

Revenge On My First Love Chapter 115

"Sophia, what do you mean, how can you puncture the enemy's arrogance and reduce our morale?" Edwin asked irritably, covering the part where he was kicked.

"One should act according to his competence, don't you know?" Sophia rolled her eyes at him.

"So, you mean we two together are inferior to him alone?"

Edwin's question made Drake cast a glance at Sophia.

Yes, he would like to know if Sophia thought so.

"What nonsense are you talking about, hurry up and get up!"

Chloe, a carefree woman, was laughing over there.

Edwin yelled, "Ugh, what are you laughing at? Hurry over to help me up!"

Chloe had never seen such a funny scene, and she wondered if there were any paparazzi around here. If it was photographed and reported, Edwin would lose face.

However, both Chloe and Helena came over to help.

Edwin and Bard stood up, both as tall as Drake.

They looked straight at Drake.

Drake also looked at them, and unlike their hostile eyes, his were indifferent.

"You brat!" Edwin grabbed Drake's collar. "I've been upset with you for a long time. We are not capable of teaching you a lesson today, but you wait for me, I will make you suffer sooner or later."

Sophia came over. "Okay, Edwin, let's go!"

Edwin shot a warning look at Drake, and then left with his arm around Sophia.
