

Revenge On My First Love Chapter 121

The netizens thought that Sophia paid a lot to get a fabricated report. But soon, many bloggers and official accounts of testing intuitions claimed that the Summersky Group's cosmetics were very healthy.

At this time, the Summersky Group tweeted that they had confirmed their brand spokespeople were Helena and Edwin.

Helena confirmed this on Twitter: I'm honored to be trusted by the Summersky Group. I can vouch for the Summersky Group. If it ever falls, I will pay the same price.

Soon, Edwin tweeted as well: I'm honored to be trusted by the Summersky Group. I can vouch for the Summersky Group. If it ever falls, I will pay the same price.

Few stars could do so. Helena and Edwin were indeed bold.

More stars tweeted that they had been using the Summersky Group's cosmetics and they really worked well.

All of a sudden, the Summersky Group became even more popular, and many people believed they could use the Summersky Group's cosmetics since they were vouched for by so many celebrities.

Besides, those testing intuitions said there was wrong.

This publicity trick did work very well.

Bard looked at Sophia with a smile. "Sophia, we turn the tables again!"

"Some people want us to be doomed, of course I won't let them achieve their wish."

"Sophia, do you know that I really learned a lot from you after I came here?"

"So did I. I wouldn't have gotten this far without your help so many times."

While Sophia and Bard were talking, Mia came to report that Flynn had come to look for her.

Sophia didn't seem surprised as the corners of her mouth curved into a smile, "Yes, let him in!"

When Flynn came in, Bard was disgusted with him. "Mr. Price, your sister has framed Sophia many times. What do you want to do here?"

Flynn glanced at Bard. Although he was here to find Sophia this time, he couldn't treat Bard badly.
