

Revenge On My First Love Chapter 165

What did that mean? Aria's face turned pale due to Drake calling Emma "Mom".

As for Cecelia, she had been astonished. Emma was Drake's mother. How could it be?

Emma beamed at him, "Drake, you're here."

"I was there as you talked to them."

Their conversation was harmonious. They didn't seem to have just known each other. Did they contact each other these years?

Olivia looked the worst.

Aria walked to them and asked, "Drake, what did you call her?"

"I'll tell you later," said Drake.

Aria insisted, "No way. Who's she? Why call her 'Mom'? Tell me. Now!"

Emma had anticipated such a scene, but she still felt sad when it happened.

Aria was her daughter who called another woman "Mom" for so many years.

"Aria!" Drake's voice was stern.

Aria shivered with fear. She bit her lip and turned away.

People were discussing in secret.

Something would happen to the Riley family as Emma came back.

Emma ignored the gossip and gazes. She knew that she had to face these since today. She smiled at Mr. Rangel, "This is my son."

Mr. Rangel also smiled. "Drake, I have much acquaintance with him. But I don't know he's your son."

all. His presence today was merely for business cooperation as the Riley
