

## Revenge On My First Love Chapter 179

Rubbing his nose, Flynn decided to drink beer instead.

Sophia sat next to Helena. Drake stared at her, holding a glass of wine. Noah sat beside Sophia.

However, Sophia had no intention of talking to him, but he didn't mind.

Noah felt pleased, although he was only drinking next to her.

Flynn suggested, "Come on. Who won't sing? Let's play a game."

Chloe reminded him, "You can't forget Bailey and me. We will also join you."

"The game needs luck and courage."

"So what? I never fear playing a game. Name it. What do you want to play?"

"Truth or dare?"

"Why not? I'll join you guys."

Chloe always liked to join the fun.

Sophia was about to refuse, but Helena also joined the game.

If Sophia refused, she would be a damper on friends' evening. Therefore, she had to join them.

So did Noah.

Flynn put an empty beer bottle in the center. "You should have played it before. I won't repeat the rules, then. The person pointed by the bottle bottom can ask the one pointed by the bottle mouth to choose truth or dare."

Then he spun the bottle.

When it stopped, the bottle bottom pointed at Helena, and the bottle mouth pointed at Bailey.

Gazing at Bailey, Helena asked, "Truth or dare?"

"Truth," Bailey answered without hesitation.

"How many girlfriends did you have before dating Chloe?"

Chloe thumbed up, praising Helena for reading her mind.

Bailey darted a glance at her and answered, "She's my second girlfriend."
