The pages of the diary looked well-kept. You could see that the owner of the diary—the previous exchange student—took great care of it. You had half expected to see crisped golden pages. You flipped to the first page and right away you were hit with an oddity.

# <u>'Writing so I can tell you...'</u>

'You'? Who was 'you'? The whole diary was littered with wordings of concern for this 'you' person. It was like she was telling her life story specifically for 'you'.

Ignoring the strangeness of the first line, you continued to read through the diary without interruption.

Writing so I can tell you everything when I get home  $\heartsuit$ 

a

So many things already happened on the first day here. Leviathan wants me to make a pact with my guardian—Mammon—to try and get back his money. Now, I have to find out where Mammon's Goldie (his credit card's name) might be. I'll have to try asking Lucifer

#### without him noticing what I'm up to. Though I'm not sure how I'll manage, the eldest is quite intimidating and seems quite attentive. He might see through my lies.

I wish you were here with me, I miss you already. I'm trying my best to be optimistic about this situation since they promised me that they will grant me my wish if I finished the year. All I need to do is survive until the end and you'll finally be able to go outside to do what you want~

# <u>2/365</u>

# It's strange. Isn't there supposed to be 7 brothers? Why are there only <u>6 then? Where is the 7th?</u>

Hah... I'm sure you would know if you were here. You're always so intelligent. I can't wait to go back. I hope the year passes by quickly.

# <u>4/365</u>

I met the other human exchange student today. His name is Solomon, He seems pretty nice but also seems quite distant. He's really mysterious. A er Solomon le , Lucifer came up to me and warned me about him. I tried to ask Lucifer discreetly where he might have put Mammon's Goldie and he told me he froze it. When I told Leviathan about it, he thought Lucifer literally froze it in the freezer. Which then resulted in us going to the kitchen at night and meeting Beelzebub. I took that chance to ask about the 7th brother but he only warned me to never bring this up in front of Lucifer. Strange. Anyways, I managed to get a pact with Mammon~!

# I miss you so much but it has only been four days. Have you been eating well? Is everything okay there? I hope that my disappearance didn't burden you in any way. You must properly look a er your.

health okay? You have to stay alive until I come back. I hope I won't be too late. In my dreams, you were gone before I finished the year. You just le without a word away from this world. I'm afraid of that actually happening even though I know that it was only a dream. 5/365

Lused the pact for the first time today. It was to get Mammon to actually use my name instead of calling me 'human'. I feel so powerful but so guilty at the same time. To command someone without their free will— It brings back bad memories. But! I couldn't let him keep calling me human without respect. Well, it doesn't harm him so I guess it's fine? I'll try not to use the pact unless needed next <u>time</u>.

<u>I think you'll also want to know that I met the angel exchange</u> students. One of them was called Luke and he warned me about the demons, especially Lucifer. He reminds me of when you were young. <u>So cute~</u>

Then at night, I heard a voice calling for help so I followed it. It led me to a staircase but Lucifer prevented me from going up and sent me back to my room. The staircase is suspicious. Lucifer is suspicious. What is at the top of the stairs? Am I being too curious? They say that curiosity kills the cat. People always use that as a warning to not be too curious about things you shouldn't. But hey? Satisfaction brought <u>it back.</u>

## <u>6/365</u>

Lucifer is blocking the way to the staircase again! Does he just stand guard every single night? Something must be done about that demon if I want to see what is at the top of the stairs. I wonder who that call for help came from. I hope whoever it is, they are alright.

#### <u>9/365</u>

Okay! News! I managed to figure out how to distract Lucifer. It was a soundtrack of something. To get it from Leviathan I ended up having to compete with him to see who's the biggest TSL fan... Which then resulted in me staying up to binge-watch the whole TSL series... Which then resulted in me asking for help from Solomon (who also seems like quite the big TSL fan)... Which helped me win... Which then resulted in me spraining my wrist. It was no big deal, really. I don't understand why they all made such a big fuss about it. **10/365** 

## Mammon came barging in last night so I can only finish writing this today. Anyways, I ended up getting a pact with Leviathan and managed to get the soundtrack. Now all I have to do is give it to Lucifer.

<u>Though, I wonder how you are doing right now. Are you eating</u> enough? You're dressing warm for the autumn, right? You're still <u>being careful, I hope?</u>

## <u>14/365</u>

So many things happened in the last few days. I went up to the attic and found Belphegor there. He was trapped there by Lucifer. There are so many mysteries surrounding this family.

#### <u>15/365</u>

My bedroom was destroyed, so I'm now living in Beel's room. So many things are happening. I don't even have time to write here. I'm so sorry. I'll try to write a bit more so that when I come back I can share this story with you. I'm sure you'll love it! I can't wait until the year is over so I can go back to your side.

#### <u>16/365</u>

I think you'll like this story! Did you know? The demon brothers were actually angels!? Surprising! I know! They were fallen angels. However, the brothers seemed to not have the greatest relationships. Belphegor and Beelzebub... It's sad to see another pair of twins caught up in a family situation like this. I want to help them, I really can't stand everything that is happening. It just reminds me too much of us. Everything that revolves around the twins makes me sad to think about what would happen if nobody tried to solve the tension or their broken bonds. They are so distant from each other. I want to help them. I want to be able to save them before it's too late. I couldn't save us but maybe I can try to save them? If only I was a bit braver back then, if only I questioned everything, if only I tried to sort everything out, if only I reached out, if only I weren't too late, if only... so many ifs... but it's no use anymore.

#### <u>20/365</u>

I'm sorry I couldn't write more. I was just a bit shaken up these days. I've been thinking about a lot of things. The brothers is something I've grown to care about. I am willing to do anything to protect them so they don't end up as we did. Filled with regret and

misunderstandings that are too late to solve. A broken family, a forsaken pair, you and us, he and them. The things that I would do...

# <u>25/365</u>

So exhausting I just came back from a 3-day retreat to the Demon Lord's Castle. Diavolo had decided that it was a trip to get to know everyone better. It was so much fun! A lot of things happened and I gained a new pact. I'm one step closer to freeing Belphie and hopefully maybe even be able to help them solve their problems. There's definitely an unseen tension with the youngest gone, though you can't really see it with every crazy thing happening.

#### <u>26/365</u>

Haha Haha. A very interesting thing happened today. I learnt that the brothers were ranked from most powerful to least powerful and that Satan was actually born from Lucifer's wrath. Satan is basically wrath itself. Interesting, isn't it? Either way, they started to fight and the two of them managed to switch bodies a er touching a forbidden book. I just discussed with them what we should do with this whole ordeal. There's no way to switch them back and trouble is going to arise from this.

## <u>27/365</u>

Diavolo completely saw through Satan and Lucifer's acting. Turns out that Lucifer has a speech two days later on the exchange program... The exchange program. I almost forgot. The program took me away from you without my consent but then in order to get me to stay, they used you At night the two fought in my room. It got pretty heated. I wish I could do something for them. I'm currently writing this in the privacy of the bathroom since they are still in my room... Get out of my room already, why do they have to use this room when they have their own There must be something I can do for them, maybe <u>Mammon knows? I should go find him and ask.</u>

By the way, how are you? You're still healthy and safe, I hope? It's nearly a month already, I hope you didn't realize that I'm missing. I

don't want to worry you unnecessarily. Maybe Diavolo erased your memory or told you that I'm on an exchange program overseas? With his power, I wonder what he did to make my absence seem normal? 28/365

#### 20/303

I just survived a bloody dating sim game and wow! I can't believe I actually survived! I really should make Diavolo add a promise that if I die you will still be healed. I had so many close calls to death these last few days. I'll probably die before the end of the year. If Diavolo can make sure you are alive, healthy, and happy, then I wouldn't be so scared about dying. I can't die since I don't know if my wish will still be granted. If I do it before the end of the year I will be going back to the human world again! I wonder if I can see you! Is that why I'm so happy right now? I miss you so much! Even though the reason for going back to the human world is to find the witch to switch Satan and Lucifer back to their own body... I wonder if I can at least call you? Since there is no way to call you from my D.D.D. Maybe I can call you by using a public phone in the human world? I'll finally hear your voice again so I think I'll finally stop being so paranoid. I want to tell you about so many things! So so many things! I want to at least tell you that I am alright and where I am! I'm writing this just before we depart since I want to tell someone about my excitement! It isn't like I

## <u>29/365</u>

can tell any of the brothers...

## <u>36/365</u>

I'm so glad that they reconciled and they are happy and everything is fine again. So many things happened... Being killed and resurrected Time traveling, meeting Lilith, and discovering I'm their angel sister's reincarnation's descendent. Oh! And also helping them clear away the awkwardness and tension around each other. Making it so that they are all peaceful and happy, solving their broken family, and helping them communicate with each other properly... They're happy so I'm happy. I'm so happy! So so happy...

It scares me how quickly Belphegor accepted me a er trying to kill me. Is it all because of Lilith? He...doesn't seem to see me as me... But instead Lilith. Though, I guess that is okay for the greater good? Since he is seeing Lilith in me he doesn't hate humans anymore and won't try to destroy the human world or kill any? He wouldn't do any of that anymore. So I shouldn't be afraid of him slashing my throat... yet why

do I still remember it so vividly. Why is it that even a er a week passes I still see the same exact scene every single night I close my

eyes? I can't sleep like this. I don't want to see it, feel it, or live it all over again. It keeps happening like a loop. My sleep is haunted by the memory. I'm scared, I'm tired, I want everything to end and go back to you

I miss you a lot. I want to go back to you already. I hope you're still healthy. I wonder how everything is going without me around. You must still be living without even realizing I'm gone. Still happy and healthy. I don't mind as long as you stay happy and healthy. Happy and healthy. Happy and healthy.

# <u>40/365</u>

It's Diavolo's birthday today. The party was also a welcoming party for me. Belphegor gave me a pact... Maybe I shouldn't be so anxious about him now. I shouldn't be scared. I'm happy. Super happy! Look! They even prepared a party for me! And they are demons! To be fair, J already knew they were preparing some surprise for me a few days ago. They kept asking me what I wanted. Only Belphegor didn't ask me. He actually already decided back then that he was going to o er himself as a present for me. His pact is probably the only thing I really desired. Now that I have a pact with him I shouldn't feel afraid anymore. He won't be able to kill me! I can stop him! I'm really grateful for everything they gave me!

## <u>43/365</u>

I don't understand. Why do I still keep having the same recurring dream? I constantly see Leviathan lashing out towards me, Lucifer's demon form drawing closer to kill me, Satan cornering me in rage, and Belphegor reaching out towards me to snap my neck. I feel like I'm back there again, living in the moment. They constantly repeat again and again, reminding me, making sure I never forget. I shouldn't be scared anymore. They all happened in the past. I have pacts with most of them. They like me. They wouldn't harm me anymore. But I still can't seem to forget, to stop these memories from haunting my dreams. I haven't been able to get a good night's sleep for so long. I'm so exhausted. I have to constantly apply makeup to cover the dark shadow under my eyes. I shouldn't worry them with my problems, they are already burdened with their own.

#### <u>45/365</u>

I can't help but dri o during classes. I'm so tired but I can't seem to
fall asleep. It's even harder to stay asleep even when I manage to dri
o. I can't seem to focus on anything these days. I don't even know
why I'm making so many errors these days. It's hard to do anything
these days. I just want to lie in bed and do nothing, but I can't. I have
to keep smiling and going to school or else I'll cause worries.

#### <u>46/365</u>

I've been going out more these days, hanging out in Purgatory hall and staying there.

#### <u>48/365</u>

I'm sorry I'm sorry I'm sorry I'm sorry it's all my fault please tell me you're okay

#### <u>51/365</u>

I can't anymore I can't I can't I can't please stop please stop I'm sorry I'm sorry I'm sorry I didn't mean to lash out I'm sorry

# <u>52/365</u>

Lam at peace. I am at peace. I am fine. I am happy.

#### <u>54/365</u>

It has been hard to eat food. Beelzebub said that I haven't been eating as much as before. I told him I was trying to lose weight. He doesn't understand why someone would try to lose weight by eating less. Truth be told, I am not losing weight. I just don't have the appetite these days but I don't want to cause him any worries. Should I have told him the truth?

## 59/365

I found an injured owl today. The poor thing. One of her wings is bent awkwardly and there are scars all over its body. I'll have to take this in, I couldn't just leave it where I found it. Lucifer doesn't allow pets so I have to be careful not to be discovered.

#### 60/365

I applied the wounds with some ointments bought in town and bandaged the wings up a bit. I wonder if I'm did this correctly.

#### <u>63/365</u>

The owl opened her eyes today. What an enchanting purple. She has the same eye colour as me. I hope she gets better soon. I should also thank Satan for the book when I have the chance, it was super useful.

# <u>67/365</u>

She seems to be getting more lively these days. She's so cute. Just seeing her play around helped me forget those haunting memories. Maybe she's a special demon owl that can help people forget things? 72/365

I thought of a name for the owl since I can't just keep calling it 'the owl'. So from now on she will be named Liatris for the colour of its eyes. Liatris symbolizes happiness, joy, and bliss. It's perfect for her since she brings me so much joy. I also wish for her to constantly be happy. Hopefully, that name can bring her as much bliss as she

# brought me.

I wish you could meet Liatris as well. I'm sure you'll love her just as much as I do. She's such a cheerful little owl~!

## <u>74/365</u>

I'm so glad Liatris is getting so much better now. Soon she'll be all fine and go back home. I wonder when I will be able to go home, back to vou?

# <u>76/365</u>

Liatris is jumping all around me. She almost seems worried. I'm really fine. I just blacked out for a few seconds. She's so adorable. Oh! She

# flew away. Where did she go? I need to go check.

<u>77/365</u>

It is almost like Liatris can understand me. She knows everything I want and need. It's so strange. She seems to know me better than I know myself. She'll bring me food when even I didn't know I felt hungry until I ate it... and she also brings me the exact food that I

crave for at that exact moment. She's always looking out for my wellbeing. Maybe I have been starving too much these days, I don't even feel that dull ache when I get hungry.

# <u>80/365</u>

<u>I released Liatris today. She was all recovered. She looked so free as</u> she flew into the air. I'm going to miss her a lot.

# <u>89/365</u>

I'm fine! Why can't they just listen to me?! They kept fussing over me when I came back.

# <u>90/365</u>

The brothers are preventing me from leaving the house. They say

they are worried since I keep going out early in the morning and stay out until very late at night. They say I'm almost never home. They say I don't look so good. They say I should stay home to rest. LIKE THEY KNOW ME! It's all an excuse so they can lock me up. I'm locked up like a caged bird now. They say it is because they are worried for me that

they are locking me up. Ha! Like they understand my needs. I ask them why they are worried about me. They say it is because they care for me. I ask them why they care for me. They say it is because they love me. Love? What love? Are demons even capable of love? Isn't their 'love' just an excuse to trap me and take away my freedoms?

Those fuckingdemons. They can't stop shackling me, haunting me, making it so that I can never forget them.

# <u>91/365</u>

I can't believe it. How could they? Who gave them the right to choose <u>for me?!</u>

# <u>92/365</u>

Ahaha! HA! I'm so tired of them. I don't want to see this place

# <u>anymore.</u>

<u>93/365</u>

I'm calm I'm calm I am calm I am calm I am not insane they don't exist I am fine I am

#### <u>94/365</u>

It just won't stop! Shut up! SHUT UP! Please just shut up!

<u>95/365</u>

These voices just won't stop. shut up shut up shut up

<u>96/365</u>

<u>I have to keep on smiling.</u>

<u>97/365</u>

I was finally allowed to go out today. Solomon said that as a human he understood me and brought me out. He told the brothers that I should get some fresh air. I'm thankful to him. When he went to get some food, I met a woman. She gave me an o er... Can I trust her?

#### There were only blank pages a er this entry...

You tilted your head in confusion. Was that really the end of the diary? You flipped through the remaining blank pages, trying to find something, anything. Why was a diary ending in a cli hanger now? You hated cli hangers. Who was that woman? What o er? You needed to know.

You paused. Something fluttered out from between the pages.

...A letter?

# To my most precious person, You probably don't know who I am. If that is the case, it means everything is in its right place.

#### Don't worry. It's normal to be confused. You don't need to worry about anything. A er reading this letter, you can just burn it, trash it, and forget about it.

If everything is right then you shouldn't know who I am, you should be healthy and strong now, you should be able to leave the hospital without worrying, you should finally be able to chase your dreams

and live how you want to. I hope that is the case. If not then... I'm sorry. I'm sorry for being so useless. Please just forget about me if you can. Live your life happily without burden. I hope you can grant at least that wish of mine if Diavolo fail to grant my other wish.

Please know that I love you from the bottom of my heart and that I have been thinking about you everyday for the past 3 months. Even if you don't remember me, my soul will forever remember you. I am sorry that I to protect you to the end... but I hope that when you are reading this, you will finally be able to live a normal and happy life. The diary that I have sent with you... just see it as a story. There is no

need for you to be too caught up in it. I love you.

P.S. Burn this letter. See it as a prank letter if you don't remember who I am. Move on with your life. I was being selfish when I wrote this letter. If I ever sent this to you then it was my mistake. Don't think too much about this and burn it.

## <u>Sincerely</u>,

## <u>The broken half of yours.</u>

The letter... It seemed that it had failed to be sent. Were the letter and diary written for someone?

You closed the diary and looked out of the window. It seemed that night had already fallen. Moonlight poured in from the glass panes. There was something pleasantly dierent about the human world's night and the Devildom's. The human world seemed to always be so alive and bright, you could hear the calls of cicadas even a er dusk. While in the Devildom, there was always something eerie about the night call of whatever-those-devil-creatures-were.
