

Revenge On My First Love Chapter 143

But today Cecelia didn't come.

Sophia was confused. Drake and Cecelia were about to get married. Why didn't Drake bring Cecilia over?

"Sophia, you want to ask why my future daughter-in-law didn't come, right?"

Emma knew Sophia very well, so she read Sophia's mind easily.

Sophia didn't know whether she should nod, especially when she felt Drake's gaze, which made her feel uncomfortable.

"You know, the Old Riley doesn't know that I am back. Aria doesn't know me yet. So we can't tell Cecelia about this for the time being!"

Of course, Sophia understood. Emma had told her a lot about her husband's family, but she didn't mention the name, so Sophia didn't relate Emma to the Riley family at all.

If she didn't see Drake today, she could never imagine such a coincidence!

"Oh right, Drake, this is my student, Sophia. Her family helped me a lot over the years."

Drake looked at Sophia and realized that she had a lot of secrets that he didn't know.

He didn't know whom Emma had been working for. Everyone here called Emma "Ms. Glass". But he was sure about one thing, Emma wouldn't work for an ordinary family.

In other words, Sophia's family background couldn't be ordinary.

Emma noticed the way Drake looked at Sophia, and said with a smile, "Sophia's pretty, isn't she? Why were you in such a hurry to get engaged? I told you a long time ago that you should meet my student. If you are not engaged, you can totally try to date Sophia."

Drake knew how much Emma liked Sophia. But he had never expected such a coincidence.

"Okay, you guys have fun here, Drake, Sophia, take care of the guests!"

After Emma left, the atmosphere became strange.

Everyone was looking at Sophia. Sophia smiled and said, "What are you looking at me for? I can't let Ms. Glass do chores alone. I got to help! You guys have been here many times, so help yourselves!"

she went
