

Revenge On My First Love Chapter 193

In retrospect, Sophia had never been so serious. It seemed that they would no longer be in touch with each other after this banquet.

Drake admitted that he was much more scared than ever before. He didn't want to lose Sophia...

After he understood Emma's hint, he was about to turn around.

At the same time, Sophia stepped forward and said, "Mr. Riley, you're right. I have never thought of making up with you since we broke up. So you never stand a chance, never."

In front of so many people, Sophia refused Drake.

Everyone was watching them incredulously.

Some guys were imagining if they had a chance to be Sophia's boyfriends.

The happiest person was Noah. He believed he would have the best chance if Sophia stood firm in what she said.

And the Lawsons also felt gratified that Sophia could say so.

They nodded at her and went to the other side with Sophia since the banquet was not over yet.

Drake kept looking at Sophia, and Emma said in an upset tone, "Drake, you're not an impulsive man, are you?"

"But I can't stay calm facing things about her!" growled Drake.

Emma clearly knew how much her son loved Sophia.

Did Sophia not like Drake? Of course, she did.

But she didn't think they could be a couple after deliberation, so she distanced herself from him.

And now, she just showed how determined she was in public.

Emma shook her head.
