

Revenge On My First Love Chapter 183

Sophia stared up at him in disbelief. "How amazing! I never expect you to beg me for help."

"I don't think my mother and Aria could get along soon. Aria needs to be taken care of, so she must stay in this villa. I can tell she has become obedient to you after you rescued her. Sophia, can you please come to see them often from now on? I'm a man, and sometimes I lose my temper. You are different. I'm sure Aria will listen to your suggestions."

"Besides, if my mother doesn't feel well, she could tell you. Although we've been in touch over the years, you are closer to her than I am."

Sophia was amazed again as she hadn't expected to hear Drake talk so much in her life.

"What if I say no?"

"You won't. I know you care about my mother."

He was right. Sophia couldn't leave Emma alone. Even if Drake didn't ask her, she would visit Emma occasionally. However, since Drake said so, it became a favor.

"All right. I'll come here often."

"Ehn."

"The trouble you've made to my company..."

"I'll solve it."

No matter what, Sophia couldn't leave Sealand for the time being. Therefore, Drake didn't need to do anything to her company.

"All right."

When Sophie returned to her office, Chloe felt Sophia had again fallen into Drake's trap.

Although she didn't know anything, she remarked, "Sophia, believe it or not? You'll never escape from Drake."

Sophia glanced at her without replying.

"What's that look for?"
