

## Revenge On My First Love Chapter 198

As her brother, he had done anything he could. But Cecilia insisted on causing trouble. What else could he do?

Cecelia didn't believe Flynn's words, yet then she saw Drake's response on the Internet.

In the video, he said to the camera in a solemn tone, "I know what you've been concerned about lately. I didn't want to stand up and talk about it, but someone wants to frame Sophia, so I must speak up."

"Yes, I slept with Sophia, but this is our private life. Does it have anything to do with others? Like you said, Sophia and I were not dating but slept together, which tarnished her reputation."

"I hereby tell you all solemnly, as long as Sophia says yes, I'll be responsible for her anytime."

"I have always loved her. As long as she nods as a sign, I am willing to do anything, even die for her. My wife can only be Sophia. She's the only one I want to marry."

"No, this is impossible!" Cecelia watched in disbelief.

She wanted to see Sophia becoming a joke, being laughed at by the world and being disdained by all men just like her. But why did Drake say such things publicly?

It was clear what Drake meant by saying those words

He was making a vow!

"If someone confessed his love to me in public, I would definitely say yes!"

"Drake is awesome! If I were Sophia, I would marry him at once! "

"Sophia and Drake, you must get married!"

"Drake is the perfect man in my mind!"

"I'm so envious of Sophia!"
