

Revenge On My First Love Chapter 148

Although she had thought it was a dream, she knew she took the initiative. But Sophia didn't remember leaving so many hickeys on him.

Edwin and Bard were dumbfounded upon seeing so many hickeys. Why did it look like Drake was forced to have sex with Sophia?

Noah were squinting his eyes.

"I'm here. What do you need?"

Drake said lazily, seeming to be in a good mood.

He looked so damn charming.

Edwin and Bard looked at Sophia. "Sophia, did he hurt you? Say yes and we will avenge you."

Sophia was their dear little sister. How could they allow anyone to hurt her?

Sophia didn't want the situation to get awkward and said, "No, last night... I took the initiative."

Edwin frowned, "Sophia, tell us the truth. If he did hurt you, we won't let him go."

"It was really me."

Sophia admitted frankly.

Drake said proudly, "Did you see it? She took the initiative, not me."

Looking at him, Edwin and Bard clenched their fists.

Drake deliberately said in front of Noah, "Sophia, it was my first time and you took it. I am a man with traditional values. You must be responsible for me."

Emma shook her head.

Before Sophia could say a word, Noah suddenly took out a ring box and got down with one knee.

"Sophia, marry me!"

Sophia was confused. What was happening?

However, Noah looked sincere.
