

Revenge On My First Love Chapter 134

Drake looked at Flynn. "Don't worry. I'm done with Sophia, so I will be nice to Cecelia."

With that, Drake stood up and left.

Watching Drake leave the bar, Flynn was still worried. He tried to drown his anxiety.

Bailey persuaded. "I asked Chloe. She told me that Sophia would never return. Besides, Drake was deeply hurt, so they won't get back together."

"I know, but I don't understand why I can't be relieved. I even have a bad feeling."

"Don't think too much about that. When we were young, it was a common view that Drake would marry Cecelia. Despite something unexpected, they are actually going to get married. There's something quite poetic about that."

Flynn glanced at Bailey, lost for words.

...

Drake's visit surprised Emma. She realized something different on him after the car accident.

Although Drake was engaged, Emma could tell that he didn't like Cecelia.

Emma certainly wanted Drake to be happy. She didn't want his marriage to be as bad as hers.

Drake was drunk, so Emma said, "If you still like that girl, why don't you get her back?"

Drake laughed to himself. "She won't agree!"

"I don't think so. You can definitely win her heart if you are determined enough."

"Mom, I don't want to talk about this. I want to go to bed."

Emma sighed. "Well, good night!"

Drake returned to his room.

Emma's cell phone rang and it was Sophia.

"Sophia!"

Drake was just about to close the door when he heard what Emma said. The next second, he froze.

Was it Sophia?
