

## Revenge On My First Love Chapter 129

Besides, even if Helena and Edwin did it for Sophia's sake, the Price family wouldn't dare to do anything to Helena and Edwin.

If they offended so many families at the same time, the Price family might really be finished.

Flynn sneered. "See? This is the consequence you gotta bear after acting rashly. Are you happy you are in much trouble now?"

Marley said in annoyance, "Flynn, what are you talking about? Now that things have turned out like this, shouldn't you do something?"

"What do you think I can do? Let them take over the Price Group? Otherwise, you think they'll let us off the hooks?"

This was true, and he did feel Sophia wanted to obtain the Price Group when he went to the hospital earlier.

Of course, he would not give the Price Group to Sophia!

Should his wife be sacrificed?

Flynn read his father's mind and snorted. "I can't help you out of trouble this time, so think about it yourselves!"

It was not that he was cold-hearted. He had helped them so many times, and this time he was really unable to help them. But they certainly did not give up.

Cecelia looked at Marley anxiously. "Dad, what should we do?"

Marley glanced at Mrs. Price and finally sighed.

The arrival of Travis made the Price family have a greater headache. Travis was not like Bard or Edwin who were so easy to negotiate with.

Besides, Travis was much more powerful. The Price family gotta pay the price this time.

Marley met Travis as soon as possible.

"Master Travis, the Price family did wrong this time."

Travis sat there. Though facing a big wig like Marley, his strong aura remained unchanged.

"No, Mr. Price, the Price family did nothing wrong."

Price looked at him in disbelief, not expecting him to say that
