

Revenge On My First Love Chapter 186

Sophia thought about it and said, "Then just get a place for them, and I'll do the rest."

"That's fine!"

Emma was happy that Drake could do something for Sophia.

Drake happened to walk in. Emma quickly walked to him. "Drake, you are finally here. We're talking about what happened these days. Sophia's parents may come over. You have so many houses, so just pick a good one for them to live in."

Drake's gaze fell on Sophia and he thought, 'Her parents are coming?'

Sophia nodded. After all, her identity would be exposed sooner or later.

"That's right. I can't refuse Ms. Glass, so please help me do it."

"I thought you would turn to Noah."

Drake's tone was jealous.

Emma froze at first and then smiled. "Drake, I didn't expect you would believe what the media wrote."

Drake thought, 'Isn't it obvious? They looked quite intimate in the picture.'

But he didn't say anything. Emma kept a smile and said to Sophia, "He is a jealous type. Sophia, don't take it seriously!"

Drake looked at Emma and said, "Mom, don't you think she's favoring Noah?"

"No. I've also read that article and I don't think Sophia did it willingly."

Before Drake could say something, Emma pulled Sophia away.

Drake noticed Aria's gaze and asked, "What do you think of it?"

"I don't know, but I feel Sophia doesn't like that man."

Then, Drake was being jealous.

Anyway, in his opinion, Sophia and Noah ate dinner together and even their intimate photos were taken, which greatly annoyed Drake.
