

## Revenge On My First Love Chapter 180

"Sophia," Noah called worriedly.

Sophia looked at him, trying her best to repress her anger. Her teeth were gritted.

Helena and Chloe stared at her in worry.

Bailey and Flynn looked at Drake in admiration as his question hit the nail on the head.

Suddenly, Chloe stood up and announced, "We quit."

Flynn asked unhappily, "What? It's not fair."

"What did you ask? It's just a game. Why do you have to be so serious?"

"Why can't we be serious? Isn't it true or dare?"

They almost got into a fight. Sophia answered, "Yes, I do."

Others gaped at her.

Drake had known her answer long ago. After all, when she forcibly had sex with him that night, she said so. He asked her to answer this question in others' presence because he wanted Noah to give her up.

As he expected, Noah stared at Sophia with an indescribable expression.

"Sophia?" Noah muttered.

Sophia added with a faint smile, "Why do I need to hide it? I admit I still love Drake, but so what? I don't have to be with him, do I?"

Others were confused, wondering why not.

Anyway, Edwin and Bard decided to quit.

All were dismissed.

On the way home, Noah was walking at the end of the group in silence.

Edwin and Bard seemed to think for a long while before asking Sophia, "You confessed your love to Drake earlier. How will you face him?"
