"Especially you, Sophia, I saw you once and threw up all my food for two days!" Aria pointed at Sophia again .

Sophia smiles: "Really? But I don't see you throwing up either? Did you spit it out and eat it back in?"

"Geez, that's gross!" Chloe pinched her nose with one hand, fanned it with the other, and then said with a smile, "But I love it! Hahaha!"

Aria looked at Sophia with anger, and every time she saw her, she wanted to tear her apart.

"Sophia, what are you talking about? Don't you rely on a man to get where you are today? Without a man, you're nothing!"

Sophia still not only did not get angry, but smiled deeper: "You're right, I can at least lean on men, which means I'm good looking, but you, young lady of Riley family, you can't even lean on men, oh, I forgot when... .."

"Shut up!"

Aria yelled as if she was irritated.

Sophia laughs softly, sarcasm in her eyes.

Aria looked at the salesman: "I like this car, how much is it, I'll buy it!"

Originally Sophia did not recommend Chloe to buy this car, she is not unable to afford this money, why should buy readymade it?

But looking at Aria's attitude, Sophia changed her mind.

"We'll take this car, and, we'll order three at once, Helena, what you fancy, go and sign the contract with them!"

Helena nodded her head.

"Hahahaha!" Aria looked like she was laughing her head off: "Sophia, I found out that after three years of not seeing you, you can really pretend to be a calf, ordering three units at once, you think you can still afford to buy a random car here with a man?"

Chloe looked at Aria like a fool, that is Sophia did not want them to know her true identity, which if they knew, scared her Aria silly.

The car salesman also asked with some doubt, "This lady, are you sure you really want three units?"

Chloe said unhappily, "Ugh, how can you talk? Do you think we can't afford it? This sister can buy all your company if she

wants!"

"Hahahaha!" Aria laughed once again, "Sophia, you're good, are you saying you're rich with the money our Riley family gave you back then? But how rich can you get with a mere million dollars, or are you saying that you've been picking up clients all these years, so you can come out today and pretend to be rich?"

"I don't need you to know whether I pretend or not, but whether you pretend or not, I believe you should be clear."

Sophia how do not know, do not look at Aria is young lady of Riley family, but her early years of spending money is also like water, the Riley family has long controlled her spending.

The cars here are not cheap, any one of them is tens of millions, of course, this money for the Riley family is nothing, but young lady of Riley family is not.

"Don't look down on people, I am a young lady of Riley family, not to mention I can afford to buy all the cars here, not to mention I can afford to buy one car."

"Yeah, Chloe, why don't we let her have this car?"

Chloe understood what Sophia meant and smiled smugly, "Of course it's no problem."

Aria said proudly, "I'll take the car, how much is it?"

The car salesman said respectfully, "The total is twenty-six million!"

What?

Aria is dumbfounded!

Twenty-six million!

How is it possible?

Chloe also deliberately asked, "Aria, you as young lady of Riley family, should not be unable to afford it!"

"How is that possible?" Aria practically popped those words out of her teeth.

She whispered to Emilia, who hadn't spoken, and said, "Sister-in-law, save me in a hurry, lend me 10 million, and I'll pay you back later."

Aria hand this less than 20 million, or she tried to save out, after all, she is young lady of Riley family, she is surrounded by those who look at her usually drive the car, are talking outside the joke she, said she is not favored in the family how the.

Not steamed buns to fight for breath, said what she had to buy a good car, go out to support the face.

Emilia's face was also hard: "Aria , I don't have that much."

"How can you not have that much? You're the Miss Warburg family!" Aria didn't believe her: "Besides, I can't lie to you!"

Yes, everyone says that Emilia is the Warburg family's eldest daughter, and since she was found, it is also a great success, but only she and Auntie Olivia Olivia know that the Warburg family has long been an empty shell, otherwise why should she be so anxious to let her marry Drake.

"I really don't have one!" It's not that Emilia didn't want to help Aria, of course she knew it was a good opportunity, but she couldn't help it.

The two of them seemed to be muttering at first, but in the end they weren't too far apart, so Sophia and the others could hear them.

"Aria, no money, right? How about I lend it to you?"

"I'm a young lady of the Riley family, how can I not have even this much money? I just don't have that much with me. Wait, I'll call now, I'll get the money right away!"

With that, Aria takes out her cell phone and gives Olivia a call.

"Mom, you call me 10 million over, yes, I want to buy a car, " the words were not finished, the other side hung up the phone.

The scene was quiet and awkward for a while. Sophia's mouth was tinged with sarcasm.

Aria, of course, will not be able to borrow from those so-called sisters, if you know who she bought the car from, they will probably have to laugh at her, she can not afford to lose that person!

Chloe said with a smile, "Or I think you should not buy it, why do you have to swell your face to be fat?"

Of course Aria couldn't not buy it, it was in front of Sophia, so of course she couldn't lose face, but she really couldn't think of any other way.

Until

Emilia whispered something in her ear.

Aria was hesitant, but soon said, "Wait, the money will be paid immediately, I will buy this car."

Sure enough, it didn't take long for the money to arrive.

Aria handed over the money and the car keys were in her hand, she said proudly, "How about it? Poor bastard!"

Sophia smiled and didn't say anything.

But for some reason, that look in her eyes made her look extremely uncomfortable.

But Aria didn't leave right away, she bought a car and didn't believe Sophia could still act like a fool in front of her.

Sophia and the car salesman were choosing a car when they finally calculated the price and the three cars added up to over \$100 million.

Aria was expecting a joke, but when Sophia brought out a black card, her whole body was confused.

How does Sophia have this card? Even she doesn't have one!

The car salesman swiped the card, delivered the black card to Sophia with both hands and said respectfully, "Miss Lawson, then the car will be delivered to you in five days, as we agreed."

Sophia took the black card and casually tucked it into her wallet, "Okay, that's fine."

"Miss Lawson take care!"

Sophia smiled as she passed Aria and reminded her, "Aria, why are you looking at me like that? Why don't you think about how to pay back the loan sharks with that \$10 million?"

Aria's cheeks reddened: "Who said I was a loan shark?"

"Oh, you didn't borrow it?"

Sophia clearly did not believe her.

But also did not give her any chance to talk, directly with Chloe and Helena left.

As she walked away, Chloe even made a face at her: "Watch out for the loan sharks who can't pay you back, slightly slightly slightly!"

"You!"

Aria was furious.

.....

Night.

Emilia had taken over the entire restaurant for this moment, thinking of how Sophia spent her money during the day without batting an eyelid, she felt it was unfair, why could Sophia and not her?

All these years, she kept her body for Drake, single-mindedly staying by his side, and in the end, in exchange for what, in exchange for or Riley family out.

So, she didn't want to wait.

"You've got the place wrapped up?"

Drake realized the problem as soon as he came in.

Emilia immediately stood up and said with a smile on her face, "Yeah, Drake, I don't want more people to bother me, so you don't mind!"

Drake sat down across from her, "Go ahead and tell me what's up, I have things to do later!"

Emilia tried to suppress her resentment and poured him a glass of water: "Anyway, you should drink some water first!"

Drake didn't think too much about it and just took a sip from his glass.

He was indeed quite thirsty, he had a busy day today and did not have time to drink water.

"If you have something to say, say it as soon as possible!"

Emilia sat down peacefully, "Drake, I know there's no way you can believe me now no matter what I say, and I know that what I did before was really wrong, but Drake, you know what? What once happened"

Drake's hand lifted straight up, "Don't mention the past to me, Grandpa's words are my words, and even if he didn't say anything, I wouldn't marry you."

Emilia panicked and grabbed his hand directly: "Drake, can't you just give me another chance for the sake of all the years

I've been by your side with you? You know how much I really love you, and no one but me

Before the words were out of his mouth, Drake sensed something was wrong.

His head was obviously a little dizzy, and his eyes were still blurry when he looked at Emilia, as if he saw Sophia , and as if he saw Emilia .

"You drugged me?"
