

Revenge On My First Love Chapter 140

Cecelia was confused. Pinkerton wasn't that small. Why did she always see them, especially Sophia? Sophia had abandoned Drake, but why was Drake still hung up on her?

Sophia and Noah saw Cecelia and Drake but they ignored the latter ones and walked forward, chatting.

Sophia walked into a store, pointed to one set of the clothes, and said, "How about this set?"

Noah took a look. "I knew, Sophia, you have good taste!" Then he said to the salesperson, "Excuse me, can I try this on?"

"Sir, your girlfriend has such good taste!"

Drake's eyes were fixed on them all the time.

Neither of them denied it, so their relationship should be true.

Were they so intimate to go shopping for clothes together?

Cecelia followed his gaze, bit her bottom lip tightly, and then picked up something around her and asked, "Drake, would you like to buy this?"

"It's up to you!"

Cecelia felt sad for a moment.

Whenever Sophia was around, Drake wouldn't even spare a look at her.

'Sophia! Sophia! Why did this bitch still live in this world?' thought Cecelia.

Noah changed into the suit Sophia picked for him, walked up to her without even looking in the mirror, and asked confidently, "Do I look good?"

Sophia sized Noah up carefully, "Yeah..."

She leaned over and folded his shirt collar outside the suit collar, and then said with a smile, "It looks much better this way!"

Cecelia saw Drake walking over to them, and just as she was about to say something, Drake spoke, "The suit of this style, how many do you have in store? I'll take them all!"

Noah was annoyed to be disturbed. "Mr. Riley, what do you mean?"

Drake ignored him and said to the salesperson, "I'm purchasing uniforms for my employees. The one he's wearing looks good. I'll take all the rest!"
