

Revenge On My First Love Chapter 131

Bard nodded. "Can't agree more. The Riley family deserves it."

Both Edwin and Bard were very excited, but Sophia was silent. Thus, Edwin and Bard simultaneously looked toward her.

"Sophia, you're not being sorry for him, are you?"

Sophia recovered herself and said, "Of course not! I was wondering why the Old Riley did something like that. I have talked to him. Although he is not that clear-headed now, he shouldn't have done something so crazy. Could it be a deliberate phony story?"

"Sophia, few of the rich and powerful families are as united and affectionate as ours. Roman must have conspired to do so for a long time."

What Edwin said was reasonable!

Sophia looked at him. "But I don't think Roman is qualified for that position. Drake will take it over very soon."

"Sophia, you..."

Edwin, Bard, and even Travis looked at Sophia meaningfully.

Sophia shrugged. "Well, you are right. I'll go visit Ms. Emma Glass and then leave with you, okay?"

"Let's go together."

Neither Edwin nor Travis had visited Emma yet, so they were going to follow suit.

When they arrived at Emma's house, Edwin rushed straight over and gave her a big hug.

"Ms. Glass, I miss you so much!"

After Sophia went to Sealand, Emma also went out for business. Therefore, they hadn't seen each other for a long time.

Besides, as a busy actor, Edwin was hardly available.

Emma smiled. She always treated Sophia and Sophia's brothers as her own children.

"I am very happy to see you. Why doesn't Charles come with you?"
