## Chapter 41 Kiev's Mistake

"What is done, cannot be Undone"

– Macbeth-

Kiev sat beside her still body with only her chest rising and fall surviving through a machine. It has been a week since they kidnapped her. Yet within that one week they have also discover her pregnancy.

No doubt the baby was Dante's pup which angers him as he still hates Dante.

When he almost convinced Daniella to be his he thought he was going to win yet fate once again left him stranded as a loser. He knew Alexis was alive the greedy b\*\*\*\* who uses others for her own benefit, the one who fool him and turn him down for Dante twice then choose to sleep with the Alpha rogue when she couldn't have Dante. She betray everyone in the past.

Daniella was way different from Alexis, she was innocent and never led anyone on. Right she was just like Alexis she also made a fool out of him. He clenched his fist while watching Daniella in coma.

The door opens the Alpha rogue strutted his way in "Kiev, any improvement?" he nod his head no with annoyance.

He would have taken her away to be his only except he wouldn't dare to do it as the Alpha rogue was hot on his tail. He may look non pa\*\*ive aggressive in the eyes of others but behind his facade smile was a cruel, physco and a cunning Alpha.

He came and stood beside her follow by a female doctor of his pack, the one who helps him during the kidnapping, her name was Ina. She nervously checked on her, Kiev looks up to her but she just avoid his eyes.

Kiev find it strange "Inamorata" the annoying alpha rogue spoke again and Kiev just relaxes back in his chair closing his eyes as the Alpha was ruining his day.

"I want you to take out the unwanted thing growing in her"

"Alpha you know that's not possible" Kiev eyes suddenly snap open.

"What did you say?" he moves to her as the doctor cower a little bit back

"Alpha, there is a possibility she will dies if we took her pup away. The pup is helping her survive if we took it away there's a chance she won't wake up anymore"

"that's not the answer I want right now. I want to mate her as quick as possible" he growl at her loudly.

Kiev got out of his seat "chill out Alpha, I know you want to mate her but you heard the doctor. There is a chance she might die," he smash the chair against the wall.

"You got her pregnant didn't you" he accusingly pointed his finger at Kiev. He saw a hurt expression on Ina's face and he wonders why.

"No the pup isn't mine, if you wanna know that's Alpha Dante's pup. He was the only who mated with her because she's his true mate" the alpha growl ferociously at no one.

"So please calm down and let's see what Doctor," he zone in his werewolf vision on her name tage for her last name "Yatsui, has thought on this."

She smiles at him then her gaze to the angry Alpha "we can wait until the pup is born by the time she would be heal fully. Then you can mate her and do whatever with the pup."

The alpha seems to be thinking for a moment before agreeing to the doctor's suggestions.

"Very well, will do that but I want the thing to be dead once it came out of her" Ina cringe with disgust on how he talk of the innocent pup in such ways.

"What if Dante found out before the pup is born? What would be our next move?"

The Alpha laugh at Kiev's words "he's too blind it to know anything he just totally bought all the lies. What a stup one" he laugh humorously while Kiev and Ina watches him with disdain.

Kiev always thought Dante was the most cruelest yet this Alpha is not only cruel but also crazy. He definitely need to be in a mental hospital.

"Kiev... Kiev" he keeps repeating his name "don't you want to hide, you know Dante once he aim for something he'll gets it. So you're his target don't you think you shouldn't be on my territory."

Kiev realize his mistake and how the Alpha uses him so that he can remain unsuspected. He shouldn't let his anger blinded him now he has no other chance to live as Dante is not a merciful person especially when someone took something away from him. He won't even bother to let him explain as the Alpha says Dante can be cruel when he wanted to. It may not be his exact words but that was what he implies to.

He slump back against the wall, the Alpha laugh at him then left to go out of the room with his laughter still echoing the hallway.

Ina moves to Kiev but something sharp from the wall, which was a knife that was hanging loosely to the side due to the chair thrown by the alpha earlier.

It has graze her arm, the blood now drips on the floor and she winces in pain. Kiev moves to help her but something stops him, the smell was enticing. It was coming from the doctor Ina. He watches her with lust his wolf taking over him, he growl with proudness in his voice  
“mate.”

Chapter 42 Hope

I think I'm going crazy, please give me a sign. Let me know you have survived.

A month Dante sat behind his desk mumbling 'a month' over and over again.

It has been a month since she's been kidnapped there were no words or even a clue on her whereabouts. He has been travelling everywhere and still no result of Kiev or his Daniella. It was like she just vanish in a thin air.

Allen has also lend out his best track warriors to search for Daniella, in fact they have never found her too.

Yet despite missing his luna Dante never neglected his duty as an Alpha and has trained everyone in the pack just in case rogues attack them again in full force.

He sat there thinking of her and his unborn pup, the door opens Cameron walk inside he sat opposite him. ”

You need to rest” he says Dante stood up walking up to his window and watches his warriors in training. Then to the women and children playing on the other side of the field.

“I'll rest until I find her” Cameron walk up to him laying his hand on his shoulder “you'll find her if you have enough strength and by having enough strength you need to eat and take a nap” he doesn't reply to Cameron.

His eyes were still fixed outside, Cameron take a look at him once more “think about it Dante.”

As Cameron walk towards the door Dante felt something trying to push through his links and he tried to ignore but again its like someone is calling for him.

“Dante” he knew that sweet voice it was his Mate. Oh how much he misses hearing it. Making his heart melts and filled with elation.

“Dani, love” Cameron stops when he saw Dante going on his knees.

Daniella as if she's running told him through their links that the rogue will attack at dawn from three days onwards from the south side using the secret passage. She shouted at him through the links "never to trust any other Alpha" It was her last word before their links was cut off completely.

Dante howl in anger calling out for Jem who arrived there immediately. "It's time to be ready the rogues will attack soon"

"Alpha how did you know?" he smile

"My Dani mindlink me, she's alive" he almost burst in to tears. Cameron smile at him "then fight to get her back" Jem nodded in agreement.

"Of course I will, fight for the both of them"

In some unknown secret hidden place Daniella lie there listening to her guests. She has been awake after her two weeks coma. From then on she still pretended to be in it.

The poor doctor thought she's not improving but Daniella already ask her wolf to help her numb her body. Everytime they came inside the room Daniella heard all of their conversation even the doctor and Kiev's affair behind the Alpha Rogue's back which disgusted her the most when they done the deed inside the room.

She pity her mate only to found out later on, that the two are true mates. She tries to listen if she could find out the real identity of the Alpha but all she knows he's an Alpha rogue who was also an Alpha to a pack.

The door slams open Daniella lie there unmoving.

"I can't live here anymore Kiev" she heard his Mate.

"Why?" Kiev asks desperately "they will attack them sooner and I heard they'll sending me there too as their doctor in this war, Kiev I don't think" he hushed her up.

"Shhh when is this?"

"at dawn three days from onwards, they will go through some secret passage there and they wanted me"

Kiev cut her off and held her tight in his arms.

"Do you trust me" he ask her and she reply with a nod "then we're escaping today" Ina held back his arm.

"We can't" she says "why?"

"here is strictly under surveillance believe me. I try so many times to escape but they always found me" she sobs again.

Kiev held her tight "then I'll talk to him that we'll take pardon. He would let us go as Dante is still tracking me down. It'll be a good distraction to them,"

"but what if" he put his finger on her lips "it will."

He kisses her on the forehead before slamming the door closed.

Daniella instantly got up gasping for air. Her eyes towards the door 'it is now or never' she told her wolves as she made her way to the door.

Chapter 43 Infidelity

"Infidelity does not come from a lack of love. It comes from a lack of respect."

Daniella sneak up on the door after Kiev and Ina left her room. Opening her senses to try and detect any movement outside of the door she heard nothing. Then she tries to follow the scent of the two through the passage way. She couldn't believe how big this house could get.

She stops in front of a large door she opens it up stealthily not even breaking any sound. She heard voices raise she follow through it and stops in front of another door she heard arguments from inside.

Peeking through the hole using her werewolf sight as it was stronger. There she saw Ina and Kiev standing in front of a man blocking him from her view.

"I'm sorry but I cannot grant you to leave" she heard him saying and somehow she kind of knew that voice but couldn't remember where she heard it from.

"You see Kiev if only we're not bound by blood I would let you go"

"What do you mean?" he threw his fist at him which Kiev fell on the floor and Ina move to help him up.

"I can't let another heir live peacefully, there's only one and that's me" Kiev shook his body in fear.

"Please I don't know what you're talking about, just let us go I won't stand in your way"

"that's the problem you won't but if people knows I'll be damned. Tsk Tsk your so call aunt Evelyn should have told you"

"What do you mean?"

“Kiev we are the fruits of our parents infidelity. My real father is the beta and your father is the Alpha. The only thing connecting us both is our prissy stupid good for nothing sister who’s rotting in the cell.”

Kiev shook his head “no you’re lying” and he threw the papers in front of him.

Kiev reaches then read through it he looks shocked for a moment “no this is not real” the man hidden behind the mask laugh “not real, of course us is not real as we’re both illegitimate, except for the b\*\*\*\* downstairs.”

This made Kiev launches at the mask man who was not fazed by his attack. He laugh at him even more when he easily punches him then threw him off the ground.

He moves towards him taking out his silver blade. He plunge it to his heart instead of Kiev Ina was stabbed by the silver blade. Kiev screaming for his Mate who now lay limp on the ground. He turn to fought him but easily the mask man held him by the neck choking him up.

“There’s more to our story than what to tell, you’re not the first sibling I kill after today” he laughs evilly. “Our younger brother Shawn I drown him in the tub when he’s just a mere infant blaming it on the luna, who was biologically my mother” he lower his voices.

“Then she got executed poor w\*\*\*\*” he smile “That wasn’t all, time flew by I target the rogue King and when I lure his Mate in I kill them off. As for Dante well he’s already under my spell. His Mate is now mine and sooner everything he owns will be mine”

Kiev spit at him “you’re a sick b\*\*\*\*\*.” He smirks “I know cause I’ll make sure to be the last man standing, thats how sick I am”

He tighten his grip “before I do this” his other hand went through his heart “I just want to let you know our sister will be the last to die” with that he rip off his heart making Daniella scream in horror.

His head swerve to the door way Daniella stumble back then she make a run for it. She runs through the hallway as she heard voices and footsteps chasing after her.

“Dante” she mindlink he didn’t answer she try again and this time he answers. Without wasting time she told him that the rogues are attacking the pack at dawn three days from onwards and it will be through the secret pa\*\*age. Right when she told him not to trust any Alpha she collided with someone she felt something injected to her neck and her wold fell in to dark.

She woke up in a cell the mask man before her. He took a step forward and she move backwards

"Oh Dani, took you long enough to wake up. I hate to leave you now but when I come back I'll make sure that thing is removed and you're fully mated to me" he walk out closing the cell door.

Daniella rock in her heels praying Dante and the pack to be safe.

"I wish I knew it earlier, I swear I'll kill that son of a b\*\*\*\*" she heard a voice from behind her and she turn gasping in surprise "what the hell!"

"I know, believe me if only I saw it coming. Now you know who he is now let's go kill all these mother f...kers in here and get our hands on that Ahole"

Daniella was far beyond surprised by her as she didn't take her as that kind of a person who curses a lot.

"wait what's going on?" Daniella ask with confused.

"Darling you've been out for three days, that mothef-"

"can you not with the f word"

"Dear Ella leave that to me I've been planning this for so long" she wiggle her eye brow to her

"are you ready to join Dante to murder that son of a b\*\*\*\* monster or whatsoever" Daniella nodded her head.

"Then let's burn this mother fu...king house down" Daniella groan at that.

Chapter 44 More Traitors

No wise man ever thought that a traitor should be trusted.

-Marcus Tullius Cicero-

When rogues attack, the two territories of the Crimson Pack was ready for them. Even though it was a last minute call since his Mate was able to get the message through their mind links to him and Daniella wasn't sure which pack the Alpha was from.

Dante knew he couldn't call any Alpha for help rather defend themselves on their own. So he visit Alexis alone in the cell. He opens it to see her sitting there in the middle meditating.

"You finally came Dante" she gaze up at him not moving.

"Don't think I'll just do the loving Alpha to you. So you better answer my question when I ask you to." Alexis remain quiet she knew not push his b\*\*\*ons.

"Tell me who and which pack?" she lower her gaze "sorry Alpha but I cannot say his names out loud or his pack's name. The moment I do he'll knows" he look at her with confuse "I am already branded as his."

She sat there and Dante for a moment pity her for not having a happy life. "But I can identify some of his traitors in this pack" she smile.

"How do I know you're not lying"

"don't trust me Dante but hear their name and you'll know it's the truth."

So she began to name them, Dante find it hard that 10 of his pack members are traitors and 4 of them are his well trained warriors. She also told him to watch out for their northern border.

"If you're telling the truth after the war I may grant your freedom but lie to me and I'll always come back from my grave to haunt you."

He left afterward summoning Jem, Cameron, Lawrence and Kyle changing their plans last minute. The traitors were not led in to the plan where they won't be attacked in full force but will be divided in to two forces.

Kyle and Lawrence their Gamma will lead the other team with the 600 of them in numbers altogether taking on the original plan. Jem, him and Cameron will take the last team consist of 1000 warriors while the other 500 were left behind to guard the women and children all locked up in the safe house.

Dante informed all of his team on the traitors in order to watch out and never to slip anything up. After discussing their plans he turns to Jems brother "Kyle may I have a word with you" Dante excuses Cameron, Jem and Lawrence from his office leaving only the two of them alone.

"I know you're my sister's mate and I know you love Clara but I ask of you to break up the bond completely with Zoe as much as I hate it but I can't let my sister suffer like that while you love another."

Kyle didnt speak he just listens in

“Zoe”

“sorry Alpha but can’t do that” Dante threw his desk aside “damn you Kyle” he growls “you can’t do that to her.”

Kyle got down on his knees in front of him “I’m sorry but please give me time” he beg him. Dante slam his fist on the wall “for the sake of Jem and our friendship I’ll grant you time but you better not parade Clara around her.”

The door slams open Jem saw his brother on his knees he ignore it immediately “Alpha they are on the move now” he look at Kyle ‘time to move.’

Lawrence saunter beside Kyle towards their team his eyes never leaving the pack traitors he gestures to others then to Kyle who nodded in return. When the siren was up informing the intruders they attack first. Once they went deep into the woods Kyle whistle loudly and with that they surrounded the traitors.

“Ahh Kaios you shouldn’t turn your back on your brotherhood” Lawrence sneer at one of the traitors

“too bad the Alpha is on his way there” he smile.

The rogues emerged from the darkness surrounding their group Kaios and his followers smirk “what were you saying Delta.

There were quite a lot of them, cornering Kyle’s and Lawrence team. Kaios growls at the rogues “Kill them” and they all shifted moving in for the kill.

The rogues were coming off strong yet Kyle and Lawrence with the rest of the team remain their stance. They fought back with their might until fewer were left. Kyle move in to kill off Kaios, he jump up in the air thrashing him with his claws ending the traitors life.

Then he saw her fighting, his eyes couldn’t believe she was fighting along them. Kyle wonders how she got here but looking at her dresses in male clothes he then get it. She must have masked her scent and sneak her way in to their Team.

Watching her fight makes him and his wolf proud yet she wasn’t his anymore as he has taken another she wolf as his Mate. Zoe kills off the rogues then she slump against a tree sweat dripping from her forehead while she took a break. She looks up finding him watching her, he never took off his gaze he then gave her a smile.

Yet she never returns his smile not when a rogue lying on the ground crept on her from the back and plunge a knife at her. Kyle screams moving towards her in speed, she fell on her knees. The rogue raise his claws to finish her when Lawrence got on time killing the rogue the last of them.

Kyle crouch on the ground taking her body in to his arms

“Zoe, look at me” he cries “please Zoe, don’t die on me” she cough up blood gazing up in to his eyes her lips turning in to a smile. The brightest smile he ever saw.

“Zoe” he cries holding her close, he mindlink for a Doctor “damn it Zoe” he rock her back and forth while crying.

He took her face in his hands “Zoe, don’t you dare die on me” he sob. There were so many things he wanted to tell her. So many regrets that he needs to let her know yet here she was dying in his arm. Dante warn him not to hurt her but he just kill her today.

“Zoe” he sob “do you remember the first time we met?” she smile as if recalling those memories in her head. Her eyes flutter a little she shook her head weakly then her eye lids slowly closing, her chest slowly rising she was going to die in his arms.

“Zoe” Kyle scream as his hold on her tighten his tears never stops from falling.

Chapter 45 Sweet Betrayal

“The worst feeling in the world is knowing you’ve been used and lied to by someone you trusted.”

Dante move to their north border where the Alpha rogue and his pack are waiting for signal from their 1000 rogues that he send to destroy them not knowing they have been informed of their attack and plans they made.

The Alpha rogue in mask stood with his head raised high proud of what his rogues and pack members were doing. Hearing the screams from a far he howl in joy and when it all dies down he smile wickedly to himself.

No more was heard from a far except a painful howling of a wolf in agony. The cries of loss and betrayal the alpha king thought Dante must have fallen.

He signal for his men to move forward, there were 500 of them left as he has deplot most of his men before. They move to enter the border only to be stopped by 50 metre away from the borders as figures starts to come out from the woods.

Cameron and Jem chuckles at one another “what’s the rush rogue?” sneer Jem.

“You think you can scare me pup,” he laugh at Jem then he eye Cameron “none of you will take me down, I’m sure your pathetic Alpha has enjoy my gifts hearing him in agony I must say Kaios and his followers put on a good show,” he laugh at them.

"Either you surrender or I'll show no mercy" seeing that Jem and Cameron don't move he smirks "very well but before I kill you I want you to remember this face in your time of death. As this face and my name will reign forever."

He took off his mask Cameron and Jem became still, they were too shocked to move. They just couldn't believe he would do this to them.

## ADVERTISEMENT

Dante who has been hiding heard the Alpha rogue saying to remember his face as his name will reign forever. He took a peek not exposing him to the man behind the mask waiting for him to be exposed first.

The Alpha rogue finally took it off completely and his heart felt zillions of knives stabbing it. His wolf resurfacing from the betrayal he felt but he tries to control him.

He wouldn't do this to him would he, his wolf whimpers, how could he do this for so many years why would he stab him like that.

The Alpha rogue was none other than his best friend Allen the Alpha of the Crescent pack.

Dante held his fist tight hearing him laugh at Cameron and Jem for having a useless expression. He couldn't believe that he befriended a traitor, a monster who is ready to take over his pack.

He heard him boast "Tsk Tsk, poor Dante if only he knew that saving me was all a plan out. He thinks I was weak but those junks that attack me back in school was nothing but my minions at the time" he parades in front of his warrior chuckling at how he has hid his identity so well.

"If only he knew I was seeking my revenge, since his betrayal of a father kills mine and when he took the territory from the council and the woman I want oh the more I sharpen my knife"

Cameron stood with disbelief "Alpha Lydon never kills your father Alpha Lucius" Jem retorts

## ADVERTISEMENT

"ahhh but he kills the beta who was my real father" Dante wouldn't believe that he befriended a son of a man who tries to ruin his mother.

Yes their rivals may start from their ancestors. Indeed another reason adding up to their years of feud was that the Beta tries to ruin the Crimson Luna at a party who was also Dante's mother.

"Your father try to ruin our luna" he snarls at Cameron then he cracks up laughing.

"Isn't it funny the history repeats itself except I won't ruin your luna as I already made my intentions clear to Dante in the first treaty"

Dante curses at himself how he miss and forgot that piece of the puzzle. Everything makes sense now, how it was impossible to track the rogue Alpha and him not looking for his Mate as he was the one kidnapping her. No wonder why his best tracker couldn't find her. He was indeed lying to him all along.

"Don't worries I'll take good care of her. I wish I could tell this to Dante that the more he took things before my eyes the more I vouch for his death and fight for them to be mine. In case you're confuse about me being the rogue oh well I kill that son of a b\*\*\*\* by using his Mate" he laugh humorously.

Dante hearing enough of it lean against the tree his warriors back was covering him from Allen. He claps his hands slowly and his warriors move aside as he walks in the middle revealing himself.

Allen's eyes gone wide, he didn't expect him to be alive "that was quite entertaining Allen" Dante pretends to laugh and instead of regretting the fact of his best friend's betrayal he numbs all his emotions turning off his human side and look at him with cold glare. He can't look weak in front of his pack and the enemies.

#### ADVERTISEMENT

"You thought you can get rid of me that easily, sorry but I wasn't name Dante for nothing by my parents. So don't expect for me to just watch you while you took everything that belongs to me. Things that I don't steal as they were made for me unlike you everything you have are not rightfully yours."

He growl at Dante scowling at his warriors and rogues band to attack. Dante didn't give him any chance as one look at Jem, Cameron and his warriors they fully understand.

It was time to attack no emotion no more holding back, friends or not today is that day to live or die.
