Is it true that you don't want him to know, or you don't deserve to let him know!

Heh!

After this time, the two never saw each other again.

Sophia work more serious efforts, watching the Chloe is really uneasy.

"Sophia , what happened with you and Drake that day, I always felt like you were a different person after you came back."

"Nothing!" Sophia said indifferently.

"Hey hey hey, you this person, is not quite excessive, every time say nothing nothing, you want really nothing, can be a look of crying father dead mother?"

Sophia : "....."

Chloe, your mouth is too poisonous!

"Sophia , can you not carry everything on your own, Drake if you are bullied, we will help you kill over."

Sophia smiles, "No really."

Chloe's eyes glazed over with anger, no matter what she said, Sophia just wouldn't say anything.

There are times when she is really convinced that she has this temper.

"Okay, you don't say pull back, whatever you want, what you like!" After the words, the person went out.

Sophia's eyes fell on the outside, obviously outside are high-rise buildings, as if she could not see the general, in her head there is only Drake's words - Sophia, I miss you.

Sophia, I miss you!

Sophia even thought she was going crazy!

Why did that phrase always linger in her world?

Bard came over to play with her and noticed Sophia wasn't in the right state: "What's wrong with her?"

"Who knows, it's been like this since I got back that day anyway!" Chloe doesn't bother with Sophia either.

Bard wrinkled his brow: "Sophia, didn't I tell you? As long as Drake that kid he bullied you, you tell me, I will definitely help you clean him up."
