Ex-Husband Wants Badly to Resume Their Marriage Chapter 24

He Still Often Forgets About It

Jacob had made various excuses, such as gifts from the company and gifts from partners. There was a strange and quiet atmosphere in the Rolls-Royce. Jameson opened his eyes and put on a serious face.

They had been divorced for more than one month, but he still often forgot about it.

It was not easy to break with some old habits. But Sharon seemed to adapt the change quickly.

“Mr. Proctor, Lumiere Jewelry will hold a show next week. As a former partner, we can send some gifts for congratulations. We don't need to give gifts to the whole company, just to the editor-in-chief, photographers ... designers. How do you think?” Jacob added.

Jameson kept silent for a few seconds.

Suddenly, he said, “Some of our artists will join that show. We should prepare some gifts.”

Jacob sighed with relief and began to prepare.

Three days later, the assistants of the Proctor Group arrived at Lumiere Jewelry to distribute the gifts.

Lance didn't understand what happened when seeing the gift.

How could Jameson suddenly become so kind and friendly? The photographers were also dumbfounded when receiving gifts.

God rained pennies down from heaven! Only Sharon, designer of Lumiere Jewelry, remained clam when seeing the gift that was sent to her through a long and tortuous way.

A few staff members were discussing intensely in the tea room beside her.

“You see, the Proctor Group especially values our magazine recently. It must be because of Sheila. Mr. Proctor indeed tries every way to satisfy her.”

“No wonder I heard that Mr.Carter is looking for an ambassador for the First Love collection.Supported by the Proctor Group, no wonder Sheila could attend this show in replace of other models better than her.’

“But I heard that Mr.Proctor’s wife is as pretty as Sheila.He doesn’t need to...”

“You don’t understand.How could a beautiful wife beat a coquettish mistress? Sheila looks simple-minded, but she knows exactly how to attract men.”

“I want to spill the tea.It’s true.Mr.Proctor had been divorced.Sheila might succeed to achieve her aim.”

“My God, no wonder she gets so many good opportunities.She is going to marry a wealthy family.But will the Proctor family accept her?”

“What not? I heard that Mr.Proctor’s ex-wife had worked in Twilight Club before.Even she can marry Mr.Proctor.Why can’t Sheila?”

When Tiffany came over, she heard the last sentence and immediately said angrily, “What nonsense are you talking about here during work hours? If you don’t want to work, resign immediately!”

It was the first time they saw Tiffany was so angry.

They were fearful as they went back to their workplaces.

After they left, Tiffany walked to Sharon and I said, “Sharon, forget their nonsense.’ Sharon reacted and smiled, “It’s fine.Did you receive a gift too?”

As a well-known photographer, Tiffany naturally received this unique gift.

After insulting Jameson and Sheila passionately for ten minutes, Tiffany finally calmed down and asked, “The show is going next week.Are you ready?”

“Yes.Everything is ready.”

Sharon went to the hospital after leaving Lumiere Jewelry.

It was maternity examination day.

The doctor said that her little baby was well developed and had grown from a little soybean to a little pea.

Not long after she finished the examination and went out, she heard a man voice behind her, “Sharon?”

Sharon froze and slowly turned around.

“It’s really you...Sharon, I really want to talk with you.Let’s have a talk, okay?”

Martin walked over quickly and grabbed her wrist.

Sharon pulled out her hand and responded after a long time, “Alright.”

In the coffee shop outside the hospital, Sharon and Martin sat opposite each other in silence for a long time.

Then Martin pursed his lips and said, “Sharon, three years ago...’

“I’m sorry about what happened three years ago.

If you want to know the truth, I can tell you now, Sharon said, “On the day of winning the prize, I received news that my father had a million usury.I wanted to exchange the opportunity to Paris for cash, but I was rejected.As for what happened next, you should have heard from Erica.”

Martin frowned.

He never expected this, “Why didn’t you tell me? I could help you...”

Sharon interrupted him, “How? Help me repay the money? Martin, we have nothing to do with each other.You don’t need to repay the money for me.”

“Sharon, you know I love you.We were almost to be together.You can ask me to help.That money is not much.”

Sharon smiled and shook her head, “I’m glad we weren’t together at that time.At least we keep a pure relationship.I don’t want you to know what kind of life I live, and I don’t want you to know I have an unbearable father.You’re right, you can give me money, for once or twice.But if I always need your money, wont you get sick of it?”

“That’s what you think of me? Not worthy to rely on?”

“It’s not a question of relying on others.I even can’t stand it many times.I want to escape to a place that no one knows me.But there are some things I can’t get rid of.”

Martin asked, “What about now? I know that you and Jameson are divorced.Why not take a look at the back? I really...”

“Did you see where I came from just now?” Sharon said softly.

Martin slowly tightened his hand and clenched into a fist.

Of course he saw.

But he found countless reasons to deceive himself.

What if she was accompanying her friend? What if she just went there to visit someone? However, he had to accept the truth.

Martin felt helpless, "Does Jameson know?"

"I don't want to tell him. Please help me keep this secret."

"I promise." Then Sharon left.

Martin walked out from the coffee shop in depression.

If there was no date of Paris, if he behaved more actively at that time to be together with Sharon before the competition, everything would be different now.

She would not marry Jameson, thus she and him would not miss so much.

"Martin, what did you come here for?"

Aylin shouted at Martin.

Seeing he had no reaction, she reached out and waved it in front of him, "Hey?"

Martin reacted, "Aylin."

Aylin said angrily, "You said that you want to accompany me to the maternity examination, but you disappeared so quickly. It's lucky Natalia is here today. What will you do if something happened to me?"

Beside Aylin, Natalia held her arm and smiled, "Aylin, it's impossible. The doctor said that your baby is fine. Nothing will happen."

"You are so considerate. I really want you to be my sister-in-law. Unfortunately, you and Martin don't have affections for each other. Martin is not young now, but he never brings a girl home. My parents and I are so worried."

Natalia said, "Aylin, I heard that the proud Erica is chasing after Martin."
