

## Revenge On My First Love Chapter 122

Somehow, Sophia shared a tacit understanding with Edwin. No matter what they danced, they could dance very well and looked very intimate with each other.

Sophia put her hands on Edwin's shoulders. Edwin kept looking at her. Those who didn't know the truth would think they were a couple.

But Sophia's good friends knew that Sophia could dance with ease only when her brothers were around her.

Flynn said with a confused look on his face, "No way, so Edwin is really interested in Sophia ..."

Anyone else who saw that would think Edwin had a crush on Sophia.

Chloe, however, deliberately scurried over and said with a smile, "Edwin, I'm jealous of the way you two dance, and now I'm going to dance with you."

Edwin raised no objection, so he danced with Chloe.

Edwin was a good dancer. His dance style quickly changed when he danced with Chloe.

When Bard was in pair with Sophia, he was helpless. "Sophia, I can't dance like this."

"Then let's dance something else!"

Sophia's dancing style was also very fixable and soon she became a good partner for Bard.

Flynn was confused. "Drake, what exactly do you think Sophia's relationship is with them?"

Of course, there was no answer to this question. Otherwise, Drake would have found it out.

When they were done having fun, Sophia and the others headed back.

At the same time, Flynn, Drake, and Bailey came out. Bailey of course could not pretend not to see Chloe.

He walked over with some uneasiness. "Chloe!"

Chloe drank a little too much, looked at Bailey, thought for a long time before remembering who he was. "Oh, so it's Master Bailey. I didn't expect you to be here!"

"You've had drunk too much!" Bailey furrowed her brow.
