

Revenge On My First Love Chapter 158

Sophia said slowly. "Actually...Cecelia's matter is not so..."

Before she finished speaking, she noticed the way Chloe looked at her and buttoned her lip.

"See? You are biased towards Drake now. Don't you know?"

Sophia didn't know what to say.

Maybe she really did have a glimmer of hope for Drake.

But that was not right!

The more hope there was, the more disappointment there would be.

She should stop thinking about it.

Seeing that she was silent, Chloe poked her forehead. "What am I going to say about you..."

...

At the same time, Cecelia committed suicide again. Her mother was in prison and couldn't do anything. Marley had no idea. Flynn was very angry about what Drake did, but he knew it wasn't Drake's fault.

It was Cecelia's request.

From the beginning, Flynn told Cecelia that she should be ready for what might happen next.

Cecelia said she knew it and she wouldn't regret it.

The thing got to this point. What she did was just exhausting for her family.
