani" she shifted in her seat nervously. He look at her with worried "Dani" she took a breathe

"please don't be mad I dont know if you're ready but I just found out today I'm pregnant" she blurted.

Their car suddenly stop Dante look aside "you're kidding me" but she remain silent

He reaches for her kissing her full on the lips "I love you and thank you" he whisper pulling away from her. She smiles at him holding his hand, he start up the car again.

His face glowing with happiness "I can't believe we're pregnant."

He repeated looking back at her while kisses the back of her hand. All of a sudden Dante facial expression changes, he tries too pull her to him but it was too late. A truck crash in to them rolling them over until they were upside down.

"Dani" he groan in pain, looking aside Dani was out, he try to shook her shoulder. "Baby please wake up" he tries to reach across but he was stuck and his arms and legs were bleeding.

"Jem" he opens up his mindlink, there was no answer "Kyle" still no answer. He saw leather boots coming towards their car, then her door side swung open.

He growl at a figure who unbuckle her seat belt and held her up to his arms. Dante couldn't do anything as his wolf was trying to heal them both as he was badly wounded. He kept on growling at the person thrashes around as he left him behind. Then he saw a fire starting, he withers around trying to free himself.

"Dani" he screams as he tries again, he got out in time as the car exploded "Jem" he mindlinks his beta who answer this time.

His vision was blurring "bring trackers here at South Side border near Allen's territory" he fell down on the ground mumbling "Dani" as darkness took over him.

Chapter 40 Missing

Losing you means losing myself. This pain I don't think I can ever erase.

"Dani" he scream waking up on his bed, he panted trying to control his breath sweat was glistening over his body. Feeling strong and seen that he's all heal he try to get up but a hand stop him.

"You have to rest Dante"

He growl when he saw Alexis near him. He wonders how she get to be here in his pack the last thing he remembers she wasn't allowed to be here. He pushes her hand away and stood up.

"Don't tell me what to do now… My mate has been taken"

"and I'm not" she retorted at him and he laughs at her remark.

"For you it was just a t**le nothing more to me and before you flatter yourself don't dream of something that was never there. I only have one woman in my life and she is my mate who is not here in this house. Yet I have to congratulate you Alexis you have no idea what you're walking in to" he grab a shirt putting it on and walk down to his office.

"Alpha"

Jem came from the back door Dante signal him to his office. He sat down his hand covers his distress face "I've already deploit our ten secret warriors to track her down" Jem says as he sat opposite him.

He shook his head "thanks Jem.. If I ever got my hands on that b******" he cringed "who Dante?"

"Kiev, he was the one who took her make sure to also track him down. I am not gonna let him live his life if I ever find him" Jem sigh heavily "we will find him soon and that's a promise Alpha."

"He took her on our way back, we" he couldn't finish as he was angry at himself wanting to get his hand on the so call prick Kiev who took her from him.

The door swing open Zoe storming her way inside. "Dante you should have been resting" she scolded him.

"Resting, my mate is missing and you're telling me to rest. Are you crazy"

"No Dante but you need to" he grip his hold on the armchair.

"Dante we'll find her but please right now your pack needs you" he stood up threw his desk against the wall, then crashes other things in his office.

"Need me, how many times do you want me to neglect and reject my mate over this pack huh Zoe," he scoff at her.

"My Mate needs me Zoe, she loves me and I rejected her for this pack. You know it very well than anyone. I never rejected her for Alexis or some f*** up life and now she's been kidnapped and you're telling me to choose the pack over her again" he shook his head with disbelief.

"Then why did you ignore her huh, we didn't tell you to choose this" he growl at her ferociously

"you shut up Zoe.. Say that again and I won't hesitate to kill you" he threatened her.

Jem glare at Zoe then he spoke "It's your fault that didn't leave him any choice, you chose to runaway once Kyle rejected you, leaving a 14 year old to fend for this pack when Rogues and the Crescent pack were attacking this pack and here you are telling him that he has a choice. What choice does he have when the only option he could do is do right by here and reject her"

Zoe completely became quite, she started to sob "I'm sorry Dante"

"well sorry doesn't make it alright, we have to look for the luna" Dante filled with agitated "Jem please prepare the car I'm going to look for her"

"Dante" Zoe tries to reach for him "you don't understand Zoe"

"I do"

"No you don't… we were okay… we were happy on our way here. I was excited to become a father when out of nowhere were sabotage" both Zoe and Jem gasp in horror.

"She's pregnant" Dante nod his head then he weeps Zoe moves her arms around him comforting her brother.

"I'm sorry again Dante, know that she's a strong girl. I know she's waiting for you to come and get her and trust me that girl will do anything to buy their time for you to be on time."

Jem came behind and pat him on the shoulder "Congrats man but don't worry will find her"

"yes and it's why I'm leaving now, Im not going to delay anything further"
