

Revenge On My First Love Chapter 119

Soon, Cecelia tweeted: I am not sure who I have offended recently. I am staying at home tonight, but someone slandered me for playing with men. It is too much.

Because something like that happened before, so the netizens thought subconsciously, "The woman who looks like Cecelia did it!"

Of course, some people were suspicious of it. However, since Cecelia tweeted to clarify their doubts, they chose to buy Cecelia's words.

But soon there was a twist. Those two male stars tweeted and mentioned Cecelia: Sweetie, didn't you say you had a good time tonight? Others may not know it's you, but we played with you tonight, and we can recognize it is you! Or we haven't served you well so you are unhappy?

Haha!

Such a huge amount of information to digest!

The male stars used the words, "served you well". Those netizens, of course, knew what they had done.

Also, they had fun in a club, so, it was inevitable that people would think about nasty things!

Cecelia didn't expect those two stars to turn her in and cursed in anger. Who the hell gave them the galls? Didn't they know she was the young lady of Price family.

However, she did not say so on the Internet. Instead, she re-posted the tweet and said: Hey guys, don't try to gain popularity by slandering me. It's not easy to become what you are. Don't let this thing ruin your future. You know if it is me.

Cecelia's words were counterproductive. Now more people believed Cecelia was threatening those two male stars.

The Price family was rich and powerful. Cecelia said those to imply that she would screw them up if they dared to tell the truth.

Thus, the Price family became the target of the public criticism.

It was not over yet. The two male stars posted intimate photos taken at that time when they were playing.

Photos spoke louder than the words! Judging from the photos, Cecelia was not coerced, and it was easy to recognize it was Cecelia!

This time, Cecelia was completely dumbfounded.
