

Revenge On My First Love Chapter 190

Flynn put his hand on Drake's shoulder and patted it gently.

However good Sophia was, few men could win her heart!

Sophia, surrounded by her brothers, came to the microphone and said.

"Good evening, everyone! As you can see, I am the youngest daughter of the Lawson family. Since I was young, except for my friends and their family, no one else knows my true identity. My mom, my dad, and my brother always protected me. If any of you here have heard of me, you should know that I used to be a silly and innocent girl."

"I had no idea the dark side of human nature and I didn't know how vicious a person could be, but I am grateful to a man. Without him, I couldn't get where I am today."

Everyone subconsciously looked at Drake.

They used to think Sophia and Drake looked perfect for each other except that Sophia came from an ordinary family.

But now, Sophia had an even better family background.

However, according to Sophia, Drake seemed to be out of the game.

A lot of men were snickering!

They thought they would have a chance to go after Sophia.

Flynn and Bailey also looked at Drake, who fixed his eyes on Sophia.

Sophia ignored this and continued, "Now that my father announced my identity, we will see each other at times. As a green hand in business, I look forward to cooperation with you."
