

Revenge On My First Love Chapter 192

Olivia squinted at Aria. She didn't expect Aria would change sides so soon.

Sophia smiled at Aria and said, "I forgave you when I got you out of the Riley manor. You were just used by someone after all, so I'm not mad at you."

"But I did a lot of bad things to you..." said Aria.

"And you have been punished, haven't you?" said Sophia.

That was true!

Aria looked up at her and asked, "So, we're still friends?"

Sophia smiled. "Yes, we are."

Finally, a smile came over Aria's face.

It was great for her to hear that they were still friends.

Luckily, Aria was the only person in the Riley family whom Sophia was willing to wipe the slate clean with.

Surely, Sophia's family would not intervene in her friendship.

Many people tried to get closer to Sophia, but her brothers soon stopped them.

Although it was her banquet, she would be fatigued if people kept talking to her.

Sophia got something to say to Charles, "Charles, Mom says that you are off-duty this month!"

"Yes, I have brought my luggage here. I will live with you during this month." Charles was quiet, different from Travis who was cool and distant.
